1. Introduction and Context

- 1.1 The Accounts and Audit Regulations 2015 require local authorities to conduct at least annually a review of the effectiveness of their governance framework including their systems of internal control. This review must be documented in an Annual Governance Statement (AGS) and published as part of the Council's Annual Accounts. The Statement must be prepared in accordance with proper practices, including those set out in CIPFA and IFAC's¹ *"Delivering Good Governance in Local Government: Framework (2016)"*.
- 1.2 The Framework has applied to Annual Governance Statements prepared for the financial year 2016/17 onwards. The AGS involves an assessment of the extent to which the Council has adhered to the governance standards set out in its Code of Corporate Governance (the Code).
- 1.3 In 2016 the Council's Code was fully updated in accordance with the revised Framework. Alongside the CIPFA principles, the vision and values of the organisation – the Our Manchester principles - are at the heart of the Council's approach to governance. Our Manchester was therefore also integral to the way the standards in the Code were defined when it was reviewed.
- 1.4 It is necessary to keep the Code under review to ensure the contents remain accurate, up to date, and that they reflect all applicable relevant legislation. While substantial changes have not been necessary for this subsequent update of the document, some minor amendments are required. Changes include;
- The role title has the been updated for the Deputy Chief Executive and City Treasurer, to reflect recent changes to the Council's senior management structure
 - Wording has been amended to reflect changes to the remits of both the Audit and the Standards Committees regarding the Council's Whistleblowing procedures
 - Hyperlinks have been updated in the electronic copy of the Code document, so that out of date web page links have been replaced where necessary
 - Wording has been added to reference the Council's 'Our Corporate Plan' which was launched in November 2018, and which sets out the Council's priorities for the next three years.
- 1.5 The Code sets out the governance standards for the Council but deliberately does not include details of how these standards will be achieved. This will be described in the next Annual Governance Statement which will set out evidence of compliance for each different aspect of the Code. Standards Committee is invited to review the draft Code and comment on the extent to which it feels the governance standards described are the right ones for the Council.

¹ CIPFA is the Chartered Institute of Public Finance and Accountancy. IFAC is the International Federation of Accountants.

1.6 The Council's Constitution notes the role of Standards Committee in considering revisions to the Code. The Code itself details the responsibility of the Committee for promoting and maintaining high standards of conduct amongst Members, for advising the Council on the adoption and revision of the Code of Conduct for Members, and for monitoring the operation of the Code.

2. Next Steps

2.1 The Code will be submitted to Audit Committee on 10 December 2019. The Code forms part of the Council's Constitution and will therefore then be submitted to full Council, prior to adoption and inclusion within a revised Constitution in 2020.
