<i>Which of the licensing objectives are relevant to your comments on this application: :</i>	The prevention of public nuisance
<i>Please state your comments on this application :</i>	I think that this application should be rejected, because it will make the street more noisy from the customers leaving the premises which will be a nuisance to the residential area. they may not be able to control the customers. there is already trouble on Grandale Street which is shown in the way Police have asked for our CCTV footage of the road. currently they don't have a license but are still opening until late.
