The effects of which had seen applications for New Premises Licences and Premises Licence Variations decrease by approximately 20 percent and Temporary Event Notices had decreased by approximately 60 percent. One Premises Licence had been revoked for being in breach of Covid regulations on two occasions in 2020. Government regulation changes had allowed any on-sales Licence Premises to trade with off-sales as take-out venues. Also, 188 Pavement Licences had been issued due to the effects of Coronavirus legislation, allowing premises to use their outside area and the creation of on-street closures to increase this capacity and assist businesses to continue trading in between the two lockdown periods over the summer and early autumn of 2020. The Principal Licensing Officer stated that the Licensing team had adapted to working from home and made some system improvements, using the increased time available from the decrease in applications.

A Committee member requested information on what constitutes an outside area. The Principal Licensing Officer stated that the Government had used the outside smoking legislation as the standard for setting the outside area and that the boundary of the licence for each premises would dictate where on-sales were allowed, adding that premises could take advantage of the current de-regulation and to make off-sales and use non-licenced areas of their premises, such as car parks, finally adding

that the Government had issued further guidance in relation to this legislation which had not been available at the time of producing the report.

A Committee member requested further info on Pavement Licences and The Principal Licensing Officer stated that the Government had issued a 12 month extension, stating that they may become a permanent fixture.
