Information about the Executive

The Executive is made up of nine Councillors: the Leader and Deputy Leader of the Council and seven Executive Members with responsibility for: Children Services & Schools; Finance & Human Resources; Adult Services; Skills, Culture & Leisure; Neighbourhoods; Housing & Regeneration; and Environment, Planning & Transport. The Leader of the Council chairs the meetings of the Executive.

The Executive has full authority for implementing the Council's Budgetary and Policy Framework, and this means that most of its decisions do not need approval by Council, although they may still be subject to detailed review through the Council's overview and scrutiny procedures.

The Council wants to consult people as fully as possible before making decisions that affect them. Members of the public do not have a right to speak at meetings but may do so if invited by the Chair. If you have a special interest in an item on the agenda and want to speak, tell the Committee Officer, who will pass on your request to the Chair. Groups of people will usually be asked to nominate a spokesperson. Speaking at a meeting will require a telephone or a video link to the virtual meeting.

The Council is concerned to ensure that its meetings are as open as possible and confidential business is kept to a strict minimum. When confidential items are involved these are considered at the end of the meeting and the means of external access to the virtual meeting are suspended.

Report for Resolution**

Report to: Resources and Governance Scrutiny Committee - 21 July 2020
Executive - 29 July 2020

Subject: Global Revenue Budget Monitoring Report to the end of May 2020

Report of: Deputy Chief Executive and City Treasurer

Summary

The report outlines the projected outturn position for 2020/21, based on spend and income as at the end of May 2020 and future projections.

Recommendations

The Resources and Governance Scrutiny Committee is recommended to note the global revenue monitoring report and a forecast outturn position of a £5.476m deficit, which it is anticipated will be balanced by government funding.

The Executive is recommended to:

1. Note the global revenue monitoring report and a forecast outturn position of a £5.476m deficit, which it is anticipated will be balanced by government funding.
2. Approve the use of budgets to be allocated in Appendix 1 page 8.
3. Approve the use of grants in addition to that already planned, as detailed in Appendix 1 (page 9).
4. Approve the proposed virements in Appendix 1 (page 9).
5. Approve an increase in Growth and Development Directorate budget of £0.957m for the Local Welfare Assistance Fund as referenced in paragraph 3.2.
6. Approve an increase in the Corporate Core Directorate budget of £225k for New Burdens funding in respect of the costs associated with administering the business rates grants schemes (Small Businesses Grant Fund and Retail, Hospitality and Leisure Grant Fund), see paragraph 3.2.
7. Delegate the allocation of the COVID-19 tranche 3 grant funding to individual services to the Deputy Chief Executive and City Treasurer in consultation with the Executive Member for Finance and Human Resources, see paragraph 3.3.

To recommend that the Executive approve, under the emergency provision of the Council Decisions on 25 March 2020 - "Constitutional Amendments and Other Matters for Council Business Continuity - Part 7", the following changes to the revenue budget:

8. The use of reserves, in addition to that already planned, of £1.000m for Adults Social Care as shown in Appendix 1 page 9.

Environmental Impact Assessment - the impact of the issues addressed in this report on achieving the zero-carbon target for the city

The budget reflects the fact that the Council has declared a climate emergency by making carbon reduction a key consideration in the Council's planning and budget proposals.

Manchester Strategy outcomes	Summary of the contribution to the strategy
A thriving and sustainable city: supporting a diverse and distinctive economy that creates jobs and opportunities	The effective use of resources underpins the Council's activities in support of its strategic priorities.
A highly skilled city: world class and home grown talent sustaining the city's economic success	
A progressive and equitable city: making a positive contribution by unlocking the potential of our communities	
A liveable and low carbon city: a destination of choice to live, visit, work	
A connected city: world class infrastructure and connectivity to drive growth

Financial Consequences – Revenue

The report identifies a projected deficit for 2020/21 of £5.476m, based on the financial implications of COVID-19, government funding confirmed to date and other identified changes, in year efficiencies and mitigations. It is anticipated this can be met through the Council's share of the third tranche of emergency funding for income loss (yet to be allocated).

This report focuses on 2020/21, however it is anticipated the implications of COVID-19 will have a significant impact on the councils finances for a number of years. With the likely scale of funding pressures and future resource reductions, it is important that the Council holds a robust position on reserves and maintains the ability to deal with issues that arise during the financial year.

Financial Consequences – Capital

The revenue budget includes funding to meet the capital financing costs of the Council.

Changes in the capital programme can affect the budget to meet such costs.

Resources and Governance Scrutiny committee 23rd June 2020 - COVID-19 update
Meeting of the Executive 3rd July 2020 - COVID-19 Monthly Update Report

1 Introduction

- 1.1 This report provides an overview of the Council's current financial position and the work underway to develop a balanced budget for 2020/21. It should be noted that the COVID-19 related forecasts included in this report are based on the return to MHCLG submitted on 19 June. The next return deadline is 31 July and the figures will continue to be refined as costs crystallise and income implications become clearer.
- 1.2 The forecast budget shortfall relating to COVID-19 pressures is £64.5m this financial year, after allowing for confirmed funding to date and Period 2 identified efficiencies, mitigations and other changes. The forecast overall position for 2020/21 is a deficit of £5.476m after taking account of confirmed government funding and other corporate mitigations, changes, and the councils estimated share of the third tranche of emergency funding. It is anticipated this can be mitigated through the councils share of the third tranche of emergency funding (yet to be allocated)
- 1.3 This report includes the following sections:
- Overview of COVID-19 financial implications
 - Additional Central Government funding for COVID-19 response
 - Overview of the overall forecast financial position 2020/21
 - Measures taken to balance the budget in 2020/21
 - Conclusion and recommendations

2 Overview of COVID-19 Financial implications

- 2.1 The anticipated financial cost of COVID-19 to the Council is currently £166.26m, including £0.39m in 2019/20. Of the remaining £165.87m, £31.35m relates to additional expenditure and £134.52m to loss of income.

Table one: COVID-19 Forecast Financial Impact

	COVID-19 Financial impact £000
2019/20 cost pressures	389
2020/21 forecast cost pressures	31,348
Total forecast cost pressures	31,737
Forecast Income Shortfalls	134,524
Total	166,261

- 2.2 The financial impact of COVID-19 during 2020/21 will fall over two budget years (2020/21 and 2021/22) due to the following factors:
- Any surplus or deficit on the Collection Fund (which covers both business rates and council tax income) is reflected in the year following that in which the income is (or is not) collected.

- The Council has an airport dividend reserve which means that a significant proportion of the income (£56m) is used a year in arrears and therefore the impact on the budget is next year.
- Finally, the budget shortfall has been adjusted for bus lane and parking lane enforcement income as this impacts on the level of the reserve to fund future commitments.

2.3 This has resulted in the financial effect of COVID-19 for 2020/21 and 2021/22 being as per table two below. This also includes further financial pressures into 2021/22 from anticipated continuing income losses (council tax, business rates, dividend) and further costs from placements in areas such as Adult Social Care, Children's and homelessness.

Table two: Summary of COVID-19 Impact across 2020/21 and 2021/22 (exc funding announcements)

	2019/20 £000	2020/21 £000	2021/22 £000
COVID-19 Emergency Funding (Confirmed)		33,756	0
Additional Costs (MCC only)	389	31,348	24,965
Income:			
Loss of Income (MCC only)		134,524	105,932
Adjustment for element of airport dividend not budgeted to use in year		(55,809)	(8,729)
2020/21 Council Tax and Business Rates shortfalls impact a year in arrears		(40,249)	40,249
Bus Lane and Parking Income - impact on reserves capacity		(5,358)	0
Budget impact of lost income	0	33,108	137,452
Total Costs and Net income losses	389	64,456	162,417

2.4 For the purpose of the June return to MHCLG, the guidance advised costs and income shortfalls should be estimated assuming that there was a return to the pre COVID-19 position at the end of July 2020, and costs thereafter should be using the local authority's own current planning assumptions for longer term annual impacts. Allowance has been made for costs that will continue past July (for example, the costs of social care placements and homelessness for example) and this includes assumptions on loss of income based on the best evidence available (eg airport dividend will be lost for the full year).

Total forecast COVID-19 cost pressures

- 2.5 Dealing with the immediate impact of COVID-19 has resulted in major spending pressures, particularly in social care, but also across all other Directorates. The Council has also worked closely with community partners to ensure vulnerable residents receive essential support in these unprecedented circumstances. This includes costs arising from a number of new functions such as providing the community hub and services for shielding residents as well as sourcing and supplying personal protective equipment (PPE) for other organisations. These all form part of the Government's expectations of local authorities in delivering the national response in individual communities. The table below shows the 2020/21 forecast additional spend of £31.3m by directorate.

Table three: Forecast COVID-19 additional costs by directorate

Homelessness	7,110
Core	1,487
Neighbourhoods	1,934
Growth and Development	250
Community Hub	2,061
Total forecast additional costs	31,348

Forecast COVID-19 Income Shortfalls

- 2.6 The total income loss is forecast at £134.524m (with a further £0.040m against the HRA in respect of voids and the increased turnaround time). The net impact on the income budget for 2020/21 (allowing for reliefs announced as part of the budget and to support businesses through COVID-19) is as follows:

Table four: Forecast COVID-19 income shortfalls

3 Additional Central Government Funding for COVID-19 response

- 3.1 A report to the Executive on 3 June 2020 outlined the additional government funding to be built into the 2020/21 budget. In addition there will be £300m ring fenced funding nationally to support the rollout of the test and trace service, the Council will receive £4.837m as reported to Executive 3 July for inclusion in the budget.
- 3.2 Since the report on 3 July, details of individual Council allocations have been published for the following funding announcements and these will now be reflected in the Council's revenue budget:
- Local Welfare Assistance Fund - On 10 June 2020 the Prime Minister announced an additional £63m funding, Manchester's allocation was announced 9 July at £0.957m. It is proposed this is included in the Growth and Development Services budget to fund support for residents who are struggling to afford food and other essentials due to COVID-19
 - Local Authority Business Rates Grant Administration (New Burdens funding). The value of grants awarded varied from £130k to £300k to reflect the different scale of local authorities small business and retail, hospitality and leisure programmes. The council received £225k on 7 July. It is proposed that this is included in the Revenue and Benefits budget to contribute towards the costs of administering both the Small Business Grant Fund and Retail, Hospitality and Leisure Grant Fund schemes to provide support to businesses across the city.
- 3.3 Further support for Local Government was announced on 2 July 2020. The key features of the funding package were:
- Support for Expenditure - An unringfenced £500m grant for expenditure pressures in 2020/21 - the allocations to individual Councils were announced 16 July 2020 and Manchester is to receive £7.085m. MHCLG has used regression on the data from authorities in the monthly COVID returns to create the new formula which reflects population, deprivation (IMD) and area costs.
 - Support for Income shortfalls - support package for losses from sales, fees and charges. 75% of these losses will be funded by the Government – but only where they exceed 5% of the Council's planned income from sales, fees and charges. There will be a separate process for collecting, calculating, and compensating for the relevant losses, and further guidance is still awaited on this.
 - Tax Revenue - ability to spread the 2020/21 Collection Fund deficit over three years. The forecast 2020/21 deficit of £40m over 3 years would improve the position by £26.8m in 2021/22, but worsen the following two years by £13.4m each year.
 - Commitment to consider the apportionment of irrecoverable Council Tax and Business Rates losses between central and local government as part of the Spending Review

- 3.4 The COVID-19 related grants notified to date are summarised in Appendix 2. Note only the confirmed emergency funding of £33.7m (of which £0.4m has been applied to 2019/20) and £7.1m, from the July announcements, are available to support the direct additional costs and income shortfalls faced by the council. The remaining grants are either directly passed on to businesses or residents or earmarked for specific priorities such as test and trace.
- 3.5 These grants and associated spend are now reflected in the revised budget shown in table five below.

4 Overview of forecast Position 2020/21

- 4.1 The following table summarises the spend for 2020/21 by service. The supporting appendix outlines the main reasons for the variation to budget.

4.2 The original approved Directorate budget was £539.3m, and this has increased by £17.033m to a revised budget of £556.3m which is due to:

- £1.140m virements between Directorates to reflect the movement of services and other changes.
- £1.492m allocations for inflationary pressures as follows:
- £0.805m annual contractual inflationary increase on the waste collection and disposal contract;
- £364k for a 2% inflationary increase on in house foster care allowance;
- £200k inflationary uplift for external residential placements on the North West Regional Group network;
- £91k annual inflationary increases on the Street Lighting PFI unitary charge;
- £32k Budget increase for ongoing management costs of two landfill sites.
- £1.109m further reduction in the employer pension contribution rate to be applied across all Directorate budgets, which will support the bottom line position.
- £16.650m increase to resources and directorate budgets for specific grants and spend relating to COVID-19.

4.3 The increase in total available resources of £155.127m is due to:

- £16.650m increase to both resources and directorate budgets for specific grants and spend relating to COVID-19
- £138.477m section 31 grant to reimburse the council for loss of Business Rates income due to Extended Retail Relief. This will be held in a reserve to offset the associated collection fund deficit in 2021/22.

4.4 All variances to forecast outturn are measured against the revised budget.

5 Measures taken to balance the budget

5.1 As shown in table two the impact of the COVID-19 additional costs and income shortfalls on the 2020/21 revenue budget is forecast at £64.5m. The first two tranches of government funding were less than 50% of this. The COVID-19 related budget shortfall increases to £162.4m next year.

5.2 As reported to June Scrutiny committees all directorates have reviewed budgets, and identified in year savings and mitigations to support the current year position. These figures have been updated for the period two forecast and currently total £9.211m across directorates, with a further £1.354m against corporate budgets, as shown in table five. This left a shortfall of £53.9m.

5.3 Emergency COVID - 19 funding (tranches 1 and 2) of £33.4m has been received and additional corporate mitigation of £8m further improved the position, leaving a shortfall of £12.6m this year. The corporate mitigations are as follows:

- Use of net income from the airport loan advanced in 2018/19, after allowing for the costs of interest and minimum revenue provision (MRP), to support the revenue budget rather than the capital programme. This is estimated at £5m

in 2020/21.

- Release from Capital fund of £2.763m
- Savings from reduction in gas and electricity contract prices £0.2m in 2020/21

- 5.4 On 16 July 2020 the Council's share of the £0.5bn tranche 3 grant for spend pressures was announced at £7.085m, recognising deprivation as a key driver of spend. It is anticipated the remaining shortfall as shown in the table below can be bridged using the income element for loss of sales, fees and charges of the tranche 3 COVID-19 emergency funding (as referenced in paragraph 3.3). Neither the grant allocation or detailed methodology have been shared by the government therefore this is a significant risk. Should the grant not be sufficient any remaining shortfall must be met through further additional savings and the use of reserves.

Table six: Measures taken to balance the budget 2020/21

	2020/21 £000	2021/22 £000
COVID-19 Budget impact of Additional Costs and Net income losses	64,456	162,417

Forecast COVID 19 Emergency Funding Tranche 3 (Confirmed to date)	(7,085)	0
Budget shortfall after confirmed funding and mitigations	5,476	162,539

6 Conclusion

- 6.1 Taking into account the forecast financial implications of COVID-19, the directorate work to date on identifying additional savings and any other known budget changes, and confirmed and anticipated government funding it is anticipated the budget will be balanced for 2020/21. Note this assumes the income element of the third tranche of emergency funding, announced 2 July, is sufficient. If this funding is lower than expected there will be an equivalent budget gap which will have to be met from the Council's reserves in lieu of further savings/underspends.
- 6.2 Whilst the position for 2020/21 looks manageable the financial position in 2021/22 becomes much more challenging. Over the next two years, the social care needs arising from COVID-19 are likely to be severe and will require an ever increasing share of Local Authority budgets. It is not reasonable to depend on

Business Rates, Council Tax or commercial income to meet increased costs as these are also expected to decline over the same period. Whilst some fees and changes income is expected to recover later this financial year other income risks will go beyond this year such as airport dividend, business rates and Council Tax base and other commercial and fee income.

- 6.3 Given the high levels of risk and uncertainty the planned Spending Review will be important in determining the future needs and resource envelope for local government. Funding beyond 2021/22 also remains subject to the Fair Funding Review and business rates reforms, which have been delayed until April 2022. In the meantime work will continue to plan for a number of scenarios. There will be a longer term focus on the more strategic approaches to deliver differently to reduce spend and increase income, including access to external funding/grants. Inevitably this work will be dependent on further announcements from Government regarding funding and flexibilities, as well as the latest guidance on the approach to tackling and/or living with COVID-19 including any associated costs and income losses.
- 6.4 The consequences of COVID-19 are profound and local government finance is facing a daunting and difficult future with fundamental challenges to its ability to deliver essential services. A successful and swift economic recovery will only be possible if the short and medium term financial risks arising from COVID-19 can be resolved and some degree of certainty is established through a long term needs based funding settlement.

7 Recommendations

- 7.1 The recommendations appear at the front of this report.

Executive Summary

Integrated Monitoring Report

Period 2 – End of May 2020

Financial Impact of COVID-19

The anticipated financial cost of COVID-19 to the Council is currently £166.3m (including £0.4m in 2019/20). For the 2020/21 element of £165.9m, £31.4m relates to additional expenditure and £134.5m to loss of income.

The budget impact of COVID-19 up to March 2021 will be spread across the financial years 2020/21 and 2021/22 due to the way the council budgets for the airport dividend, parking income and the operation of the collection fund - This is **estimated to be £64.5m in 2020/21 (pre grant allocations) and £162.4m in 2021/22**. The impact will likely continue to be felt beyond 2021/22.

As per the reports to June Scrutiny Committees, Directorates have identified in year savings and mitigations to support the current year's position which when updated with the latest position at P2, total £9.2m, with a further £1.4m against corporate budgets - Total £10.6m leaving a shortfall of £53.9m

Emergency COVID-19 funding (tranches 1 and 2) of £33.4m (+£0.4m already allocated in 2019/20) have been confirmed and included in the Council's budget together with additional corporate mitigations which improve the position by a further £8m.

On 16 July the Government announced the funding allocation from the emergency COVID-19 grant, tranche 3 (£500m nationally), of £7.085m which can now be applied to the budget.

This leaves a remaining shortfall of **£5.5m** this year increasing to **£162.5m** next year.

It is anticipated that the **£5.5m** shortfall can be bridged using the remaining tranche 3 COVID-19 emergency funding to support income losses.

Neither the grant allocation or detailed methodology have been shared by the government therefore this remains a significant risk.

Should the grant not be sufficient, any remaining shortfall must be met through further additional savings and/or the use of reserves.

Impact of COVID-19 from 2021/22

The 2020/21 position includes further financial pressures into 2021/22 forecast at £162.4 from anticipated continuing income losses of £137.4m (council tax, business rates, dividend) as well as additional costs of £25m - recognising the social care needs arising from COVID-19 are likely to be severe and will require an ever increasing share of Local Authority budgets.

It is anticipated that Business Rates and commercial income will decline due to the expected downturn in the economy arising from COVID-19. These income losses are forecast to have a budget impact of £137.4m which includes the airport dividend of £62m (after using £8.7m in reserve) Collection Fund shortfalls £69.4m (includes £40.2m deficit from 2020/21) and other commercial and fee income of £6m.

The forecast £25m additional costs in 2021/22 are due to:

- £7.5m relates to ongoing implications for supporting those sleeping rough through the provision of 250 bed spaces on a more permanent basis as well as associated staffing support
- £13.5m for Adult Social Care. This includes anticipated increases to complex discharges (£5m), increased demands on Home Care (£1.8m) and Residential care (£2.5m). There may also be additional staff costs to deal with the backlog of social care assessments for those discharged under Covid-19 arrangements (c £0.8m). In addition there will be additional demands for public health services which would cost an additional £0.8m in 2021/22. Beyond 2020/21 there are likely to be permanent increases in personal protective equipment (PPE) and salary costs estimated at £2.5m. Early indications from recent numbers of referrals into the safeguarding hub is demonstrating that families have struggled over the past few months and are now asking for support. Some of these requests for support will translate into care packages.
- Spikes in demand for children's social care placements £3.8m, as lockdown measures are lifted, children return to school and other factors there is a concern that this will lead to an increase in referrals into Children's Services.
- £0.2m in Coroners due to a backlog of inquests
- There are also likely to be other additional costs (not yet quantified) including support for vulnerable groups, for example those at risk of domestic violence.

The above, including the projected deficit carried over in the collection fund has fed into an initial high level forecast shortfall of **£162m in 2021/22** before any smoothing of the Collection Fund losses over 3 years as proposed in the Government's July announcements. The position will be reviewed in line with any further government announcements and other changes over the coming months

Period 2 - High Level Headlines 2020/21

The amounts below total **£53.9m** which reflects the COVID-19 budget impact of £64.5m partly offset by in year savings, mitigations and other changes of £10.6m

Corporate Budgets £14.457m overspend. COVID-19 related income loss is forecast as £15.810m from dividend losses. Partly offset by increased Public Health grant allocation of £1m and other smaller changes.

Children's Services £6.679m overspend. COVID-19 related expenditure and income loss is forecast to be £8.5m, this is partly offset by £1.8m savings, mitigations and other changes in the following areas: LAC placements of £1.340m mainly due to External residential placement numbers being lower than budget and some posts in Internal residential placements being funded by grant and additional budget available from the closure of children's homes; Permanence and leaving care of £0.759m which relates to underspends in Unaccompanied Asylum Seekers and No recourse to Public Funds being offset by overspends in Special Guardianship Orders, Child Arrangement Orders and Adoption allowance and Leaving Care; Children's Safeguarding service areas of £282k due to underspends in Early Help and Fostering and Adoption being offset by overspends in Operational Teams and Legal. These underspends are partially offset by overspends on Education Services of £299k which is mainly due to attendance fines not being made due to COVID-19 and Home to School Transport of £294k due to route cost increases which have been offset by an underspend in free travel passes.

Adult Social Care £8.365m overspend. COVID-19 related expenditure is forecast to be £10.5m, this is partly offset by savings, mitigations and other changes of £2.2m in the following areas: MLCO Provider Services underspend of £310k mainly due to reduced agency cost pressures for the in-house supported accommodation. MLCO Integrated Neighbourhood Teams £74k overspend due residential & nursing budgets. MLCO Complex services (LD, MH, Transition) £146k overspend on cash personal budgets. MLCO Population Health is £133k underspend due to renegotiations on the sexual health contracts. MLCO Commissioning £343k underspend due to a delay in the new extra care schemes. MLCO Budget growth and back office £1.087m underspend due to slippage on the investment programme and slippage against the National Living Wage and inflation budget. MHCC £271k underspend due to Population Health staffing. And £35k overspend relates in the main to externally commissioned assessors undertaking DoLs assessments.

Homelessness £7.144m overspend. COVID-19 pressure of £7.144m. Excluding this pressure the Homelessness service reports a breakeven position based on current numbers in Bed and Breakfast and Dispersed Accommodation.

Corporate Core £3.218m overspend. COVID-19 related pressures are forecast at £5.1m, these are partly offset by savings, mitigations and other changes of £1.8m which is made up of savings/underspends in Chief Executives £186k mainly due to cancelled election in 2020/21 and employees savings; and Corporate Services of £1.642m mainly due to employee savings across services, largely due to assuming a recruitment date of October 2020.

Neighbourhoods Directorate £8.496m overspend. COVID-19 related pressures are forecast at £10.378m, partly offset by savings, mitigations and other changes of £1.8m mainly due to the start date for new employees being estimated at October 2020.

Growth and Development £5.532m overspend. COVID-19 related pressures are forecast at £7.065m, partly offset by savings, mitigations and other changes of £1.5m through staffing and additional income across the service.

Amber Risk savings of £181k include:

Corporate Core - £146k

- £96k from annual leave purchase scheme, may increase later in the year
- £50k Capital programmes increased income at risk due to slippage

Neighbourhoods - £35k

- £35k Highways: Increase permit/license fees (skips, hoardings, scaffold, etc) by 3.5%.

Red High Risk savings of £2.349m include:

Homelessness - £1.000m

- A reduction in the cost to the council of temporary accommodation through transfer to registered providers is not being achieved due to senior staff in Homelessness focusing on the COVID 19 response. Work is ongoing to implement a pilot with a registered provider. Procurement and Legal are reviewing revised timescales.

Corporate Core - £0.500m

- £0.500m from Manchester Central 2020/21 rental income / profit share due to reduced events as a result of COVID-19

Neighbourhoods - £359k

- £105k Highways increase income generation through fees and charges across compliance
- £40k Galleries exhibition tax relief
- £57k Libraries and galleries income generation due to closures
- £20k Car park income from pay and display at Heaton Park due to closure
- £30k Other income from Heaton Park due to park closure
- £86k from revised operating model at Piccadilly Market
- £21k income from Pest Control due to restricted service offer

Growth and Development - £490k

- £340k Additional airport lease income, Project Quantum will need to allow additional lead in time for developers due to COVID-19
- £150k Investment Estate additional income due to additional lead time for developers

COVID related Pressures (£15.8m):

- £15.810m of dividend income from Manchester Airport Group and National Care Parks, and Piccadilly Triangle's rental income share is unlikely to be received due to the impact of COVID 19. (Note a significant element of the Airport Dividend is used a year in arrears so the income is included)

Savings, mitigations and other changes (£1.4m)

- There is an increase of £1.018m on the Retained Business Rates budget due to the late announcement of Public Health allocation for 2020/21 which increased the Council's Baseline Funding Level and reduced the Tariff payment due to Government.
- Council Tax is forecast to budget as changes in the level of collection impact on the following year.
- Business Rates Grants reflect £138.477m section 31 grant to reimburse the council for loss of Business Rates income due to Extended Retail Relief. This will be held in a reserve to offset the associated collection fund deficit in 2021/22.
- Other Specific Grants include lower than budgeted allocations for Council Tax Subsidy Grant of £7k and Care Act Grant of £34k.
- Budgets to be Allocated have a surplus of £309k due to the Pension Contribution rate reducing by 0.2% more than expected, partly offset by the apprenticeship levy which is expected to be £70k higher than budgeted.
- The overspend of £14k on levies is due to the Flood Levy and the Port Health Levy being £7k higher than expected.
- Historic pension costs are currently forecast to underspend by £152k due to reduced recipients.

Performance Analysis

- The number of LAC has increased slightly and remains higher than at this point last year.
- There has been a slight decrease in the number of External Fostering placements this month and a concurrent increase in Internal Fostering placements. External fostering is however still higher than last year
- The number of children placed in External Residential placements has decreased slightly but remains higher than last year. Internal Residential placements are lower than last year.
- The number of Special Guardianship Orders is slightly below target but higher than at this point last year. The large decrease compared to last month is due to a large number of SGOs granted in April which was then extrapolated over the full year. As it was only one data point however this resulted in an overly high projection for April
- Adoptions are significantly lower than target and last year.
- The number of active SGO Allowances decreased slightly from last month but remains significantly higher than last year, at least partly due to a higher number of SGOs granted last year than in previous years. Active financial assistance for adoptions has reduced slightly from last month but significantly compared to last year and active Child Arrangement Orders/Residence Orders have also decreased
- The number of referrals has increased compared to last month but remains much lower than at this point last year. Re-Referrals are now below target and have reduced considerably compared to last year
- The number of Children in Need decreased slightly this month and is now slightly lower than at this point last year
- The number of Child Protection Plans has decreased significantly again this month and remains significantly lower than at this point last year. The percentage of repeat Child Protection Plans has decreased significantly this month and last year and is now below target, and the percentage of Child Protection Plans ending where the child was on a Plan for more than two years has decreased and is significantly below target
- The number of active Education, Health and Care Plans continues to increase

Children's and Education Services Financial Headlines

Children's Services revenue budget totals £130.485m

The overall forecast position as at Period 2 is an overspend of £6.679m, this is made up of;

- Covid-19 pressures through increased costs and reduced income - £7.961m;
- Partly offset by savings, mitigations and other changes of net £1.788m underspend.

COVID related Pressures (£7.661m):

This includes COVID-19 pressures of £7.961m and shortfalls in income of £0.506m relating primarily to additional spend which expected for Children in Care. Currently there is an underlying underspend in safeguarding but due Covid-19 and lockdown measures demand for services has been suppressed, it is expected that there will be a spike in referrals when school open fully in September. It is also expected that demand for services will increase as the are multiple factors influencing demand and activity for Children's Services such as deprivation, domestic abuse, substance misuse and adult mental health have been heightened due to the pandemic. It is also currently expected that additional Home to School transport will be incurred as more children go back to school in September and social distancing measures continue to be in place.

COVID-19 spend and income loss figures are reviewed regularly as more information and costs are finalised.

Savings, mitigations and other changes (£1.788m)

This includes the following:

- An underspend of £2.3m on safeguarding due to £2.1m of potential in-year savings through delaying restructures, vacancies, renegotiation of partner contribution and efficiencies. Alongside the savings there are a number of existing pressures relating to legal charges, short breaks, leaving care allowances and supervised contact totalling £0.785m which after taking this into account is a net saving totalling £1.322m - detailed on next slide.
- Unaccompanied Asylum Grant increase in rate per child/young person particularly for those over 18. The Service is now expected to be completely funded by the grant. This increase in rate has recently been announced and was not known at the time of setting the 2020/21 budget.

The Dedicated Schools Grant (DSG) is projected to overspend by £292k, the overspend is due to the high needs block, which supports children with special education needs and special school places. DSG received additional high needs funding (after recoupment) in 2020/21 of £11.71m, of which £9.88m was allocated to meet demands in growth, and £1.83m was to be used towards mitigating the 2019/20 DSG deficit of £4.2m. Due to increased growth pressures within high needs at this point no funds have been allocated towards reducing the 2020/21 DSG deficit, work is ongoing in reviewing the areas of pressure.

Children's and Education Services Financial Headlines

Other non COVID-19 related pressures:

- Education Services - overspend £0.592m mainly due to Home to School Transport pressures and Attendance team pressures.
- Legal Services - £239k overspend based on last year's activity and increased use of external legal services due to staff turnover of the Council's in house legal support.
- Supervised Contact and Safeguarding - £184k overspend mainly due to use agency staff.

Page 30 Savings/underspends and other mitigations:

- No Recourse for Public Funds - £0.789m based on current levels of activity, a large part of this underspend has been offered up as an efficiency saving
- Early Help - £0.501m following a delay in restructure.
- Unaccompanied Asylum Seeking Children - £0.567m. Home Office grant has increased per child, particularly for those over 18, the service is now expected this to have a positive impact and is seeking to ensure that sufficient support is provided to UASC as long term support is not currently covered by the grant.
- Adoption - underspend of £203k following reduction in the regional adoption agency recharge.
- Children in Care and Children Leaving Care - underspend of £0.743m based on current placements and support provided to date.

Performance Analysis

Delayed Transfers of Care

Official figures on this stopped being produced nationally because of Covid-19. Local monitoring has been taking place on a daily basis from the Control Room and updated directly via the Covid Dashboard each Tuesday and Thursday to SMT. This reporting cannot be directly aligned to national reporting but it is a good indication of delayed activity on a daily basis across the city. This reporting to SMT commenced in June therefore local figures for delayed transfers in P1 and P2 are unavailable. Given the priority of managing capacity in hospitals because of Covid-19 it is expected that when official figures are released delayed transfers will show a marked reduction during this time.

Total in Residential/Nursing Care

Similarly to delayed transfers reporting for people who were admitted into residential/nursing care changed as a result of the pandemic because of the pressing need to manage capacity in hospitals. Discharge to Assess is the preferred route as per government guidance with costs associated not currently impacting. The result of this is that current figures on the total number in care show a reduction in April and May. This position may change in future months.

Outcomes following Reablement

The percentage of citizens requiring no further care following reablement fell by 6.6%points from 45.6% in April to 39.0% in May. This is lower than the 2019/20 average of 52%, and the 2018/19 average of 51%. The vast majority of Reablement clients are currently in the Red and Amber categories in order to manage the service's resources (those in the green category were discharged during March and early April). This means they require considerable support which they are likely to need for the foreseeable future which has directly impacted in out-turn for this metric. The percentage of people leaving with same or more care has increased to 41% from 28% last month which evidences that the level of need of those leaving has increased.

Adult Social Care and Population Health Financial Headlines (1 of 2)

The Adult Social Care budget totals £229.213m of which £224.809m is part of the Manchester Health and Care Commissioning (MHCC) Pooled Budget for 2020/21.

The overall forecast position as at Period 2 is an overspend of £8.363m, this is made up of;

- Covid-19 pressures through increased costs - £10.545m;
- Partly offset by savings, mitigations and other changes of net £2.180m underspend.

The budget includes grant allocations of £3.342m for the Infection Control Fund and £4.837m for Track and Trace, provided by Government. The remaining £4.4m is outside of the scope of the pool.

COVID related Pressures (£10.545m)

In line with the national picture across councils, the ASC financial position for 2020/21 and beyond is very uncertain and includes significant financial risk. The pressures created across the care sector from the impact of COVID-19 are significant and unparalleled. The assumptions in the reported position are based on the current expectation and may fluctuate as the year progresses.

The ASC projected costs relating to COVID-19 and funded by the Council are £10.545m and relate to paying homecare providers for hours commissioned rather than actual delivery, additional demand on homecare and residential placements following hospital discharge, PPE supplied to homes across the city, additional staffing to support providers where needed with a further £6.868m which will be set against health COVID-19 funding. This figures are reviewed regularly as more information and costs are finalised. The Pool already includes funding for the first tranche of COVID-19 funding which has been approved for transfer to the MHCC Pooled Budget (£3.834m).

Savings, mitigations and other changes (£2.180m)

The position at Period 2 is a reported forecast underspend of £2.180m, of which there is an underspend of £2.215m on the Pool and an overspend of £35k relates to services outside of the scope of the Pool.

£2.180m of non-recurrent in-year savings and other mitigations which are included in the forecast which relate primarily to realistic assumptions on the recruitment to vacant posts, a revised implementation for the social worker career pathway scheme, revised assumptions on the opening of the new extra care facilities and an expected uncommitted balance on the inflation budget.

Care pressures in Learning Disability (£1.2m) are proposed to be funded from demographics and an in-year virements from the unallocated budgets National Living Wage and Price Inflation

Adult Social Care & Population Health (2 of 2)

The savings, mitigations and other changes (£2.180m) are due to:

- MLCO Provider Services - underspend of £310k against budget due in the main to pressures on the in-house supported accommodation of £857k, offset by underspends on day centres of £373k, reablement of £627k, equipment of £54k and other underspends totalling £113k.
- MLCO Hospital Teams, Front Door and TEC - £290k underspend, predominantly due to the timing of recruitment.
- MLCO Integrated Neighbourhood Teams - £74k overspend due to an overspend on the residential & nursing budgets of £1.050m, offset by an underspend on the homecare of £0.698m and carers of £162k and other care of £116k.
- MLCO Complex services (LD, MH, Transition) - £146k overspend on cash personal budgets of £257k offset by underspends on LD social worker staffing budgets. LD care pressures (£1.2m) are proposed to be funded from demographics and repurposing funding from NLW unallocated and available unallocated price inflation.
- MLCO Population Health – £133k underspend due to renegotiations on the sexual health contracts.
- MLCO Commissioning - £344k underspend due to a delay in the new extra care schemes.
- MLCO Budget growth and back office - £1.087m underspend due to slippage on the investment programme of £420k, slippage against the National Living Wage and inflation budget of £0.550m both of which will be utilised to support the Learning and Disability care pressures and £117k on staffing across business support.
- MHCC - £271k underspend due to Population Health staffing of £173k and senior manager budgets of £98k
- MCC – £35k overspend relates in the main to an overspend on externally commissioned assessors undertaking Deprivation of Liberty (DoLs) assessments.

Homelessness - £7.144m overspend

Performance Analysis

The number of single people placed in Bed and Breakfast (B&Bs) has increased. This is due to covid-19 and difficulties in moving people on, into accommodation that they can socially distance in. Family placements have decreased, this is because staff have still managed to move people on to dispersed accommodation throughout this period. The increase overall is strongly linked to welfare reform, for example the freezing of Local Housing Allowance (the Government increase to LHA in April 2020 has not impacted on the rate which can be claimed by Councils), the 'bedroom tax', the benefit cap, the application of the shared room rate to single households under 35 years, the stricter sanction regimes and universal credit itself. Singles numbers will continue to increase over the next few months due to covid-19, as sofa surfers and insecure lodgers are asked to leave their accommodation. The Section 21 (landlord evictions) team continues to prevent significant demand and many landlords have taken government guidance and are not evicting people during the pandemic. It is anticipated there will be a significant demand for services once the pandemic is over.

The private rented sector has doubled in size nationally in the last ten years, and rents have increased three times faster than wages nationally. Homes in this tenure are increasingly unaffordable for families on low incomes, particularly to households in receipt of Local Housing Allowance. The Government has announced that the freeze on LHA rates will end and they will increase in line with CPI. This, whilst welcome, is not sufficient to cover the increase in rents in Manchester, and will actually penalise some families, bringing them into the benefit cap. Work is being undertaken to help people access the PRS in affordable locations, and schemes such as a landlords insurance are being developed to make the offer more attractive.

As we come out of lockdown, more households are being moved out of B&B and into dispersed accommodation, as well as people being moved into permanent accommodation. Inspections are beginning to start again with landlords to improve standards. Work with RPs has allowed us to give backdates to homeless people as we try to create vacancies to accommodate singles from Covid-19 hotels.

The transformation programme is currently on hold during COVID-19 as the service focuses upon accommodating people who sleep rough to mitigate the public health risk, and providing a service with reduced staffing. Service changes due to Covid-19, such as remote working, will feed into service transformation going forward as it has proven to be successful.

Homelessness Financial Headlines

The Homelessness budget for 2020/21 is £15.306m

The overall forecast position as at Period 2 is an overspend of £7.144m, this is made up of;

- Covid-19 pressures through increased costs and income shortfalls - £7.144m;
- Non COVID - balanced budget

The Homelessness budget includes Emergency Support for Rough Sleepers grant of £68k.

COVID related Pressures (£7.144m):

The COVID-19 response to Government's 'Everyone In' policy is providing accommodation for 280 people sleeping rough in the City. Indicative annual cost of £6.110m, £320k staffing related expenditure up to 31 July 2020 (this does not reflect the cost of staff who have been redeployed, whose costs are covered by budgets linked to substantive roles), £5.244m accommodation, food and security to provide accommodation for those who would otherwise be sleeping rough linked to the Government's Everyone In and the exit strategy. Dispersed temporary accommodation placements have increased by 125 since March 2020 to 1,788 in May 2020 (an increase of 54 since last month). £0.546m of costs have been assigned as COVID 19 costs. The Flexible Housing Support grant (£2.1m) is being fully applied to meet the cost.

In addition to the increased expenditure, there is a forecast lost income of £34k linked to Legal Services provided to Registered Providers.

Further to this as a result of COVID-19 will be savings of £1.0m unachieved, with delays in procurement as a result of Senior Management involvement in COVID 19 response. Work is ongoing with Legal and Procurement Services to revise timelines.

Non COVID - balanced budget:

The position reported reflects the allocation of £0.979m investment due to increased need for Dispersed Accommodation, £1m of funding to enable a permanent staffing structure to be implemented and £373k of funding to offset the loss of GMCA income at the Longford Centre as per the Council's 2020/21 budget process.

Additional one off funding in 2020/21

- Rough Sleeper Initiative (RSI) funding of £0.724m funds a number of different initiatives and services that work together as an RSI Partnership, with the objectives of preventing people from rough sleeping and finding accommodation for people already rough sleeping. This funding included the provision of Rapid Rehousing Pathway programme of £215k for 4 Navigators and 1 Team Leader. These are attached to the Council's Outreach Team and the Navigators will develop relationships and help people who sleep rough to access appropriate local services, get off the streets and into settled accommodation
- The new burdens funding of £461k is being utilised to provide capacity to reduce demand.
- Funding of £1.6m has been awarded by GMCA to fund 142 beds spaces in Phase 3 of A Bed Every Night which has been extended to cover the period July 2020 to March 2021, indicative costs are £2.4m. Revenue and Benefits are currently reviewing the proposals at each of the properties to confirm the level of Housing Benefit which can be claimed to help offset the costs.

Performance Analysis

- 84% of the transactions undertaken up to the end of May were delivered online which was significantly higher than the 47% seen at the same time last year. The % of transactions delivered on the telephone reduced to 16% from 49% over the same period. These positive trends in channel shift can be largely attributed to how the service has responded to the impacts of the pandemic with all transactions expected to take place face to face and many of those expected to take place via telephone shifting to take place online. The service has not delivered any face to face transactions in 2020/21 and all phone services except Social Care and Emergency Control, plus the newly set up COVID Hub, were shut down since 24 March. The average number of transactions delivered face to face and via telephone in a month over 2019/20 was 4,367 and 57,738 respectively and at the end of May 2020 these were zero and 16,559 respectively.
- The percentage of council tax due for 2020/21 which had been collected at the end of May (16.58%) was below that collected at the same point last year (18.10%), and at £32.84m, was over £3.84m less than that collected at the same point last year. This clearly reflects the impact of Covid 19 and the lockdown on people's ability to pay.
- Total collectible Business Rates has reduced from £376m to £241.6m, partly due to Extended Retail Relief which will be funded by Government. The percentage of business rates due for 2020/21 which had been collected at the end of May (13.69%) was over 8% points lower than that collected at the same point last year (21.82%) and at £33.1m was nearly £49m less than that collected last year. This decrease has been exacerbated by the need to suspend direct debit payments while grants and retail relief have been administered. These restarted from 21 May 2020 with payment plans reprofiled over ten or eleven months.
- At 56.6% at the end of May, the percentage of invoices paid within 10 days was below the average for 2019/20 (63.84%) and at 87.9%, the percentage of invoices paid within 30 days was also just below the average for 2019/20 (90.49%).
- The percentage of pursuable miscellaneous debt over a year old has increased to 13.8% at the end of May. The current economic climate and the suspension of recovery in March has contributed to this.
- The average number of major ICT incidents in a month at the end of May was 5.5, which was 2 fewer incidents than at the end of May last year and equal to the average for the 2019/20 financial year.
- The average percentage of critical ICT services and applications which were 'available' in a month was 99.8% at the end of May, which was above the 98.5% target and above the average for 2019/20.

Corporate Core Financial Headlines (1 of 2)

Corporate Core revenue budget totals £76.918m

The overall forecast position as at Period 2 is an overspend of £3.218m, this is made up of:

- Covid-19 pressures through increased costs and reduced income - £5.046m;
- Partly offset by savings, mitigations and other changes of net £1.828m underspend.

The Corporate Core annual budget includes the following additional Covid-19 grant funding allocations

- Council Tax Hardship - £1.3m
- Local Authority Discretionary Fund Grant - £5.432m
- New Burdens funding for the administration of Small Business Grant Fund and Retail, Hospitality and Leisure Grant Fund - £225k.

Page 42

It is forecast that all the additional grants will be fully utilised in year.

The Core budget is net of £3.449m savings that were approved as part of the 2020/21 budget setting process

COVID related Pressures (£5.046m)

These are due to:

- £1.485m increased expenditure largely relating to ICT costs of mobilising staff to work more flexibly and additional licensing costs
- £3.561m shortfalls in income due to reduced capital programme fee income due to the slow down of capital schemes, reduced income in registrars, legal services and Communications and a lower than forecast take up of the annual leave purchase scheme.

Corporate Core Financial Headlines (2 of 2)

Savings, mitigations and other changes (£1.828m)

These are made up of Chief Executives £186k and Corporate Services of £1.642m and further detail is provided below.

The Chief Executives £186k underspend is due to the following:

- Elections underspend of £100k due to cancelled 20/21 election year;
- Communications and Executive office underspend of £86k due to savings on employee budgets and running costs

The Corporate Services forecast underspend of £1.642m is due to:

- £1.498m employee savings in Reform and Innovation, Policy and Partnerships, Performance Research and Intelligence, Procurement, Revenue and Benefits, Financial Management, ICT, HR/OD, Audit, Customer Services and Commercial Governance Team;
- Corporate items £250k underspend due to pensions savings from upfront funding of contributions (3 years); and
- The above are offset by a £106k overspend in the Shared Service Centre due to reduced income.

As part of the work undertaken to identify in year mitigation for the above costs a review of vacant posts has been undertaken and an assumed recruitment date of October 2020 has been included.

Performance Analysis

Lockdown has meant that residents are spending more time at home and as a result producing more domestic waste. This has contributed to the increase in refuse tonnages collected seen from March to May 2020, and an increase in recycling tonnages collected in the brown bin over the same period.

Garden and food waste collections were suspended during three weeks in April and are now being collected on a fortnightly basis. This led to the tonnages of garden and food waste collected in April being lower than the forecast. Such tonnages contribute to the total recycling tonnages figures.

There was a decrease of 1.8% points in the 2019/20 Quarter 4 recycling rate (35.7%) compared to Quarter 4 last year (37.5%). Despite this, the provisional figures for 2019/20 as a whole shows a record high recycling rate of 40.4%, up from 40.1% in 2018/19.

In addition to waste related requests for service, the Neighbourhood Compliance Teams proactively investigated 461 flytipping, commercial and domestic waste incidents. The Neighbourhood Project Team also proactively investigated 1,111 jobs and served 1,337 notices in relation to flytipping during this period.

Neighbourhoods Directorate Finance Headlines (1 of 2)

Neighbourhoods Directorate revenue budget totals £94.306m

The overall forecast position as at Period 2 is an overspend of £8.496m, this is made up of:

- Covid-19 pressures through increased costs and reduced income - £10.378m;
- Offset by identified in year mitigations of net £1.882m underspend.

COVID related Pressures (£10.378m)

This is made up of a combination of increased expenditure £3.995m, and forecast reductions in income of £6.383m. Further details are provided below:

£3.995m increased Covid-19 costs are made up as follows:

- Leisure services £0.872m support to leisure operator to fund the ongoing costs of maintaining City Council assets during closure.
- £49k in Parks for additional signage and markings.
- Highways Services - £0.522m increased costs of introducing social distancing measures
- £491k costs of funding contribution towards additional temporary mortuary and making adjustments in cemeteries and crematoria.
- £2.061m costs of providing the community hub to provide food support to vulnerable residents.

£6.383m reduced income is made up as follows:

- Reduced income of £3.572m in Operations and Commissioning Services, due to the £1.958m reduced Christmas offer income as a result of operating socially distanced Christmas Markets, £1.464m reduced income for Wholesale, Retail and City Centre Markets as a result of required closure and £150k reduced pest control income.
- Libraries & Galleries £0.581m due to reduced sales income and funding contribution because of closure and reduced footfall
- Leisure, Parks and Events - £1.338m due to reduced income because of closure, this includes £375k because of the cancelled Parklife concert and £281k loss of swimming lesson income.
- Highways reduced income from off street parking and sales of fees and permits £392k.
- £0.5m reduced income from penalty notices and licences in Community Safety and Enforcement.

Neighbourhoods Directorate Finance Headlines (2 of 2)

Savings, mitigations and other changes (£1.882m)

The Service has identified in year savings of £1.882m that have been offset against the Covid -19 cost pressures as part of undertaking this work it has been assumed that any vacant posts will not be filled through external recruitment before October 2020. The breakdown of the identified in year savings are provided below.

Community Safety and Compliance £0.694m savings due to;

- £0.636m employee savings due to revised recruitment assumptions and £58k saving on running costs. .

Libraries, Galleries and Culture £0.591m due to;

- £381k saving on employee costs in Libraries and Galleries;
- £110k saving on running costs in Galleries, and £100k saving on the libraries book fund.

Parks, Leisure, Youth and Events £98k savings due to;

- £110k employee savings due to revised recruitment assumptions, offset my small underspend on running costs.

Highways - £0.531m savings due to;

- Higher than forecast income from highways capital works that have been undertaken during the lockdown period.

Other Service areas - £32k overspend due to;

- Net minor overspend in operations and commission, and directorate support offset by staffing underspends Neighbourhood teams.

Performance Analysis

Planning Fee income in May 2020 is £198k, and has reduced from the previous month of £480k, and from the 2019/20 monthly average of £296k. However, with an economic downturn likely, the expectation is that planning fee income will reduce further towards the end of the year. Whilst standard Planning Committee meetings have had to be cancelled in response to social distancing regulations, the planning system remains operational with arrangements in place for a reduced number of applications to be considered under delegated powers.

The Business Rate charges payable has dropped from the reported £378.45m in May to £241.6m in June is partly due to Extended Retail Relief being applied which will be funded by Government. There has been no reduction in the number of properties for which business rates are liable.

The Hotel Occupancy performance measure is currently suspended due to restrictions on the hospitality industry during lockdown.

Growth and Development Financial Headlines

Growth and Development revenue budget totals £10.169m

The overall forecast position as at Period 2 is an overspend of £5.532m, this is made up of:

- Covid-19 pressures through increased costs and reduced income - £7.065m;
- Offset by identified in year mitigations of net £1.533m underspend.

The net £10.169m budget includes Government grant allocations for Reopening High Streets Safely Fund of £489k and Local Welfare Assistance Fund of £0.957m.

The current overspend includes costs and loss of income due to COVID-19 of £7.065m, which is made up of COVID-19 cost pressures of £250k and shortfalls in income of £6.815m . This is offset by underspends through staffing and additional income of £1.533m across the service.

The overall directorate position is due to the following:

Underspends of £414k:

- Growth and Development - £58k underspends in staffing
- Housing and Residential Growth - £356k due to staff vacancies and increased rental income on the Ben Street scheme

Offset by overspends of £5.946m in:

- Operational Property - £192k is mainly due to utility costs across the Estate, offset by savings relating to staff vacancies
- Investment Estate - £3.748m, mainly as a result of anticipated COVID-19 income pressures. These are offset by staffing savings, and forecast additional income from other areas across the Investment Estate
- MCDA – a forecast £450k loss of income due to Covid-19.
- City Centre Regeneration - £70k mainly due to higher than forecast salary costs
- Planning, Building Control and Licensing - £1.486m due to a net reduction of income which is made up of £0.51m in Building Control, £338k in Planning, £171k in Land Charges, £314k shortfall in premises licensing, and £153k from taxi MOT/testing.

Housing Revenue Account Financial Headlines

The Housing Revenue Account (HRA) is forecasting an adverse variance of £329k at Period 2, due to:

Overspends of £0.757m due to:

- Increased bad debt provision of £0.547m to reflect the expected increase in rent arrears due to COVID 19, this is a change in provision from 1% to 2%.
- Reduced other income of £116k due to 2 vacant shop units and a reduction in ground rent income.
- £94k increased costs against various other budgets.

Offset by underspends of £428k, made up of:

- £253k reduced PFI payments due a combination to lower than forecast inflationary increases and in year cost reductions due to the later than forecast completion date for the extra care scheme in Brunswick.
- Increased rental income of £175k due to higher than forecast stock numbers because of the reduced number of right to buys, the current forecast is 120 compared with the original 194 included in the business plan.

Due to Covid-19 the current years capital programme has been subject to some delays, and in particular when access to tenants homes is required. The current years programme is being reviewed, but it is expected that there will be further slippage in the HRA contribution required to fund capital expenditure.

Any surplus/deficit in year has to be transferred to/from the HRA reserve, at Period 2 it is forecast that £18.961m will be transferred from reserves to fund HRA costs, this will leave a balance of £57.051m in the HRA General Reserve at year end.

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

1. Letter from the Judicial Office dated 25 June 2020;
2. The Lord Chief Justice's Guidelines for the appointment of Honorary Recorders.

1.0 Background

- 1.1 The Courts Act 1971 empowers the City to appoint a Court Recorder or a Circuit Judge to be the Honorary Recorder of the City. The appointment of an Honorary Recorder for Manchester is recognition of the status of the City as a major legal centre.
- 1.2 The City Council has always exercised its power under the Act and invited the Senior Judge of the Manchester Crown Court to be Honorary Recorder.
- 1.3 The role of the Honorary Recorder is largely a ceremonial one and involves the Honorary Recorder being present on principal civic occasions such as Lord Mayor's Sunday, Remembrance Day etc.
- 1.4 His Honour Judge David Andrew Stockdale QC, was appointed by the Lord Chancellor to be the Senior Judge at Manchester Crown Court in 2013 and the City Council then invited him to be Honorary Recorder of the City. After seven years of service in this role, he has now retired as the Senior Judge at Manchester Crown Court.
- 1.5 We have now been informed that The Lord Chancellor has appointed His Honour Judge Nicholas Dean, to be Senior Judge at Manchester Crown Court with effect from 6 July 2020. Members are requested to consider appointing His Honour Judge Nicholas Dean QC as Honorary Recorder for Manchester.

2.0 Recommendation:

- 2.1 The Executive is asked to place on record its sincere appreciation of the services of His Honour Judge David Andrew Stockdale QC as Honorary Recorder since 2013 and for his consistent and enthusiastic support for the City during that time.
- 2.2 In the interest of maintaining the close ties between the Civil authorities and the Courts the Executive is asked to appoint the new Senior Judge, His Honour Judge Nicholas Dean QC, to the office of Honorary Recorder of the City.

This decision notice was issued 29 June 2020 on behalf of Julie Connor, Secretary to the Greater Manchester Combined Authority, Churchgate House, 56 Oxford Street, Manchester M1 6EU. The deadline for call in of the attached decisions is 4.00pm 6 July 2020.

Call-In Process

In accordance with the scrutiny procedure rules, these decisions would come into effect five days after the publication of this notice unless before that time any three members of the relevant Overview and Scrutiny Committee decides to call-in a decision.

Members must give notice in writing to the Chief Executive that they wish to call-in a decision, stating their reason(s) why the decision should be scrutinised. The period between the publication of this decision notice and the time a decision may be implemented is the 'call-in' period.

Decisions which have already been considered by an Overview and Scrutiny Committee, and where the GMCA's decision agrees with the views of the Overview and Scrutiny Committee may not be called in.

This decision notice was issued 29 June 2020 on behalf of Julie Connor, Secretary to the Greater Manchester Combined Authority, Churchgate House, 56 Oxford Street, Manchester M1 6EU. The deadline for call in of the attached decisions is 4.00pm 6 July 2020.

Call-In Process

In accordance with the scrutiny procedure rules, these decisions would come into effect five days after the publication of this notice unless before that time any three members of the relevant Overview and Scrutiny Committee decides to call-in a decision.

Members must give notice in writing to the Chief Executive that they wish to call-in a decision, stating their reason(s) why the decision should be scrutinised. The period between the publication of this decision notice and the time a decision may be implemented is the 'call-in' period.

Decisions which have already been considered by an Overview and Scrutiny Committee, and where the AGMA Executive Board's decision agrees with the views of the Overview and Scrutiny Committee may not be called in.
