

Cancer Services in Manchester

Commissioning Arrangements for Cancer Services in Manchester

- CCGs – common cancer services including diagnosis, some treatment, aftercare, follow up, supportive care, end of life care
- NHS Trafford acting as lead commissioner for cancer services in Greater Manchester
- NHSE – rare cancer services, specialist treatments and interventions, cancer screening, services at cancer centres including chemotherapy & radiotherapy
- PHE – cancer and other disease prevention, symptom awareness, national cancer screening programmes

Manchester Challenges

- Lifestyle factors / Deprivation / Diversity
- Incidence / Mortality / Survival
- Stage at diagnosis / Screening uptake
- Fragmented commissioning arrangements
- Complex pathways

Focus for 2015-15

- Prevention
- Recovery and support for living beyond cancer
- Individualised Care
- New models of high quality cost effective care
 - Primary care
 - Needs assessed follow up & aftercare
 - Access to supportive services
