None

1. Monitoring Previous Recommendations

This section of the report lists recommendations made by the Neighbourhoods and Environment Scrutiny Committee. Where applicable, responses to each will indicate whether the recommendation will be implemented, and if it will be, how this will be done.

Date	Item	Recommendation	Response	Contact Officer
19 July 2017	NESC/17/31 Manchester Climate Change Agency: progress report 2015-17	That a performance dashboard be established that could be used to provide a summary of progress against the citywide climate change strategy.	A response to this recommendation has been requested and will be circulated once received.	Richard Elliott Head of Policy, Partnerships and Procurement
6 September 2017	NESC/17/39 Food Hygiene Inspection Programme	The Committee recommended that the Executive Member for Neighbourhoods should make representations to ensure that all food premises are required to display their current food star hygiene rating.	A response to this recommendation has been requested and will be circulated once received.	Lee Walker Scrutiny Support Officer
6 September 2017	NESC/17/42 Taxi Licensing Enforcement	The Committee recommends that the Director of Neighbourhoods provide an update to the next meeting on the progress made with GMP to co-opt a police officer to work with the Taxi Compliance Team.	This recommendation is currently being progressed with Greater Manchester Police. An update will be provided to the Committee when available.	Fiona Worrall Director of Neighbourhoods
6 September 2017	NESC/17/42 Taxi Licensing Enforcement	The Committee recommends that the Executive Member for Neighbourhoods should make representations for the introduction of a national registration scheme for all taxi drivers.	This recommendation has been forwarded to the Executive Member for Neighbourhoods.	Lee Walker Scrutiny Support Officer

20 June 2018	NESC/18/26 Waste, Recycling and Street Cleansing Performance and Disposal Savings	That the Executive Member for Neighbourhoods considers the options available to reimburse tenants from the savings achieved through the service change if they incurred any additional charges for the removal of residual waste passed onto them by Building Managers	A response to this recommendation is provided at Section 3 of this report – Item for Information.	Lee Walker Scrutiny Support Officer
20 June 2018	NESC/18/26 Waste, Recycling and Street Cleansing Performance and Disposal Savings	That the Executive Member for Neighbourhoods ensures that a signed fire risk assessment, undertaken by the appropriate responsible person for each apartment block be submitted to the Council prior to the implementation of any service change.	A response to this recommendation is provided at Section 3 of this report – Item for Information.	Lee Walker Scrutiny Support Officer

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **16 August 2018**, containing details of the decisions under the Committee's remit is included overleaf. This is to keep members informed of what decisions are being taken and to agree, whether to include in the work programme of the Committee.

Decisions that were taken before the publication of this report are marked *

Decision title	What is the decision?	Decision maker	Planned date of decision	Documents to be considered	Contact officer details

3. Item for Information

**Subject Response to Recommendations NESC/18/26
Waste, Recycling and Street Cleansing Performance and
Disposal**

This Item for Information provides the Committee with a response from Cllr Akbar, Executive Member for Neighbourhoods to the two recommendations agreed at the meeting of the 20 June 2018.

1. That the Executive Member for Neighbourhoods considers the options available to reimburse tenants from the savings achieved through the service change if they incurred any additional charges for the removal of residual waste passed onto them by Building Managers.

If tenants separate their recycling into the designated containers and make arrangements for separate collection of bulky waste (Manchester residents are entitled to one free collection of up to 3 items per year) - there should be sufficient capacity to contain the buildings rubbish and there should be no need for additional, paid for collections. However, the Council recognise there may be circumstances when this does not happen and will:

Consider requests for additional capacity will be considered via the existing Additional Capacity Process. If residents are doing all they can to separate their recycling but there is still excess rubbish which cannot be managed within the allotted capacity a review will be undertaken. The Council recognise that some blocks may generate extra rubbish, due to the make up and needs of the occupants - for example due to illness. These circumstances will be considered on a case-by-case basis.

Provide support if tenants provide the Council with evidence that their Building Manager is applying unscrupulous additional charges for waste removal, which has not taken place. Support will be offered to challenge this.

2. That the Executive Member for Neighbourhoods ensures that a signed fire risk assessment, undertaken by the appropriate responsible person for each apartment block be submitted to the Council prior to the implementation of any service change.

Following discussion with GMFRS, a communication has been agreed for circulation to building managers and Registered Providers to remind them that under the Regulatory Reform (Fire Safety) Order 2005, any changes to communal parts of the building may require them to review the fire safety risk assessment. For example, if extra recycling containers are added to the bin storage area, or if location of refuse and recycling containers is moved - they may need to review the risk assessment. GMFRS are keen to ensure that building managers understand the Council are not the Fire Authority.

**Neighbourhoods and Environment Scrutiny Committee
Work Programme – September 2018**

Wednesday 5 September 2018, 10am (Report deadline Thursday 23 August 2018) Please note deadline date due to Bank Holiday				
Item	Purpose	Lead Executive Member	Lead Officer	Comments
