

**Manchester City Council
Report for Information**

Report to: Economy Scrutiny Committee – 9 January 2013
Subject: Overview Report
Report of: Governance and Scrutiny Support Unit

Summary

This report provides the following information:

- Recommendations Monitor
- Key Decisions
- Work Programme
- Items for Information – the most recent Real Time Economy Dashboard

Recommendation

The Committee is invited to discuss the information provided and agree any changes to the work programme that are necessary.

Contact Officers:

Name: Eleanor Fort
Position: Scrutiny Support Officer
Telephone: 0161 234 4997
Email: e.fort@manchester.gov.uk

Wards Affected:

All

Background documents (available for public inspection):

None

1. Monitoring Previous Recommendations

Date	Item	Recommendation	Response	Contact Officer
5 September 2012	ESC/12/15 The Work Programme	To request that the prime contractors share qualitative data about the discrepancies between the skills required in job vacancies and the skill level that people who are referred to the Work Programme have, and how they are addressing them.	A response to this recommendation will be reported back to a future meeting of the Committee.	Eleanor Fort, Scrutiny Support Officer
14 November 2012	ESC/12/27 Update on the Recommendations of the Business Start Up Task and Finish Group	To request that the Regeneration Coordinator enquire whether a member of the Committee could join or attend the meetings of the Greater Manchester Business Start Up Support Steering Group.	A response to this recommendation will be reported back to a future meeting of the Committee.	Karin Connell, Regeneration Coordinator
14 November 2012	ESC/12/28 Update on the Business Growth Hub	To request that Manchester Solutions provide the evaluation framework for the Business Growth Hub for Committee members.	A response to this recommendation will be reported back to a future meeting of the Committee.	Eleanor Fort, Scrutiny Support Officer
14 November 2012	ESC/12/28 Update on the Business Growth Hub	To request that Manchester Solutions provide members with figures for the Enworks resource efficiency programme.	A response to this recommendation will be reported back to a future meeting of the Committee.	Eleanor Fort, Scrutiny Support Officer
14 November 2012	ESC/12/29 Update on the Manchester Business Survey Group	To request that members be provided with an explanation of main organisations working at a Greater Manchester level, the structure and their role in as simple as possible diagrammatic form.	A response to this recommendation will be reported back to a future meeting of the Committee.	Karin Connell, Regeneration Coordinator
14 November	ESC/12/30 Overview	To request a briefing on the Real Time Economy Dashboard.	This briefing has been arranged to take place during the meeting on 9	Eleanor Fort, Scrutiny Support

2012	Report		January 2013.	Officer
14 November 2012	ESC/12/30 Overview Report	To write to the body responsible for appointing the membership of the Business Leadership Council to ask that they make efforts ensure the membership is representative of the local community.	This letter will be drafted and sent when finalised.	Eleanor Fort, Scrutiny Support Officer
12 December 2012	ESC/12/33 Access to Economic Benefits	To request that the Interim Head of Regeneration provide clarification for members on how many people applied in the initial recruitment through the Employer Suite when Aegis relocated in September 2011, and, of those employed, how many were residents of Manchester.	A response to this recommendation will be reported back to a future meeting of the Committee.	Angela Harrington, Interim Head of Regeneration
12 December 2012	ESC/12/33 Access to Economic Benefits	To request that the Interim Head of Regeneration provide more information on the credit check required for becoming employed by the financial sector, its legal basis and who is responsible for changing it.	A response to this recommendation will be reported back to a future meeting of the Committee.	Angela Harrington, Interim Head of Regeneration
12 December 2012	ESC/12/33 Access to Economic Benefits	To request that the film about people learning English for Speakers of Other Languages (ESOL) is shown at the February meeting, when the Committee considers a report on the Manchester Adult Education Service.	This request has been forwarded to the Head of the Manchester Adult Education Service and added to the work programme.	Julie Rushton, Head of MAES
12 December 2012	ESC/12/34 Support for Apprenticeship Activity in Manchester	To request that the Interim Head of Regeneration work with the National Apprenticeship Service to regularly provide members with a list of the apprenticeship vacancies available, with a breakdown by strategic regeneration	A response to this recommendation will be reported back to a future meeting of the Committee.	Angela Harrington, Interim Head of Regeneration

		framework area.		
12 December 2012	ESC/12/34 Support for Apprenticeship Activity in Manchester	To undertake further investigation into one or two of the cities which achieved higher numbers of apprenticeship programme starts than Manchester, to investigate the practices that are different there and see what Manchester could learn from them.	This has been added to the work programme.	Angela Harrington, Interim Head of Regeneration
12 December 2012	ESC/12/35 Helping Residents Access Affordable Credit	To progress the recommendations made by the Committee and to request a report back to investigate ways the Council could bring about change, for example, by lobbying Members of Parliament and the government to change the law; as well as ways in which the Council can mitigate the impact of high interest loans in the city. To include consideration of whether the Council could support a scheme to provide vouchers for credit unions for residents.	This has been added to the work programme.	Mark Rainey, Regeneration Manager
12 December 2012	ESC/12/36 Community Budget / Complex Families	To request that the Deputy Chief Executive (Performance) look into what extent tobacco was a consideration in assessing troubled families and whether more emphasis was necessary.	A response to this recommendation will be reported back to a future meeting of the Committee.	Geoff Little, Deputy Chief Executive (Performance)

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **14 December 2012**, containing details of the decisions under the Committee's remit is included below. This is to keep members informed of what decisions are being taken and, where appropriate, include in the work programme of the Committee.

Subject Area for Decision	Key Decision Objective /Consultation arrangements /Point of Contact	Anticipated date of decision Documents to be considered	Decision Taker (Executive or Chief Officer)
CHIEF EXECUTIVE Miles Platting Joint Service Centre	Key Decision Objective: Update of options review for delivery of service cluster at Miles Platting Joint Service Centre / Community Hub. Consultees: Local members, partner organisations and residents via New East Manchester	March 2013	Executive
CHIEF EXECUTIVE Belle Vue Sports Village	Key Decision Objective Seek approval for the proposals for Belle Vue Sports Village	January 2013	Executive

3. Items for Information

The November Real Time Economy Dashboard is included below for information.

MANCHESTER
CITY COUNCIL

Manchester City Council Real Time Economy Dashboard December 2012

Performance Management Framework

REAL TIME ECONOMY DASHBOARD - GROWTH

BUSINESS AND RETAIL

Measure	Latest result available	Latest result	Monthly / Quarterly change (%)	Annual change (%)	Biennial change (%)	Pre-April '08 recession change (%)
Average annual prime retail rents in Manchester (£ per sq. Ft) (Source: Cushman and Wakefield)	Sep-12	£250.00	→ 0.0%	→ 0.0%	→ 0.0%	↓ -23.1%
Average annual prime office rents in Manchester (£ per sq. Ft per year) (Source: Cushman & Wakefield)	Sep-12	£28.50	→ 0.0%	→ 0.0%	→ 0.0%	↓ -5.0%
Number of commercial planning applications submitted during the month (Source: MCG Planning System)	Nov-12 (Provisional)	8	→ 0.0%	↑ 60.0%	↑ 33.3%	↑ 100.0%
Percentage of business premises recorded as occupied* (Source: MCG Business Rates System)	Dec-12	77.5%	↑ 0.5%	↑ 1.9%	↑ 5.3%	↑ 1.9%
Total Monthly Footfall at Manchester Markets (Source: Manchester Markets, excludes Longsight and Harpurhey)	Nov-12	743,987	↑ 10.8%	↑ 4.0%	↑ 2.2%	not available
Monthly Footfall in the City Centre (Source: CityCo; Market St, King St, Exchange Sq, New Cathedral St)	Nov-12	** see note below	↑ 19.7%	↑ 1.4%	↓ -1.2%	↓ -16.0%

* Closest pre-recession change figure available is April 2008 for occupied business premises.
** Actual footfall figures are commercially sensitive and therefore not published. Trend comparisons have been made, based on four city centre footfall counters: Market Street, King Street, Exchange Square and New Cathedral Street.

PROPERTY

Measure	Latest result available	Latest monthly result	Monthly / Quarterly change (%)	Annual change (%)	Biennial change (%)	Pre-April '08 recession change (%)
Percentage of empty residential properties within Manchester (Source: MCG Council Tax Register)	Dec-12	5.3%	↑ -0.1%	↓ 0.4%	→ 0.0%	↑ -2.1%

Appendix - Guide to interpreting the 'Real Time Economy Dashboard'

The dashboard shows the **percentage change** of a measure's result from a certain period in the past to the latest result that is available.

For measures where results are reported as numbers the percentage change is displayed, i.e. if the result has increased by one third of its original value this is a % change of 33%.

The percentage change indicates the extent to which the **measure's result** has increased or decreased over time.

For measures where results are reported as percentages the percentage point change is displayed, i.e. if a result has increased from 5% to 7% the percentage point change would be 2%. These measures are identified by a 'pp' symbol on the right-hand side of the table.

TOURISM						
Measure	Latest result available	Latest monthly result	Monthly change (%)	Annual change (%)	Biennial change (%)	Change since Jan 2009 (%)
Percentage of available City Centre hotel rooms that were sold during the month	Jan-12	59%	↓ -11.0%	→ 0.0%	↓ -1.0%	not available
Percentage of available Greater Manchester hotel rooms that were sold during the month	Jan-12	60%	↓ -8.0%	↑ 1.0%	↑ 1.0%	not available
YTD count of terminal passengers at Manchester Airport	Feb-12	17,766,152	↑ 7.1%	↑ 7.5%	↑ 4.4%	↓ -0.9%
YTD count of aircraft movements at Manchester Airport	Feb-12	155,069	↑ 8.1%	↑ 4.8%	↑ 0.6%	↓ -8.9%

The **direction of travel** in terms of performance is shown next to each percentage change result. An upward arrow demonstrates good performance. Good performance may be indicated by a positive or negative percentage change.

For **'hotel occupancy'** an increase in the measures result (positive percentage change) is desirable. So if the percentage change is positive, an upward arrow will be displayed to show good performance. If the percentage change was negative, then a downward arrow would be displayed.

However, for **'NEET Rate'**, a decrease in the measures result (negative percentage change) is desirable. So if the percentage change is negative, an upward arrow will be displayed to show good performance. If the percentage change was positive then a downward arrow would be displayed.

The historical results of measures are not shown in the table. However, for certain measures, trend graphs do show the actual results over past years and project future performance using performance trend lines – the performance trend line is displayed as a dotted line on the graph.

Measure Definitions			
Title of Measure	Desired direction of travel & (% change)	Definition of Measure	Data Source
Average Annual Prime Retail Rents in Manchester (£ per sq Ft.)	INCREASE (+)	The data relates to the whole of Manchester, but prime rents will be heavily focused on the city centre because that's where the highest rents are found. Prime rents essentially relate to the headline rent being achieved for a particular type of space in an area. CBRE defines prime retail rents as "the typical 'achievable' open market headline rent which an international retail chain would be expected to pay for a ground floor retail unit (either high street or shopping centre depending on the market) of up to 200 sq. m of the highest quality and specification and in the best location in a given market."	Cushman and Wakefield Marketbeat UK Reports
Average Annual Prime Office Rents in Manchester (£ per sq Ft.)	INCREASE (+)	The data relates to the whole of Manchester, but prime rents will be heavily focused on the city centre because that's where the highest rents are found. Prime rents essentially relate to the headline rent being achieved for a particular type of space in an area. Jones Lang Lasalle state that for offices "Prime Rent represents the top open-market rent that could be expected for a notional unit of the highest quality and specification in the best location in a market, as at the survey date. The rent quoted normally reflects prime units of over 500 sq. m of lettable floorspace, which excludes rents that represent a premium level paid for a small quantity of space."	Cushman and Wakefield Marketbeat UK Reports
Number of commercial planning applications submitted during the month.	INCREASE (+)	Number of commercial planning applications submitted during the month. This data represents the number of commercial planning applications, defined as floor space greater than 1,000sqm or a site area of 1 hectare or larger, submitted to Manchester City Council's Planning Department during each month. The latest month's figures are always reported as provisional and are subject to revision the following month.	Manchester City Council Planning Department
Percentage of business premises recorded as occupied.	INCREASE (+)	The proportion of all business premises recorded as occupied on the National Non-Domestic Rates (NNDR) system, in the Manchester local authority area, at the time of the snapshot count. N.B. The denominator for this indicator is the total number of business premises, in the Manchester local authority area, that are recorded on the NNDR system at the time of the snapshot count (1st of the calendar month). Some properties are recorded as "void" on the NNDR system. These are properties that may be occupied or unoccupied but where business rates have not been requested because a responsible owner or occupier cannot be identified. The number of void properties will fluctuate dependant upon the resources put to tracing responsible parties. Void, unoccupied and occupied premises are included in the count of total number of business premises (denominator).	Business Rates System (NNDR), Manchester City Council
Total Monthly Footfall at Manchester Markets	INCREASE (+)	The combined monthly footfall figures from Arndale, Gorton and Wythenshawe markets, and Sunday Market and Car Boot footfall figures.	Manchester Markets, Manchester City Council
Monthly Footfall in the City Centre	INCREASE (+)	The trends reported are year on year comparisons based on the combined monthly footfall figures from the four city centre location footfall counters (based at New Cathedral St, Market St, King St, Exchange Square). Actual footfall figures are commercially sensitive and therefore not published. N.B. Some months represent 5 weeks of footfall figures whereas other months represent 4 weeks of footfall figures.	CITYCO (SpringBoard Reports)
Apprenticeship Starts	INCREASE (+)	Apprenticeships are paid jobs that incorporate on- and off-the-job training leading to nationally recognised qualifications. As an employee, Apprentices earn as they learn and gain practical skills in the workplace. Apprenticeship starts monitor the number of apprenticeships started per period over the academic year. An apprentice must remain on a programme for a minimum length of time (dependent on the total length of the programme) before they are counted for monitoring purposes. N.B. This is broken down by age groups (under 19, 19-24, 25 and over)	The National Apprenticeship Data Service (Quarterly Reports)
Apprenticeship Achievements: All Ages	INCREASE (+)	Apprenticeships are paid jobs that incorporate on- and off-the-job training leading to nationally recognised qualifications. As an employee, Apprentices earn as they learn and gain practical skills in the workplace. Apprenticeship achievements measure the number of apprentices who have completed an apprenticeship per period over the academic year (for all age groups).	The National Apprenticeship Data Service (Quarterly Reports)
Number of new vacancies notified to Job Centre Plus within the month	INCREASE (+)	The number of new vacancies in Manchester that the Job Centre Plus has been notified of in each standardised 4.33 week month. N.B. The Jobcentre Plus vacancies series do not provide comprehensive measures relating to all vacancies in the economy. The proportion of vacancies which are notified by employers varies over time, according to the occupation and industry of the vacancies and also by geographical area. Therefore the data should not be relied upon as an accurate indicator of changes in labour market conditions over time.	Office of National Statistics (NOMIS)
Percentage of empty residential properties within Manchester	DECREASE (-)	The percentage of properties on the council tax database (within Manchester ward boundaries) that are empty at the time of the monthly snapshot count (all tenures).	Council Tax Database, Manchester City Council
Median average house prices of properties sold within the month	INCREASE (+)	The median average price paid for properties sold within the month, reported on The Land Registry website. http://www.landregistry.gov.uk/public/information/public-data/price-paid-data N.B. Partial data is reported for the most recent month available, this is due to a lag in the number of sales being recorded.	The Land Registry
Number of properties registered as sold within the month by The Land Registry	INCREASE (+)	The number of properties that are recorded as being sold within the within the reporting month by HM Land Registry. N.B. The availability of data is lagged due to the delay in recording sales for each month.	The Land Registry
Average asking rents for 2 bed apartments in Manchester (£ per calendar month)	INCREASE (+)	Average asking rents per calendar month for 2 bedroom apartments advertised during a weekly snapshot (the first week of the quarter). Data is collated from all estate agents with an online presence (i.e. they advertise properties on the internet).	Estate Agent Listings

Measure Definitions			
Title of Measure	Desired direction of travel & (% change)	Definition of Measure	Data Source
Number of available 2 bed apartments in Manchester	INCREASE (+)	Total number of 2 bedroom apartments available for rent during a weekly snapshot (the first week of the quarter). Data is collated from all estate agents with an online presence (i.e. they advertise properties on the internet).	Estate Agent Listings
Number of new registrations on the housing register	DECREASE (-)	The number of new registrations on the housing register (waiting list for Council and Housing Association properties) within the month	Civica UHT System, Manchester City Council
City Centre hotel occupancy rate during the month	INCREASE (+)	The percentage of available hotel rooms that were sold during the month for a sample of 26 City Centre hotels Each hotel counts their available rooms (hotel capacity) and sold rooms on a daily basis. The daily counts are summed to produce monthly figures for each hotel. These monthly figures are combined to allow an overall % occupancy figure to be calculated.	STR Global (provided by Visit Manchester)
Greater Manchester hotel occupancy rate during the month	INCREASE (+)	The percentage of available hotel rooms that were sold during the month for a sample of 64 Greater Manchester hotels Each hotel counts their available rooms (hotel capacity) and sold rooms on a daily basis. The daily counts are summed to produce monthly figures for each hotel. These monthly figures are combined to allow an overall % occupancy figure to be calculated.	STR Global (provided by Visit Manchester)
Monthly count of passengers at Manchester Airport	INCREASE (+)	The monthly count of 'terminal and transit passengers' at Manchester Airport. Terminal passengers are those whose final destination is the airport at which they are recorded. Transit passengers are those who are using each airport as a point of interchange, and each airport is not their final destination. N.B. Due to seasonal variation only data from the same month each year can be meaningfully compared	Civil Aviation Authority (Table 9, CAA Airport Statistics)
Monthly count of aircraft movements at Manchester Airport	INCREASE (+)	The monthly count of 'aircraft movements' at Manchester Airport. Figures include passenger and non-passenger flights. Passenger flights include all scheduled and charter passenger aircraft movements at each airport to or from the EU, other international areas and within the UK. N.B. Due to seasonal variation only data from the same month each year can be meaningfully compared	Civil Aviation Authority (Table 5, CAA Airport Statistics)
JSA Claimant Count	DECREASE (-)	JSA claimant count records the number of people claiming Jobseekers Allowance (JSA) and National Insurance credits at Jobcentre Plus local offices. People claiming JSA must declare that they are out of work, capable of, available for and actively seeking work during the week in which the claim is made. The ONS claimant count includes JSA claims that are live on the second Thursday of each month.	Office of National Statistics (NOMIS)
Unemployment Rate	DECREASE (-)	Unemployment rate figures express the number of Job Seekers Allowance claimants resident in an area as a percentage of the population aged 16-64 resident in that area.	Office of National Statistics (NOMIS)
Numbers flowing onto JSA	DECREASE (-)	On-flows show the number of new people who have started to claim Job Seekers Allowance since the previous count. Flows are standardised to a 4.33 week month.	Office of National Statistics (NOMIS)
Numbers flowing off JSA	INCREASE (+)	Off-flows count the number of people who have now stopped claiming Job Seekers Allowance since the previous count. Flows are standardised to a 4.33 week month.	Office of National Statistics (NOMIS)
Number of 18-24 year old JSA claimants (total, duration of claim, off-flows)	DECREASE (-)	Total number of Job Seekers Allowance claimants aged 18-24 in Manchester as at the time of the monthly snapshot count. Flows are standardised to a 4.33 week month. Sub categories include those claiming for 6-12 months, those claiming for over 12 months and long-term claimants that have now stopped claiming JSA since the previous count.	Office of National Statistics (NOMIS)
JSA Claimant Count (DWP/NOMIS)	DECREASE (-)	JSA claimant count records the number of people claiming Jobseekers Allowance (JSA) and National Insurance credits at Jobcentre Plus local offices. People claiming JSA must declare that they are out of work, capable of, available for and actively seeking work during the week in which the claim is made. The DWP data counts JSA claims that are live on the last day of the month. Benefits are arranged hierarchically and claimants are assigned to the topmost benefit which they receive, in the order: JSA, ESA / IB, LPIS, Other.	Department of Work & Pensions (NOMIS)
Employment and Support Allowance / Incapacity Benefit	DECREASE (-)	Employment and Support Allowance / Incapacity Benefit provides financial help to people who are unable to work because of illness or disability. It also provides personalised support to those who are able to work. Benefits are arranged hierarchically and claimants are assigned to the topmost benefit which they receive, in the order: JSA, ESA / IB, LPIS, Other.	Department of Work & Pensions (NOMIS)
Lone Parent Income Support	DECREASE (-)	Lone Parent Income Support (LPIS) is a benefit for parents on a low income with a child under 16 and no partner. Benefits are arranged hierarchically and claimants are assigned to the topmost benefit which they receive, in the order: JSA, ESA / IB, LPIS, Other.	Department of Work & Pensions (NOMIS)
Others on income related benefit	DECREASE (-)	Other income related benefits include other income support (including IS Disability Premium) and pension credits. Benefits are arranged hierarchically and claimants are assigned to the topmost benefit which they receive, in the order: JSA, ESA / IB, LPIS, Other.	Department of Work & Pensions (NOMIS)
Total number of residents on out of work benefits	DECREASE (-)	A quarterly snapshot of benefit claimants using DWP's Work and Pensions Longitudinal Study (WPLS). This data is based on 100% of claimants. Key out-of-work benefits consists of the groups: job seekers, employment and support allowance / incapacity benefit, lone parent income support and others on income related benefits. These groups have been chosen to best represent a count of all those benefit recipients who cannot be in full-time employment as part of their condition of entitlement. Figures are not seasonally adjusted and any comparisons should be made year on year.	Department of Work & Pensions (NOMIS)
Percentage of residents on out of work benefits	DECREASE (-)	Sum of JSA claimant count, ESA/IB, Lone Parent, Others on income related benefit as a proportion of the working age (16-64) resident population.	Department of Work & Pensions (NOMIS)

Measure Definitions			
Title of Measure	Desired direction of travel & (% change)	Definition of Measure	Data Source
NEET Rate	DECREASE (-)	<p>The percentage of young people on the Connexions database, residing in Manchester, who are not in education, employment, or training. NEET is calculated as follows: $NEET / (NEET + EET)$. EET does not include young people in custody or asylum seekers and refugees, neither does it include unknowns.</p> <p>N.B. Month on month comparisons are not valid because of the seasonal nature of the data. Due to changes in national reporting requirements the cohort for NEET is now 16-18 year olds, plus those who turn 19 during the academic year. Monthly NEET figures are indicative, official NEET figures are released annually in November.</p>	Connexions
Unknown NEET Rate	DECREASE (-)	Unknown NEET rate is calculated as percentage of the total cohort minus refugees and asylum seekers. Full cohort is everyone regardless of their destination. Unknown is calculated as follows: $Total\ cohort - (NEET + EET + refugees + asylum\ seekers) / Total\ cohort$	Connexions
Number of households claiming Council Tax Benefit	DECREASE (-)	The number of households claiming and receiving Council Tax Benefit at the time of the monthly snapshot count (2nd of the month).	Academy, Manchester City Council Revenue and Benefits
Number of households claiming Housing Benefit	DECREASE (-)	The number of households claiming and receiving Housing Benefit at the time of the monthly snapshot count (2nd of the month).	Academy - Manchester City Council Revenue and Benefits
Work Programme - Number of referrals	INCREASE (+)	<p>Number of work programme referrals by JobCentre Plus broken down by benefit payment group. The Work Programme is an integrated package of support, providing personalised work-focused help for a wide range of customers delivered by public, private and voluntary sector organisations, working under contract to DWP. These organisations will tailor services to what works best for individual customers in helping them back in to sustained work.</p> <p>Official statistics on referrals are obtained from the Labour Market System (LMS). This is the admin system Jobcentre Plus uses to administer customer claims and also refer customers to the Work Programme. The data contains information on the claimants' individual characteristics and claim details. Standard DWP statistics disclosure control policy has been applied: values less than ten, including zeros, are suppressed and marked with a dash and values above ten are rounded to the nearest ten, therefore tables may not sum. Cumulative figures include referrals and attachments from the start of the Work Programme up to the end of the relevant month.</p>	Department of Work & Pensions (IGS)
Work Programme - Number of attachments	INCREASE (+)	<p>Number of work programme attachments broken down by benefit payment group. An attachment is defined as the date of the first engagement activity between a provider and the claimant. Following the referral, providers will engage with the claimant; this involves conducting specified 'attachment activity' with the claimant, and the date the activity takes place is recorded on the payment system by the provider (this is the closest proxy for a 'start' to the Work Programme).</p> <p>Statistics on attachments are obtained from the Provider Referral and Payment data (PRaP). This is the system which underpins the Work Programme and which providers use to attach customers and claim job outcomes and sustainment payments. Standard DWP statistics disclosure control policy has been applied: values less than ten, including zeros, are suppressed and marked with a dash and values above ten are rounded to the nearest ten, therefore tables may not sum. Cumulative figures include referrals and attachments from the start of the Work Programme up to the end of the relevant month.</p>	Department of Work & Pensions (IGS)
Work Programme - Attachment to referral ratio	INCREASE (+)	Proportion of work programme referrals which resulted in an attachment. Referrals are all those eligible claimants who are referred to the Work Programme. The claimant remains on the Work Programme for 104 weeks from that date. Attachment is the point from which a provider engages and works with a claimant. There will be a proportion of claimants who either sign off benefit or move into work after referral but before the point which the provider seeks to actively engage. Therefore the number of attachments will be slightly lower than the number of referrals. If a claimant who has not been attached to the Work Programme makes a further claim to benefit over the 104 week period, then the provider will engage with and attach the claimant at this point.	Department of Work & Pensions (IGS)
Work Programme - Job outcomes	INCREASE (+)	<p>The focus of the Work Programme is on supporting participants to achieve sustained employment. Participants are supported by the Work Programme for two years. Providers receive job outcome payments when a participant has been in work for either three or six months, depending on the participant's circumstances - payments are made for Job Seeker's Allowance (JSA) claimants after completing six months in paid work, but for more disadvantaged people (including some on JSA), job outcomes are paid after completing three months in paid work. Once a job outcome payment has been paid, providers will receive sustainment payments for each subsequent four week period the participant spends in employment up to a maximum of two years, depending on the participant's circumstances.</p> <p>Standard DWP statistics disclosure control policy has been applied: values less than ten, including zeros, are suppressed and marked with a dash and values above ten are rounded to the nearest ten, therefore tables may not sum.</p>	Department of Work & Pensions (IGS)
Work Programme - Job outcome to referral ratio	INCREASE (+)	Proportion of work programme referrals which resulted in a job outcome. Referrals are all those eligible claimants who are referred to the Work Programme. The focus of the Work Programme is on supporting participants to achieve sustained employment. Participants are supported by the Work Programme for two years. Providers receive job outcome payments when a participant has been in work for either three or six months, depending on the participant's circumstances.	Department of Work & Pensions (IGS)

Economy Scrutiny Committee Work Programme – January 2013

Wednesday 9 January 2013, 10.00am (Report deadline Thursday 27 December 2012)
