Background document (available for public inspection): None

1. Monitoring Previous Recommendations

This section of the report contains recommendations made by the Committee and responses to them indicating whether the recommendation will be implemented, and if it will be, how this will be done.

Date	Item	Recommendation	Response	Contact Officer
8 December 2021	HSC/21/52 Suicide Prevention Local Plan	The Committee recommend that consideration is given to Manchester contributing to the Greater Manchester pilot for the collection of key 'real time' data co-ordinated by the Greater Manchester Suicide Prevention lead.	<p>This recommendation has been accepted and is being progressed.</p> <p>Officers from the Public Health Team and the Greater Manchester Suicide Prevention Lead met with the Manchester Coroner's Office in March, following the Health Scrutiny recommendation to consider Manchester joining the GM pilot. The Manchester Coroner was supportive of this proposal.</p> <p>A notification form has been agreed and work is ongoing to finalise a memo of understanding between parties involved in the pilot. Inclusion in the pilot will aid identification of clusters as well as support joined up responses.</p>	David Regan

			<p>Manchester already has its own system with the Coroner's Office for receiving real time data on potential suicides and this continues while inclusion in the pilot is finalised. The Manchester Coroner also contributes weekly statistics to the GM lead to help to support the monitoring of trends.</p> <p>An update will be provided in future updates to committee.</p>	
8 December 2021	HSC/21/53 Our Manchester Carers Strategy Update	The Committee recommend that the Deputy Leader consider the options to maintain the Carers Emergency Fund.	Following the June meeting confirmation has been received that the Carers Emergency Fund has continued this Financial Year as recommended by Health Scrutiny Committee.	Zoe Robertson Head of Commissioning Adult Social Care

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **11 July 2022**, containing details of the decisions under the Committee's remit is included below. This is to keep members informed of what decisions are being taken and, where appropriate, include in the work programme of the Committee.

Decisions that were taken before the publication of this report are marked *

There are no Key Decisions currently listed within the remit of this Committee.

COVID-19 Data Update

- The Office for National Statistics (ONS) Infection Survey for the week ending 1 July 2022 (published on 8 July) showed that the percentage of people testing positive for COVID-19 continued to increase across the UK, caused by increases in infections compatible with Omicron variants BA.4 and BA.5.
- In England, the estimated number of people testing positive for Covid-19 was 2,145,000 equating to 3.95% of the population, or around 1 in 25 people. In the North West the percentage is slightly higher at 4.2%.
- In terms of hospital admissions, we are now seeing bed occupancy of people with Covid increase at a faster rate in July and this trend is expected to continue for the rest of the month

Monkeypox

The Director of Public Health continues to be notified about Monkeypox cases amongst Manchester residents and appropriate response measures are being implemented.
