## About the Premises

|   |  |
|---|--|
| Application Reference No.                   | 249140   |
| Name of the Applicant                       | <b>Chop n Go</b>                                 |
| Address of the Applicant including postcode | Layby outside numbers 1-3 Pym Street, Manchester |

## Your Representation

Please outline your representation below and continue overleaf.

The application seeks to allow the applicant to sell hot food and hot and cold drinks from a van directly outside 2 private residential properties from 8.00am till 3.30pm Monday to Saturday.

The applicant doesn't live at either of these residencies so GMP are very concerned that the operation will cause noise disruption to the people who do live there, from customers waiting for their food and possibly odour disruption from things being fried which could easily affect the quality of life of the local residents.

The layby was no doubt put in place to allow local residents to park their private vehicles close to their homes and if this operation was permitted then the parking spaces would be taken up for 7 and a half hours each day that they trade.

GMP can only see negatives if this application was granted.

Therefore GMP asks that this application is refused.

**Premise Details**

|                    |  |
|--------------------|--|
| Application Ref No | 249140                                     |
| Name of Premises   | Chop N Go                                  |
| Address            | Parking bay outside 1-3 Pym Street, Moston |

**Representation**

Outline your representation regarding the above application below. This representation should describe the likely effect of the grant of the licence/certificate on the licensing objectives and on the vicinity of the premises.

Licensing & Out of Hours Compliance Team have assessed the likely impact of the granting of this application taking into account a number of factors, including the nature of the area in which the trading will be located and the proximity to residential accommodation, the hours applied for, and any potential risk that the granting of this application could lead to issues of public nuisance.

The application is for a street trader selling hot food, drink and snacks, to be located in the parking bay outside two residential properties on Pym Street, Moston.

This area is surrounded by a large number of residential properties. There are lots of food outlets already in the vicinity and there is a concern that there may be an impact on local residents in terms of public nuisance.

Next to the parking bays in question is a very busy African Supermarket. I have visited Pym street several times at different times of the day and the night. During the day the road is often nearly blocked with cars parked both in the parking bays and elsewhere on the street, despite the nearby car park. The amount of traffic is caused by the supermarket customers, supermarket deliveries, and also overflow parking from the Moston Lane premises. The road is also used as a shortcut to loop around the back of Moston lane for a high number of people, who either live locally or are visiting the Moston lane area.

If there were to be a street trader parked in the parking bay as proposed it would almost certainly cause further unacceptable congestion. This is because it would remove 2 vital parking spots, and would lead to more people parking in this area who want to visit the street trader.

It is of some concern as well how the subsequent risk of littering from its customers would be managed, as they would be unlikely to eat the food immediately next to the trader given the lack of space.

Another concern is that the traders van would have to face two residential properties on Pym street. The gap between the edge of the parking bay and the front door of the properties is that of a normal pavement width. To have these residents open their doors each day and only be able to see the traders van right outside their door, and also to have people congregating right outside their front doors to queue for food is unacceptable in terms of nuisance. There is also the consideration of the smell and fumes from the trader that would affect these properties.

I do not believe it is an appropriate location for a street trader due to the already high levels of traffic and congestion on this street and the surrounding area, and the proximity to residential property.

Recommendation: Refuse

To: Councillor Paula Appleby <[cldr.p.appleby@manchester.gov.uk](mailto:cldr.p.appleby@manchester.gov.uk)>

Cc: Andy Brooks <[Andrew.Brooks@gmp.police.uk](mailto:Andrew.Brooks@gmp.police.uk)>, Councillor Yasmine Dar <[cldr.y.dar@manchester.gov.uk](mailto:cldr.y.dar@manchester.gov.uk)>, Premises Licensing <[premises.licensing@manchester.gov.uk](mailto:premises.licensing@manchester.gov.uk)>

Dear Premise Licensing,

The North Neighbourhood object to the submitted application for the sale of hot and cold food at said location as residents within the area have overtime and through many forums raised issues and concerns with street trading which are highlighted below.

The applicant seeks to take advantage of the attendees which pass this location or use the nearby shops. The location is a partly residential area, which with the high volume of visitors at times has negatively impacted on the residents.

The area and this location already suffers with the volume of litter, flytipping, traffic, anti social behaviour and noise.

In addition to this there are already other food businesses in close proximity on Moston Lane (less than a 100 yards away). Another food business in the area may have a negative effect on the established local business.

Over recent months, this area has also been subject to significant antisocial behaviour caused by a large number of people gathering and drinking near this location. Locating a mobile catering unit in this location could well result in further antisocial behaviour, as it would provide a focal point for those gathering in the area. In light of the history of antisocial behaviour in the area, we would strongly object to the submitted application.

Kind regards

Katie

Kind regards, Helen

On Mon, 14 Sep 2020 at 11:32, Councillor Paula Appleby <[cllr.p.appleby@manchester.gov.uk](mailto:cllr.p.appleby@manchester.gov.uk)> wrote:

I want to raise an objection to this as I have recently done with the Moston Lane licence application. My objection is as follows:

The rubbish around this area is already a significant problem

The Car Park in question is currently being negotiated with CP to pass on a short term lease to the Moston Superstore who have committed to staff it, clean it and Tarmac the area with one way out.

The van has already been parked up there without permission

The main issue is that we already have a significant number of takeaway outlets of various types of food and cafe.

Parking is a major issue and we need this space for that reason

As the elected member for Moston, I am working with [REDACTED] from the Moston Superstore in order for him to have the use of the car park and he is working hard in our community. [REDACTED] has already employed a team member to manage the rubbish from the store and the surrounding area, which I am pleased with.

I am happy to attend any future hearing.

Paula

Good morning, [REDACTED]

Thanks for the clarification! I think everyone's thinking it's the blue one. It's not going to go down too well if it's in the layby though. Surely, it'll cause more obstructions because delivery vehicles won't be able to get in it. Re the blue trailer that was burnt out, did this man have a licence? That all seemed a bit weird: where was he getting the money from to buy food and give it away to the homeless? He made about £70,000 from it anyway and got in the paper and on TV. Was he unlicensed and taking money for what he might have been selling? Needs investigating. It now seems people have been objecting to the wrong van. What's the background to this proper one, do you know? They might be responsible people and there might be no objections. However, I think people are fed up with all the food outlets and resultant litter around the Moston Lane area and that's probably why there are objections. I must admit, this white van looks a proper set up so might be OK - providing it doesn't cause an increase in litter.

Kind regards

Local Government (Miscellaneous Provisions) Act 1982, Schedule 4

Trading Location: Pym Street - Layby outside numbers 1-3 Ward: Moston

Trading Unit Type: Mobile Catering Unit

Dear Sirs

I wish to object to this Application on the following grounds:-

1. Moston already has numerous food outlets, i.e. pizza shops, takeaways, cafés, chip shops, etc. In some cases, there are several in the same row.
2. Moston has a big problem with litter which the Council seems to be struggling to deal with. Allowing yet another food outlet to open will only serve to increase that problem.
3. Pym Street is usually blocked by delivery vehicles and customers shopping in the market.
4. The pavement is virtually impassable because of food on pallets outside the market.
5. The proposed site for the mobile unit in the lay-by outside the market is usually full of trolleys laden with rubbish, cardboard, food deliveries, etc.
6. Pym Street is frequently blocked due to HGV delivery vehicles and inconsiderate parking, which also compromises road safety and on many occasions would prevent access by emergency vehicles. Please see attached aerial photo showing congestion and pallets on pavement and in loading bay.

I therefore object to this Application and trust Premises Licensing will honour the comment made by Council Leader, Sir Richard Leese, regarding the "Have your say on the 'Our Manchester' Strategy" (Manchester Evening News, 4<sup>th</sup> September 2020) where he says "**We're listening to what you have to say.**"

Yours faithfully [REDACTED]

Sent from [Mail](#) for Windows 10

Dear Sir/Madam

I am writing to object most strongly to the above proposal for a Mobile Catering Unit on Pym Street Moston.

First of all there is no layby outside the only 2 houses on the street it is a parking bay, has anyone been to see this location? Since the African Supermarket opened there the traffic has been appalling (I have previously e-mailed Lucy Powell regarding this) the street is impossible to drive down as there are so many cars and delivery vans some parked illegally. Pedestrians have difficulty as cars are parked on the pavements and rubbish from the market is also all over the place along with rotted fruit and vegetables on the pavement as well.

All this and you want another takeaway van don't you think there are enough on Moston Lane already, who would need to use this unit, there would be an increase in litter and I have absolutely no doubt the pavement would be completely blocked by this unit making it more difficult to pass. Also what about the privacy of the residents of the 2 houses not to mention the noise and litter.

There is no way this should be allowed enough is enough. There is no need for this as there are plenty of other takeaways nearby.

Please take my views into consideration

Your sincerely

[REDACTED]

I believe that there is an application in for a street trading consent to sell fast food from a van

I wish to object with the following reasons:-

There is more than enough food outlets in the area to cater for all diversity in the area.

Major traffic issues already on Moston Lane and side streets..

Already a considerable amount of rubbish from fast food places as well as fly tipping in the area.

I feel it is totally unnecessary and will add to more problems in the area.

Please can you put my objection on file and confirm

Many thanks

Hi, I write with reference to the above application, I want to OBJECT against this application, I do not feel that this would bring any benefit to the area but in fact quite the opposite, there are many food outlets to cater for most cuisines in this area, there is already an issue with ASB, noise, and most importantly traffic, the traffic is dangerous in this area with pym street often near impossible to use due to traffic parking and deliveries to local business.

Not only would this create more traffic issues, it would also bring litter, noise and fly tipping- all of which are already a major problem in this area.

Hi [REDACTED]

Thanks for the email, yes it would seem to be. I see the Male with the burnt out van has made himself very wealthy from it. But yes, please can you take away the detail of him trading without licence. Although, I still would like to know where they intend to use as rest/toilet facilities. Where their waste water will be dropped? As they must have some kind of running hot water for cleaning and hygiene purposes. Also, again, my comment about the street being high congested at most hours of the day, this would just create more traffic. With that in mind, can I ask, how this will fall into place with the current council project for the 'Clean Air Zone'. Is the vehicle Euro VI compliant? As it will be chugging out emissions for the said period of time they would like to trade. I find this applicant a little bit vague, and the fact that we currently struggle with enforcement within Moston, it would seem people think they can do as they please, with out any regards to the people that live there. Once again, thank you for giving me the chance to amend my objection

Good afternoon

Please can you take this email as my personal objection to the Street Trading Application for a mobile catering unit, for 1-3 Pym St, Moston.

Firstly, the space requested is a public lay-by for the public to use to park their cars. if this mobile unit is granted, it would lose these spaces, and as being a resident in this area, this street is already extremely busy, plus the deliveries to the Market place on this street cause congestion during the day.

Secondly, the vendor has already started trading, we witnessed this over this weekend.. trading, without running water? No water or electric hook up, so already a huge disregard to public health.

There are many take Away's on Moston Lane, providing a range of different culinary tastes, which also provide a huge percentage towards the waste and litter in the area.

By the fact they have not waited for their licence approval, we can assume this vendor will also not have the highest regard to their public duty of being a responsible trader, and I do hope you take this all into consideration.

Regards

**Subject:** Application for a Catering van Pym Street Moston  
**To:** Premises Licensing <[premises.licensing@manchester.gov.uk](mailto:premises.licensing@manchester.gov.uk)>

Good afternoon.

As a constituted community group in Moston, we are objecting to the above application.

This particular street is constantly flooded with heavy traffic, not just cars but HGV's delivering produce to the Moston Superstore, the street can be gridlocked most days, the footpaths are narrow causing pedestrians to have to walk in the road due to cars parked partly on the footpaths to enable wider vehicles to get by.

There are sufficient food outlets on Moston Lane to cater for the needs of the public. There is already a problem in this community with litter fly tipping and anti social behaviour, we feel that this would only add to the problems we already have.

Manchester City Council have a current project "clean air zone" is this vehicle compliant ? Also what we are very concerned about is that compliance and enforcement is very much an issue here in Moston, and we feel this lay by in front of two terraced properties is not an ideal location.

We hope that an officer has visited this site at different times of the day to see what the issues are, it has also been noticed that the standard application notice that is normally displayed on the site, in this case the walls of the terraced properties is absent.

See attached photos of Pym Street

Yours faithfully
