<p>2<sup>nd</sup> February y 2022</p>	<p><b>Strengthening Licensing in the Private Rented Sector</b></p>	<p>This Council believes that everyone has the right to a safe and secure home. After two years of lockdowns and Covid restrictions, it is more important than ever that people are able to access appropriate housing, to enjoy being in their homes and that our communities are not blighted by the impact of rogue landlords.</p> <p>Under the current housing crisis caused by 12 years of Conservative and Liberal Democrat cuts, Manchester residents are having to become more reliant on private rented landlords to meet their housing needs.</p> <p>The latest estimates from Council Tax suggest that 38% of Manchester households live in the private rented sector, which equates to around 90,000 homes.</p> <p>Unfortunately, thousands of renters across the city continue to live in unsafe or substandard accommodation. In addition to this, many welfare recipients are illegally discriminated against when trying to secure accommodation in the private rented sector and often have limited means to challenge this discrimination. It</p>			<p>The City Solicitor is working with colleagues both within the Legal team and across the housing teams to make sure enforcement is used, when possible, against landlords breaching their agreements.</p> <p>The City Solicitors housing team is reviewing the agreements currently in use to see how they can be developed in conjunction with the housing teams.</p>

Both programmes give us the opportunity and scope to take action against landlords to deliver the safe and secure housing that our residents deserve.</p> <p>The Council also welcomes commitments by the Greater Manchester Mayor to introduce a Greater Manchester Good Landlord Charter to drive up standards in the private rented sector.</p> <p>This Council notes that:</p> <ul style="list-style-type: none"><li>· Strengthening the landlord licensing scheme would benefit all our mixed residential communities across the city, not just those living in private rented housing.</li></ul>

Families, friends, and communities devastated for what a turf war, toxic masculinity or more dangerously, criminal exploitation?</p> <p>A 2021 report from Manchester Metropolitan University on Serious Youth Violence shows that while crime has fallen rapidly over the last 20 years, serious youth violence defined by the Youth Justice Board (YJB) as ‘any drug, robbery or violence against the person offence that has a gravity score of five or more’ – has been rising with figures showing that both perpetrators and victims of these offences are getting younger. According to the Youth Violence Commission Final Report, SYV in England and Wales generated a total economic and social cost of £1.3 billion in 2018/19; a rise of over 50 per cent since 2014/15.</p> <p>Though the social and economic reasons for serious youth violence are multiple. They noted how rare it was for a child to have only one or two ACEs, with most children having many more.</p> <p>Adverse childhood trauma affects physical health, emotional balance, academic and professional capabilities and often interrupts lives with early death.</p> <p>Therefore, this motion calls on Manchester City Council in 2022, which is also Manchester's year of the child to champion not only greater awareness of ACEs and its consequences but ensure that children should receive trauma informed interventions by professionals at the point of adverse experiences. Children should have access to these services via schools, social services and health services. Early intervention in a child's life can not only reduce the consequences of ACE but also potentially reduce the number of children presenting to services for Serious Youth Violence offences but also reduce the economic and social cost of Serious Youth Violence.</p> <p><b>Proposed by Councillor M Dar, seconded by Councillor</b></p>			<p>sector who advocate trauma responsive approaches across the system.</p> <ul style="list-style-type: none"> <li>• To develop trauma informed services within Manchester City Council and include information as part of staff inductions.</li> <li>• To innovate and test new approaches. the city as a regular army unit, a territorial unit and now as part of the UK's expanding, professional military reserve based in Gorton.

Over the subsequent one hundred and forty years, the Manchester Artillery has seen active duty in the Boer War and the First World War served at Gallipoli, Sinai and the Western Front. The Unit served extensively overseas during the Second World as part of the initial expeditionary force and following extensive fighting in defence of France during which five officers were killed was evacuated from the Dunkirk beaches. Members of the unit subsequently served in the middle east, in the Italian campaign and the subsequent D day landings, moving into Belgium and Holland where they took part in Operation Market Garden.

Following the restoration of peace, the Manchester Artillery returned to its territorial and subsequent army reserve role. In 1947 a recruiting campaign was launched, and many old Dunkirk veterans filled the ranks. Recruit 'Number One' was ex-Sgt Fred Bowker MM, who won his Military Medal at

This withdrawal will have a negative impact on low-income households in the city, including those that are working, and is also expected to have an impact on discretionary budgets including the Welfare Provision Scheme and the Discretionary Housing Payment scheme.</p> <p>This will have a devastating impact on residents across our city. It has been calculated that the withdrawing of the £20 per week uplift will result in a loss of approximately £4.96m per month to families across our city. This will impact an estimated 58,339 households across Manchester.</p> <p>Many of these households are working households in low paid jobs who rely on Universal Credit to make ends meet on a daily basis. We are talking about carers, shop workers, cleaners the roles that got us all through the pandemic. The roles that had previously been described as low skilled became some of the most important roles in society when Covid hit.</p>

In Manchester we have a long standing commitment to creating good jobs for Manchester residents, proudly paying the real living wage and promoting the GM Good Employment Charter. We must continue to work to create good, sustainable jobs that all Manchester people can access.

This Council moves to:

- Call upon the Conservative Government not to scrap the £20 per week uplift in Universal Credit.
- Call upon the Government to increase the minimum wage to the real living wage that reflects the cost of living.
- To support our residents impacted by government changes to benefits.
- To continue to work to ensure jobs in our city are sustainable, secure and fairly paid.
- To continue to support our residents through training and upskilling to make sure that jobs in this City are accessible to all of our residents.

14 July 2021	Pay Day Loans	<p>The rising cost of living and falling incomes is causing genuine problems to people with their finances. This has become much worse in the last eighteen months, due to the pandemic. More and more people are falling into debt due to zero hours contracts, and then going to the likes of payday loans etc. Those who borrow from high-cost credit companies, on average borrow £326 per month. The interest paid on this money is punishing rates of up to 5,800% APR . Many are unable to make the repayments and are pushed into a spiral of debt.</p> <p>We all know that the long-term solution to the problem of pay day loans, must be to increase wages and control the cost of living, so that people are not forced into their arms. In the short term more needs to be done to give our residents more information about other ways to access credit unions and debt agencies.</p> <p>Credit Unions offer a sustainable alternative to high-cost short term credit and should be supported by this council. **This Council resolves to:**

1. To ask the Executive to consult with schools to look to introduce enforceable “no vehicle idling” zones outside every school in the city - with at least four pilot zones in place by spring 2020.
2. Ask the Executive and Health and Wellbeing Board to work with our NHS partners, to look at extending “no vehicle idling” zones outside medical buildings, in hospital pick-up areas, and outside care homes.
3. To ask the Executive to consider how best to pilot, before spring 2020, the use of enforcement powers available to local authorities to tackle drivers who leave their engines running while stationary
4. Call on the government to take urgent action to launch a public consultation on proposals to impose tougher penalties on idling drivers and
5. Call on the government to respond as a matter of urgency to GMCA’s Clean Air plan proposals for clean vehicle funds and clarify the legal criteria which Greater Manchester’s Clean air Plan will be assessed.
