1. Monitoring Previous Recommendations

This section of the report contains recommendations made by the Committee and responses to them indicating whether the recommendation will be implemented, and if it will be, how this will be done.

Date	Item	Recommendation	Action	Contact Officer
12 October 2022	HSC/22/40 Making Manchester Fairer: Tackling Health Inequalities in Manchester 2022-2027	The Committee recommend that the Executive Member for Healthy Manchester and Adult Social Care organise a coalition of voices event, hosted in Manchester by the Mayor of Greater Manchester to invite and challenge the Secretary of State for Health and Social Care on the issue of health inequalities.	The recommendation has been forwarded to Councillor T. Robinson, Executive Member for Healthy Manchester and Adult Social Care	Lee Walker Scrutiny Support Officer

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **31 October 2022**, containing details of the decisions under the Committee's remit is included below. This is to keep members informed of what decisions are being taken and, where appropriate, include in the work programme of the Committee.

Decisions that were taken before the publication of this report are marked *

There are no Key Decisions currently listed within the remit of this Committee.

Vaccination and COVID-19 Update

E-mail: d.regan@manchester.gov.uk

The latest data from the Coronavirus (COVID-19) Infection Survey shows that 3.21% of the population in England (or around 1 in 30 people) tested positive for COVID-19. This equates to around 1,748,400 people. In the 7 days ending 22 October, there were 259 newly confirmed cases of COVID-19 in Manchester residents - a rate of 46.6 cases per 100,000 population. This represents a reduction of 12.8% compared with the previous non-overlapping 7-day period (ending 15 October).

In the latest week (week ending 23 October 2022), the rate of hospital admissions for COVID-19-confirmed patients in England continued to decrease to 10.06 per 100,000 people. The intensive care unit (ICU) and high dependency unit (HDU) admission rate remained similar at 0.38 per 100,000 people. Overall hospital admissions of COVID-19-confirmed patients decreased in all English regions, with a slight decrease across Greater Manchester Hospitals.

- The Winter Vaccination Programme continues to be delivered with a focus on both flu and Covid. A Greater Manchester campaign using resources created by the Manchester City Council Communications Team was launched on Friday 21 October, using "characters" that are now appearing on billboards, social media and other channels to promote uptake. Good progress has been made with care home residents and staff and uptake of the autumn covid booster and annual flu jab by the over 65s is good, however, more targeted work with specific ethnic minority communities and pregnant women is required. In addition, and for flu only, a push to encourage parents and guardians to ensure their 2 to 3 year olds get the jab from primary care and older children to get the jab at school is underway.
