Transforming Hospitalbased care

Our strategic priorities are...

Transforming the health and care system Reduce the gap in health and wellbeing outcomes for people across the city. Improve children's outcomes in their first 1000 days of life.

Support people with health problems to be in work.

Enable people to be confident in managing their own health and care.

Enable people in mid to later life to live longer in good health.

Reduce the number of people dying from preventable causes.

Have better co-ordinated services for people in their neighbourhoods that are responsive to their needs.

Support people to live independently with a strengths-based approach across health and social care.

Have safe and effective community-based care that supports people with the right care, in the right place at the right time to have a better quality life.

Enable people to have more choice and control in how they interact with health and care professionals including through the use of new technologies. Have consistently high quality health and care services across the city.

Have consistently high standards in hospital based care.

Have shorter waiting times for outpatients, diagnostics and treatment.

Have co-ordinated acute services that meet both the physical and mental health needs of people.

Have a redeveloped North Manchester General Hospital site, improving health services for the population it serves and regenerating the area. Improve outcomes for people through integrated Primary Care, Community Care and Mental Health services in neighbourhoods.

Have developed and improved our services for children and young people to maximise their life chances.

Have a financially sustainable health and care system, which targets resources on the basis of population need.
