CC/22/75 The Lord Mayor's Announcements - death of former councillors

The Lord Mayor informed Council of the death of former Councillors: Ken Strath, Chris Morris and Colin Brierley.

Former Councillor Ken Strath had served as a councillor for Longsight Ward between 1982 – 1999 and had served as Chair of the Council for 1985-1986.

Former Councillor Chris Morris had served as a councillor for Whalley Range Ward between 1986-1994.

Former Councillor Colin Brierley had served as a councillor for Levenshulme Ward between 1971-1973 and Gorton North ward from 1973-1994.

In memory of the former councillors, the Lord Mayor invited those present to take part in a minute silence.

CC/22/76 The Lord Mayor's Announcements – Urgent Business

The Lord Mayor announced that she had agreed to the submission of the minutes of the Constitutional and Nomination Committee, held on 30 November 2022.

CC/22/77 The Lord Mayors Special Business – 2022 Our Year Presentation

The Lord Mayor invited representatives from St Wilfred's Primary School, Manchester Academy, Abraham Moss Academy and Manchester Youth Parliament to speak to the Council as part of the activities that have taken place throughout Manchester as part of 2022's Our Year.

Councillor Bridges (Executive Member for Early Years, Children and Young People) addressed the Council and introduced the presentation and summarised the reasons and preparations for the 2022 Our Year initiative and plans moving forward into the next year. A video was shown providing some of the highlights of the year.

The Leader of the Council responded and thanked those students who had taken part in the presentations and those in attendance and welcomed the views expressed and the important points raised.

(The Lord Mayor adjourned the meeting for five minutes)

CC/22/78 Minutes

The Minutes of the meeting held on 5 October 2022 were approved as a correct record and signed by the Lord Mayor.

CC/22/79 Notice of Motion - Support the Climate and Ecology Bill

Councillor Nunney proposed the motion, which was seconded by Councillor Johnson:-

This summer, the UK has witnessed the highest temperatures on record, nine regions of drought zones and the driest July since 1935. Alongside this, there is the looming danger of the cost-of-living crisis with energy prices rising fourfold and experts predicting that two-thirds of the UK population will be under threat of fuel poverty by January 2023.

Our over-reliance on fossil fuels and the need for a transition to renewable energy has never been so clear.

Humans have already caused irreversible climate change, the impacts of which are being felt in the UK and around the world. The global temperature has already increased by 1.2°C above pre-industrial levels, and the natural world has reached crisis point, with 28% of plants and animals threatened with extinction.

Council will be aware that the UN Environment report published last month, finds that there is currently no credible pathway to 1.5°C in place. In tandem with this there is a severe biodiversity crisis.

The UK is one of the most nature-depleted countries in the world. More than one in seven of our plants and animals face extinction, and more than 40% are in decline. If we fail to halt and reverse biodiversity loss by 2030, we increase the risk of further pandemics, rising global temperatures and loss of species. The UK needs a legally enforceable nature target so that, by 2030, nature is visibly and measurably on the path to recovery, in line with the Global Goal for Nature.

This council notes that:

There is a Bill that was introduced into the current UK Parliament in May 2022 - the Climate and Ecology Bill - which, if it becomes law, would require the development of

a strategy to ensure that the UK's environmental response is in line with the latest science.

The Bill is the only proposed legislation before the UK Parliament that ensures a comprehensive approach to the joint climate and nature emergency.

It would ensure that:

- the Paris Agreement aim is enshrined into law to ensure that the UK does its full and fair share to limit the global temperature rise to 1.5°C;
- we halt and reverse biodiversity loss by 2030 to ensure that the UK's ecosystems are protected and restored;
- the UK takes responsibility for its greenhouse gas footprint, including international aviation and shipping, and by accounting for consumption emissions related to the goods and services that are imported and consumed in the UK;
- the UK takes responsibility for its ecological footprint in order to better protect the health and resilience of ecosystems, including along domestic and global supply chains; and
- An independent, temporary Climate and Nature Assembly is set-up, representative of the UK population, to engage with the UK Parliament and UK Government to help develop the strategy. This would be setup on broadly similar lines to the Climate Assembly 2020 which was very successful and very well received on all sides of the political divide.

Over 130 MPs have publicly pledged their support for the Bill, including Greater Manchester MPs Debbie Abrahams, Rebecca Long Bailey, Tony Lloyd and Barbara Keeley. Over 200 councils have vouched their backing of the Bill together with two in Greater Manchester.

When Rishi Sunak was appointed Prime Minister, he made the disgraceful decision to shun COP27. It was only after intense pressure from politicians and activist groups that he finally gave in and turned up at the conference. This shows that with enough pressure from MPs and councils, even this Tory government can sometimes be shamed into doing the right thing.

Therefore, this council resolves to:-

- (1) Support the Climate and Ecology Bill;
- (2) Write to Manchester MPs Mike Kane, Afzal Khan, Lucy Powell, Jeff Smith and Graham Stringer, letting them know that this motion has been passed, and urging them to sign up to support the Bill; and
- (3) Write to Zero Hour, the organisers of the cross-party campaign for the Bill, expressing its support (joinus@ceebill.uk).

Councillor Johnson moved an amendment to the motion, which was seconded by Councillor Nunney and accepted by Councillor Nunney (proposer). In accordance with Rule of Procedure 20.3, the amendment was incorporated into the motion.

Councillor Rawlins moved an amendment to the motion, which was seconded by Councillor Shilton-Godwin and accepted by Councillor Nunney (proposer). In accordance with Rule of Procedure 20.3, the amendment was incorporated into the motion.

The amended motion was as follows:

This summer, the UK has witnessed the highest temperatures on record, nine regions of drought zones and the driest July since 1935. Alongside this, there is the looming danger of the cost-of-living crisis with energy prices rising fourfold and experts predicting that two-thirds of the UK population will be under threat of fuel poverty by January 2023.

- The Bill is the only proposed legislation before the UK Parliament that ensures a comprehensive approach to the joint climate and nature emergency.
- In 2009 Manchester launched its first collective citywide action plan 'Manchester: A Certain Future'
- Manchester City Council declared a Climate Emergency in July 2019, setting a science-based target for Manchester to be zero carbon by 2038 at the latest.

- In March 2020, the Council's Executive Committee approved the Council's five-year Climate Change Action Plan 2020-25, which aims to reduce the Council's direct emissions by 50% and in 2022 Manchester refreshed its Climate Change Framework.
- At COP26, Manchester City Council signed up to the Edinburgh Declaration on Biodiversity.
- Since COP26 in November 2021, the Council produced a Biodiversity Strategy for the city of Manchester, which highlights that "Manchester was the first city in England to sign the Edinburgh Declaration – a global pledge registering our concern about biodiversity loss and signalling our commitment to tackling the twin challenges of the biodiversity and climate crises." Further actions on biodiversity and the natural environment have been included within the refresh of the Council's Climate Change Action Plan 2020-25 (under Workstream 4 – Climate Adaptation, Carbon Storage & Carbon Sequestration), which was approved by Executive in September 2022.
- At the 2022 Local Government Chronicle awards we were Highly Commended for our Climate Change Action Plan, and Climate Change was cited in our Council of the Year Award.
- MCCs Council climate score card for 2021 achieved 87% scoring full marks for ecological emergency.
- The Our Rivers Our City Strategy was shortlisted as a finalist at the Landscape Institute Awards 2022

It would ensure that:

CC/22/80 Notice of Motion - Late night trams and a better service

Councillor Good proposed the motion, which was seconded by Councillor Johnson:-

This Council notes that since Covid shuttered the world, our city has bounced back in a big way. Gigs, restaurants, clubbing, and festivals have blossomed in the wake of the pandemic with millions flocking to Greater Manchester to pursue this entertainment.

If you are out working, or enjoying yourself late at night, residents face a curfew for the tram, expensive taxis, or a risky walk home in the dark.

Ella Watson, a local resident in London, successfully campaigned to get the night tube reinstated to increase women's safety in the city. The night tube is currently running on Friday and Saturday nights on the Central, Jubilee, Northern and Victoria

lines. When it's fully operational, the Night Tube runs on Fridays and Saturdays on the Victoria, Jubilee, and most of the Central, Northern and Piccadilly lines.

Since November 2021 the night tube continues to be successful and has surpassed fears that it would have limited customers. The service runs at an off peak cost. Concerns that there won't be enough passengers can be compared to the later running airport line which is much used as the "last tram" home for many. An expansion to service does not mean less use and many users use a day ticket which runs for the whole service. A late-night level of access to Greater Manchester's Tram services is the best transport option to ensure thousands of women across the region can get home safely in the evenings and at night.

Metrolink has seen a growth in levels of service users on the tram network. Millions enjoy and work as part of the City's famous and vibrant night-time economy. Let's provide a commuter service that extends beyond the 9 – 5 for our hospitality workers.

The population of Greater Manchester is projected to rapidly increase in the coming years as more and more people move to our city. We must have the responsibility and foresight to put into practice safe and accessible public transport. Salford City Council has passed a motion calling for a 3-month trial of a night tram on Eccles via Media City to Ashton-under-Lyne.

This Council resolves to:-

1. Congratulate Ella Watson on her work to restore the Night tube and help pursue safe late-night travel for people in Greater London.
2. Ask Transport for Greater Manchester to run a 3 month trial of the night tram on the Eccles via Media City to Ashton-under-Lyne service, and to monitor its success.
3. Ask the Mayor of Greater Manchester to support this trial.

Resolution

The motion was put to the Council and the Lord Mayor declared it lost.

CC/22/81 Notice of Motion – Call an immediate general election to end the chaos of the Conservative Government

Councillor Stogia proposed the motion, which was seconded by Councillor Ilyas:-

This Council notes that over the last 12 years the Conservative government has caused immeasurable damage to the residents of Manchester and the entire United Kingdom including:-

- The unprecedented Government public service cuts, increased costs from spiralling inflation, increased demand for services, higher energy costs have left our economy on its knees, and the vulnerable, most at need and hard-working residents, families and households shoulder the impact of funding shortfalls

- The housing crisis leaving millions forced to live in unsafe and uninhabitable properties as shocking conditions are being endured by households despairing at the lack of action, increasing mortgage and rental payments, while younger generations are unable to enter the housing market;
- The NHS struggling to cope with record demand and waiting times, social care services are stretched to the limit without a plan to put the health and social care system on a sustainable footing;
- The justice system in crisis with court backlogs reaching unprecedented levels, leaving victims, witnesses and defendants waiting years for justice, with rising crime and fewer police;
- The signature “levelling up agenda”, is just empty rhetoric as inequalities widen;
- The slow progress on developing long term regulatory strategies post- Brexit reducing the UK’s competitiveness, productivity and openness to trade with the world largest trading bloc and reduced British influence in the world;
- The misconduct in public office through a series of scandals including holding parties at 10 Downing Street during Covid lockdowns and the failure to deal with misconduct in ministerial office by senior Conservative MPs; and
- The mismanagement of the economy, real terms reductions in salaries, the devaluation of sterling.

This Council believes:-

- The economic, political and environmental permacrisis and state of flux indicate that despite the attempts of four prime ministers since 2016, a succession of chancellors, secretaries of state, and u-turns the government has run out of ideas, credibility, and confidence having spectacularly failed to deliver on its own promises;
- Despite the financial challenges over the last decade, Manchester Labour and our Council staff have worked tirelessly to challenge the government to provide a fairer funding settlement and ensure Manchester remains a great place to live, work and play, and remain ambitious for the future of the City;
- The Conservative government is implementing a programme far removed from the 2019 manifesto, written before the pandemic and current economic crisis
- The City has no confidence in the new UK Prime Minister and Government to act in the best interests of the citizens of Manchester and the UK; and
- Any “difficult decisions on the public finances” and further sacrifices by the British public should be subject to a new mandate that has gained public endorsement and constitutional recognition

This Council resolves to:-

1. Ask the Leader of the Council to write to the Chair of the LGA to request all local leaders who over the last 12 years have worked tirelessly for their places to impose maximum pressure on the government to call a general election.
2. Ask the Leader of the Council to write to Sir Keir Starmer, Leader of Her Majesty’s Official Opposition; Nicola Sturgeon, Scottish First Minister; Ian Blackford, Leader of the SNP at Westminster and Ed Davey, Leader of the Liberal Democrats urging them to support any motion tabled to stop this blatant abuse of power.

3. Ask the Leader of the Council to call on Councillors and MPs of all parties to put our country and our community first and demand an immediate general election so the public can decide on the future of Britain.

Councillor Johnson moved an amendment to the motion, which was seconded by Councillor Nunney and accepted by Councillor Stogia (proposer). In accordance with Rule of Procedure 20.3, the amendment was incorporated into the motion.

- The justice system in crisis with court backlogs reaching unprecedented levels, leaving victims, witnesses and defendants waiting years for justice, with rising crime and fewer police;
- The signature “levelling up agenda”, is just empty rhetoric as inequalities widen;
- Similarly, the government has veered away from taking the promised actions to protect and restore the natural environment and has taken decisions that severely jeopardise even the inadequate Net Zero-by-2050 target.
- The slow progress on developing long term regulatory strategies post- Brexit reducing the UK’s competitiveness, productivity and openness to trade with the world largest trading bloc and reduced British influence in the world;

- The misconduct in public office through a series of scandals including holding parties at 10 Downing Street during Covid lockdowns and the failure to deal with misconduct in ministerial office by senior Conservative MPs; and

 - The Conservative government is implementing a programme far removed from the 2019 manifesto, written before the pandemic and current economic crisis
1. Most gravely, this programme puts at risk progress towards mitigating the effects of the Climate Crisis and safeguarding biodiversity and as such runs counter to this Council's own urgent priorities in this regard;
- The City has no confidence in the new UK Prime Minister and Government to act in the best interests of the citizens of Manchester and the UK; and
