

**Manchester City Council
Report for Information**

Report To: Licensing & Appeals Committee – 9 February 2015

Subject: Annual Report in respect of Street Collection Permits

Report of: Head of Planning, Building Control & Licensing

Summary

The report outlines details of the returns received in respect of street collection permits allocated for 2014. In addition the report also provides information in respect of street collection permits requested for 2015 and the decisions made in respect of those requests.

The allocation of street collection permits for 2014 were made in accordance with the revised Street Collection Permits Allocation and Monitoring Policy approved by this Committee on 29 October 2012.

Recommendations

That the Committee note the report

Wards Affected:

Community Strategy Spine	Summary of the contribution to the strategy
Performance of the economy of the region and sub region	
Reaching full potential in education and employment	Street collection permits are allocated to charities or good causes, some permits are issued to organisations that are directly involved in empowering individuals in terms of employment and self development
Individual and collective self esteem – mutual respect	
Neighbourhoods of Choice	As above some of the organisations awarded street collections permits are directly involved in enhancing the neighbourhood either in general terms or for a specific sector of the local neighbourhood

Full details are in the body of the report, along with any implications for:

- Equal Opportunities Policy
 - Risk Management
 - Legal Considerations
-

Financial Consequences – Revenue

None – no fees or charges are payable in respect of the administration or enforcement of street collection permit activities

Financial Consequences – Capital

None

Contact Officers:

Name: Fraser Swift
Position: Principal Licensing Officer (Premises)
Telephone: 0161 234 1176

Background documents (available for public inspection):

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

- Revised Street Collection Permits Allocation and Monitoring Policy, approved by Licensing and Appeals Committee on 29 October 2012.

1 Introduction

- 1.1 This report provides Committee with information regarding the returns received in respect of street collection permits allocated by the Licensing Unit in 2014 and the permits allocated to date for 2015.

2 Background

- 2.1 The Council has legal responsibility for issuing street collection permits in relation to charitable and good causes.
- 2.2 Applications have traditionally related to requests to undertake street collections within the city centre but are increasingly including other neighbourhoods and specific locations such as the Etihad Stadium and Manchester Airport. Collections can be stand-alone charitable collections or may be linked with a national or localised event, for example, collections for Remembrance Sunday and Children in Need. Other applications are received on an ad-hoc basis as a result of a particular incident.
- 2.3 Persons who are awarded a street collection permit are required to submit financial returns indicating the total amount of funds collected. The differentials can be brought about by a number of factors including the locality of the collection, the number of collectors and the popularity/support for the particular cause.

3 2014 Street Collection permits

- 3.1 Appendix 1 provides details of information in respect of the 2014 allocation, in particular:
- i) The applications received
 - ii) The dates for which permits were allocated
 - iii) The location in respect of which the permit was granted
 - iv) Details of financial returns in respect of the permits granted
 - v) Other relevant information
- 3.2 Six applications for a permit for 2015 were received from persons who had not yet submitted a return for a permit granted in 2014. The promoter has one calendar month to submit the return and in the case of these six this period had not expired when permit applications for 2015 were allocated in mid-December. Three out of these six returns have been subsequently received. Of the three still outstanding –
- 3.2.1 The return for permit ref 170174 was due by 15/01/15 but the promoter had requested a permit for a collection on 18/01/15. Due to time constraints this was issued on the understanding that the outstanding return was submitted in due course. To date the return has not been received and this is being followed up by the case officer in the Premises

Licensing team.

- 3.2.2 The return for permit ref 168423 for The Royal Air Forces Association was due by 28/12/14. The charity has advised that returns for the whole of the UK are being collated centrally and the return should be submitted by the end of January 2015.
- 3.2.3 The return for permit ref 157012 was due by 15/12/14. The promoter has submitted an application for a permit for a collection in November 2015 and has been advised that this will not be issued until the outstanding return has been received.
- 3.3 One application for permit for a collection at the Etihad Stadium was refused on the grounds that there was no letter of authority from Manchester City Football Club to collect on their premises.
- 3.4 Two applications for permits to collect on behalf of Children with Cancer UK were refused as one permit had already been granted direct to the charity to collect on a Saturday in the city centre.
- 3.5 One application for a collection permit was refused on the grounds that the promoter failed to conduct a collection under a permit allocated for 2014.

4 2015 Allocation of Street Collection Permits

- 4.1 All street collection applications received for 2015 are shown in Appendix 2, including:
 - i) Permit ref number
 - ii) Applicant/promoter name
 - iii) The benefiting organisation/charity
 - iv) Dates requested
 - v) Dates Granted
 - vi) Location(s) of collection
- 4.2 31 applications for permits for 2015 were received by the deadline of 4 December 2014 for priority allocation. The applications were considered and permits awarded in accordance with the Street Collection Permits Allocation and Monitoring Policy.
- 4.3 27 out of the 31 applications were granted as they complied with the requirements of the Street Collection Permits Allocation and Monitoring Policy. Four applications were refused.
 - 4.3.1 Two applications were submitted by the same person for collections on behalf of Cancer Research UK, both for a Saturday and Sunday. As the policy only allows one collection per charity per year on a Saturday and

Sunday, the promoter was given the choice of which one to have and the other was refused.

- 4.3.2 Two applications for permits to collect on behalf of Children with Cancer UK were refused as one permit had already been granted direct to the charity to collect on a Saturday in the city centre.
- 4.3.3 One application for a collection permit was refused on the grounds that the promoter failed to conduct a collection under a permit allocated for 2014.
- 4.4 The permit granted for a collection on behalf of Christie Charitable Fund (ref 170074) was withdrawn by the promoter at the request of the charity, to enable Christie's to promote a collection on its own behalf over the same weekend.
- 4.5 The Policy does not prevent additional street collection permits being allocated throughout the year. Such applications will be considered upon receipt on a case-by-case basis but in general terms permits will not be allocated when another organisation is already collecting within the same locality. Permits requested at short notice are often in respect of responding to emergency situations, or linked to a particular charitable event.
- 4.6 As at 22 January 2015, a further 14 applications have been received subsequent to the initial allocation; these have been allocated on a case-by-case basis and are highlighted in bold in Appendix 2.

5 Other relevant information

- 5.1 The Street Collection Permits Allocation and Monitoring Policy provides for much closer liaison between the Licensing Premises Team and the charities benefiting from the street collections. It was hoped that working more closely with the charities would result in fewer failures by promoters to submit the Statement of Return.
- 5.2 No return has been submitted for 38% of collections (64 out of 168) undertaken in 2014. This compares with a 55% failure to submit a return the previous year (99 out of 179). All charities are advised where a return is not submitted. However, as the majority of the collections are organised directly by the charities themselves, rather than by third parties, charities often omit to submit a return or to advise the Licensing Unit of the amount collected in each collection tin/bucket, as required under the regulations.

6 Conclusion

- 6.1 The report provides the Committee with information regarding the 2014 and 2015 allocation of street collection permits. This ensures that the information is available within the public domain and is open and transparent. It also provides the Committee with information regarding charitable funds raised via street collections in Manchester.
