

**Manchester City Council
Report for Information**

Report to: Neighbourhoods and Environment Scrutiny Committee –19 July 2016

Subject: Overview Report

Report of: Governance and Scrutiny Support Unit

Summary

This report provides the following information:

- Recommendations Monitor
- A summary of key decisions relating to the Committee's remit
- Items for Information
- Work Programme

Recommendation

The Committee is invited to discuss the information provided and agree any changes to the work programme that are necessary.

Contact Officers:

Name: Lee Walker
Position: Scrutiny Support Officer
Telephone: 0161 234 3376
Email: l.walker@manchester.gov.uk

Background documents (available for public inspection):

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

None

1. Monitoring Previous Recommendations

This section of the report lists recommendations made by the Neighbourhoods Scrutiny Committee. Where applicable, responses to each will indicate whether the recommendation will be implemented, and if it will be, how this will be done.

Date	Item	Recommendation	Response	Contact Officer
24 May 2016	NESC/16/02 Mitigating the impact of the School Run	The Committee recommended that key officers meet with ward Councillors in those wards where any additional enforcement activity is to be undertaken so members can be involved with the promotion of this.	A response to this recommendation is provided at section 3 of this report.	Kevin Gillham Citywide Highways Manager
24 May 2016	NESC/16/02 Mitigating the impact of the School Run	The Committee recommended that the data and methodology used to assess and rate road safety is distributed to members of the Committee through ward co-ordination.	A response to this recommendation is provided at section 3 of this report.	Kevin Gillham Citywide Highways Manager
21 June 2016	Waste Collection and Disposal Savings	The Committee requested that a Quarterly Performance Dashboard report is submitted to the Committee for information. This report will contain performance data on the Biffa contract and the activity of the City's Strategic Waste Team. The first report is to be submitted to the October meeting of the Committee.	The Executive Member will provide a quarterly update for the Neighbourhoods and Environment Scrutiny Committee. The update will provide members with a performance dashboard summary report which will demonstrate key performance indicators regarding the contract and disposal tonnages as well as a provide	Mark Glynn Strategic Lead - Waste, Recycling and Street Cleansing

			<p>a brief narrative regarding actions taken by the Council's Strategic Waste, Recycling and Street Cleansing team.</p> <p>The Committee's Work Programme has been updated to include this as an Item for Information in the October Overview Report.</p>	
21 June 2016	NESC/16/08 Overview Report	The Committee requested that the Scrutiny Support Officer arrange a visit to the Sharston Household Waste and Recycling Site.	Proposed dates in September have been circulated to members.	Lee Walker Scrutiny Support Officer

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **1 July 2016**, containing details of the decisions under the Committee's remit is included overleaf. This is to keep members informed of what decisions are being taken and to agree, whether to include in the work programme of the Committee.

Decision title	What is the decision?	Decision maker	Planned date of decision	Documents that will be considered	Contact officer details
Clean and Green Fund Ref: 15/025	Long-term improvements to cleanliness and environment of the city.	City Treasurer	August 2016 or later	Requests from Growth and Neighbourhoods Directorate	Carol Culley - City Treasurer 0161 234 3564 c.culley@manchester.gov.uk

3. Item for Information

Subject Response to recommendations of 24 May 2016 -
Mitigating the impact of the School Run

Contact Officer Kevin Gillham, Citywide Highways Manager
Tel: 0161 234 5148
Email: k.gillham@manchester.gov.uk

1.0 Neighbourhoods and Environment Scrutiny Committee minutes 24 May 2016
See item NESC/16/02 'Mitigating the impact of the School Run'

1.1 The following recommendations were agreed at the above Committee -

1. The committee noted the report.
2. The Committee endorsed the approach as set out in the proposed updated road safety guide for schools.
3. The Committee recommended that key officers meet with ward Councillors in those wards where any additional enforcement activity is to be undertaken so members can be involved with the promotion of this.
4. The Committee recommended that the data and methodology used to assess and rate road safety is distributed to members of the Committee through ward co-ordination.

2.0 Recommendation 3 - Working with Councillors

2.1 As a result of the recommendation, before the start of each school term, Officers from the Parking Service will circulate a Report to Councillors for those Wards where additional school enforcement has/is to be carried out.

2.2 This report will be circulated to Councillors via Ward Coordination.

2.3 We will shortly be contacting three schools in Burnage - Greenend Primary; Mauldeth Road Primary and St Bernards Primary, with a view to delivering a road safety pilot scheme. These three schools have been identified due to persistent road safety issues during peak times. Working with GMP, bespoke letters (with both GMP and Manchester City Council logos) will be written and, with the schools agreement, be given to pupils to take home, if their parents have been seen to be parking or driving dangerously. The wording of the letters will be agreed with GMP and each school. We will aim to start this in the new school term, and will work with the schools to get feedback on the effectiveness of the pilot.

2.4 In addition, we are continuing to work closely with officers from GMP, helping to facilitate road safety assemblies and activities in schools across the city when they have been requested. We are also supporting schools that have requested help to promote "20's Plenty" in their local area, through providing banners and road safety leaflets for the schools.

3.0 Recommendation 4 - Data and Methodology used to assess and rate road safety

- 3.1 Requests for enforcement are received direct from Schools, Local Residents, Councillors etc
- 3.2 Each request is reviewed by the Parking Services and assessed using the methodology set out at Appendix 1.
- 3.3 The scoring criteria used to assess each school is detailed at Appendix 2, which will determine whether the school is added/removed from the 'Hot Spot' deployment schedule utilising the RAG rating, which based on compliance and the number of Penalty Charge Notices (PCNs) issued at each school

4.0 Evaluation:

- 4.1 Appendix 3 details the data from the Spring term 2016, which has been calculated using the above methodology and scoring criteria. This data determines the deployment for the Summer term and includes the new schools which have been assessed and are to be added.

5.0 CCTV and Civil Enforcement Officers

- 5.1 CCTV enforcement is undertaken in accordance with legislation, which determines CCTV enforcement can only be used where a vehicle is parked on School Zig Zags. It is proposed that 3 CCTV vehicles will be available wef September 2016.
- 5.2 Civil Enforcement Officers will undertake enforcement of yellow line restrictions and school zig zags.

Item 3 Appendix 2 – Scoring Criteria/Safety Rating

Civil Enforcement Officers will complete compliance surveys, to determine compliance. Schools are also requested to provide their score rating, using the following table.

Compliance and PCN Scores	
5	Very High level of parked vehicles in contravention
4	Heavy level of parked vehicle vehicles in contravention
3	Average level of parked vehicles in contravention
2	Low level of parked vehicles in contravention
1	No level of parked vehicles in contravention

Safety Rating: -

Scores are then calculated utilising the following matrix, with each school given a RAG rating (Red/Amber/Green):

		Safety Rating				
		1	2	3	4	5
PCN Rating	5	1	2	3	4	5
	4	5	10	15	20	25
	4					
	3	4	8	12	16	20
	3					
	2	3	6	9	12	15
	2					
	1	2	4	6	8	10
1						
1	1	2	3	4	5	

Item 3 Appendix 3 - School Safety Ratings for Spring/Summer 2016 Term:

Each schools safety rating is reviewed and is used to inform the deployment 'hotspot' list for the following term:

Compliance & PCN Score Spring Term 2016						
School	Visits	PCN	PCN Rating	Safety Rating	R/A/G Rating Spring term 2016	Proposed Deployment Summer Term 2016
