Wards Affected: All

Environmental Impact Assessment - the impact of the issues addressed in this report on achieving the zero-carbon target for the city

The budget reflects the fact that the Council has declared a climate emergency by making carbon reduction a key consideration in the Council's planning and budget proposals.

Manchester Strategy outcomes	Summary of the contribution to the strategy
A thriving and sustainable city: supporting a diverse and distinctive economy that creates jobs and opportunities A highly skilled city: world class and home grown talent sustaining the city's economic success A progressive and equitable city: making a positive contribution by unlocking the potential of our communities A liveable and low carbon city: a destination of choice to live, visit, work A connected city: world class infrastructure and connectivity to drive growth	This report presents to council the proposed Revenue Budget and consequent Council Tax for the City. Whilst this has no direct implications for the Our Manchester Strategy outcomes a balanced budget is a prerequisite to the provision of the council services that support the outcomes and includes some transfer of resources to support key council objectives.

Full details are in the body of the report, along with any implications for:

- Equal Opportunities Policy
- Risk Management

Legal Considerations

Financial Consequences - Revenue

The approval sought above is a pre-requisite to setting a revenue budget for 2022/23. The revenue budget incorporates provision for financing of borrowing undertaken to fund capital expenditure.

Financial Consequences - Capital

Details of the proposed Capital Programme for the next five years were approved at Executive on 16 February 2022 and any financial implications are contained within the body of the report and attached schedules.

1. Introduction

- 1.1 At its meeting on 16 February 2022 the Executive received a series of reports which outlined the position for 2022/23 setting a balanced one year budget in line with the Government's one year funding announcement. This reflected the budget position of the Council after the announcement of the final Local Government Finance Settlement on 7 February 2022. These reports included:
 - (i) A Medium Term Financial Strategy which set out the framework for the budget strategy and the implications for the Council from the Finance Settlement. The report also set out the issues and legal requirements members need to consider prior to Council finalising the budget and setting the Council Tax for 2022/23.
 - (ii) The budget report for 2022/23 and a detailed report from each Directorate on proposals for service change to ensure they continue to meet the Council's objectives whilst managing within the available resource envelope.
- 1.2 Resources and Governance Scrutiny Committee met on 28 February 2022 to consider the full suite of budget reports. The Committee also considered the issues arising from individual budget reports that the chairs of the scrutiny committees wished to draw their attention to. The proceedings of the meeting and the recommendations made are set out in the minutes elsewhere on this agenda. The full suite of budget reports are listed as background documents. Members should take the contents of these into account when considering the recommendations in this report.

2. The Revenue Budget

- 2.1 The financial considerations contained within this report are based on the final Local Government Finance Settlement issued on 7 February 2022 which provided a one-year finance settlement.
- 2.2 The Finance Settlement was towards the positive end of expectations, although it assumes that local authorities will increase council tax by 2.99% being the 2% referendum limit and the 1% Adult Social Care precept.
- 2.3 The final budget cuts proposals are detailed in the directorate budget reports elsewhere on this agenda and listed in Appendix 1. The summary position by directorate is shown in table one.
- 2.4 In addition to the £4.017m new savings the 2022/23 proposals reported to Executive 17 November 2022 also included mitigations of £3.716m, bringing the total of new proposals and mitigations to £7.733m.
- 2.5 When added to the £4.820m approved last year (for 2022/23) this brings the total savings and mitigations for 2022/23 budget year to £12.553m.

*Although included within the table of levies / charges above, the Waste Levy is administered by the Neighbourhoods Directorate and will be included within their published budget. This is to recognise that the actions within the directorate to reduce the levels of waste delivered impact on future levies which are tonnage based. It has been included above to give a complete view of the levies / charges paid.

2.7 The budget report for 2022/23 also provided details of proposed movements to and from reserves including those being used to support the revenue budget. The detailed updated schedule of reserves is attached at Appendix 2.

3 Setting the Council Tax for 2022/23

- 3.1 The Localism Act abolished council tax capping powers and replaced them with a requirement for an authority to hold a council tax referendum if it increases its council tax by an amount exceeding the limit set out in principles determined by the Secretary of State and approved by the House of Commons.
- The final Local Government Finance Settlement on 7 February 2022 confirmed that for 2022/23, local authorities will be able to increase their relevant basic amount of council tax (average Band D council tax, excluding local precepts) by up to 2% without having to hold a referendum.
- A number of additional flexibilities also apply to different categories of authority. Local authorities with responsibility for Adult Social Care can increase their council tax by up to 1% on top of the 2% core principle.
- 3.4 The Council Tax bill and the information that accompanies it, must highlight the part of the increase that is being used to fund adult social care. Further Information about spending on adult social care must be provided with the demand notice.
- 3.5 The Council will also include reference to the £150 one-off Energy Bills Rebate for households in council tax bands A –D on the bill, along with a leaflet prescribed by government. This rebate will be treated outside the council tax system.
- This report is prepared on the basis that Manchester's Council Tax will increase by 2.99% in 2021/22; 1.99% attributable to the Council element and 1% for the Adult Social care precept. This equates to a Band D charge of £1,541.34 (an increase of £44.75 from 2021/22).
- 3.7 The Greater Manchester Mayoral General Precept has been confirmed at £102.95 for a Band D property, comprising of £71.20 for functions previously covered by the Fire and Rescue Authority (an increase of £5.00 from 2021/22) and £31.75 for other Mayoral General functions including bus reform (an increase of £7.00 from 2021/22).

- 3.8 The Greater Manchester Mayoral Police and Crime Commissioner Precept will increase by £10.00 to £228.30 for a Band D property which is in line with the flexibility provided by the Government to all Police and Crime Commissioners.
- 3.9 The Council Tax resolution is attached as Appendix 3.

4 Prudential indicators

4.1 The proposed Prudential Indicators for 2022/23 to 2024/25 are shown in Appendix 4.

5 Collection Fund Budget

5.1 Attached for approval at Appendix 5 is the proposed collection fund budget for 2022/23. The collection fund budget includes income and expenditure relating to both council tax and business rates.

6 Robustness of the Budget

- 6.1 The budget report to Executive set out the Council's legal duties to which members must have regard in formulating the budget and setting Council Tax. The report referred not only to the need for the Council to continue to meet its statutory duties but also to any remaining requirements for consultation, legal processes and equality impact assessments before a final decision can be taken.
- The Deputy Chief Executive and City Treasurer has a duty to report on the robustness of the estimates made for the purposes of the calculation of Council Tax and the adequacy of the financial reserves. As reported to the Executive the Deputy Chief Executive and City Treasurer remains satisfied that the assumptions on which the budget has been proposed are manageable within the flexibility allowed by the General Fund balance. This and the fact that the Council holds other reserves that can be called on if necessary means that the Deputy Chief Executive and City Treasurer is confident that overall the budget position of the Council can be sustained within the overall level of resources available. However, to the degree that the budget savings are not achieved in a timely manner and reserves are called on to achieve a balanced position, the future year's savings will be prejudiced and further savings will need to be identified and implemented, including to replace reserve drawn downs, in order to ensure these are sufficient for future years.

COUNCIL TAX

SETTING THE AMOUNT OF COUNCIL TAX FOR THE COUNCIL'S AREA RESOLVED

- 1. That the estimates prepared by the Executive at its meeting on 16 February 2022 be approved.
- 2. That it be noted that the Deputy Chief Executive and City Treasurer acting under delegated powers has determined the amount of 127,620.0 as the Council Tax base for Manchester for the year 2022/23 in accordance with Section 31A (3) of the Local Government Finance Act 1992 and regulations 3 to 5 of the Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012.
- 3. That the following amounts can be now calculated by the Council for the year 2022/23 in accordance with Sections 31A to 36 of the Local Government Finance Act 1992:
 - (a) £1,601,641,953 being the aggregate of the amounts which the Council estimates for the items set out in the Section 31A (2) (a) to (f) of the Act.
 - (b) £1,404,936,333 being the aggregate of the amounts which the Council estimates for the items set out in Section 31A (3) (a) to (d) of the Act.
 - (c) £196,705,620 being the amount by which the aggregate at 3(a) above exceeds the aggregate at 3(b) above, calculated by the Council, in accordance with Sections 31A(4) of the Act, as its council tax requirement for the year.
 - (d) £1,541.34 being the amount at 3(c) above divided by the amount at 2 above, calculated by the Council in accordance with Section 31B(1) of the Act, as the basic amount of its council tax for the year.
 - (e) Valuation Bands being the amount given multiplying the amount at 3(d) above by the number which, in the proportion set out in Section 5(1) of the Act, is applicable to dwellings listed in a particular valuation band divided by the number which in that proportion is applicable to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Act, as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands. The band bill is shown in the table below.

1. CALCULATING THE COUNCIL TAX REQUIREMENT

Section 31A Calculations

- 1.1 Section 31A of the Local Government Finance 1992 requires the Council to make three calculations:
 - (i) an estimate of the Council's required gross revenue expenditure Section 31A(2)
 - (ii) an estimate of its anticipated income (excluding that from council tax) and of reserves to be used to aid the revenue account Section 31A(3)
 - (iii) a calculation of the difference between (i) and (ii) above, (i.e. the Council Tax requirement) Section 31A(4)
- 1.2 In its Section 31A(2) calculation the Council is required to allow for the following:

Section 31A(2)(a) - the estimated revenue account expenditure it will incur during the year in performing its functions.

Section 31A(2)(b) - an appropriate allowance for contingencies for the year, e.g. for unforeseen occurrences such as disasters, storm damage, higher than expected inflation etc.

Section 31A(2)(c) - any raising of financial reserves for future expenditure - examples of this include payments into a redemption fund, internal insurance etc.

Section 31A(2)(d) - any revenue account deficit for a previous financial year which has not yet been provided for.

Section 31A(2)(da) – any amount estimated to be transferred from the general fund to the collection fund in accordance with regulations by reference to sums received by the authority in respect of business rates.

Section 31A(2)(e) - any amount estimated to be transferred from the General Fund to the Collection Fund in accordance with Section 97(4) of the Local Government Finance Act 1988 - i.e. the Council's share of any collection fund deficit.

Section 31A(2)(f) - any amounts estimated to be transferred from the General Fund to the Collection Fund by direction of the Secretary of State under Section 98(5) of the Local Government Finance Act 1988 - including an estimate of the shortfall in the collection of Non-domestic Rates in excess of the allowance.

1.3. In its Section 31A(3) calculation the Council must calculate the aggregate of sums to be put against gross expenditure, namely:

Section 31A(3)(a) - estimated income from fees, charges, and government grants (including RSG) plus other sums payable into the general fund (but excluding council tax)

Section 31A(3)(aa) – Any amount estimated to be transferred from the collection fund to the general fund in accordance with regulations by reference to sums received by the authority in respect of business rates.

Section 31A(3)(b) - any amount estimated to be transferred from the Collection Fund to the General Fund in accordance with Section 97(3) of the Local Government Finance Act 1988 - i.e. the Council's share of any collection fund surplus;

Section 31A(3)(c) - sums to be transferred from the Collection Fund to the General Fund pursuant to a direction of the Secretary of State under Section 98(4) of the Local Government Finance Act 1988 - including allowances for costs of collection of business rates;

Section 31A(3)(d) - the amount of financial reserves/balances which the authority intends to use towards meeting its revenue expenditure

1.4 On the basis of current estimates, the calculations would be as follows:

	HRA £	Other £	Total £
Expenditure			
Section 31A (2)(a)	99,617,000	1,325,501,620	1,425,118,620

1.5 Council Tax Requirement under Section 31A(4) being the amount by which the aggregate under Section 31A(2) exceeds the aggregate under Section 31A(3) is £196,705,620.

2. CALCULATING THE BASIC AMOUNT OF COUNCIL TAX

- 2.1. Section 31B of the Local Government Finance Act 1992 requires the Council to calculate the basic amount of its Council Tax this is in effect the Council element of the Band D Council tax.
- 2.2 This calculated by applying the following formula: $R \div T$ Where:

R: is the Council Tax requirement, and T: is the approved Council Tax base

2.3 Calculating the Basic Amount of Council Tax

Council Tax Requirement £196,705,620

Divided by:

Council Tax Base 127,620.0

Band D Basic Amount of Council Tax is: £1,541.34

The status of the indicators will be included in Treasury Management reporting during 2022/23. They will also be included in the Council's Capital Budget monitoring reports during 2022/23.

Definitions and Purpose of the Treasury Management Indicators noted above (Indicators are as recommended by the CIPFA Prudential Code last revised in 2017)

Estimated Financing Costs to Net Revenue Stream

The authority will set for the forthcoming year and the following financial years an estimate of financing costs to net revenue stream. The indicator recognises that ultimately all debts of a local authority fall on the taxpayer, and that therefore when considering affordability, it is important to review the scale of financing costs to net revenue.

Estimated Capital Expenditure

The authority sets a capital budget for each financial year, which includes an estimate of the capital expenditure which might be incurred. The figures here also include changes to other long-term liabilities.

Estimates Capital Financing Requirement

The capital financing requirement reflects the authority's underlying need to finance capital expenditure and is based on all capital expenditure including that incurred in previous years.

Authorised Limit - external debt

The local authority will set for the forthcoming financial year and the following two financial years an authorised limit for its total external debt, excluding investments, separately identifying borrowing from other long-term liabilities. Other long-term liabilities include PFI's, service concessions and finance leases. Due to the introduction of IFRS16 (Leasing) on the 1st of April 2022, more of the Council's lessee leases will be classed as finance leases and will become other long-term liabilities, therefore the value will increase from previous years. Work is underway to

determine the value of this change in accounting standards, but £20.0m has been added to the indicator at this stage and will be reviewed once this work is complete. This prudential indicator is referred to as the Authorised Limit.

Operational Boundary - external debt

The local authority will also set for the forthcoming financial year and the following two

financial years an operational boundary for its total external debt, excluding investments, separately identifying borrowing from other long-term liabilities. This prudential indicator is referred to as the Operational Boundary.

Both the Authorised Limit and the Operational Boundary need to be consistent with the authority's plans for capital expenditure and financing; and with its treasury management policy statement and practices. The Operational Boundary should be based on the authority's estimate of most likely, i.e. prudent, but not worst-case scenario. Risk analysis and risk management strategies should be considered.

The Operational Boundary should equate to the maximum level of external debt projected by this estimate. Thus, the Operational Boundary links directly to the Authority's plans for capital expenditure; its estimates of capital financing requirement; and its estimate of cash flow requirements for the year for all purposes. The Operational Boundary is a key management tool for in-year monitoring.

It will probably not be significant if the Operational Boundary is breached temporarily on occasions due to variations in cash flow. However, a sustained or regular trend above the Operational Boundary would be significant and should lead to further investigation and action as appropriate. Thus, both the Operational Boundary and the Authorised Limit will be based on the authority's plans. The authority will need to assure itself that these plans are affordable and prudent. The Authorised Limit will in addition need to provide headroom over and above the Operational Boundary enough for example for unusual cash movements.

Estimated external debt

After the year end, the closing balance for actual gross borrowing plus (separately), other long-term liabilities are obtained directly from the local authority's Balance Sheet.

The prudential indicator for Estimated External Debt considers a single point in time and hence is only directly comparable to the Authorised Limit and Operational Boundary at that point in time. Actual external debt during the year can be compared.

Upper limit for total principal sums invested for over 364 days

The authority will set an upper limit for each forward financial year period for the maturing of investments made for a period longer than 364 days. This indicator is referred to as the prudential limit for Principal Sums Invested for periods longer than 364 days.

The purpose of this indicator is so the authority can contain its exposure to the possibility of loss that might arise as a result of it having to seek early repayment or redemption of principal sums invested.

Maturity structure of new borrowing

The authority will set for the forthcoming financial year both upper and lower limits with respect to the maturity structure of its borrowing. These indicators are referred to as the Upper and Lower limits respectively for the Maturity Structure of Borrowing.

Local Prudential Indicators

The Council has not yet introduced Local Prudential Indicators to reflect local circumstances but will review on a regular basis the need for these in the future.

Proposed budget amendments

Amendment (1): Proposed by Councillor M Dar, seconded by Councillor Battle.

Across Ancoats and Beswick residents raise the problem of commuter and visitor parking on a regular basis.

In Beswick following Eastlands development, Labour Councillors secured first the Etihad Parking Scheme and now the wider Eastlands Parking scheme. The Council will continue to ensure this is extended effectively.

The Council is proud of Ancoats and New Islington and the vibrant new communities that have been created, but too often residents are blighted by commuter parking. For example, many residents on roads such as Weybridge Road, Chippenham Road, Woodward Street and the surrounding area have raised regular problems with parking. The City Council should bring forward a local parking scheme in Ancoats that benefits residents and is funded from the proceeds of development in the area and complements the residents parking scheme in other parts of the ward. Work will begin to bring forward a formal consultation with residents early in the new financial year.

The proceeds from developer contributions are yet to be agreed, they are expected to be in the region of £4m which could be used in part to fund a residents parking scheme. The forecast impact on the reserves position should this amendment be supported is shown below. The revenue budget will be updated at the point the reserves are drawn down.

Amendment (2): Proposed by Councillor Good, seconded by Councillor Leech.

To allocate a budget of £1m to enable the Council to deliver additional local road safety and traffic calming schemes in areas of need; to be funded through a transfer from the Bus Lane Enforcement Reserve.

A budget of £960k to be allocated to enable the Council to continue the Parks in Partnership funding of £30k for each of the 32 wards of the city, for a further year, to be funded from the On-street Parking Reserve.

To allocate an additional £1m to the budget to improve basic services and

street cleaning, to bring it in line with the Council's proposed budget for 2023/24 and 2024/25, to be funded from the increase to the business rates reserve. All proposals in this amendment are one off spending commitments for 2022/2023.

The impact on the reserves position should this amendment be supported is shown Below. The revenue budget will be updated at the point the reserves are drawn down.

Council should note that reserves have been built up over time, are earmarked for specific purposes and are required to be maintained at a sustainable level. To that end they can only be used once. The Council uses its reserves to support the budget strategy with some reserves earmarked to smooth some of the impact of funding changes and to invest in delivery capacity. It is important that a robust position is held on reserves and these are replenished as part of the budget strategy.
