I am Police Constable 17659 Isherwood of the Greater Manchester Police, Licensing Officer for the City of Manchester Division, currently based in the Licensing Team at Manchester Town Hall Extension.

The objective of the role is to promote and maintain the 4 licensing objectives at licensed premises, those being the Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance and the Protection of Children from Harm.

Club Bloom

The premises are situated on Bloom Street in the Village area of Manchester and the premises licence was issued on 31/08/2005. The Premises Licence Holder (PLH) Lapwine Limited and the Designated Premises Supervisor (DPS) is Joe Maybury who has held this position since January 2018.

Interim Steps Hearing

On Wednesday 29th June 2022 PC 15092 Stuart Hammersley applied for a Summary Review of the Premises Licence on the grounds that the Premises were associated with Serious Crime. The certificate was signed by Superintendent Downey.

The Interim Steps hearing took place on Friday 1st July 2022 remotely and GMP outlined our concerns regarding the incident. We asked the committee to suspend the Premises Licence pending the outcome of the full review hearing and, after deliberation; the committee took the decision to suspend the Premises Licence pending the full review hearing on Monday 25th July 2022.

2nd Interim Steps Hearing

Following an appeal against the interim suspension from the PLH, a second Interim Steps hearing took place on Wednesday 13th July 2022 at the Royal Exchange and the same concerns were outlined to the committee and CCTV footage was shown. GMP asked committee to uphold the suspension, and, after deliberation, this decision was upheld.

Conclusion

Having reviewed the number of violent, sexual and threat crimes that have occurred over the previous 12 months and the level of violence used in a number of them, coupled with the shocking nature of the most serious crime in which a female was raped by a 14-year-old boy, GMP do not have confidence that the operators can run this premises safely. We are seriously concerned that to allow the premises to continue as a licensed premises is highly likely to see further serious crimes occurring and further harm caused to customers.

The premises licence already has numerous, strong conditions and it is worth noting that the door company was only changed in January of this year after concerns regarding the previous company, so it is apparent that this is not a satisfactory solution.

During the second Interim Steps hearing the PLH proposed, as one of the alternatives to suspension, replacing the security provider with a company called i Guard.

One of the conditions on the premises licence is that security must be provided by a company who have Approved Contractor Status and according to the SIA website i Guard do not hold this accreditation so would not be able to provide security at this premises.

Another company called Industry Security UK Ltd was also represented at the hearing and this company is SIA accredited, so they would be able to provide security, but not subcontract the work to a non-SIA accredited company.

GMP believe the premises unfortunately attracts some clientele who seek to cause harm and fear to others, and it has become a premises that many people gravitate towards when other premises they have been in for several hours have closed. This means that their levels of intoxication are often already very high when they go there and GMP believe that this contributes significantly to the issues arising there. Therefore, due to these serious concerns, GMP asks committee to Revoke the Premises Licence.

CERTIFICATE UNDER SECTION 53A(1)(b) OF THE LICENSING ACT 2003

I hereby certify that in my opinion the premises described below are associated with serious crime / serious disorder / both serious crime and serious disorder¹.

*Premises*²:
Club Bloom
100 Bloom St
Manchester
M1 3LY

Premises licence number (if known): 050906

Name of premises supervisor (if known): Joe Maybury

I am a Superintendent Downey ³ in the Greater Manchester police force.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case, because⁴:

The standard review of the premises licence under section 51 Licensing Act 2003 is inappropriate due to length of time a standard review would take, there are serious concerns as to the serious nature of the incident which require immediate resolution. Greater Manchester Police believe that serious crime has occurred at the premises.

Greater Manchester Police (GMP) will say that the premises are associated with

¹ Delete as applicable.

² Include business name and address and any other relevant identifying details.

³ Insert rank of officer giving the certificate, which must be superintendent or above.

⁴ Give a brief description of why other procedures such as a standard review process are thought to be inappropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned.

serious crime. Serious crime is defined within the statutory guidance as per section 81(3)(a) and (b) of the Regulation of Investigatory Powers Act 2000, which states that the conduct constitutes an offence for which a person 21 years of age or over with no previous convictions could reasonably be expected to be sentenced to imprisonment for 3 years or more. Therefore due to the serious crime which has taken place at the premises GMP feel that it is necessary for an expedited review to take place.

The premises are situated on Bloom Street in the City Centre of Manchester and the premises licence was issued on 31/08/2005. The Premises Licence Holder (PLH) is Lapwine Limited and the Designated Premises Supervisor (DPS) is Joe Maybury.

During the early hours of Wednesday 29th June 2022 a 15 year old male has gained entry to Club Bloom. At approximately 0415hrs on Wednesday 29th June 2022 an adult female customer and her friends have been approached by the 15 year old male who has offered to sell them drugs. The female customer and the 15 year old male have entered the male toilets together, speaking to a member of security staff who was positioned outside the toilets when they have entered. A friend of the female has stated the member of security staff has said to the 15 year old male, "Have a good one mate" as he has entered the toilets with the female. They have then entered a cubicle together inside the male toilets.

Once inside the cubicle, the 15 year old male has raped the female customer. After approximately 20 minutes the female customer has sent a text message to her friends asking for help. The friends have attended the toilets and have walked the female customer out where she has explained what had happened to her.

The female victim and her friends have explained to staff at Club Bloom what had happened. Security staff have then located the 15 year old male and detained him outside the premises. The victim has originally told staff that she did not want the police contacted and the 15 year old male offender has been allowed to leave the premises by staff.

At approximately 0500hrs the same day, one of the victims friends has contacted Greater Manchester Police to report the incident and officers have attended the premises. A crime report for rape has been recorded and is currently being investigated.

The details of this incident are shocking for a number of reasons. A 15 year old male was permitted entry to a nightclub in the early hours of the morning and the usual age verification seems not to have taken place. A 15 year old male was able to attempt to deal drugs to customers inside the premises. A female customer has been permitted to enter the male toilets with the 15 year old male, seemingly with the approval of security staff. Once a very serious incident was brought to the attention of staff and the offender was detained, staff have not contacted police and then allowed the offender to leave the area without contacting the police meaning the opportunity to apprehend a potentially dangerous offender was missed and the subsequent investigation hindered.

The powers under sections 53A to 53C of the 2003 Act, are aimed at tackling serious crime and serious disorder.

The powers contained under section 53A of the Licensing Act 2003 are necessary and proportionate in light of the association that the premises has to serious crime.

In the interim Greater Manchester Police would request that the Licensing Authority consider suspension of the Premises Licence until the full review is heard before the committee. Serious Crime has occurred at the premises and until the Licensing Committee hear the full review and all the evidence that will be disclosed, to allow the premises to continue to operate as a licensed premises gives concerns that further crime will occur and place customers in danger. Greater Manchester Police will say that the licensing objective of the prevention of crime and disorder can only be promoted if the premises licence was suspended until the final determination of the summary review application. The standard review of the premises licence under section 51 Licensing Act 2003 is inappropriate due to length of time a standard review would take, there are serious concerns in relation to the serious crime at the premises.

The standard review of the premises licence under section 51 Licensing Act 2003 is inappropriate due to length of time a standard review would take, there are serious concerns as to the serious nature of the incident which require immediate resolution. Greater Manchester Police believe that serious crime has occurred at the premises.

Greater Manchester Police (GMP) will say that the premises are associated with serious crime. Serious crime is defined within the statutory guidance as per section 81(3)(a) and (b) of the Regulation of Investigatory Powers Act 2000, which states that the conduct constitutes an offence for which a person 21 years of age or over with no previous convictions could reasonably be expected to be sentenced to imprisonment for 3 years or more. Notes for guidance:

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.

Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:

- conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
- conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

Serious disorder is not defined in legislation, and so bears its ordinary English meaning.

2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

By virtue of paragraph(s) 3 of Part 1 of Schedule 12A
of the Local Government Act 1972.
