Please state the ground(s) for review (please read guidance note 1)

The premises are the location of numerous incidents of crime, disorder and anti-social behaviour and GMP believe that as such they are undermining the 4 Licensing Objectives.

Please provide as much information as possible to support the application
(please read guidance note 2)

The Britannia Hotel is situated at 35 Portland Street in the City Centre of Manchester and the premises licence was issued on 12th August 2005. The Premises Licence Holder is Britannia Hotels Ltd and the Designated Premises Supervisor is Mr Mahendran Mayan Al S Maniam.

Since the government lifted the first lockdown restriction on 4th July 2020 the premises has seen a significant increase in crime, disorder and anti-social behaviour related issues and as such, PC Braithwaite the GMP licensing officer who covers the Piccadilly area, contacted the management of the premises and arranged a meeting with them to discuss these problems.

On 13th July 2020 PC Joanne Shaw contacted the premises to discuss an issue that the premises were having and to raise concerns about the number of incidents that were occurring at the premises. She recommended that the premises employed security for the coming weekend. She went on to say that she was readily available to do some prevention training with the staff at the premises to focus on dealing with aggressive customers and to go through the booking in procedures to reduce vulnerability. PC Isherwood contacted PC Shaw on 2nd December 2020 to enquire to whether the premises took her up on her offer of free training. PC Shaw replied that they had not. A copy of the original email and follow up emails can be found at pages 15-16 of the bundle and is now submitted as exhibit JS/1

On Friday 31st July 2020 the meeting which PC Braithwaite had arranged took place at the Britannia Hotel and in attendance were PC Braithwaite, the DPS Mr Maniam, David Fleming (the DPS from Bar Rogue and Wave) and the Britannia Hotels area manager Matt Wass.

The meeting was centred around the recent issues at the Britannia Hotel which have occurred since 10th July 2020 and which have resulted in police being called to numerous violent incidents and disturbances. During the meeting PC Braithwaite gave a brief description of 21 incidents, the outcome of each incident, and the time and date they occurred. All the incidents were between 10th July and 30th July, and PC Braithwaite explained how concerned he was with number of calls to police and the violent nature of many of the incidents. The parties discussed why these incidents were occurring and what could be done to reduce the occurrence of them.

The main concerns and improvements discussed in the meeting were:

Increase in door staff – At the time of the meeting the premises had door staff employed from 9pm to 7am every Friday and Saturday night. The incidents and calls to police which had been occurring since 10th July had been at different times of the day and different days of the week and there was clearly a need to increase the door staff numbers. The DPS Mr Maniam confirmed that moving forward there will be a door supervisor employed from 11am through to 7am, 7 days a week, with two door supervisors from 9pm to 5am on Friday and Saturday nights, and at any other peak / high risk times, to be risk assessed by the operators.

Walks in – due to the lower demand since Covid restrictions were introduced, the operators said there had been an increase in the number of customers staying at the hotel who turn up without a booking and pay cash, with prices as low as £31 per night. PC Braithwaite strongly encouraged the operators to closely monitor and if necessary refuse these potential customers, if they gave any cause for potential concern. PC Braithwaite assured the operators that they were within their rights to refuse them.

Challenging people entering the hotel – All parties agreed that as the hotel is so big, people can enter the hotel, and within seconds be out of sight of staff, and able to cause issues such as ASB, theft from rooms, multiple occupancy of rooms etc. PC Braithwaite advised that one of his colleagues had entered the hotel and stayed in reception for several minutes with no staff in sight. He stressed that it is essential that everyone who enters the hotel is spoken to and if necessary challenged by staff. He further pointed out that with the increase in door staff that the operators had committed to moving forward, it should be much more difficult for people to enter unchallenged. Furthermore PC Braithwaite asked the operators to make sure reception staff are aware of the need to be visible to people entering the hotel.

PC Braithwaite went on to explain the enforcement powers available to the Police under The Anti-Social Behaviour and Policing Act 2014 and The Licensing Act 2003 – but also explained that this is not GMP's preferred solution and that we would much rather work with the operators to prevent further issues occurring moving forward.

PC Braithwaite followed up this meeting with an email to the attendees and this can be found at pages 11-12 of the bundle and is now submitted as Exhibit SB/1.

In early November 2020 Greater Manchester was placed into Tier 3 of the Coronavirus restrictions and as such all hospitality venues had to close, with a few legitimate exceptions. Hotels fell under these restrictions and were not allowed to have guests stay overnight at their premises unless they hit certain criteria, such as key workers needing accommodation or people attending medical appointments. Therefore after 3rd November 2020 there is only one recorded incident at the premises but between 10th July 2020 and 3rd November 2020 there were well over 50 incidents recorded at the premises that cause GMP concern, with a further incident on 3rd December 2020, and these are summarised in the document found at pages 17-21 of the bundle. There is also a breakdown of the days and times that the incidents are occurring. This document is now submitted as Exhibit SB/3.

The logs of these incidents and a photograph of injuries sustained by a member of security during one of the incidents can be found between pages 23-136 of the bundle and are now submitted as Exhibits AEI/1 - AEI/57

On 17th November 2020 PC Braithwaite emailed Paul Balderson from Britannia to inform him that despite the meeting which had taken place there was still an unacceptably high number of incidents at the premises and set out a list of conditions that he wanted the premises operators to have attached to their premises licence by way of a minor variation. He went on to say that if we hadn't received the minor variation by 24th November 2020 then we would have to apply for a Review of the licence. A copy of this email is found at pages 13-14 of the bundle and this is now submitted as exhibit SB/2

PC Braithwaite was contacted by Kuits solicitors on 27th November and as a result of this email he arranged a virtual meeting with the operators via ZOOM and this took place on Wednesday 9th December 2020.

Dialled into the meeting were PC Braithwaite, PC Isherwood, Niall Johnson from Manchester City Council Licensing and Out of Hours Team (MCC LOOH), Paul Balderson from Britannia Hotels and Felicity Tulloch from Kuits solicitors.

During this meeting PC Braithwaite referred to the email communications he had sent to the operators regarding the high number of incidents at Britannia Hotel and GMP's suggestion for them to submit a Minor Variation to their Premises Licence to add extra conditions as a way of reducing and preventing the incidents from occurring. The conditions proposed by GMP were as follows:

- 1 x SIA registered door supervisor will be employed at the hotel from midday until 06:00 hours, 7 days a week.
- From Thursday to Sunday, from 20:00 to 06:00 hours, 2 x SIA registered door supervisors will be employed.
- Door supervisors employed at the venue will wear a high visibility jacket and will be in radio communication with other staff at the hotel.
- A minimum of one door supervisor will wear a body worn video at all times they are on duty. The footage will be retained for 28 days and will be available to the police on request.
- Photograph identification will be obtained for anyone who stays at the hotel.
- All staff who have customer contact will engage in training around CSE (Child Sexual Exploitation) which will be documented and refreshed every 6 months.

The meeting resulted in an understanding that GMP would not take any further action for a week (until 16th December), so Britannia Hotel could consider their position, but that if no contact was made by Britannia Hotel with GMP/MCC, a standard Review would be submitted by GMP/MCC.

On 16th December 2020 an email was received from Kuits solicitors stating that they had discussed the matter and were happy to lodge a minor variation to firm up and enhance the existing door staff condition, but due to a bereavement in Paul's family, he would understandably be unavailable for a few days. The email went on to say that the proposed condition would be sent over to us as soon as possible with a view to lodging the minor variation before the Christmas break.

PC Braithwaite replied to the email on 17th December 2020 stating that under the circumstances there was no issue with taking extra time to lodge the minor variation.

Kuits solicitors replied on the 18th December 2020 stating that, as the premises was under Tier 3 of the restrictions, no licensable activity would be taking place and that they would get the draft application over to us as soon as they could.

On 7th January 2021 Kuits sent an email asking that, as the UK was now in a national lockdown, whether now was the right time to lodge the variation. It went on to state that as the premises may be closed for several months the terms of the condition may age pretty quickly. It asked whether it would be better to finalise the wording of the condition once there was a clearer route out of lockdown in sight. The question was also asked as to whether there had been any further incidents at the premises during the previous 4 week period.

On 11th January 2021 PC Braithwaite replied to Kuits via email and stated that he wasn't aware of any incidents over the last 4 weeks but, with the hotel being effectively closed, that's what we'd expect.

He went on to say that despite not knowing when the lock down is ending, it no doubt will in the relatively near future and that we'd like to be in a position to ensure the hotel's Premises Licence is fit for purpose at that point. He stated that GMP's stance on the need to modify the conditions won't change between now and the end of lockdown, and any new conditions would, of course, not be enforced or enforceable until licensable activity recommenced.

He also stated that GMP still hadn't had sight of the proposed conditions and that our intention was to avoid any more delays and that unless we receive proposed conditions by the end of that week, which are agreeable to us and which have been submitted by way of Minor Variation, we would be submitting a Standard Review.

On the 14th January 2021 Kuits emailed some proposed conditions which were as follows:

On Thursdays, Fridays and Saturdays and when the premises is open for licensable activities beyond midnight on those days, a minimum of 1 SIA-licensed door supervisor shall be on duty at the entrance of the premises between 9pm and 3.30am. At all other times, the need for door supervisors shall be risk assessed by the DPS.

A minimum of 1 SIA-licensed door supervisor shall be on duty at the exit from the premises to ensure the orderly dispersal of customers following the cessation of licensable activities, until the area immediately outside the premises is clear of customers.

When doormen are employed at the premises, at least one shall wear, and use, a bodycam.

All staff engaged in a security capacity outside the entrance to the premises, or supervising or controlling queues, shall wear high-visibility armbands.

All persons entering or re-entering the premises may be subjected to a random search by an SIA-trained member of staff. The search area shall be in an area monitored by the premises' CCTV system. Any customer refusing to be searched shall not be permitted entry to the premises. Notices indicating that random searches are in force at the premises shall be prominently located.

The Nitenet radio link shall be operated between 7pm and 7am daily. The radio shall be kept in good working order, operated by a responsible member of staff and used to report incidents of crime and disorder to the CCTV control room and other radio users.

GMP considered these proposed conditions but our opinion is that they fall short of what we believe is required and PC Braithwaite emailed Kuits on 15th January 2021 to inform them of this.

These conditions proposed by the Premises Licence Holder have since been submitted as a minor variation.

Therefore GMP believe that a Standard Review of their Premises Licence is proportionate and necessary, as we do not see any other way of addressing our serious concerns regarding the number of incidents occurring at the premises. The Premises Licence Holder has submitted a minor variation for their proposed conditions but in our opinion these do not satisfactorily address the issues and fall short of the more robust conditions which we were asking them to put on their licence. The breakdown of days and times found on page 21 of the bundle clearly shows that the incidents are happening 7 days a week and at times which are outside of the times of the door staff condition offered by the operator in the recent minor variation. It is clear a more robust door staff condition is required.

Therefore we would ask that committee attach the following conditions to the Premises Licence to make it far less likely that incidents of this nature will continue to take place at the premises:

1 x SIA registered door supervisor will be employed at the hotel from midday until 06:00 hours, 7 days a week.

- From Thursday to Sunday, from 20:00 to 06:00 hours, 2 x SIA registered door supervisors will be employed.

- Door supervisors employed at the venue will wear a high visibility jacket and will be in radio communication with other staff at the hotel.
- A minimum of one door supervisor will wear a body worn video at all times they are on duty. The footage will be retained for 28 days and will be available to the police on request.
- Photograph identification will be obtained for anyone who stays at the hotel.
- All staff who have customer contact will engage in training around CSE (Child Sexual Exploitation) which will be documented and refreshed every 6 months.

Paul,

Further to previous emails regarding issues at The Britannia Hotel, Portland Street in Manchester City Centre, we are unfortunately still receiving an unacceptable number of reports relating to violence, disorder, drugs and other issues at the hotel. Following the meeting I had with Michael Mayan and Matthew Wass on 31st July this, there is still a high number of incidents at the hotel and we're now forced to look at the next appropriate course of action.

I've discussed the number and nature of incidents at the hotel with Niall Johnson (Manchester City Council) and we're now at a stage where we consider that the Premises Licence needs amending to reflect the risk posed and to uphold the Licensing Objectives. Ideally that will be done by way of a Minor Variation, submitted by yourselves. Obviously that would have to be your decision to do that. If you do not agree to what's proposed we will be submitting a Standard Review of the Premises Licence. The additional conditions that Niall as ourselves agree need to be added to the Premises Licence are as follows:

- 1 x SIA registered door supervisor will be employed at the hotel from midday until 06:00 hours, 7 days a week.
- From Thursday to Sunday, from 20:00 to 06:00 hours, 2 x SIA registered door supervisors will be employed.
- Door supervisors employed at the venue will wear a high visibility jacket and will be in radio communication with other staff at the hotel.
- A minimum of one door supervisor will wear a body worn video at all times they are on duty. The footage will be retained for 28 days and will be available to the police on request.
- Photograph identification will be obtained for anyone who stays at the hotel.
- All staff who have customer contact will engage in training around CSE (Child Sexual Exploitation) which will be documented and refreshed every 6 months.

I have attached a breakdown of incidents recorded at the hotel since 10th July 2020 for you to review. There may be further incidents in that time period, I'm currently carrying on work to ensure all incidents are recorded and made available to you, and for our use at a Licensing Hearing.

Please confirm by Friday 20th November if you are willing to submit the Minor Variation. Should you not be, or we haven't had confirmation either way by Tuesday 24th November 2020, a Standard Review of your Premises Licence will be submitted.

If you wish to discuss the matter in person or by phone, don't hesitate to contact me.

Thanks

Simon

Michael,

Following our discussion today about the issue you are having with the male we spoke about, please can you report through BCRP and in the meantime I will contact our ASBAT team about arranging statements etc. for evidential purposes. It would also be beneficial if you can provide a still from the CCTV for the report. If it helps ASBAT I can call tomorrow and take statements to speed things up.

In relation to last weekend, there were a number of calls about disturbances and other police demand calls from the Britannia and also directly outside, From a police perspective, It is highly recommended that there are security guards in place for next weekend and after this time as we are expecting another busy weekend ahead. This will reduce further incidents / disturbances at the hotel and surrounding area and also give reassurance to staff and also customers in the hotel, which will also be a deterrent for anyone wishing to cause issues for you.

As previously discussed, I am readily available to do some prevention training with your staff on dealing with aggressive customers and also ensuring that reporting is consistent through to BCRP. We could also make this an opportunity to ensure thorough checks on booking in procedures to reduce any vulnerability etc.

Kindest regards
Jo

Description

Issuer with security Irit and her friend are currently refusing to leave the hotel, as the security guard is not passing the badge number to them. Irit states that they have asked for the badge number due to the way the security guard has spoken to her friend. Irit states that her friend stopped an eyewitness on the floor and the security guard has started talking/basking her's friend in regards to sex toys which Irit and friend feel was inappropriate.

Description

Concern for female hit says approx 5 mins ago he has had a complaint from the room next door saying they could hear a distressed female, a scream and some banging as if someone is throwing items around. Staff have up and hit says as they get onto the corridor they have heard noise which they cannot confirm is from the same room. Hit has knocked on door repeatedly and been calling the room and no one is answering. Hit says he has a key to enter however, he is unsure if he is legally allowed to enter without Police. Room has been paid for by a [REDACTED] Unknown who else is in the room
