

## **Appendix 1 – Headline priorities for the services**

Neighbourhood Services is the City Council's largest directorate with almost 1,500 staff and includes a wide range of services, all working to improve the lives of Manchester residents and showcase the city to our millions of visitors every year. Our services work directly with the people of Manchester and together we want to make Manchester a better place to live, work and play.

We have committed, via the Our Manchester Strategy to creating sustainable, safe, resilient, and cohesive neighbourhoods, with more affordable housing, good quality green spaces, and accessible culture and sporting facilities. We will work with colleagues and partners to achieve our zero-carbon ambition by 2038 at the latest, via green growth, low-carbon energy, retrofitting of buildings, green infrastructure, and increasing climate resilience.

The services under the remit of Communities and Equalities Scrutiny Committee are as follows:

### **Community Safety, Compliance and Enforcement**

- Protect the public and the environment and keep citizens safe through reducing crime, safeguarding vulnerable people, building community resilience, and preventing vulnerable people from being drawn into extremism
- Enforce the law in a fair and consistent manner, helping businesses to meet their legal obligations and taking firm action against those who disregard the law or act irresponsibly.

#### ***Priorities:***

- Early Intervention and prevention remain a priority across community safety services to safeguard vulnerable people particularly given the increases in domestic violence and serious violent crime and those at risk of being drawn into crime and ASB (Antisocial Behaviour).
- Working with businesses, across a range of sectors to ensure Covid risks are managed, and risks mitigated.
- Managing backlogs created because of the redirection of staff onto covid work and temporary suspension of annual programmes of work e.g., Food Safety Interventions, HMO/Selective Licensing programmes, Shisha smoke free enforcement etc., This is challenging whilst covid related workload remains high. New duties e.g., Protect Duty in public spaces and new allergen related legislation as well as increased checks because of EU (European Union) exit will add to capacity challenges.
- Refresh community safety strategy and this work is underway.
- New duties related to serious violence expected to be enacted 2022
