**1. Applicant's Comments**

Agents were instructed when Café Nero left the property in March 2020. The property was put on the market at a rent of £80,000 per annum, which was in line with previous deals in the area. This was a reduction from the previous rent. Marketing details were uploaded to commercial property listing websites, a 'mailshot' sent details to other property advisors and occupiers and a marketing board was erected.

The decline of the retail market, the COVID 19 pandemic and the closure of Deansgate meant that interest was extremely limited. Vacancy rates have risen significantly on Deansgate over the years which reflect this.

During the marketing period there was interest from a couple of take away occupiers, but no formal offers were forthcoming. Merkur Slots have agreed a long-term let. The rent was reduced considerably, and a substantial incentive package was offered to ensure the deal could progress.

Traditional retail locations are now having to provide a varied offer with more leisure and non-traditional A1 occupiers entering the market. This approach is critical to ensure vacancy rates don't decimate Towns and Cities.

**2. Director of Planning**

The recommendation remains to **REFUSE** the application.
