

**Manchester City Council
Report for Information**

Report To: Licensing and Appeals Committee – 22 February 2016

Subject: Street Collection Permits Annual report

Report of: Head of Planning, Building Control & Licensing

Summary

The report provides information on the street collection permits allocated for 2015 and the returns from those collections. The report also provides information on permits requests received to date for 2016 and the decisions made in respect of them.

The allocation of street collection permits is made in accordance with the Street Collection Permits Allocation and Monitoring Policy approved by this Committee on 29 October 2012.

Recommendations

That the Committee note the report

Wards Affected:

Community Strategy Spine	Summary of the contribution to the strategy
Performance of the economy of the region and sub region	
Reaching full potential in education and employment	Street collection permits are allocated to charities or good causes, some permits are issued to organisations that are directly involved in empowering individuals in terms of employment and self development
Individual and collective self esteem – mutual respect	
Neighbourhoods of Choice	Some of the organisations awarded street collections permits are directly involved in enhancing the neighbourhood either in general terms or for a specific sector of the local neighbourhood

Full details are in the body of the report, along with any implications for:

- Equal Opportunities Policy
 - Risk Management
 - Legal Considerations
-

Financial Consequences – Revenue

None – no fees or charges are payable in respect of the administration or enforcement of street collection permit activities

Financial Consequences – Capital

None

Background documents (available for public inspection):

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

- Revised Street Collection Permits Allocation and Monitoring Policy, approved by Licensing and Appeals Committee on 29 October 2012.

1 Introduction

- 1.1 This report provides Committee with information regarding the returns received in respect of street collection permits allocated by the Licensing Unit in 2015 and the permits allocated to date for 2016.

2 Background

- 2.1 The Council has legal responsibility under the Police, Factories etc (Miscellaneous Provisions) Act 1916 for issuing street collection permits in relation to charitable and good causes.
- 2.2 Applications have traditionally related to requests to undertake street collections within the city centre but are increasingly including other neighbourhoods and specific locations such as the Etihad Stadium and Manchester Airport. Collections are typically either done as part of standard fund-raising activities for charities; linked with a national or localised event, for example, Remembrance Sunday and Children in Need. Permits may also be requested at short notice; often in respect of responding to emergency situations, or linked to a particular charitable event.
- 2.3 The Licensing Premises team publish a notice on the City Council website to make organisations aware that they may apply for a street collection permit for the next calendar year. In the case of 2016 the notice was published on the website on 12 October 2015 and stated that Manchester City Council is accepting applications for permits for street collections to be conducted in 2016 and that initial allocation of permits would take place during December 2015. Any application received after the initial allocation had taken place would be considered on a case-by-case basis. All applications were considered and permits awarded in accordance with the Street Collection Permits Allocation and Monitoring Policy.
- 2.4 Applications are allocated on the following basis –
- 2.4.1 Only one benefiting organisation shall normally be allocated a permit for a particular date at a particular location. Exceptions may be made for generic appeals, or at the discretion of the Licensing Manager.
- 2.4.2 Failure to make use of a permit may result in any subsequent application from the same promoter being given low priority for the next calendar year. Discretion of the Licensing Manager may be applied when allocating collections for the same or the next calendar year depending on the reason given for non-attendance.
- 2.4.3 Where the statement of return has been nil or there has been a failure to submit the statement of return this may result in any subsequent application from the same promoter being refused for the next calendar year.
- 2.4.4 Any statement of return that shows a very low level of collection shall usually result in any subsequent application from the same promoter being

refused for the next calendar year. Amongst the factors that shall be taken into account when assessing whether a statement of return shows a very low level of collection are:

- i) The amount collected,
- ii) the number of collectors,
- iii) the day of the week of the collection,
- iv) the duration of the collection,
- v) any other factors which may materially affect the level of collection.

2.5 A benefiting organisation shall usually only be allocated one collection in any given three month period within the calendar year. Exceptions may be made at the discretion of the Licensing Manager where the collection is on private land and the promoter has the permission of the landowner or leaseholder.

2.6 Persons who are awarded a street collection permit are required to submit financial returns indicating the total amount of funds collected. A number of factors can affect the levels of monies collected, including the location of the collection, the number of collectors and the popularity/support for the particular cause.

3 2015 Street Collection permits

3.1 Appendix 1 provides details of the 2015 permit allocation, in particular:

- i) The applications received
- ii) The dates for which permits were allocated
- iii) The location in respect of which the permit was granted
- iv) Details of financial returns in respect of the permits granted
- v) Other relevant information

3.2 There were 154 street collections in 2015. Returns were not received for ten of the collections. We have received confirmation from the relevant charities for two of these collections of the collected funds that were received by them. Of the remaining eight returns, both the promoter and the charity have been contacted at least twice with regards the returns and the respective charities and promoters have been informed that no further collections will be permitted until the returns are received. Three have since asked for extensions due to the whole charity accounts being audited this month.

3.3 Where we received notification (25 during 2015) that a collection did not take place, a return is not required to be submitted.

4 2016 Allocation of Street Collection Permits

- 4.1 All street collection applications received for 2016 are shown in Appendix 2, including:
- i) Permit ref number
 - ii) Applicant/promoter name
 - iii) The benefiting organisation/charity
 - iv) Dates requested
 - v) Dates Granted
 - vi) Location(s) of collection
- 4.2 51 applications for permits for 2016 were received by the deadline of 11 December 2015 for priority allocation.
- 4.3 46 of the 51 applications were granted permits as they complied with the requirements of the Street Collection Permits Allocation and Monitoring Policy. Five applications were refused:
- 4.3.1 An application for Macmillan Cancer Support was refused in respect of a second collection within a 3 month period.
 - 4.3.2 Three applications for SKT Welfare were refused as they had not submitted a return from the 2015 collection and the three applications were made for collections with the same three month period. (Note: since the original refusal, the 2015 return has since been received and following confirmation by the applicant of a preferred collection date from the 3 originally submitted, a permit has now been granted).
 - 4.3.3 An application for Lavender Ribbon Cancer Support was refused as they have not submitted a return following their 2015 collection.
- 4.4 There have been two applications for a 2016 collection permit received from persons granted a permit in 2015 who have not submitted a return –
- 4.4.1 The return for permit ref 177407 was due 14/12/2015. The promoter is an employee of the charity and has not returned numerous phone calls or emails. A permit application for 19/03/2016 was submitted and this has been rejected.
 - 4.4.2 The return for permit ref 174159 for Macmillan Cancer Support was due on 12/01/2016. The promoter is an employee of the charity and has not returned numerous phone calls or emails. We have received four applications for permits for 2016 from Macmillan Cancer Support, one of these was from the promoter of the 2015 collection who has been informed that the permit will not issued until a return is received. The other three applications have not yet been granted as we are awaiting confirmation of

authorisation from Macmillan Cancer Support.

- 4.5 As of 2016, a further 14 applications have been received since the initial allocation. These have been allocated on a case-by-case basis upon receipt and are highlighted in bold in Appendix 2.

5 Other relevant information

- 5.1 The Street Collection Permits Allocation and Monitoring Policy provides for much closer liaison between the Licensing Premises Team and the charities benefiting from the street collections. All charities are advised where a return is not submitted and it was hoped that working more closely with the charities would result in fewer failures by promoters to submit the Statement of Return.
- 5.2 The amount of returns received for 2015 is a significant improvement on the preceding two years as a result of changes made to take a more proactive and focused approach to ensure their receipt. To put into context, returns were not received for 6.5% of 2015's collections, compared to 38% for 2014, and we are still expecting to receive more 2015 returns shortly, which would see a further drop.
- 5.3 A register of all approved charitable collections is now publicly available via the Council's website. It is updated on a weekly basis and allows promoters and charities to view available dates before applying for a collection, as well as any members of the public or enforcement officers to conveniently check whether any collections taking place are authorised to do so.

6 Conclusion

- 6.1 The report provides the Committee with information regarding the 2015 and 2016 allocation of street collection permits. This ensures that the information is available within the public domain and is open and transparent. It also provides the Committee with information regarding charitable funds raised via street collections in Manchester.
- 6.2 Members are asked to note the report.
