Representation

Outline your representation regarding the above application below. This representation should describe the likely effect of the grant of the licence/certificate on the licensing objectives and on the vicinity of the premises.

Licensing and out of hours team (LOOHT) have assessed the likely impact of granting the Temporary Events Notice (TEN) taking into account a numbers of factors, including, the nature of the area in which the premises is located, the hours applied for and any potential risk that the granting of this application could undermine the licensing objective.

Eva is a nightclub situated in the village that has residential premises above, they have applied to extend their licensable activities by 3 hours from 03:00 to 06:00, for Halloween which is a Sunday into a Monday a working day for most.

LOOHT currently have an active open noise complaint against Eva, and on visits to the area it has been noted by officers to have noise break out from the premises. Eva have been informed both verbally and in writing regarding the complaint and there has not been any apparent improvement.

On receipt of the TEN the complainant was contacted to see if they were still experiencing nuisance from the premises, to which they informed us there had not been any change to the noise levels.

The fact that we have a current active complaint about the music levels at the premises LOOH therefore asked that the application is refused

Recommendation: Refuse Application
