Dear Sirs,

We write further to an application of Greater Manchester Police to formally review our Premises Licence at The Britannia Hotel, Manchester. The Review has been sought by the police on the basis of an alleged increase in police attendances at the hotel during the COVID-19 pandemic.

As you know we have provided temporary refuge to the most vulnerable members of society on behalf of the Council, particularly during the current pandemic. Unfortunately, it has become apparent that there has been a clear correlation between the rise in police attendances at our hotel and the accommodation of these individuals at the Council's request.

Since the review of our Premises Licence may well have a seriously detrimental impact on the hotel business and our employees at the hotel it is with considerable regret that we will no longer be able to accommodate these vulnerable individuals in the future given the pressures and actions of Greater Manchester Police.

We trust you will share this announcement across your departments.

Kind regards

**Paul Balderson**
