

**APPENDIX 5: SUMMARY OF REPONSES TO THE CONSULTATION**

<b>POLLING DISTRICT</b>	<b>POLLING PLACE</b>	<b>POLLING STATION</b>	<b>REPRESENTATIONS RECEIVED</b>
<b>BLACKLEY AND BROUGHTON CONSTITUENCY</b>			
CTJ	Cheetham CE Primary School	Staff Room	Elector: Comments on Candidate and Party campaigning on election day. (Out of scope of the review).
<b>MANCHESTER CENTRAL</b>			
BDG	St Anne's Church	Meeting Room	Elector: satisfied with current polling place and designated station and would prefer to vote in person rather than by post as they do currently.
CCA/CCC/CCD/CCE	Central Hall Town Hall Castlefield Visitors Centre The Dance House	Café Area Sculpture Hall Entrance Foyer Foyer	Councillor Kevin Peel: I would like to see existing city centre polling stations at the town hall, Methodist centre on Oldham Street, Castlefield Visitors Centre (or MOSI) on Liverpool Road and the Dancehouse on Oxford Road retained.
CCB/CCF	Sheena Simon College	Dance Studio	Councillor Kevin Peel: I would like to see either the Village polling station moved from Manchester College or an additional polling station created at the UMIST campus on Sackville Street which would be much more accessible to the large number of residents south of Whitworth Street and many hundreds of students.
<b>MANCHESTER GORTON</b>			
GSA	Sunny Brow Lounge	Community Room	Elector: Considers current polling arrangements is convenient for her but may be out of the way for many electors within this district. Thinks the Mount Road area (elector previously used to vote at Gorton South Neighbourhood Office on Mount Road) is on several bus routes, more suitable after dark and more likely to

			encourage people to vote.
LEB	Hawthorn Medical Centre	Meeting Room	Elector: satisfied with current polling place and designated station. Believes the polling district should be moved from Levenshulme ward to Fallowfield ward. (Out of scope of the review).
<b>MANCHESTER WITHINGTON</b>			
Didsbury East	All		Councillor Andrew Taylor: I am content with the current polling stations. I do not believe that the number of polling districts, or boundaries, should be altered.
DEA	St Cuthbert's RC Primary School	Main Hall	Councillor Andrew Taylor: Requested new polling place be sourced as the current polling station is on one edge of a large polling district. Suggested exploring The Bowling Hut in Fog Lane Park or Withington and District Gardening Society on Kingslea Road.
DEB	Beaver Road Primary School	Hall	Councillor Bridie Adams and Councillor Andrew Simcock (meeting): Consider use of Didsbury Baptist Church as an alternative to the current polling place.
DED	Parrs Wood High School	Parrs Wood House Main Entrance	Councillor Bridie Adams and Councillor Andrew Simcock (meeting): Requested alternative arrangements to be found to address the polling place in DED which is felt to be removed from the electorate. As part of the discussion, requested to also review the boundaries between DED, DEE and DEF. In particular, to consider splitting polling district DED between DEE and DEF. This would then address concerns regarding the polling place. Councillor Andrew Taylor:

			The current polling station is away from most of the population. Suggested investigating The Gateway Pub on Kingsway.
<b>WYTHENSHAW AND SALE EAST CONSTITUENCY</b>			
NOC	Northenden Primary School	Hall	Councillor Mary DiMauro: satisfied with current polling place and designated station.
