### Gorton South Ward

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
GSA	Gorton South Neighbourhood Office, 128 Mount Road	Councillor Julie Reid:  Gorton South has in previous elections had a polling station at Sunnycrow Lounge on Collin Avenue, Gorton which is in the middle of a lot of maisonettes which are occupied by over 65s. In the 2010 election this was not used even though the turnout was due to double to 50 per cent from 26 per cent in the local election of 2008. The elderly people from Collin Avenue and surrounding area had to walk to Gorton Mount Primary School on Mount Road in Gorton which is a half a mile away. Although some of the voters have postal votes there are still many voters who wish to vote in person at the ballot box. Please reconsider the use of Sunnycrow Lounge for the next elections.

GSJ	Gorton Mount Primary School, Mount Road	None

### Levenshulme Ward

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
LEA	Levenshulme Bowling and Social Club, Burnage Range	Presiding Officer: Review access to the polling station internally. Lighting requires improvement.
LEB	Birchfields Primary School, Lytham Road	Councillor John Commons:  <b>The new Hawthorne GP Surgery Community Room</b> at Birchfields Road corner with Mosley Road could be made the LEB polling station. It is in the ward and much closer to the majority of LEB community covered. In a General Election however with possibly over 1000 students eligible and wanting to vote there then there should be additional provision at Richmond Hall student area
LEC	Levensulme Baptist Church, Elmsworth Avenue	None
LED	St Andrew's Scout HQ, Kirk Road	None
LEE	St Mary's Primary School, Clare Road	None
LEF	Alma Park Primary School, Errwood Road	None

LOB	St John's CE Primary School, Clarence Road	Presiding Officer: Good venue Premises Manager: School closes
LOC	United Church of God Assembly Room, 1 Rushford Street	Presiding Officer: review access to the polling station.  Premises Manager: Building work is scheduled to take place at the building for the next two years, with the location of temporary classrooms on the car park.
LOD And LOF	St Agnes Primary School (was St Agnes Church Hall), St Agnes Road	Comments regarding St Agnes Church Hall.  Councillor Suzanne Richards: I would like to raise concerns regarding St Agnes Community Hall being used a polling station for two of our polling districts in Longsight. There were queues out of the door for most of the day and because of a lack of staff in the polling station on a number of occasion disabled people were having to wait to be let in the disabled entrance. In fact I witnessed at least two residents giving up and going back home they had waited for so long to be let in via the ramp. We have the brand new St Anges school just down the road which sits on the border between the two polling districts. This would be a much more appropriate location for the station.
LOE	Victoria Park Day Centre, 70 Daisy Bank Road	Presiding Officer: Review transport links.

### Rusholme Ward

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
RUA	Heald Place Primary School, Heald Place	Presiding Officer: Review parking. The doors to the polling station are heavy and the room used as a polling station is small.
RUB	Birchfields Primary School, Lytham Road	Councillor Paul Shannon:  Currently our polling station RUB Birchfields School is shared with Levenshulme Ward LEB and this leads to 2 sets of activists outside and 2 presiding officers, neither of whom really wants to take a lead in tackling the morass of people outside where there has been a history of concern about party tellers misbehaving.  Could I suggest that Birchfields School is restricted to RUB whilst a polling station in Levenshulme Ward is found for LEB? .
RUC	St Edward's RC Parish Hall, 13 Thurloe Street	Presiding Officer: Review route to polling station from the main entrance.
RUD	Birch Community Centre, Danes Road	Presiding Officer: Good venue
RUE	38 Meldon Road, Anson Estate	Premises Manager: No impact on normal activity

WRE	Manley Park Primary School, York Avenue	Resident of Woodlawn Court, Whalley Range, M16 9RL:  I think the polling station marked WRA on the map provided would be more convenient for my address than the present one at WRE
WRF	The Scout Hut, Alexandra Road South	Councillor Mary Watson: This premises is located away from the main road and access should be reviewed.

## Statutory Review of Polling Places and Polling Districts Representations Received for the Manchester Withington Constituency

### Burnage Ward

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
BUA	Burnage United Reformed Church Hall, 111 Burnage Lane	None
BUB	St Margaret's Parish Centre (was Green End Primary), 250 Burnage Lane	Councillor John Cameron (on initial proposals)  Unless the access issues are sorted out (which seems unlikely) then moving the polling station would seem the best option. Green End Primary School, which is where it traditionally was, would be suitable.
BUC	Temporary Building- Former Christ Church URC, 530 Burnage Lane	None
BUD	Christ Church URC, Parris Wood Road	Presiding Officer: Review disabled access.
BUE	Ladybarn Primary School, Briarfield Road	Presiding Officer: Review lighting.

**Chorlton Ward**

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
CLA	Oswald Road Primary School, Oswald Road	<p>Polling Station Inspector: Room is considered to be too small to host two polling stations.</p> <p>Councillor Sheila Newman:</p> <p>The polling station has been Oswald Road School nursery. The nursery has been used a so that the school can remain open on election day. There is limited space available especially as this is a large polling district with usually a high turnout. Extra staff had to be brought in to cope with the long queues for the May general and local elections.</p> <p>The extra classrooms that are going to be in place in September 2010 are for extra reception children. AS the reception class is a statutory requirement if these children were not in school the school would have to be closed. If the school were to be closed then the polling station could revert to using the school hall</p> <p>Councillor Victor Chamberlain: Oswald Road school is always incredibly busy. However the location and accessibility is good in my opinion as it is central in the polling district and is a well known public building. However possible alternatives could include Chorlton Leisure Centre or Chorlton Library.</p>

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
CLB	Wilbraham St Ninian's Church, Egerton Road South	<p>Councillor Paul Ankers (commenting on initial proposals)</p> <p>I have no problem with the proposed polling district changes and I think they make sense in Chorlton. I do have issue with the location of the polling station for CLB, and possibly WRC. St Ninians is shared between two wards which concerns me, but it is also outside Chorlton ward. It means constituents on Crimsworth Ave for instance have a very long journey to their polling station. I would like the Council to source a more central location. There is a Methodist Church on Egerton Rd Nth that might work.</p> <p>On a wider note, maps on polling cards would help some voters, not used to looking for these venues.</p> <p>Councillor Victor Chamberlain:</p> <p>I object to this polling station being located in Whalley Range ward and Gorton constituency. I would much prefer to see it moved into the district or at least into Chorlton ward. Possible alternatives include Chorlton Leisure Centre or the Scout Hut on Buckingham Rd.</p> <p>Councillor Sheila Newman:</p> <p>CLB polling station is proposed to be a t Chorlton Library and I believe this to be a better location as it is actually in the ward</p>

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
CLC	Chorlton Unitarian Church, Wilbraham Road	Presiding Officer: Generally spacious and well laid out.
CLD	Brookburn Primary School, Brookburn Road	<p>Polling Station Inspector: The disabled access to this polling station is not adequate as it is across cobbles and is a long way from parking.</p> <p>Councillor Victor Chamberlain:</p> <p>The polling place needs much better signage as in recent years it has moved from the front of Brookburn school to the back. To access the station one must go along a rarely used unmarked road. This certainly confused a number of electors at the previous election. I would like to see the station moved back into the Main school building.</p> <p>Councillor Sheila Newman:</p> <p>CLD polling station is better relocated in Brookburn School Hall.</p>

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
CLE	St Johns Social Club	<p>Councillor Victor Chamberlain:</p> <p>Although its location is good and it is accessible (although not perfect) I seriously question the suitability of this venue. The Social Club is owned and run by the congregation of St John's RC Church and the links between club and Church are very strong. At Sunday Mass just a week before the 2010 election the Parish Priest at St John's RC Church urged members of the congregation not to support the Liberal Democrat party at the upcoming election. Whilst I accept the Priest's freedom to preach in this way I believe that it does significantly undermine the suitability of the Social Club as a neutral polling place. These comments undermine the democratic process and I believe it is not appropriate for the City Council to be seen to endorse, support or accept these views when it is supposed to be upholding the democratic process. There are a number of suitable alternative locations within the district and surrounding area, such as Chorlton Irish Club or the Buddhist Centre on High Lane.</p>

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
CLF	Chorlton Cum Hardy C.E. Primary School, Vicars Road	I have no objections to use of the Chorlton CoE school as a polling place. However I am aware that there was significant confusion at this station at the last election. Many electors did not know that they were voting in two elections (Westminster and Local) and the polling staff did not make this clear enough. Furthermore I understand a number of electors even walked out with ballot papers. I think more needs to be done to ensure staff offer clear instructions to electors and help answer any questions in a clear and comprehensive manner. I think these lessons could be spread across the City.

A number of electors were unable to vote at close of poll. Representations have been received from a number of electors who were unable to vote.</p> <p>Councillor Simon Wheale:</p> <p>The Withington Ward Councillors are pleased that the Review is suggesting the provision of an extra Polling Station in the Withington Ward and that the proposed site is St Chad's Church Hall which is also well known as a community venue in the area.</p> <p>It is our view, however, that it would make more sense to have St Chad's Church Hall as the Polling Station for Polling District A rather than Polling District B, with Polling District B voting still at Ladybarn Community Centre.</p> <p>There are strong links between residents on the Welsh Estate in Polling District B, in the north east part of the Withington Ward, and the Ladybarn Community Centre. Welsh Estate residents use the Centre regularly and attend the local events held at the Centre. There would be a danger of breaking a positive link in this location by moving the polling arrangements for Polling District B. Whereas, in our view, most residents in Polling District A would see St Chad's Church Hall as adjacent to where they live and just off Mauldeth Road which is very well used by most residents in Polling District A.</p>

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
WTC	St Cuthbert's Primary School (and DEA), Heyscroft Road	None
WTD	St Pauls C.E. Primary School, St Pauls Road	<p>Premises Manager: School has requested that an alternative premises is found.</p> <p>Comments on proposals to designate Gandhi Hall as the polling place for this district:</p> <p>Councillor Brendan Jones</p> <p>I would have no problems with WTD voting at Gandhi Hall providing the car park is opened to all voters to park - otherwise it could cause problems for residents of Brunswick Road.</p> <p>Councillor Alison Firth:</p> <p>Gandhi Hall is a suitable venue but we would need car parking as the residents already complain about being blocked in when the hall is in use.</p> <p>Councillor Simon Wheale</p> <p>I think that is fine if we can get the Gandhi Hall Car Park agreed for voters use.</p>

### Woodhouse Park

POLLING DISTRICT	POLLING PLACE	REPRESENTATIONS RECEIVED
WPA and WPG	The Lifestyle Centre, Portway	Premises Manager: Youth club cancelled in the evening.
WPB	Manchester Enterprise Academy, Simonsway	<p>Councillor Eddy Newman:</p> <p>The Woodhouse Park Labour team all had concerns about the Woodhouse Park polling station at the Manchester Enterprise Academy, formerly Parklands High School... A small portable cabin was used for an electorate of well over 2,000. Initially, there was no heating. Our intervention with the School on the day was needed to ensure the polling station staff could use the School's toilets. There was no ramp to the cabin's narrow door, which required a step. Eventually, following my speaking to [Elections Staff], a ramp arrived but there was still a small gap as the ramp was not ideal, and the door was, as I said, narrow. The cabin was located in a side car park, and school staff parked in numbers next to the cabin - restricting vehicular access to it and limiting voter car parking to two or three vehicles; this improved later after school hours...</p> <p>We are keen for the School to continue to be a polling station due to its location and its local identification. Hopefully, things will be better once the new building is complete.</p>
