Unique co-location of assets

Generates c. 20% of the city's economic output

60,000 employed

14,000 new jobs planned

70,000 students

CORRIDOR
MANCHESTER

The Northern Powerhouse

Corridor Manchester has a distinctive part to play in the city's role as an economic powerhouse. It is:

- One of the largest higher education campuses in Europe, a magnet for students and researchers from around the world.
- Home to an exceptional base of innovators – people and companies and is one of the few true innovation districts in the UK.
- An increasingly diverse economy, from large companies and institutions to new start-ups and entrepreneurs.

A decade of opportunity

By 2025 Corridor Manchester will be:

Manchester's cosmopolitan hub and world-class innovation district, where talented people from the city and across the world learn, create, work, socialise, live and do business; contributing to the economic and social dynamism of one of Europe's leading cities.

Contributing factors

- £1.5bn investment over the next 5 years further enhancing the asset base
- Culture
- City living / housing & growing city population
- Smart Green Growth
- Economic Growth / Employment opportunities
- Infrastructure Boost

Investment

Mid-way through a 10 year circa £3 billion investment

Several major investment locations have the potential to impact significantly with the creation of thousands of new jobs and residential development.
