

Annex 5. Case studies of City Digital Strategies and Smart Cities initiatives from the UK and globally

These are a selection of some of the examples, together with online resources provided by the cities, which have informed the work on the Manchester Digital Strategy. The cities which Manchester works with through the Eurocities network and its Knowledge Society Forum (KSF) are listed first, see also the new Eurocities initiative 'The City of Tomorrow':

In addition the Open & Agile Smart Cities (OASC) - <https://oascities.org/> - grew out of the European Connected Smart Cities Network - http://wsdomino.eurocities.eu/v2/working_groups/Smart-Cities&tpl=home and the European Network of Living Labs (ENoLL) - <https://enoll.org/> - both of which Manchester was a founder member of.
