Supplementary Agenda

5 **[10.05-10.35] Cycle City Ambition Grant**
Report of the Strategic Director of Highways

The purpose of the report is to further update members on the delivery of cycling infrastructure and the schools program funded through the first and second phases of the Government funded Cycle City Ambition Grant (CCAG).

Schemes funded through CCAG phase 1 are now complete and results from monitoring and evaluation work have shown that the improved infrastructure has led to increased levels of cycling. Lessons learnt from phase 1 schemes are being incorporated into future scheme design and construction of CCAG2 schemes.

The Transport 2040 Strategy, developed by Transport for Greater Manchester (TfGM) and the district councils, aims to establish cycling as a recognised and attractive component of our future integrated transport offer with an aspiration for 10% of all trips to be made by bike.

8 **[11.35-11.50] Statement of Community Involvement**
Report of the Deputy Chief Executive, Growth and Neighbourhoods

This report seeks Executive approval to adopt the refreshed Statement of Community Involvement (SCI) which has been aligned with the Our Manchester approach to engaging the local community and other stakeholders in the planning process. The SCI sets out how the community and other stakeholders will have the opportunity to be involved in the preparation of Local Development Documents, how they will be able to get involved in Neighbourhood Planning processes and how they will be consulted on planning applications and planning frameworks. The requirement to produce a Statement of Community Involvement is set out in national planning legislation.

This is an Executive report. Members are invited to comment prior to submission to Executive.

Please note the actual start time for each agenda item may differ from the time stated on the agenda.
