

**Manchester City Council
Report for Resolution**

Report to: Licensing and Appeals Committee – 17 July 2018

Subject: Street Collection Permits Annual Report

Report of: Head of Planning, Building Control and Licensing

Summary

The report provides information on the street collection permits allocated for 2016 and the returns from those collections. The report also provides information on permits requests received before the priority allocation deadline for 2017 and the decisions made in respect of them.

The allocation of street collection permits is made in accordance with the Street Collection Permits Allocation and Monitoring Policy approved by this Committee on 29 October 2012.

Recommendations

That Members note the report.

Wards Affected: All

Manchester Strategy Outcomes	Summary of the contribution to the strategy
A thriving and sustainable City: supporting a diverse and distinctive economy that creates jobs and opportunities	Permits are allocated to charities or good causes, often using local volunteers
A highly skilled city: world class and home grown talent sustaining the city's economic success	
A progressive and equitable city: making a positive contribution by unlocking the potential of our communities	Permits are allocated to charities or good causes, often funding local charitable initiatives and using local volunteers
A liveable and low carbon city: a destination of choice to live, visit and work.	
A connected city: world class infrastructure and connectivity to drive growth	

Full details are in the body of the report, along with any implications for:

- Equal Opportunities Policy
 - Risk Management
 - Legal Considerations
-

Financial Consequences – Revenue

None – no fees or charges are payable in respect of the administration or enforcement of street collection permit activities

Financial Consequences – Capital

None

Background documents (available for public inspection):

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

- Revised Street Collection Permits Allocation and Monitoring Policy, approved by Licensing and Appeals Committee on 29 October 2012.

1.0 Introduction

- 1.1 This report provides Committee with information regarding the returns received in respect of street collection permits allocated by the Licensing Unit in 2017.

2.0 Background

- 2.1 The Council has legal responsibility under the Police, Factories etc (Miscellaneous Provisions) Act 1916 for issuing street collection permits in relation to charitable and good causes.
- 2.2 Applications have traditionally related to requests to undertake street collections within the city centre but are increasingly including other neighbourhoods and specific locations such as the Etihad Stadium and Manchester Airport. Collections are typically either done as part of standard fund-raising activities for charities, or linked with a national or localised event, for example, Remembrance Sunday and Children in Need. Permits may also be requested at short notice, often in respect of responding to emergency situations, or linked to a particular charitable event.
- 2.3 The Licensing Premises team publish a notice on the City Council website to make organisations aware that they may apply for a street collection permit for the next calendar year. In the case of 2017 the notice was published on the website on 18 October 2016 and stated that Manchester City Council is accepting applications for permits for street collections to be conducted in 2017 and that initial allocation of permits would take place during December 2016. Any application received after the initial allocation had taken place would be considered on a case-by-case basis. All applications were considered and permits awarded in accordance with the Street Collection Permits Allocation and Monitoring Policy.
- 2.4 Applications are allocated on the basis that only one benefiting organisation shall normally be allocated a permit for a particular date at a particular location. Exceptions may be made for generic appeals, or at the discretion of the Licensing Manager.
- 2.5 Failure to make use of a permit may result in any subsequent application from the same promoter being given low priority for the next calendar year. Discretion of the Licensing Manager may be applied when allocating collections for the same or the next calendar year depending on the reason given for non-attendance.
- 2.6 Where the statement of return has been nil or there has been a failure to submit the statement of return this may result in any subsequent application from the same promoter being refused for the next calendar year.
- 2.7 Any statement of return that shows a very low level of collection shall usually result in any subsequent application from the same promoter being refused for the next calendar year. Amongst the factors that shall be taken into account when assessing whether a statement of return shows a very low level of collection are:

- i. The amount collected,
- ii. the number of collectors,
- iii. the day of the week of the collection,
- iv. the duration of the collection,
- v. any other factors which may materially affect the level of collection.

2.8 A benefiting organisation shall usually only be allocated one collection in any given three month period within the calendar year. Exceptions may be made at the discretion of the Licensing Manager where the collection is on private land and the promoter has the permission of the landowner or leaseholder.

2.9 Persons who are awarded a street collection permit are required to submit financial returns indicating the total amount of funds collected. A number of factors can affect the levels of monies collected, including the location of the collection, the number of collectors and the popularity/support for the particular cause.

3.0 2017 Street Collection Permits

3.1 Appendix 1 provides details of the 2017 permit allocation, in particular:

- i. The applications received
- ii. The dates for which permits were allocated
- iii. The location in respect of which the permit was granted
- iv. Details of financial returns in respect of the permits granted
- v. Other relevant information

3.2 There were 145 permits for street collections granted in 2017. 13 of those collections did not take place and so a return is not required to be submitted.

3.3 We were unable to obtain returns for 9 collections. Both the promoter and the charity have been contacted with regards to the returns and the respective charities and promoters have been informed that no further collections will be permitted until the returns are received. No further permits have been granted for any of these charities.

4.0 Other relevant information

4.1 The Street Collection Permits Allocation and Monitoring Policy provides for much closer liaison between the Licensing Premises Team and the charities benefiting from the street collections. All charities are advised where a return is not submitted as this could affect the likelihood of future permits being granted.

4.2 The street collection permit covering letter was revised in January 2018. This describes the responsibilities and duties of the promoter, and includes instructions as to how to submit the statement of return and the list of collectors. The wording has been amended to make it clearer and easier to understand and the returns form itself has been simplified to make it easier to complete.

5.0 Contributing to the Manchester Strategy

5.1 A thriving and sustainable City: supporting a diverse and distinctive economy that creates jobs and opportunities

5.1.1 Permits are allocated to charities or good causes, often using local volunteers.

5.2 A highly skilled city: world class and home grown talent sustaining the city's economic success

5.3 A progressive and equitable city: making a positive contribution by unlocking the potential of our communities

5.3.1 Permits are allocated to charities or good causes, often funding local charitable initiatives and using local volunteers.

5.4 A liveable and low carbon city: a destination of choice to live, visit and work.

5.5 A connected city: world class infrastructure and connectivity to drive growth

6.0 Key Policies and Considerations

6.1 Legal Considerations

6.1.1 All applications have to be processed in accordance with the requirements of their respective legislation. The Licensing Act 2003 and Gambling Act 2005 are prescriptive in terms of who should be consulted on applications and the timescales that have to be applied.

7.0 Conclusion

7.1 The report provides the Committee with information regarding the 2016 allocation of street collection permits. This ensures that the information is available within the public domain and is open and transparent. It also provides the Committee with information regarding charitable funds raised via street collections in Manchester.

7.2 Members are asked to note the report
