

**Manchester City Council  
Report for Information**

**Report to:** Licensing & Appeals Committee – 17 February 2014  
**Subject:** Annual report in respect of Street Collection Permits  
**Report of:** Head of Planning, Building Control & Licensing

---

**Summary**

The report outlines details of the returns received in respect of street collection permits allocated for 2013. In addition the report also provides information in respect of street collection permits requested for 2014 and the decisions made in respect of those requests.

The allocation of street collection permits for 2013 were made in accordance with the revised Street Collection Permits Allocation and Monitoring Policy approved by the Licensing & Appeals Committee on 29 October 2012.

**Recommendations**

That the Committee note the report

---

**Wards Affected: All**

<b>Community Strategy Spine</b>	<b>Summary of the contribution to the strategy</b>
Performance of the economy of the region and sub region	
Reaching full potential in education and employment	Street collection permits are allocated to charities or good causes, some permits are issued to organisations that are directly involved in empowering individuals in terms of employment and self development
Individual and collective self esteem – mutual respect	
Neighbourhoods of Choice	As above some of the organisations awarded street collections permits are directly involved in enhancing the neighbourhood either in general terms or for a specific sector of the local neighbourhood

**Full details are in the body of the report, along with any implications for:**

- Equal Opportunities Policy
  - Risk Management
  - Legal Considerations
- 

**Financial Consequences – Revenue**

None – no fees or charges are payable in respect of the administration or enforcement of street collection permit activities

**Financial Consequences – Capital**

None

---

E-mail: j.hicks1@manchester.gov.uk

**Background documents (available for public inspection):**

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

- Revised Street Collection Permits Allocation and Monitoring Policy, approved by Licensing and Appeals Committee on 29 October 2012.

## **1 Introduction**

- a This report provides Committee with information regarding the returns received in respect of street collection permits allocated by the Licensing Unit in 2013, and also details the permits allocated to date in respect of 2014.

## **2 Background**

- a The Council has legal responsibility for issuing street collection permits in relation to charitable and good causes.
- b Applications have traditionally related to requests to undertake street collections within the city centre but are increasingly including other neighbourhoods and specific locations such as the Etihad Stadium and Manchester Airport. Collections can be stand-alone charitable collections, or may be linked with a national or localised event. For example, collections by the Royal British Legion are commonplace in the run up to Remembrance Sunday. Similarly, Children in Need collections are usually requested for the particular date of the TV Children in Need campaign. Other applications are received on an ad-hoc basis as a result of a particular incident.
- c Applicants awarded a street collection permit are required to submit financial returns indicating the total amount of funds collected. The returns demonstrate a huge difference between the funds collected by the various organisations, and the percentage of those funds donated to the charity. The differentials can be brought about by a number of factors including the locality of the collection, the number of collectors and the popularity/support for the particular cause.

## **3 2013 Street Collection permits**

- a Appendix 1 provides details of information in respect of the 2013 allocation, in particular:
  - i) The applications received
  - ii) The dates for which permits were allocated
  - iii) The location in respect of which the permit was granted
  - iv) Details of financial returns in respect of the permits granted
  - v) Other relevant information
- b Collections where no Statement of Return was submitted are highlighted in yellow. Those where the collection did not take place are highlighted in red.
- c One application for a permit for 2014 was received from a person who did not submit a return for a permit granted in 2013 -
  - i) A collection on behalf of Oxfam took place on 7 December 2013. The promoter has one calendar month to submit the return and it had not been received when permit applications for 2014 were allocated in mid-December. The promoter is from Oxfam and previous returns from the

charity have been received without any issues so a permit for 2014 has been granted. The Premises Team has subsequently been advised that the return is currently with the charity's accountant before being submitted.

- d No other applications for collection permits for 2014 have been received from persons who were allocated a permit for 2013 but who did not submit a return.
- e No applications for collection permits for 2014 have been received from persons who were allocated a permit for 2013 but who failed to conduct a collection under that permit.

#### **4 2014 Allocation of Street Collection Permits**

- a In accordance with the revised Policy every organisation granted a permit in 2013, for which a valid Statement of Return had been received, was contacted and advised of the required timescale in respect of applications for Street Collection Permits for 2014.
  - i) 35 applications for permits for 2014 were received by 13 December 2013. These have now been considered and permits awarded in accordance with the Street Collection Permits Allocation and Monitoring Policy.
- b The details of the permits allocated for 2014 in respect of the applications received to date are outlined in Appendix 2 including:
  - i) Permit ref number
  - ii) Applicant/promoter name
  - iii) The benefiting organisation/charity
  - iv) Dates requested
  - v) Dates Granted
  - vi) Location(s) of collection
- c The 35 applications received before 13 December 2013 are highlighted in blue in Appendix 2.
- d There were two queries regarding two applications for 2014 –
  - i) There were two collections on behalf of Childreach International in 2013 but only one return was submitted. However, both collections were organised by the charity rather than by a third party, and the lack of a return appears to be an administrative error. The missing return has been requested and the application for a permit for 2014 has been granted.
  - ii) The return for the 2013 collection during Poppy Week on behalf of the Royal British Legion has not yet been received. However, past experience has shown that, as this is a nationally organised event, returns are often delayed but will be received at some point, so a permit for 2014 has been granted.

- e The Policy does not prevent additional street collection permits being allocated throughout the year. Such applications will be considered upon receipt on a case-by-case basis but in general terms permits will not be allocated when another organisation is already collecting within the same locality. Permits requested at short notice are often in respect of responding to emergency situations, or linked to a particular charitable event.
- f As at 30 January 2014 a further 17 applications have been received subsequent to the initial allocation; these have been allocated on a case-by-case basis and are highlighted in yellow in Appendix 2.

## **5 Other relevant information**

- a The revised Street Collection Permits Allocation and Monitoring Policy provides for much closer liaison between the Licensing Premises Team and the charities benefiting from the street collections. It was hoped that working more closely with the charities would result in fewer failures by promoters to submit the Statement of Return. However, as the majority of the collections are organised directly by the charities themselves, rather than by third parties, charities often omit to submit a return or to advise the Licensing Unit of the amount collected in each collection tin/bucket, as required under the regulations.
- b This is an issue that needs to be addressed through closer liaison with the charities and by more careful monitoring by the Premises Licensing team.

## **6 Conclusion**

- a The report provides the Committee with information regarding the 2013 and 2014 allocation of street collection permits. This ensures that the information is available within the public domain and is open and transparent. It also provides the Committee with information regarding charitable funds raised via street collections in Manchester.
