Information about the Committee

Scrutiny Committees represent the interests of local people about important issues that affect them. They look at how the decisions, policies and services of the Council and other key public agencies impact on the city and its residents. Scrutiny Committees do not take decisions but can make recommendations to decision makers about how they are delivering the Manchester Strategy, an agreed vision for a better Manchester that is shared by public agencies across the city.

The Health Scrutiny Committee has responsibility for reviewing how the Council and its partners in the NHS deliver health and social care services to improve the health and wellbeing of Manchester residents.

The Council wants to consult people as fully as possible before making decisions that affect them. Members of the public do not have a right to speak at meetings but may do so if invited by the Chair. To help facilitate this, the Council encourages anyone who wishes to speak at the meeting to contact the Committee Officer in advance of the meeting by telephone or email, who will then pass on your request to the Chair for consideration. Groups of people will usually be asked to nominate a spokesperson. The Council wants its meetings to be as open as possible but occasionally there will be some confidential business. Brief reasons for confidentiality will be shown on the agenda sheet.

The Council welcomes the filming, recording, public broadcast and use of social media to report on the Committee's meetings by members of the public. Agenda, reports and minutes of all Council Committees can be found on the Council's website www.manchester.gov.uk.

- Impact of the Cost-of-Living increase;
- Information on the Carers Manchester Contact Point and outcomes;

- The Commissioning Strategy and priorities for the next two years.

The Committee then heard from Nazir Patel, Outreach Worker, LMCP. He described the work his service provided to identify and support carers, especially those that did not identify themselves as carers and for whom English was not their first language. He provided numerous examples of the different ways people were supported. Mr Liaqat Ali, a citizen of Manchester spoke of his experience as a carer and the positive impact LMCP had on him and his family. He spoke of the many different ways he had been supported, including income maximisation, support during the pandemic, regular meetings and peer contact, trusted advice regarding vaccinations and the opportunities this support had given him to pursue his own hobbies and interests.

Some of the key points that arose from the Committee's discussions were:

- Thanking Mr Patel and Mr Ali for attending the meeting and sharing their experience with Members;
- Recognising the important and invaluable role that carers played in Manchester;
- Recognising the good work provided by LMCP;
- Welcoming the detailed and informative report that had been submitted and commented that the information should be shared with all Councillors;
- What was being done to reach and support carers in 'hard to reach' communities;
- Noting the census figures presented in regard to the numbers of carers in Manchester and questioning if these reflected the true numbers of carers in Manchester;
- Noting the importance of a well-planned and managed transition for young carers as they moved into adult services;

- Noting the comments made regarding the future funding of LMCP and the outcomes of the Our Manchester Voluntary & Community Sector Fund exercise, what was being done to secure future funding to continue the delivery of this service; and
- Was there a strategy to support Council staff who were carers.

The Head of Adult Social Care Commissioning stated that all avenues and opportunities to identify and engage with hidden carers were being explored. She made reference to all staff working with the Local Care Organisation receiving Carer Awareness training and having access to a carers tool kit, and she further made reference to having affiliate members of the Carers Manchester Network', such as Age UK who would identify carers through the course of their activities. She also stated that work was delivered with a range of groups, including LGBTQ+ groups and that more information could be provided following the meeting. She stated all staff working at the Contact Centre were trained regarding carers assessment awareness and that everyone who requested or referred would be assessed but eligibility was determined by the Care Act. She commented that the issue of digital exclusion was understood, and work was underway to address this, including work delivered by the libraries service and the telephone helpline. In response to a specific question regarding the take up levels of Carers Allowance she advised that this data was held by the DWP, however commented that benefits awareness and support with applications to maximising income was a key element of support offered to carers.

The Head of Adult Social Care Commissioning noted the discussion regarding the census data and stated that an exercise would be undertaken to analyse this data further. She further commented that a briefing could be organised for all Members to promote the work that was described within the report. In response to the discussion regarding young carers, she stated that there was a wealth of activity and information on this area of work, and this was normally reported to the Children and Young People Scrutiny Committee, however consideration would be given as to how this information could be incorporated into any future update reports to the Committee. In response to the comments regarding the continued funding of LMCP, she advised that whilst they had been unsuccessful in their bid for funding via the Our Manchester Voluntary & Community Sector Fund exercise, discussions were ongoing to consider alternative funding opportunities. In response to a specific question, she confirmed that the Carers Emergency Fund did now include tumble dryers.

In response to the discussion regarding employment and carers, the Head of Adult Social Care Commissioning advised that the Council had an agreed approach to supporting carers who were employed. She advised that by ensuring Manchester City Council, as a larger public sector employer, was a beacon of good practice would provide leverage when promoting this with other organisations and employers.

The Executive Member for Healthy Manchester and Adult Social Care welcomed the report and placed on record his appreciation to the Head of Adult Social Care Commissioning and her team for producing such a detailed report. He further paid tribute to all the carers in the city, noting the important role they played. He stated that the increased reliance on unpaid carers was a direct result of years of funding cuts imposed by the government.

Decision

The Committee recommend that a briefing be arranged for all Members of the Council to highlight the breadth of work described within the report.

HSC/23/19 Dementia Developments in Manchester

The Committee considered the report of the Executive Director of Adult Social Services and the Director of Public Health that described recent work to invigorate the Dementia pathway and improve services for people diagnosed with Dementia and their Carers.

The Later Life Service Manager, Manchester Services, GMMH commented that work was ongoing to engage with a range of communities in

Manchester, including African Caribbean community groups using culturally appropriate settings, including faith settings.

The Co-Chair of the Steering Group and Clinical GP Lead described the role of the Dementia Care Co-ordinator as being responsible for completing a relevant wellbeing plan for an individual, however more importantly it provided a named contact for a patient and their families. He stated that this was very important for people as it was important to recognise the complexity of a dementia diagnosis, adding that it was important not to dismiss dementia as simply an older person's condition. He added that the wellbeing plan would be produced and agreed with the patient and the ambition would be to have this digitally shared, with consent with other health practitioners so that patients were not required to repeat their stories. He stated that the ambition would be to have a dedicated Dementia Care Co-ordinator at each Primary Care Network. Regarding the MFT Dementia Specialist Nurses Members were advised that information on this role profile would be circulated following the meeting.

The Later Life Service Manager, Manchester Services, GMMH advised that it was recognised that there were levels of unmet need in the city, and they were conscious of the need to ensure that services responded to and met the needs of patients. The Chief Executive Officer, Together Dementia Support stated that sessions and events were delivered that were culturally sensitive and language appropriate. She further noted the importance of connectivity and informal peer support. She advised that this was an ongoing consideration of the Steering Group.

In response to a question asked in relation to Memory Assessment Team Service the Senior Commissioning Manager, NHS Greater Manchester Integrated Care clarified the data presented in relation to assessments.

The Executive Member for Healthy Manchester and Adult Social Care welcomed the report and described that a lot of work had been initiated both at a local level and a Greater Manchester level to deliver services to support people living with dementia.

The Chair of the Trustees, Together Dementia Support welcomed the report and welcomed the opportunity to discuss the subject area at Committee. He stated that the report represented work in progress and called for the need to address the fragmented nature of care for dementia patients across health, social care and the Voluntary Community and Social Enterprise sector. He endorsed the ambitions described within the report, particularly those in relation to post-diagnostic support and carer pathways. He stated that in delivering on these stated ambitions Manchester would become a beacon model.

The Chief Executive Officer, Together Dementia Support endorsed the previous contribution adding that it was important to recognise the importance of good services to enable people living with dementia to live well. The Co-Chair of the Steering Group and Clinical GP Lead added that all services needed to be codesigned to meet and respond to the cultural needs of all Manchester communities.

The Chair, in endorsing the work described within the report, stated that the Committee would commit to receiving an annual update on this important area of activity.
