Background document (available for public inspection):

The following documents disclose important facts on which the report is based and have been relied upon in preparing the report. Copies of the background documents are available up to 4 years after the date of the meeting. If you would like a copy please contact one of the contact officers above.

None

1. Monitoring Previous Recommendations

This section of the report contains recommendations made by the Committee and responses to them indicating whether the recommendation will be implemented, and if it will be, how this will be done.

There are currently no recommendations outstanding.

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **14 June 2021**, containing details of the decisions under the Committee's remit is included below. This is to keep members informed of what decisions are being taken and, where appropriate, include in the work programme of the Committee.

Decisions that were taken before the publication of this report are marked *

Decision title	What is the decision?	Decision maker	Planned date of decision	Documents to be considered	Contact officer details

Item 3.1 Item for Information - The Health Scrutiny Committee responses to the Quality Accounts submitted by the Greater Manchester Mental Health NHS Foundation Trust sent 25 May 2021

Dear Greater Manchester Mental Health NHS Foundation Trust,

As Chair of Manchester City Council's Health Scrutiny Committee, I would like to thank you for the opportunity to comment on your Trust's Draft Quality Account for 2020/21. Copies of the draft quality account were circulated to members of the committee for consideration and comments received have been included below. We would like to submit the following commentary to be included within your final published version.

The Committee recognise the unprecedented challenge that the COVID-19 pandemic has placed on the Trust and we would first like to take this opportunity to express our sincere gratitude and appreciation to all of the staff working at the Trust, both frontline and back office for their continued professionalism and dedication to ensure services continue to be delivered and support offered to Manchester residents. The Committee would be grateful if this appreciation could be communicated to all staff.

We acknowledged that the opening statement from the Chief Executive acknowledges and praises the commitment and professionalism demonstrated by staff throughout the difficult year and it sets a tone of directness and transparency in the draft Quality Account. The statement clearly identifies key achievements and priorities for the coming year, providing a clear commitment to continued service improvement. The Committee also acknowledged and welcomes the stated ongoing commitment to the provision of high-quality training to support your staff.

The Committee fully support and endorse your decision to maintain your existing Quality Improvement Priorities for the coming year, noting the rationale for this decision due to the unique challenges presented by COVID-19. In particular, we endorse the continued work to eliminate out of area placements, an issue that has been raised as a concern by this Committee during previous discussions with the Trust. We further welcome and are assured by the stated commitment to the continued robust monitoring of the Quality Improvement Priorities.

The Committee welcomes the reporting format provided at section 3.2 'Performance against Quality Indicators Selected' and 3.3 'Performance against Key National Priorities' of the report that clearly allows the reader to review and understand performance against the previous year. The report clearly describes to the reader how the Trust is performing against national standards and a useful narrative is provided to assist the reader. The Committee further commented that the inclusion of a glossary of terms that had been provided within the report is useful to assist the lay reader to understand the document.

In conclusion we the Committee would like to take this opportunity to reiterate our gratitude and appreciation to all staff at the Trust for their continued hard work and dedication to improving the health outcomes of Manchester residents. The Members will welcome the opportunity to scrutinise key areas of activity of the Trust throughout the coming municipal year noting that the provision of high quality mental health services will be increasingly called upon as the full impact of COVID-19 continues to be understood.

Yours sincerely,

Councillor Joanne Green
Chair of the Health Scrutiny Committee

**Health Scrutiny Committee
Work Programme – June 2021**
