### 8 School Place Planning and Admissions

Report of the Director of Education

This report provides an overview of mainstream primary and secondary school admissions for September 2018. The report also provides a view on the level of demand for special school and Alternative Provision (AP) places and seeks approval to invest capital funding to secure sufficient capacity. Additional capacity in the special and AP sectors may require the development of new schools for which the Council will be required to secure a sponsor through the Free School Presumption process.

The Committee is invited to comment on the report prior to its submission to the Executive on 30 May 2018.
