## Our 2020/21 Narrative Report

### Introduction

Our Narrative Report aims to demonstrate a clear link between our resources, our strategy and our performance in a transparent and accessible way. It shows how we've helped deliver intended outcomes and created value throughout 2020/21, and how we are planning ahead to respond as effectively as possible to future challenges.

### Our thriving and vibrant city

The city's growing population was estimated to be just over 579,500 in 2020, and by 2026 Manchester is forecast to be home to over 636,000 people.<sup>1</sup> The city's growing economy has been crucial to its overall success and resilience. Manchester is the third most visited city in the UK and is renowned both nationally and internationally as a vibrant, inclusive and outward-looking city.

While the city has made great progress, there are significant challenges relating to areas of deprivation, health outcomes for residents, and those residents living in poverty.

We closely monitor the implications of government policy (in relation to COVID-19, and the introduction of Integrated Care Systems (ICSs) from April 2022 for example) so that we are well placed to anticipate and mitigate negative impacts and grasp opportunities.

We will continue to work together with other authorities in our [city region](#) and use our collective powers and budgets to make local decisions aligned to the needs of our communities, partners and stakeholders.

### Our Council

#### Our commitment to good governance

We make decisions affecting Manchester and its residents on a daily basis. We are made up of 96 councillors elected by residents across the city's 32 wards. These elected representatives have the authority to make decisions affecting the city. Approximately 7,200 Council staff deliver public services across five directorates: Adult Social Care (including Homelessness), Children's Services, Neighbourhoods, Growth and Development and the Corporate Core.

---

<sup>1</sup> Estimate based on in-house forecasting model (MCCFM) which accounts for residential building underway in 2020 and is dependent on strong recovery from impacts of COVID-19.

## Manchester City Council Annual Statement of Accounts 2020/21

We are responsible for conducting our business in accordance with the law and ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. We are committed to the highest standards of conduct, progressing towards the city's vision with robust controls over the use of resources, intelligent and open decision making, and accountability and transparency. We have set out our governance standards in our [Code of Corporate Governance](#) (The Code), which forms part of our Constitution. The Code explains how the vision and values of the organisation – the Our Manchester principles - are at the heart of the Council's approach to governance. Our [Annual Governance Statement](#) (AGS) reviews the extent to which we have met the Code's standards, and describes the progress made throughout the year in addressing our key governance challenges.

### Our strategy and objectives

Our mission is to support the delivery of the vision for the city set out in the [Our Manchester Strategy](#) that in 2025 Manchester will be in the top flight of world-class cities. This ambitious strategy was launched in 2016 and was developed through extensive consultation with local people, businesses and service providers and shows how the city came together to address its challenges and strive for a place in the top flight of world class cities.

A Strategy reset, overseen by the Our Manchester Forum, a partnership board of stakeholders from across the city, was completed in 2021 following extensive engagement across the city. The [Our Manchester Strategy – Forward to 2025](#), resets our priorities for the next five years to 2025, acknowledging - but looking beyond the current challenges. The reset maintained our overarching principles of equality, inclusivity and sustainability, building on them to establish the refreshed vision for achieving the city's 2025 aims.

To progress towards the vision described in the Strategy, and to meet the city's challenges, we are continuing to embed the Our Manchester approach. This is a radically transformed way of working so that public services are focused around people and communities rather than organisational silos. We are working with partners such as health, education and housing providers, the police, the voluntary sector and communities in new innovative ways that target the specific challenges we have in Manchester and make Manchester the best it can possibly be.

The Council's Corporate Plan ([Our Plan](#)), set out on the next page, has nine priorities for delivering the Our Manchester Strategy for the city. Our Plan was refreshed in February 2021, in light of the events of 2020, to reflect the importance of delivering on our equality, diversity and inclusion commitments. Our Plan's priorities are aligned to the strategy for the city and the city region and they inform the Council Business Plan and Budget Report. [Our Revenue Budget Strategy](#) and [Capital Budget Strategy](#) are aligned to the Our Manchester Strategy and what Manchester people value most.

## Manchester City Council Annual Statement of Accounts 2020/21

Our work towards each priority is underpinned by city-wide leadership which aims to reduce inequalities and promote inclusion and diversity. We pursue our priorities by applying the Our Manchester principles in all that we do, from our Business and Budget planning through our service and team planning, to the 1:1 About You sessions managers have with staff which complete the golden thread (represented in the image). These principles are 'listening', 'recognising strengths of individuals and communities', 'working together' and 'better lives. The [Our People Strategy](#) will be refreshed later this year to align to the Our Manchester Strategy Reset, the Organisations Development Plan (currently in development), and how we need to work in the future.

**Our Manchester**

**Our Corporate Plan sets out how we will help make the Our Manchester vision for 2025 a reality.**

The vision is for Manchester to secure its position in the top-flight of world-class cities by 2025.

We all need to think about the part we play in making Manchester a city that is:

- Thriving
- Full of talent
- Fair
- A great place to live
- Connected – with technology and transport.

We can only achieve our vision and ambitions if everyone works together.

# Our Corporate Plan for 2021–22

## Our priorities

Our nine Corporate Priorities reflect what we – as a council – need to do and focus on. We must all keep equality, inclusion and diversity at the heart of everything we do. No matter what job you do, you will make a difference to the lives of Manchester people.

### 1. Zero-carbon Manchester

We must transform Manchester into a zero-carbon city by 2038 by halving our own direct CO<sub>2</sub> by 2025, reducing citywide CO<sub>2</sub>, and improving air quality.

### 2. Growth that benefits everyone

We will boost productivity in the city to reduce poverty and create an economy that is inclusive and benefits everyone.

### 3. Young people

We will support Manchester's young people to be safe, happy, healthy and successful, and help them to fulfil their potential by giving them the best start in life, with access to good schools, play, leisure and culture.

### 4. Healthy cared-for people

We will work with partners to ensure our residents are healthy and well, and we will support whoever needs it most to improve their lives – including reducing homelessness and creating better outcomes for homeless people.

### 5. Housing

We will deliver the right mix of housing so that Mancunians have a choice of good-quality homes that are safe, secure and affordable.

### 6. Neighbourhoods

We will work with communities to create clean, vibrant and diverse neighbourhoods that everyone can be proud of, and make sure that we deliver services closer to residents.

### 7. Connections

We will connect people and places with good roads, greener transport and better technology, and boost sustainable transport by increasing walking and cycling routes.

### 8. Equality

We will deliver on our equality, diversity and inclusion commitments, creating a progressive city that allows our residents and partners to understand our diverse communities, improving their life chances and celebrating diversity.

### 9. Well-managed council

We will support our colleagues to be their best and we will make the most of our resources.

## Our Manchester behaviours

Our behaviours demonstrate our values and principles. By putting them into action and working in new ways we will create the future Manchester we're all striving for.

- We are proud and passionate about Manchester.
- We take time to listen and understand.
- We 'own it' and aren't afraid to try new things.
- We work together and trust each other.

To deliver Our Corporate Plan we all need to do our bit. We should use it to shape service and team plans, and as part of About You conversations.

**Our Manchester – it's the way we do things, not just a thing we do.**

## Our recovery from COVID-19

The COVID-19 pandemic has had a significant impact on the Council and the city. COVID-19 has exacerbated existing inequalities, which is reflected in the virus' infection and mortality rates. Mortality rates from COVID-19 in the most deprived areas were more than double those in the least deprived areas. One in five deaths involving COVID-19 in Manchester have occurred in care homes. The City's Black, Asian and Minority Ethnic communities make up circa 37% of the population<sup>2</sup>, but account for almost 60% of confirmed COVID cases. In the first wave, the COVID mortality rate in these communities was three times that of the City's White British population; in the second wave, the mortality rate reduced for most ethnicities but increased for the Bangladeshi and Pakistani population. Similarly, disabled people account for approximately 17% of the City's population, but for almost 60% of COVID deaths. People with a learning disability are up to six times more likely to die of COVID-19 than those without. These patterns of disproportionately adverse impact are reflected across numerous at-risk groups.

The impacts of the pandemic have increased the scale of the already significant challenge of residents experiencing digital exclusion. Too many residents were left unable to access essential online services such as protected online shopping slots and medical records. Others were left feeling socially isolated because they were unable to benefit from technology to keep in touch with family and friends. Digital exclusion exists where a person lacks one or more of the following: access to the Internet, skills and confidence to use the Internet or motivation to go online. In line with national trends, the Council has identified that those people who are over 65, are disabled, have low incomes, or whose first language is not English are more likely to be digitally excluded. The Council has supported digital inclusion for over 20 years now with libraries being a key venue for this. To help address the challenge of access to digital, the Council has developed various workstreams that now form the Digital Inclusion Action Plan. Since May 2020, the Manchester Digital Device Scheme has gifted 1,140 devices to residents most in need and Digital Inclusion Volunteers have supported 835 to use technological equipment which they had access to. The Council has invested in supporting third sector organisations to scale up and sustain their hyper local digital inclusion activity. For example, coordinating a Digital Inclusion Working Group has enabled the funding of projects delivered through community organisations which have targeted those people most at risk of digital exclusion. A key part of the Manchester Digital Strategy is investing in the city's digital infrastructure including full fibre connections and 5G.

Whilst a balanced budget for 2021/22 is expected to be achieved, the financial position is challenging with significant budget gaps remaining for 2022/23 and 2023/24 and beyond. It is clear that the pandemic will have a significant impact on the Council's resources, in terms of both increased expenditure and significantly reduced income for at least the next two to three years. Fundamentally, the

---

<sup>2</sup> 2019/20 Annual Population Survey, ONS

## Manchester City Council Annual Statement of Accounts 2020/21

government has not provided any support for the loss of dividend income that we would achieve through our economic strategy for Manchester, and this is a key factor in the requirement to make over £40m of cuts in 2021/22 and the ongoing budget gap. The likely reduction in reserves is also a cause for concern. Despite the pressures being faced the Council remains determined to deliver the agreed priorities for Manchester. The budget is not just about how to manage within available resources but also on where funding should be invested to deliver on resident priorities and working with partners to jointly develop new ways of delivering services such as prevention and early help, giving families strengths and self-reliance so they will benefit from greater self-determination and improved life chances - and in so doing reducing the need for more costly support in the future. The difficult balance must be maintained between protecting investment to generate growth (and grow the revenues available to the Council), provide high quality universal services, and to protect the most vulnerable.

### [12-point COVID-19 action plan](#)

Manchester's [12-point COVID-19 action plan](#) aligns with the national and Greater Manchester approach and it covers:

1. Ensure that strategic and operational decisions in respect of COVID-19 are informed consistently by high quality data and intelligence.
2. Increase access to and uptake of testing.
3. Increase capacity to respond to local outbreaks including infection control, contact tracing, environmental health and non-specialist support.
4. Develop and implement community engagement plans for targeted work in specific areas and with specific groups.
5. Reinforce basic public health messages and amplify key communication messages in relation to the restrictions.
6. Work with and support the hospitality sector in responding to changing guidance and regulations when they are agreed.
7. Continue to support residents and patients who are vulnerable and ensure health equity issues are addressed.
8. Provide advice to organisers of events.
9. Work collaboratively with Early Years settings, Schools and Colleges to ensure these settings remain open.
10. Work collaboratively with Universities on COVID secure arrangements for both on and off campus activities with a focus on outbreak management.
11. Build on the learning from the first wave to inform the Winter/Spring planning for support to Care Homes
12. Consider the suite of contain measures that have been developed for Greater Manchester to inform the Manchester Local Escalation Plan

## Tackling climate change and generating Social Value

The Council declared a Climate Emergency in July 2019 which recognised the need for the Council, and the city as a whole, to do more to reduce CO2 emissions and mitigate the negative impacts of climate change. It also demonstrated the Council's commitment to be at the forefront of the global response to climate change and to lead by example. The Council had already adopted a science-based carbon budget for Manchester of 15 million tonnes of CO2 between 2018 and 2100 following analysis by the Tyndall Centre for Climate Change Research. This also committed the city to become zero carbon by 2038 at the latest.

The [Council's Climate Change Action Plan 2020-25](#) was developed to ensure that all aspects of the Climate Emergency Declaration were converted into clear actions with tonnes of CO2 savings included where applicable. The Plan builds on over a decade of previous activity which has seen the Council's direct CO2 emissions reduce by 54.7% between 2009/10 and 2019/20. It sets an ambition for the Council to reduce its direct CO2 emissions by 50% between 2020 and 2025 based on a 13% year on year reduction trajectory. The Plan also recognises the Council's unique leadership role in supporting and influencing the city to reduce its emissions and in ensuring that the city's residents are protected from the impacts of climate change. The actions in the plan are under five themes:

- Buildings and energy;
- Transport and travel;
- Reducing consumption-based emissions and influencing suppliers;
- Climate adaptation, carbon storage and carbon sequestration;
- Influencing behaviour and being a catalyst for change.

Since declaring a Climate Emergency, the Council has set about transforming the way it works to ensure that climate change is at the heart of the organisation and our work with partners, residents and with our young people. Our Corporate Plan priorities have been refreshed for 2021/22 and reflect the city's zero carbon ambitions, with the inclusion of the 'Zero Carbon Manchester' priority. As the Climate Change Action Plan is delivered, [quarterly progress reports](#) are available which highlight key achievements and statistics. Recent achievements include:

- £19.1m secured from the Public Sector Decarbonisation Scheme (PSDS) to support heat decarbonisation, energy efficiency and renewable energy generation in 11 Council buildings
- Carbon Literacy 'Silver' status awarded to the Council by the Carbon Literacy Project

## Manchester City Council Annual Statement of Accounts 2020/21

- The 'sponge park' in West Gorton was tested by Storm Christoph and its nature-based flood alleviation measures proved effective at diverting excess rainwater into its swales
- Streetlight replacement is now complete with 56,000 LEDs installed

The Council has a long history of promoting social value in Manchester through its procurement, its wider influence with external organisations and through its own operations. Social value outcomes can be economic, social and environmental in nature. Since 2015, the Council has applied a minimum 20% weighting to social value when evaluating tenders for Council contracts. At the time this was, and remains to our knowledge, the highest weighting for social value in the country.

The Council is signed up to UNISON's Ethical Care Charter which includes a commitment to pay workers in the Care Sector the 'real' Living Wage, and in 2020 the Council became accredited as a Living Wage Foundation living wage employer. The Council has also signed up to the following initiatives, and encourages suppliers and partners to similarly support:

- Care Leavers Covenant
- Armed Forces Covenant
- Unite Construction Charter
- Unite Charter for Ethical Employment Standards in the Voluntary and Community Sector

The Council requires that all its suppliers, service providers, contractors and their suppliers and subcontractors adhere to the [Ethical Procurement Policy](#).

The Council has engaged the Centre for Local Economic Strategies (CLES) for over 10 years to carry out an independent evaluation of the local economic impact of the Council's spend. Key figures from 2019/20 (released March 2021) include:

- £511m spent by the Council with its top 300 suppliers
- £353m spent with Manchester based organisations, which is 69.2% of the total spend with the top 300 suppliers, up from 51.5% in 2008/9
- 62.9% procurement spend with SMEs (increased from 46.6% in 2014/15)
- 2,251 jobs in Manchester estimated to have been created by suppliers to the Council
- 576 apprenticeships estimated to have been created by suppliers to the Council

The Council is also committed to improving our practices to prevent slavery and human trafficking and understands its responsibilities to residents, service users, employees and the local community in relation to this. More information on policies which are in place to ensure that these commitments are met can be found in the [Slavery and Human Trafficking Statement](#).

## Residents and communities

The city's residents came together in response to the COVID-19 pandemic with the pride and spirit that is typical of Manchester, rooted in the strengths of their communities. Neighbourhood led approaches have been led by people who have strong local relationships and know their areas well. Working with neighbourhoods in this joined up way has reduced duplication, supported the development of local solutions to local problems and connected residents to local assets. Capitalising and building on the strengths of residents and communities is a key part of both our recovery plans and the re-set of the Our Manchester Strategy.

The Council and its partners have provided support to our residents, including those at greater risk and further disadvantaged by COVID-19 through the recovery period. The interventions and support required will be different for different communities and different sectors within communities. Work has included:

- The Covid response hub, set up to provide support to residents, focusing on five key areas: food, medicines, support for isolation, fuel and help getting online.
- Council Food Response Team, set up during the initial Covid lockdown to ensure that vulnerable residents affected could access a food offer.
- Domestic Violence and Abuse - Council colleagues in Community Safety and Commissioning continue to liaise closely with our in-house and commissioned service providers, as we move out of restrictions in order that any potential demand and capacity issues can be identified early and acted upon.
- Poverty and Welfare Provision including Welfare Provision Scheme, Discretionary Housing Payments (DHP) and Council Tax Support Hardship Fund and Test and Trace Support Payments.

To best understand what might be needed within different neighbourhoods whilst considering their unique strengths and assets, various public services and community organisations work together as a 'Team Around the Neighbourhood'. The team includes representatives from the Council's Neighbourhoods Service, Work and Skills Service, Community Safety Service, and Early Help and Early Years teams as well as representatives from Housing Providers, Greater Manchester Police and the Manchester Local Care Organisation. The team is connected to a wider team which includes representatives from the Voluntary and Community Sector Enterprise (VCSE), Adult Social Care, General Practitioners, health and mental health services. This joined up approach at the heart

of each specific neighbourhood reduces duplication and provides the right services, at the right time and in the right way. Teams around the Neighbourhood continue to support engagement activity, particularly in respect of vaccination roll out in areas where coverage is less than the city average.

Our work includes a focus on equality, diversity and inclusion, hardship funds and other discretionary spend, youth services and support for children and young people, domestic violence and abuse, homelessness, digital exclusion, and the Voluntary Community and Social Enterprise (VCSE) and Faith sector.

Health and Social Care - Health and Social Care leaders are developing a refreshed Locality Plan for the city building on the unique experiences of the pandemic and seizing the opportunities of changes being made in the response phase. The Health and Wellbeing recovery workstream has developed a framework that covers:

- Resuming services and working through backlog of health and social care that residents need
- Addressing the physical and mental health impacts on the population of Manchester
- The contribution of health and social care to the wider city recovery

### Future Shape of the Council

Our response to COVID-19 has been a catalyst for change in terms of our workforce and has allowed us to reimagine what it will look like in the coming months and years. There is a programme of transformation work underway which will transform how our workforce are supported to excel and be well, ensuring they have the right tools, tech and skills to do their job well, our workspaces will be transformed and become hives of collaboration in the heart of our communities and a large proportion of our staff will be working in a hybrid way, across our worksites and at times at home, trusted to work where they will be most efficient. We are committed to continuing to embed the Our Manchester (OM) approach throughout the Council, Our Ways of Working will support staff to work even more flexibly across different locations and services as we move into our 'new normal'

Future Shape of the Council is a whole-Council organisational change programme that will change what we do and how we work over the next two years. This is important given the level and complexity of change and challenge we face in Manchester including ongoing response to COVID, the city's recovery, inclusion and equalities, deprivation and poverty, climate change, Brexit, the need to improve outcomes for all our residents, and significant financial uncertainty. The objectives of the programme are to:

- Make the Council a more desirable place to work with an emphasis on an inclusive culture and modern ways of working.
- Improved and consistent quality services for the residents of Manchester.

## Manchester City Council Annual Statement of Accounts 2020/21

- Improved organisational resilience, making best use of capacity and resources to mitigate future demand and maintain focus on delivering vital services for residents.
- Strengthened ability to deliver against the Our Manchester Strategy and the Council's Corporate Plan.
- Provide a framework for future budget planning.

Initially the work will focus on the following workstreams, reflecting the major changes that will need to be delivered:

- A digitally integrated Council - includes expanding the Council's current digital offer, modernising how the Customer Service Centre operates and replacing the Customer Relationship Management (CRM) system with a holistic digital platform and addressing digital exclusion
- A more purposeful and effective Corporate Core - a review of the Corporate Core and its relationships with other areas within the Council
- Embedding Place Based working across the Council - to ensure services are designed to meet the needs of each of our neighbourhoods and increase the number of preventative measures in place (including greater use of other community assets that are closer to residents and ensuring a place-based approach to decision making)
- A new model for Housing - create a new housing operations service as a result of Northwards Housing being brought back in house to drive better outcomes for residents by providing these in conjunction with other services including employment and social care services
- Joined up Health and Social Care - focusses on how the Council supports the supercharging of the Manchester Local Care Organisation (MLCO)<sup>3</sup> and the future of Health and Social care Integration.

### Economic Recovery

Manchester is a city with a long and proud tradition of triumphing over adversity to meet the challenges ahead. Manchester has achieved this by developing a unique set of mature cross-sector partnerships to create a shared vision for the future, and deliver pragmatic and innovative solutions to our problems. Manchester's Economic Recovery and Investment Plan, published in November 2020, has been produced by the Council in partnership with the private sector and other stakeholders, and complements the Greater Manchester Combined Authority and Greater Manchester Local Enterprise Partnership city region proposals. It sets out

---

<sup>3</sup> Estimate based on in-house forecasting model (MCCFM) which accounts for residential building underway in 2020 and is dependent on strong recovery from impacts of COVID-19.

## Manchester City Council Annual Statement of Accounts 2020/21

what Manchester is doing to respond to the COVID-19 pandemic and reinvigorate its economy, with plans to protect and create jobs, and support new business opportunities in the city's economy.

As identified in the Our Manchester Strategy and the Our Manchester Industrial Strategy, the city continues to look forwards, building on the historic developments and assets delivered in previous decades, delivering a more inclusive economy, supporting the foundational economy, and achieving the ambition to be zero carbon by 2038, at the very latest. The Plan has reinforced the three-pillar approach based on:

- People - Equip residents and workers with the qualifications and softer skills that will enable them to access more opportunities.
- Place - Ensure sustainable growth is achieved in key assets, including the city centre and around the Airport. Create the conditions that will deliver a more inclusive, zero-carbon economy by investing in transport infrastructure, digital infrastructure and the environment.
- Prosperity - Create higher-quality job opportunities, including better pay, improved working conditions and flexibility, particularly within the foundational economy.

The Plan has two main elements: early actions to cushion the immediate impact of the COVID-19 pandemic downturn on Manchester people and businesses, and a ready-made, long-term investment programme in key sectors to help power the recovery by creating new jobs at all levels and acting as a catalyst to further investment. In particular, four strategic areas of investment can drive this growth:

- Innovation - Manchester has the potential to leverage GM's science, research, innovation and teaching-asset base to create new large-scale clusters of high-value economic activities to drive regional growth and create a more productive, more R&D-intensive economy.
- Manchester city centre Urban Realm - where investment in public space and mobility will accelerate new development and redevelopment proposals.
- Zero-carbon (including housing retrofit) - a phase one set of innovative retrofit measures for residential properties that are scalable alongside existing investment plans, with solutions developed for a range of property types. Work will transition properties away from a reliance on gas heating, achieved through fabric retrofit and renewable technologies. This is the first phase of a 15 to 20-year programme.

## Manchester City Council Annual Statement of Accounts 2020/21

- North Manchester - an innovative healthcare and residential-led approach to civic regeneration that sets out a radical approach for transforming the delivery of health and care services. A new general hospital anchoring a health campus and the Victoria North investment in housing provides £2billion of investment in the north of the city.

## Our Funding and Spending 2020/21

The tables show how our gross revenue and gross capital spending programmes were funded and where we targeted our revenue spend and capital investments throughout 2020/21 to help support the people of Manchester to achieve and enjoy a better quality of life.

### Revenue funding and spending 2020/21

Revenue spending relates to the day-to-day running costs required for the Council's operations such as staffing and utilities costs.

	2020/21 £m
<b>Expenditure</b>	
Employee Benefit Expenses	541.6
Other Service Expenses	898.9
Business Rates Tariff	39.5
Capital Charges including Depreciation and impairment	157.2
Interest Payments	34.7
Pensions Interest Costs	80.9
Precepts and Levies	69.2
Payments to Housing Capital Receipts Pool	2.6
<b>Total Expenditure</b>	<b>1,824.6</b>
<b>Income</b>	
Fees, Charges and Other Service Income	(228.8)
Interest and Investment Income	(35.1)
Return on Pension Assets	(64.2)
Capital Charges related income	(52.7)
Income from Council Tax	(172.5)
Business Rates Income	(161.5)
Government Grants and Contributions	(1,133.6)
Gain on Disposal of Fixed Assets	(10.5)
<b>Total Income</b>	<b>(1,858.9)</b>
<b>(Surplus) on the Provision of Services</b>	<b>(34.3)</b>

## Manchester City Council Annual Statement of Accounts 2020/21

### Capital funding and Spending 2020/21

Capital expenditure relates to spending on the purchase or improvement of assets that have a long-term value to the Council and residents, such as land and buildings.

The total value of capital funding in 2020/21 was £335.7m and this was used for the following capital expenditure:

Capital Funding and Spending	2020 / 21 £m
Capital Funding	
Government Grants	63.3
External Contributions	35.5
Revenue Contributions by the Council	18.8
Borrowing	180.8
Capital Receipts	21.4
Housing Revenue Account – Major Repairs Reserve	15.9
<b>Total Resources Available</b>	<b>335.7</b>
Capital Spending	
Children’s Services	32.1
Corporate Services	114.8
Neighbourhoods Directorate	4.9
Growth and Development	72.0
ICT	3.5
Town Hall refurbishment	30.0
Housing – Housing Revenue Account	17.6
Housing – Private Sector	14.6
Highways	46.2
<b>Total Capital Spending</b>	<b>335.7</b>

## Our Performance

The performance of the Council and its partners against the goals of the city's Our Manchester Strategy is reported in detail each year in the [State of the city Report](#) and this analysis will consider the impacts that the COVID-19 pandemic has had on key performance metrics. However, a high-level view of delivery of the **shorter-term Council priorities** outlined in Our Corporate Plan is summarised below. Many key performance metrics have been impacted by COVID-19 and in instances where this impact has been very significant it is not appropriate to compare to the results of the previous year. The Council's key performance report (the State of the city Report) should be referred to for the comprehensive performance narrative.

### Zero Carbon Manchester

- Total provisional estimated Council emissions<sup>4</sup> in 2020/21 (25,429 tonnes CO<sub>2</sub>) were 18% below the annual budget for 2020/21 (31,080 tonnes CO<sub>2</sub>). Total Council emissions in 2019/20 (32,284 tonnes CO<sub>2</sub>) were 10% below the annual budget for 2019/20 (35,724 tonnes CO<sub>2</sub>)<sup>5</sup>. Source: MCC

### Growth that Benefits Everyone

- The percentage of the city's 50-64 year olds claiming out of work benefits in November 2020 was 30.7%, which was an undesirable increase from that of November 2019 (26.0%). Source: DWP.
- The percentage of the Council's procurement spend which was spent with local suppliers in 2019/20 was 69.2%, which was broadly comparable with that of 2018/19 (69.9%). Source: CLES.
- The numbers of enrolments on foundation courses including Literacy/Numeracy/ESOL in the period August 2019 to July 2020 was 2,861, which was a small undesirable decrease from the 3,026 seen in the period August 2018 to July 2019. Source: MCC (Enrolments were notably affected by COVID-19)
- There were 15 planning applications processed by the Council with fees of £50,000 and above in 2020/21, which was the same as that seen in 2019/20. Source: MCC

### Young People

- The percentage of the city's primary schools rated good or outstanding in 2020/21 was 92.5%, which was an undesirable small decrease from that of 2019/20 (93.3%). Source: Ofsted. (There are 135 primary schools, including academies and independents. NB: COVID-19 has impacted on inspections, staff availability and has disrupted children's learning experience.)
- The percentage of the city's secondary schools rated good or outstanding in 2020/21 was 69.2%, which was an undesirable decrease from that of 2019/20 (73.1%). Source: Ofsted. (There are 29 secondary schools, including academies and independents)

---

<sup>4</sup> Council emissions are associated with the Council's buildings, streetlights, waste collection, staff travel and operational fleet.

<sup>5</sup> 2019/20 emissions and annual budget exclude traffic signalling for comparative purposes, these emissions are included by TfGM in their emissions accounting.

## Manchester City Council Annual Statement of Accounts 2020/21

- The number of Looked After Children in Manchester in 2020/21 was 1,371 (a rate of 110.7 per 10,000 children), which was a desirable decrease from that of 2019/20 (1,431 Looked After Children, a rate of 117 per 10,000 children). Source: MCC.
- The provisional number of Children In Need in Manchester in 2020/21 was 5,357 (a rate of 436 per 10,000 children), which was broadly similar to that reported for 2019/20 (5,370 Children In Need, a rate of 440 per 10,000 children). Source: MCC.

### Healthy, cared-for people

- The number of carers receiving carers specific services (per 10,000 population) in 2020/21 was 41.26, which was an undesirable increase from that of 2019/20 (29.51). Source: NHS Digital.
- The proportion of directly provided services which have been rated "Good" or "Outstanding" by CQC in 2020/21 was 92%, which was a desirable increase from that of 2019/20 (82%). Source: CQC.
- The number of emergency hospital admissions for Manchester in 2020/21 per 1,000 population was 81, which was a decrease from the 136 recorded for 2019/20. Source: Healthcare Evaluation Data (HED)/NHS
- 20% of households moved to settled accommodation provided by registered providers in 2020/21, which was a very slight decrease from 2019/20 (21%). Source: MCC.
- The number of households moved to settled accommodation in the private sector in 2020/21 was 523, which was a desirable increase from that of 2019/20 (408). Source: MCC.
- The number of households prevented from becoming homeless via supporting them to stay in existing or alternative accommodation in 2020/21 was 789, which was an undesirable decrease from that of 2019/20 (1,178). Source: MCC.
- The number of households presented as homeless or threatened with homelessness and were owed a duty in 2020/21 was 5,787, which was an undesirable increase from that of 2019/20 (5,200). Source: MCC.

### Housing

- The number of new homes completed in Manchester in 2020/21, which were defined as affordable by the government was 461, a desirable increase of 5.2% from that of 2019/20 (437). Source: MCC.
- The number of new builds which became available for buying or renting in Manchester in 2020/21 was 4,260, which was a desirable small increase of 1.9% from that of 2019/20 (4,180). Source: MCC.

### Neighbourhoods

- The percentage of household waste recycled in 2019/20 was 40.4%, which was a small desirable increase from that of 2018/19 (40.1%). Source: DEFRA.
- 13,658 tonnes of waste from street cleansing was collected in 2020/21, which was an increase on the 13,347 tonnes collected in 2019/20. Source: Weighbridge data - Viridor/Suez and Redgate Holdings
- In 2020/21 the total number of recorded visits to Manchester's libraries, galleries and sports and leisure facilities was 725,593, down 90%. Comparisons to the previous year are not appropriate due to the impact of COVID-19. Source: MCC

### Connections

- The total amount of resurfacing work delivered in 2020/21 in m<sup>2</sup> (excluding footways) was 773,362m<sup>2</sup>, which was a desirable increase from that of 2019/20 (538,760m<sup>2</sup>). Source: MCC.
- The percentage of journeys into Manchester city centre by bicycle in 2020/21 was 2.2%, which was very similar to that of 2019/20 (2.3%). Source: TfGM
- The percentage of road network (excl. footways) rated as in poor condition in 2020 was 17.7%, which was a desirable decrease from that of 2019 (19.98%). Source: MCC via GAIST.
- The percentage of residents with access to high-speed broadband (>30Mbits/s) in 2020 was 95%, which was a desirable small increase from that of 2019 (94.2%). Source: Ofcom.

### Equality

We've been rated as 'excellent' under the [Equality Framework for Local Government](#) (EFLG). This accreditation, for the period June 2018 – 2021, indicates the delivery of excellence in the areas of: knowing our communities, leadership, partnership and organisational commitment, involving our communities, responsive services and customer care, and

skilled and committed workforce. We remain committed to measuring our equalities performance in these areas to maintain and build on the high standards that we have set ourselves. We produce an annual report on the equality profile of our workforce, which helps us identify trends and hotspots so we can keep progressing equality within the workforce and in turn, for Our Manchester. [The Workforce Equality Report](#) is available for download.

### Well-managed Council

- The percentage of annual due Council Tax collected in 2020/21 was 90.15%, which was an undesirable decrease from that of 2019/20 (92.73%). Source: MCC.
- The percentage of annual due Business Rates collected in 2020/21 was 87.91%, which was an undesirable decrease from that of 2019/20 (97.58%). Source: MCC.
- The number of Stage 1 and 2 corporate complaints responded to within 10 working days in 2020/21 was 60.5%, which was an undesirable decrease from that of 2019/20 (75.9%). Source: MCC

## Our Financial Performance 2020/21

### Revenue budget 20/21

The Budget and Council Tax for 2020/21 were approved at the Council meeting on 6 March 2020, with a total net budget for Council services of £666m and a gross budget of £1,462m. This reflected an increase in Council Tax for district purposes of 3.99%, including a 2% Adult Care precept. In setting the revenue budget the Chief Finance Officer also has the responsibility to report formally on the robustness of the budget and the adequacy of general balances and reserves. These balances need to reflect spending requirements, and risks to which the Council might be exposed. Budget Council considered and approved a report on 6 March 2020 recommending that General Balances for 2020/21 should be set at £21m.

Our 2020/21 budget is summarised in the table. There are three columns as follows:

- The Gross Budget of £1.462m as approved by Council - which includes all our spend including that which we pay out on benefits, passport to schools and social care costs funded directly by residents.
- Our original net budget of £666m which includes costs funded from the main funding available to the Council, Business Rates, Council Tax, Government Grants, dividends and reserves.
- Our revised net budget of £871m at Outturn, this includes COVID-19 funding and other changes approved by Executive in year.

	Original Gross Budget 2020 / 21 £m	Original Net Budget 2020 / 21 £m	Revised Net Budget 2020 / 21 £m
<b>Resources Available</b>

### Revenue position 2020/21

This section provides a high-level analysis of our financial performance within 2020/21 and complements the more detailed financial statements published within the accounts. It shows how our position at the end of the financial year relates to our budget and the key variances. Our net revenue budget is the total amount of corporate resources available to us. It is mainly funded from retained business rates, council tax receipts, government grants, dividends and use of reserves. The table shows our year-end position (spend) compared to this budget. The variance is broken down over COVID-19 related pressures and other variances.

Manchester City Council Annual Statement of Accounts 2020/21

	Revised Budget £m	Outturn £m	Total Variance £m
Total Available Resources	(871.1)	(859.5)	11.6
Total Corporate Budgets	257.4	253.6	(3.8)
Children's Services	135.7	133.9	(1.8)
Adult Social Care	235.2	239.3	4.1
Homelessness	17.8	25.2	7.4
Corporate Core	97.5	101.8	4.2
Neighbourhoods	114.7	127.9	13.2
Growth and Development	12.8	16.0	3.1
Total Directorate Budgets	614.0	644.0	30.3
Total Use of Resources	871.0	898.0	26.5
Total over / (under) spend	0.0	38.1	38.1
COVID 19 Government grant income (tranche 1 to 4)			(64.8)
COVID-19 Sales Fees and Charges grant Income			(12.4)
Reprofile the use of reserves			35.2
Net over / (under) spend			(3.9)

Memo: Breakdown of Variance		
COVID £m	Other over / underspend £m	Total Variance £m
14.9	(3.3)	11.6
0.0	(3.8)	(3.8)
1.0	(2.8)	(1.8)
8.3	(4.2)	4.1
5.2	2.3	7.4
5.6	(1.4)	4.2
16.2	(3.0)	13.2
4.8	(1.7)	3.1
41.0	(10.7)	30.3
41.0	(14.6)	26.5
55.9	(17.8)	38.1
(64.8)		(64.8)
(12.4)		(12.4)
35.2		35.2
(13.9)	(17.8)	(3.9)

At the end of the year, we had underspent against our net revenue budget by £3.9m, which was transferred to our General Fund Reserve. The main variations are shown in the table above.

## Manchester City Council Annual Statement of Accounts 2020/21

The position includes £55.9m of pressures directly relating to the impact of COVID-19 on our services and income. We spent £8.3m on Adult Social Care including providing support to homecare providers and additional social care workers, £5.2m on additional services for the homeless, saw a reduction of £9.1m in our sales fees and charges income and £14.9m in our budgeted dividends and £0.9m rental income. Government funding was sufficient to cover the additional costs but has not compensated for the loss of our commercial income. As we use much of that income a year in arrears to protect against economic shocks, the main impact has been on the 2021/22 budget position.

In order to mitigate some of the COVID-19 related risks the Council made £17.8m in year budget savings. We have also received £7.7m support from returned GMCA funding and reserves. This has enabled us to reprofile our planned use of reserves to compensate for the loss of income in future years. The intention being to deliver an underspend for 2020/21 and support future years position. This recognises that COVID-19 continues to impact on the City Council finances after the government funding ends.

### HRA position

The Council also operates a Housing Revenue Account (HRA), which contains the costs of owning and maintaining properties let to tenants, and rental income from those properties. This is held separately from the net revenue budget position shown in the previous table. The Council was responsible for managing an average of 15,655 dwellings during 2020/21. The budget for the year included a contribution of £18.6m from reserves, but reserves increased by £1.723m, due to a combination of:

- Significant slippage in the capital programme, largely due to Covid
- Reduced PFI costs due to delays in anticipated capital works
- Increased rental income as a result of a reduced number of Right to Buy sales due to Covid

General reserves now stand at £75.047m. In addition, there are further HRA reserves relating to other potential liabilities of £36.119m. It is anticipated that as a result of planned capital expenditure HRA reserves will reduce considerably over the next four years.

### Capital position

Our revised capital budget for the 2020/21 year was £373.3m, and the table shows our year-end position (spend) compared to this budget.

Manchester City Council Annual Statement of Accounts 2020/21

Manchester City Council programme	Capital Budget for 2020/21 £m	Capital expenditure in 2020/21 £m	Overspend or (underspend) for 2020/21 £m
Highways	53.8	46.2	(7.6)
Neighbourhoods Directorate	10.8	4.9	(5.9)
Growth and Development	87.6	72.0	(15.6)
Town Hall refurbishment	34.6	30.0	(4.6)
Housing – private sector	13.9	14.6	0.7
Housing – HRA	16.1	17.6	1.5
Children’s Services	37.2	32.1	(5.1)
ICT	3.8	3.5	(0.3)
Corporate Services	115.6	114.8	(0.8)
Total	373.3	335.7	(37.6)

At the end of the year, we had underspent against our capital budget by £37.6m. During the year the programme saw a number of changes, reflecting the impact of the COVID-19 pandemic on work programmes and site activity. This has meant that some projects have started later than

## Manchester City Council Annual Statement of Accounts 2020/21

expected, and also that for a period there was reduced productivity on site for projects such as the Our Town Hall refurbishment and The Factory. The budget has been updated to reflect this, and the final outturn variance is against the adjusted programme.

The Council's underspend at outturn is largely due to the timing of spend and will be carried forward into the next financial year. Projects such as the acquisition of electric refuse vehicles, and the Victoria North (Northern Gateway) financial support did not progress to expected timescales due to factors outside of the Council's control. Further details on the capital programme can be found in a report to Executive in June 2021. The nature of the capital budget requires flexibility to manage the funding across the life of projects in a transparent manner. As such some variations within the year are to be expected as projects are developed, and budgets are re-profiled on a regular basis and reported to members for approval in order to reflect these changes.

## COVID-19 Grants 2020/21

During the financial year the Council has administered a significant number of COVID-19 grant schemes on behalf of Government to support businesses and residents during the pandemic. The financial impact of these grants is included within the outturn and Statement of Accounts. The grants and Business Rates reliefs were administered by the Council in line with the guidance received from Central Government. These schemes have been a mix of non-discretionary, where schemes and eligibility criteria has been set nationally by Government, and discretionary, where schemes and eligibility criteria have been set locally by the Council. The Council has had to determine whether it was acting as a principal or agent of government when administering the grants. Where the Council was acting as agent the following conditions applied:

- It was acting as an intermediary between the recipient and the Government Department.
- It did not have “control” of the grant conditions and there was no flexibility in determining the level of grant payable.

Where the Council acted as principal, it was able to use its own discretion when allocating the amount of grant payable.

Accounting standards only require the Council to record transactions in its accounts where it is acting as principal and has control of the grants awarded. To provide a complete picture, the tables provide a full summary of all the COVID-19 grant schemes administered by the Council during 2020/21. It also shows how much of each grant was spent in year and how much will be spent in 2021/22, in line with government conditions

The accounting treatment of these grants is varied. The principal elements of £287.8m are included within note 14 (£227.1m) and note 15 (£60.7m). The amounts carried forward £197.9m are included in the Balance Sheet usable reserves Note 38.

## Manchester City Council Annual Statement of Accounts 2020/21

The Agency elements of £193.2m are fully spent in 2020/21 except for the Local Restriction Support grants (£14.049m unspent) and Closed Business Lockdown Payments (£1.229m unspent). The funds remaining at 31 March are included in the Council's Balance Sheet (Short Term Creditors).

### Our Risks and Outlook

During the response to COVID-19, risk and impact assessment has been a key feature of organisational decision making. In the early stages of the pandemic, daily risk and issue reporting was established and fed up to SMT and Executive through Situation Reports. Risk management processes have had to be agile but organisational competence in risk assessment and response has underpinned decision making. Our risk management and business continuity arrangements continue to be tested as we emerge from the pandemic and the unprecedented challenges it presents. In addition, we have successfully navigated major changes to our IT systems, while staff predominately work from home.

Risk workshops have continued at Directorate level and these have informed the Council's strategic risk register, which was refreshed to capture risks and mitigations emerging from the pandemic. Business Continuity and Civil Contingency plans have also coped well in this fast moving environment. Our attitude to risk and robust risk management arrangements mean we are well placed to tackle challenges and grasp the opportunities as we return to more business as usual arrangements. More detail can be found in [Risk Management Strategy 2020 -22](#) and [Our Business Continuity Strategy 2017–20](#)

At a corporate level, significant risks are captured within our Corporate Risk Register (CRR), which articulates the risk, quantifies its likelihood and potential impact, names the strategic director who owns the risk, and articulates how the risk is managed and any mitigating actions. In March 2021, the CRR was refreshed and risk scores (in terms of likelihood and impact) were updated. The table includes the four risks from the CRR which had the highest risk scores in March 2021. It highlights the risk and the planned mitigating actions.

## Medium Term Financial Plan

Our [MTFS](#) that was refreshed and approved in March 2021 considers the local and national financial climate, describes some of the key challenges we are facing and the key changes in our resources before setting out the anticipated savings requirement for the financial year 2021/22.

This also included the approval of the annual council tax level being an increase in Manchester's Council Tax of 4.99% in 2021/22; 1.99% attributable to the Council element and 3% for the Adult Social care precept as well as the Greater Manchester Mayoral and Police and Crime Commissioner precepts. The increase in the adult funding will be used to support the most vulnerable people.

We are experiencing a number of challenges which are both internal and external to the Council prior to the pandemic. These challenges include continued uncertainty around Government funding, local tax volatility, costs of inflation and pay awards, demographic pressures, and increased demand for services. For example, national pressures on Children's Social Care are very much reflected within Manchester with the rising numbers who require care and support.

Other challenges continue in delivering transformational changes including the implementation of public sector reform to ensure that we deliver improved services for our residents. This includes improved working with our partners such as Health, Housing providers, Greater Manchester Police, Department for Work and pensions and continuing to achieve the new arrangements for Health and Social Care under the Local Care Organisation/Care Together to deliver savings.

The strategic framework remains the Our Manchester Strategy, the Corporate Plan and the Locality Plan. Prior to COVID-19 there was an underlying budget gap of c£22m for 2021/22 rising to c£80m by 2024/25, as a result of cost pressures including inflationary increases and demography. This was to be addressed in the Medium-Term Financial Planning process. Since then, the Council has seen the financial impact of COVID-19.

Prior to COVID-19 the Council had established a Medium-Term Financial Plan and Balance Sheet strategy with capacity to offset shocks and provide investment where necessary. This had included for example using the majority of the airport dividend in arrears

## Manchester City Council Annual Statement of Accounts 2020/21

and smoothing budget investment in social care. However, the depth and breadth of this pandemic could not have been foreseen and the Council, like many other authorities across the country, is facing a significant and long-term financial challenge.

As a result of the COVID-19 pandemic there has been additional demand for services and reductions to Council's income. The budget impact of the pandemic was £56m in 2020/21 increasing to a forecast £144m in 2021/22. It is anticipated the losses will continue to be felt over the five-year period. The losses have been partly supported by central government through emergency funding which totals £64.8m in 2020/21 and £22.2m in 2021/22. In addition, support is anticipated through the Sales, Fees and Charges compensation scheme which is based on a claims process and estimated at £14.2m in 2020/21 and £4.5m relating to quarter one of 2021/22.

The impact of COVID-19 combined with the pressures of increased demand has resulted in a need to make savings of £40.7m in 2021/22. The additional funding announced, alongside the proposed savings will enable a balanced budget to be delivered in 2021/22. The budget cuts proposals are detailed in the directorate budget reports.

## Manchester City Council Annual Statement of Accounts 2020/21

### Financial Statements

The Statement of Accounts provide an overview of the Council's financial position for 2020/21.

It is important to note that the deadline for the production of the Annual Accounts has been changed for 2020/21. The Ministry of Housing Communities and Local Government (MHCLG) have introduced the Accounts and Audit (Coronavirus) (Amendment) Regulations 2020 which have amended the Accounts and Audit Regulations 2015. This is following consultation with all key stake holders and in recognition of the impact of COVID-19.

The publication date for audited accounts has moved from 31 July to 30 September 2021 for all local authority bodies.

As a result of the revised statutory deadlines, the requirement for the public inspection period to include the first 10 working days of June has been removed. Instead, local authorities must start the public inspection period on or before the first working day of August 2021.

This means that accounts must be confirmed by the responsible finance officer (RFO) and be published by 31 July 2021 at the latest.

### The Basis of the Preparation and Presentation of the Annual Statement of Accounts

The accounts that follow have been prepared to be:

- a. Relevant: The accounts provide information about the Council's performance and position that is useful for assessing the stewardship of public funds and for making economic decisions.
- b. Reliable: The financial information
  - Has been prepared so as the reflect the reality or substance of the transaction and activities and underlying them
  - Is free from deliberate or systematic bias
  - Is free from material error
  - Is complete within the bounds of materiality and
  - Has been prudently prepared
- c. Comparable: In complying with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2020/21 ('the Code') and consistent Local Authority reporting.

## Manchester City Council Annual Statement of Accounts 2020/21

- d. Understandable: These accounts are based on accounting concepts, treatments and terminology that require reasonable knowledge of accounting and Local Government. However, every effort has been made to use plain language and where technical terms are unavoidable, they have been explained in the glossary of terms.

Throughout, consideration has been given to the significance ('materiality') of an item i.e. whether its misstatement or omission might reasonably be expected to influence assessments of the Council's financial management.

### Underlying Assumptions

The annual accounts of all authorities are prepared following the standard assumptions set out below, to ensure that all Council's reports are consistent and comparable.

#### Accruals Basis

- The financial statements, other than the cash flow, are prepared on an accruals basis. Income and expenditure are recognised in the accounts in the period in which it is earned or incurred not as the cash is received or paid.

#### Going Concern

- The accounts have been prepared on the assumption that the Council will continue in existence for the foreseeable future. This position will not change with the impact of COVID-19. However, unless support from central government significantly increases the budget gap for 2021/22 is significant. The Council is working on a range of budget options that will assist with closing the budget gap and will be reviewing its financial position again after the Spending Review and Finance Settlement. Further information on going concern is shown within the accounting policies.

#### Primacy of Legislation Requirements

- In accordance with the Code, where an accounting treatment is prescribed by law then it has been applied, even if it contradicts accounting standards. The following is an example of legislative accounting requirements having been applied when compiling these accounts

## Manchester City Council Annual Statement of Accounts 2020/21

The Local Government Act 2003 requires the Council to set aside a minimum revenue provision.

### The Financial Statements: Purpose and Summary

The annual statement of accounts has been prepared in accordance with the 2020/21 CIPFA Code of Practice on Local Authority Accounting (The Code) and International Financial Reporting Standards (IFRS). Changes in accounting requirements over the past few years have led to an increase in complexity of the accounts and the level of detail they contain.

One of the purposes of this introduction is to provide a guide to the Council's accounts and the most significant financial matters contained within the statements.

The financial statements are:

- The Comprehensive Income and Expenditure Statement (CIES)
- The Movement in Reserves Statement (MIRS)
- The Balance Sheet
- The Cash Flow Statement

Each statement is preceded by a note explaining its purpose and followed by notes explaining the main items within the statements.

These statements are followed by three further statements:

- The Housing Revenue Account (HRA) sets out the costs and income of owning and maintaining council properties which are let to tenants. The costs and income are also shown within the main statements.
- The Collection Fund includes the collection of local taxes (council tax and business rates) and their distribution to the Council, the Greater Manchester Combined Authority (Police and Crime Commissioner) and Greater Manchester Combined Authority (Fire and Rescue).
- The Group Accounts show the full extent of the Council's economic activities by including the Council's involvement with its group companies and organisations. The Group Accounts are of equal prominence to the Council in compiling the financial statements.

These are also followed by notes explaining these statements.

## Manchester City Council Annual Statement of Accounts 2020/21

### Accounting Changes

The way the accounts are presented is governed by the accounting policies that the Council must follow. This has undergone major change over the last few years to bring public sector accounting in line with that of the private sector. The most significant change was the move to International Financial Reporting Standards (IFRS) in 2010/11. These accounts are compliant with the IFRS based Code.

The intended adoption of IFRS16 Leases for the 2020/21 accounts has been deferred. IFRS16 is being introduced for local authorities from 1 April 2024 which means that the annual accounts for 2024/25 will be the first set of accounts produced in accordance with this standard.

Accounting policies are set out in note 5 to the financial statements.

### Business Rates 100% Retention Pilot

The ten Greater Manchester authorities including Manchester are part of the Greater Manchester 100% of Business Rates pilot. As 1% of business rates is transferred to the Greater Manchester Combined Authority (fire and rescue element) the Council retains 99% of business rates.

Any business rates income more than Manchester's assessed funding need is still paid back to central government to be redistributed in the form of tariffs and top ups but the Council now retains all of the growth it achieves in its business rates base. Under the new regime Revenue Support Grant and Public Health grant are not received but are met from within the Business Rates income with the assessed funding need adjusted accordingly.

The Government has guaranteed that the individual authorities within Greater Manchester will not be any worse off under the 100% Rates Retention Pilot than they would otherwise have been. This is referred to as the 'No Detriment' principle.

### Greater Manchester, Cheshire East and Cheshire West and Chester Business Rates Pool

The Council was again a member of the Greater Manchester, Cheshire East and Cheshire West and Chester Business Rates Pool in 2020/21. The purpose of pooling rates across the individual authorities is not intended to alter individual authorities' income levels but to retain any levy that might be payable by some authorities to Central Government enabling it to be invested in the locality.

## Manchester City Council Annual Statement of Accounts 2020/21

As a result of participation in the business rates retention pilot in 2020/21 the Greater Manchester authorities within the pool no longer generate a levy payment. However, any levy that would have been paid is taken into account when measuring the 'no detriment' principle.

Cheshire East and Cheshire West and Chester retain 50% of any levy saved. The remainder of the levy is retained centrally by the Pool.

The use of the levy held centrally is agreed with the Greater Manchester District Councils, the Greater Manchester Combined Authority, Cheshire East and Cheshire West and Chester Councils to benefit the Region.

The summary of the pool position for 2020/21:

Local Authority	Total Levy Saving £m	Retained by Local Authority £m	Retained by Pool £m
Cheshire West and Chester	2.2	1.1	1.1
Cheshire East	2.7	1.4	1.3
Retained for the pool (less £21k administration costs)	4.9	2.5	2.4

### The Financial Statements

The Council's Comprehensive Income and Expenditure Statement

## Manchester City Council Annual Statement of Accounts 2020/21

The analysis within the Comprehensive Income and Expenditure Statement (CIES) is shown by Council Directorates. This format aims to be meaningful for users of the financial statements as it follows that of the budget and financial monitoring reports produced by the Council.

As the Council operates and manages most of its corporate and support services separately from the other Directorates these services are shown separately and not apportioned across the other Directorates.

The Directorate figures in the CIES show the accounting cost of Council activities including the notional accounting entries, such as depreciation, that have to be made. Information is provided in note 9 showing a subjective analysis of the surplus on the provision of services.

The CIES is broken down into three sections:

- Net cost of services;
- Other operating expenditure; and
- Other income and expenditure on the provision of services.

This Net Cost of Services is the cost of providing the Council's services as reported in the revenue monitoring reports, however it also includes accounting adjustments for items such as depreciation and impairment. These would be a significant cost in a commercial organisation, but legislation is in place that ensures these costs are not required to be funded by council taxpayers. (The details of the accounting adjustments are shown in the Expenditure and Funding Analysis Note). These items are transferred to unusable reserves in the Movement in Reserves Statement.

The Total Net Cost of Services (including the technical accounting adjustments) totals £603.441m.

Other Operating Expenditure includes costs such as levies paid and payments made in relation to the pooling of HRA capital receipts (capital receipts relating to right to buy sales council dwellings are pooled between the Council and central government) as well as technical adjustments such as the loss on the disposal of non-current assets (including schools transferred to Academies). These total £61.249m.

Corporate Expenditure and Income includes:

## Manchester City Council Annual Statement of Accounts 2020/21

- other income and expenditure on the provision of services such as interest paid and received, investment property rental income and the change in values of investment properties (net expenditure totalling £2.335m)
- general income due to the Council from Council taxpayers, National Non-Domestic ratepayers (NNDR) and general government grants £693.774m).

These three sections are totalled to produce an overall accounting surplus on the provision of services of £34.341m.

The CIES is then reconciled to the change in the balance sheet by adding the impact of the following accounting entries:

- the surplus on the revaluation of non-current assets;
- impairment losses on non-current assets charged to the revaluation reserve;
- the gain or loss on investments classified as fair value through other comprehensive income;
- re-measurement of the defined benefit pension scheme relating to changes in pension assumptions.

	General Fund £m	HRA £m	Total £m
Over / (Under)spend	(5.5)	(20.3)	(25.8)
Budgeted transfer (to) / from general reserves	1.6	18.6	20.2
Net transfer (to) / from general reserves	(3.9)	(1.7)	(5.6)
Transfers (to) / from earmarked reserves	(220.7)	0.0	(220.7)
Other income and expenditure classification	36.8	(36.8)	0.0
Notional accounting adjustments	169.5	22.5	192.0
(Surplus) per CIES	(18.3)	(16.0)	(34.3)

Note 10 to the accounts shows the notional accounting adjustments that do not affect the Council's 'bottom line' i.e. the level of council tax or housing rents.

### The Council's Movement in Reserves Statement (MIRS)

This statement sets out the movements in the main reserves and balances of the Council from 1 April 2019 to 31 March 2021.

*The reserves are distinguished between*

- *usable (those that can be used to finance expenditure) and*
- *unusable (those that contain technical accounting adjustments and cannot be used to finance expenditure).*

Of the usable reserves only the General Fund Reserve has not been allocated for specific purposes. The usable reserves are cash backed. The unusable reserves are mostly noncash backed.

It is a requirement placed on all Councils that the level of reserves is reviewed regularly by the Deputy Chief Executive and City Treasurer and due consideration is given to all local financial risks and liabilities when doing so. The reserves are fully reported in the Budget Report presented to Full Council each year.

### Usable Reserves

The Council holds a number of reserves all of which, aside from the General Fund Reserve, have been set aside to meet specific future expenditure or risks including Private Finance Initiative (PFI) costs, statutory reserves, school balances and grants which cross over financial years. The Council is not permitted to borrow to fund revenue and there is a requirement to balance budgets on an annual basis.

Based on the numbers alone it appears the Council is at the more resilient end of the reserve spectrum, however there are considerable risks within this position. The Council is an extremely complex organisation with a wide scale and diversity of assets,

## Manchester City Council Annual Statement of Accounts 2020/21

interests, liabilities and other responsibilities. By their nature many of the risks are unknown and cannot be quantified, particularly in the current challenging financial climate. It is therefore essential that the Council maintains adequate general reserves.

The reserves should be viewed in the context of the future budget position, which is extremely challenging. The resilience of the Council has been eroded and the Council's reserves are expected to significantly reduce over the Medium Term. The forecast impact on the Council's reserve position was set out in the Medium-Term Financial Strategy report to 17 February 2021 Executive meeting. This showed earmarked reserves were expected to reduce from £349m in April 21 to £98m by April 2025. This incorporated an indicative use of a further £51m in 2022/23 which is available to support the future budget position. The only unearmarked reserve is the General Fund reserve. This was increased from £21.4m to £26.8m recognising the scale of the budget cuts being delivered and uncertainty facing the Council in the future.

The reserves appear artificially high due to the accounting treatment of business rates reliefs and losses, and the government funding provided to reimburse such losses. Reserves for this purpose total £167.7m. In addition, government funding received to support the response to the COVID-19 pandemic is being used over two years in line with the grant conditions, the carried forward amounts total £30m.

The annual movement in usable reserves, excluding those held for COVID-19, is £37.3m which largely relates to changes in the delivery of the capital programme and long-term funding for the Factory (funded from business rates growth in previous years). The usable reserves (as reported at Note 38 to the financial statements) are held for the following purposes:

Type of Reserve	Re-stated 1 April 2020 £m	31 March 2021 £m
<b>Capital</b> (cannot be applied to revenue spend):		
Reserves held for capital purposes including capital receipts and capital grants unapplied	203.3	194.0
<b>Sub Total Capital</b>	<b>203.3</b>	<b>194.0</b>
<b>Revenue:</b>		
Statutory reserves that have to be set aside e.g. On street parking reserve, bus lane enforcement	25.0	20.3
Reserves held for PFIs to meet contracted future costs	2.1	2.2
Reserves held to smooth risk or for assurance including the insurance reserve of £18.1m and airport dividend reserve of £50m	117.8	128.2
Business Rates Reserve	25.5	29.1
Revenue reserves held to support capital including the Capital Fund	116.8	135.2
Reserves held to encourage economic growth or for public sector reform e.g. Our Manchester reserve, Town Hall reserve	30.8	25.8
Small specific reserves	4.3	4.3
Grants and contributions held to meet expenditure commitments over more than one year	8.2	21.0
COVID-19 related Grants and contributions held to meet expenditure commitments over more than one year	18.2	192.0
<b>Sub Total Earmarked Revenue Reserves</b>	<b>348.7</b>	<b>557.9</b>
Housing Revenue Account reserve	109.4	111.2
General Fund reserve	21.4	26.8
Schools' reserves (these belong to schools and are for their use only)	16.0	21.5
<b>Total usable reserves</b>	<b>698.9</b>	<b>911.5</b>
Amounts relating to the carry forward of COVID-19 related Funding	(18.2)	(192.0)
<b>Total excluding COVID-19 carry forwards</b>	<b>680.7</b>	<b>719.5</b>

## Manchester City Council Annual Statement of Accounts 2020/21

**Reserves to smooth risk** include several reserves that support the Council's budget position over the life of its Medium-Term Financial Plan. Many of these have reduced due to the impact of COVID-19, with the dividend reserve reducing by £11.9m for example and scheduled to run out in 2022/23. However, in line with budget decisions there has also been the addition of the Manchester International Festival work, where business rates growth in that area prior to COVID-19 of £10.7m has been held in a reserve to fund the grant agreement to Manchester International Festival for the next 10 years once the Factory opens. This is important as it means the long-term funding agreement required for the opening of a venue of this size is not now a call on our revenue budget. Additional funds received from GMCA totaling £7.7m have been added to the budget smoothing reserve to support the large budget gap that remains for the next three years. In addition, £4.2m was added to the Adult Social Care reserve at year end relating to c200 individuals discharged from hospital, where support costs were funded through health partners. Once assessments are carried out it is expected a large number will require social care support through the council and this reserve will support the associated costs. In the event any balance remains this can be utilised to extend the life of the Adult Social Care reserve where spend is due to be mainstreamed in 2022/23 or support the Council's budget process

The COVID-19 emergency funding received alongside budget mitigations enabled £35.2m of the planned use of reserves to be reprofiled into future years. The intention being to deliver a balanced budget for 2020/21 and support future years position. This recognised that COVID-19 will have an impact on the City Council finances after the government COVID funding ends.

**Reserves to support capital schemes** have increased by £18.3m in line with changes to the delivery of the planned capital programme due to the impact of COVID-19.

**COVID-19 related grants** - As detailed earlier in this report the Council has administered a considerable number of COVID-19 grant schemes on behalf of Government to support businesses and residents during the pandemic. The most significant being the 100% Business Rates Relief awarded to retail hospitality and leisure properties in the city. The collection fund deficit resulting from the lost income will come through in 2021/22. The income loss was reimbursed by government via a Section 31 grant of £148.5m. In addition, the government has provided a Taxation Income Guarantee Scheme which reimburses the council for 75% of losses in 2020/21 Business Rates Income. The collection fund deficit resulting from the lost income will be spread over three years as mandated by government. This reserve will be drawn down over the three years to partly mitigate the budget impact. This grant is carried forward in reserve and will be applied in 2021/22 to offset the collection fund deficit. The remaining unspent COVID-19 grants total £30m and will be spent in 2021/22.

## Manchester City Council Annual Statement of Accounts 2020/21

The **General Fund Reserve** is held to meet costs arising from any unplanned event. It also acts as a financial buffer to help mitigate against the financial risks the Council faces and can be used to a limited degree to “smooth” expenditure across years. The expected level of the General Reserve is therefore seen as the minimum level required to be held to protect the Council from the financial risks inherent within the proposed budget strategy. The opening 2020/21 General Fund reserve position was £21.4m and the 2020/21 budget assumed a transfer to the General Fund reserve of £1.6m giving a balance of £23m. At 2021/22 budget setting the City Treasurer determined that it was prudent, considering the higher level of risk being faced by the Council, that the reserve be increased to at least £25m, funded through a £2m transfer from Business Rates reserve.

Given the outturn position and the risks and volatility around Business rates income it was agreed the increase to general fund reserve be funded from the 2020/21 underspend instead. The forecast position excluded the impact of any variance at the end of the 2020/21 financial year. As the actual outturn position is an underspend of £3.9m the balance on the General Fund Reserve at 31 March 2021 is £26.8m. There outturn report to Executive included requests to carry forward resources totalling £1.5m, these were approved and are a first call on the General Fund reserve in 2021/22, reducing it to £25.3m.

### Unusable Reserves

Unusable reserves hold unrealised gains or losses for assets not yet disposed of and accounting adjustments which are required by statute. These reserves cannot be used to fund capital or revenue expenditure

The unusable reserves are shown in the table:

Unusable Reserve	Re-stated 1 April 2020 £m	31 March 2021 £m
Revaluation Reserve	1,273.1	1,397.9
Financial Instruments Revaluation Reserve	13.0	10.3
Pensions Reserve	(689.6)	(1,035.9)

Manchester City Council Annual Statement of Accounts 2020/21

Unusable Reserve	Re-stated 1 April 2020 £m	31 March 2021 £m
Capital Adjustment Account	1 296.4	1,377.8
Deferred Capital Receipts Reserve	3.6	3.9
Financial Instruments Adjustment Account	(4.3)	(4.9)
Collection Fund Adjustment Account	15.8	(177.0)
Short-term Accumulated Absences Account	(5.8)	(6.7)
Dedicated Schools Grant Reserve	(4.3)	(2.3)
	1,898.0	1,563.1

The negative pension reserve of £1,035.9.m has increased by £346.3m from the previous year.

The purpose of IAS19 is to provide a consistent accounting valuation of all Council's pension liabilities based on the pension benefits earned by staff at the balance sheet date. The IAS19 calculations are carried out using a prescribed method. This is different to the formal actuarial triennial valuations of the fund which set the level of contributions that need to be paid into the pension fund. With the triennial funding valuation any calculated deficit can be spread and paid off over a number of years by an addition to the contribution rate.

## Manchester City Council Annual Statement of Accounts 2020/21

For the first time the DSG deficit is presented as an unusable reserve. This is the result of the introduction on 29 November 2020 of a new Statutory Instrument to amend the Local Authorities (Capital Finance and Accounting Regulations 2002) by establishing new accounting practices in relation to the treatment of schools' budget deficits. Further detail is included in Note 39 in the accounts.

Overall, the net worth of the Council has decreased by £129.8m during 2020/21, made up of a reduction in unusable reserves £346.7m (re-stated £346.7m and an increase in usable reserves (£216.9m).

The total decrease in unusable reserves of £334.9m is mainly due to:

- £124.8m increase in the revaluation reserve from the revaluations of non-current assets, during 2020/21 mainly in relation to council dwellings and other land and buildings.
- £81.4m increase in the capital adjustment account. This includes the costs of depreciation and impairment losses in addition to amounts set aside to finance capital expenditure including grants, contributions and capital receipts
- £346.3m increase in the pension reserve due to the first year of the pension pre-payment
- £192.8m decrease in the Collection Fund Adjustment Account

The increase in usable reserves of £216.9m is mainly due to:

- £173.8m increase due to the accounting treatment of COVID-19 government funding - these will be applied in 2021/22 and are not available to support other council spending.
- £18.3m increase in Revenue reserves held to support capital due to capital expenditure being delayed into future years due to COVID-19.
- £10.7m long term funding for the Factory, from business rates growth in previous years
- £9.8m increase in school reserves, these are not available to the council.
- £5.4m increase in General Fund in recognition of the higher level of risk being faced by the Council. This is the only un-ringfenced reserve available
- £18.3m decrease in reserves held for capital purposes

The decrease in the net worth is matched by a decrease in value of net assets of the Council of £122.2m.

## Manchester City Council Annual Statement of Accounts 2020/21

### The Council's Balance Sheet

The Balance Sheet shows a summary of the Council's financial position as at the 31 March 2021, the last day of the financial year. This shows what the Council owns (its assets) and its debts (its liabilities) as well as the net worth of the Council assets less liabilities.

Assets	£000	Liabilities	£000
Council Dwellings	623,195	Borrowing	763,231
Other Property and Equipment	2,116,399	Provisions for Future Liabilities	286,710
Heritage Assets	635,802	Liability for Pension Scheme	949,456
Investment Properties	476,130	Capital Grants Received in Advance	9,420
Other Assets	56,405	Money owed by the Council	235,893
Investments	151,367		
Money owed to the Council	660,043		
<b>Total</b>	<b>4,719,341</b>	<b>Total</b>	<b>2,244,710</b>
		<b>Net Worth of the Council</b>	<b>2,474,631</b>

## Manchester City Council Annual Statement of Accounts 2020/21

The net worth of the Council is £2,474,631m. This is split between usable reserves of £911.537m and unusable reserves of £1,563.094m.

### The Council's Cash Flow Statement

This shows the reasons for the change in cash, cash equivalents (investments made for a period of less than three months) and the bank balance during the year. The cash balance at 31 March 2021 had decreased by £84.7m from 31 March 2020.

### The Council's Group Accounts

The Council conducts activities through a variety of undertakings, either under ultimate control or in partnership with other organisations. The standard financial statements consider the Council as a single entity accounting for its interests in other undertakings as investments. For a full picture of the Council's involvement in other activities group accounts are prepared. These reflect the figures contained in the single entity accounts consolidated with figures for the Council's material subsidiaries, associates and joint ventures.

Subsidiaries are defined as organisations that the Council controls by having power over the organisation, exposure or rights to variable returns from its investment and the ability to use its power over the organisation to affect the amount of the return. The subsidiary considered to be material is Destination Manchester Limited.

Associates are defined as organisations where the Council has significant influence. Significant influence is defined as the power to participate in financial and operating policy decisions of the investee. The assumption is that a holding of more than twenty percent of the voting power of an investee would bring significant influence. The Council has no associates considered to be material.

Joint Ventures are defined as arrangements under which two or more parties have contractually agreed to share control such that decisions about activities that significantly affect returns require the unanimous consent of the parties sharing control and have the rights to the net assets of the arrangement. The joint venture considered to be material is Manchester Airports Holdings Ltd.

In producing the group accounts the Council is required by the CIPFA Code of Practice on Local Authority Accounting to make consolidation adjustments to take account of any differences in accounting policies between the Council and its subsidiaries, associates and joint ventures so that the group accounts are prepared on a standard set of policies.

## Manchester City Council Annual Statement of Accounts 2020/21

Land and buildings in the Council's single entity accounts are valued at current value (i.e. the amount that would be paid for an asset in its existing use). Where sufficient market evidence is not available, the value is estimated at depreciated replacement cost, using the modern equivalent asset method (i.e. the market value of the land on which the building sits plus the current gross replacement cost of the building less an allowance for physical deterioration of the building).

Manchester Airport Holdings Limited (MAHL) accounts are prepared using deemed cost for land and buildings. Deemed cost is the cost or valuation of assets as at 1 April 2005. Consequently property, plant and equipment is included in MAHL's accounts at cost or deemed cost less accumulated depreciation. A valuation of MAHL's land and building assets has been undertaken in order to align the accounting policy with that of the Council. This valuation has been used for the Council's group accounts.

The land and building assets of Destination Manchester Limited (DML), which is a subsidiary within the Council group, are included in DML's accounts at cost less accumulated depreciation and impairment. A valuation of DML's land and building assets has been undertaken in order to align the accounting policy with that of the Council. This valuation has been used for the Council's group accounts.

All other accounting policies within the group have been aligned to those of the Council.

The Group Accounts contain the Group Consolidated Income and Expenditure Statement, the Group Movement in Reserves Statement, the Group Balance Sheet, the Group Cash Flow Statement and notes to the Group Accounts.

### Group Position

Assets	£000	Liabilities	£000

Investments	628,372		
Money owed to the Council	642,988		
Total	5,220,805	Total	2,252,629
	Net Worth of the Council's Group		2,968,176

#### Housing Revenue Account

The Housing Revenue Account (HRA) is a record of revenue expenditure and income relating to an authority's housing stock. Its primary purpose is to ensure that expenditure on managing tenancies and maintaining dwellings is balanced by rents charged to tenants. Consequently, the HRA is a statutory account, ring-fenced from the rest of the General Fund, so that rents cannot be subsidised from council tax (or vice versa).

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with the legislative framework; this may be different from the accounting cost. The increase in the year, on the basis upon which rents are raised, is shown in the movement on the Housing Revenue Account Statement.

#### Collection Fund

The Collection Fund is a fund administered by the Council that shows the transactions of the billing authority (the Council), in relation to the collection of Council Tax and Non-Domestic Rates (NNDR), or business rates, and how the income from these sources has been distributed to precepting authorities and the Council's General Fund. The expenditure includes the precept payment for the services delivered across the borough by the Greater Manchester Combined Authority, specifically for the Mayoral Police and Crime

## Manchester City Council Annual Statement of Accounts 2020/21

Commissioner and Fire and Rescue services. It is a statutory requirement to maintain a Collection Fund to account for all the Council tax and Business rates income and expenditure the Council collects each year.

The COVID 19 has had a material impact on the Collection Fund and several government schemes have been announced in response to the pandemic and collection of local taxation.

As per the announcement in the Provisional Local Government Finance Settlement any in-year deficit forecast in business rates or council tax must be spread over 3 years, from 2021/22 to 2023/24, in equal thirds instead of being fully reflected in 2021/22. This spreadable deficit was determined by the estimate calculated and declared in January 2021. For business rates the introduction of Expanded Retail Discount, which offered 100% relief to retail, hospitality and leisure businesses, resulted in an additional relief award of £148.471m. The spreadable deficit was calculated gross of this relief.

The Taxation Income Guarantee (TIG) scheme was also announced in the provisional settlement and aimed to fund billing authorities for 75% of losses in collection when compared to budget. Government has released specific calculators to determine if any funding is due, and the Council estimates to receive £19.219m for losses in business rates. There is no TIG due for council tax.

Government's council tax hardship scheme, totalling £6.835m, included a deduction of £150 from annual council tax bills for the most vulnerable residents in the city, and was applied in 2020/21. This scheme was fully funded and credited to the Collection Fund.

Collection rates of both council tax and business rates reduced in 2020/21. Council tax was down by 2.65% from 92.80% in 2019/20 to 90.15% in 2020/21; and business rates down by 9.86%, from 97.77% to 87.91% in 2020/21.

### **Borrowing Limit**

In 2020/21 the Council had an authorised limit for borrowing of £1,574.5m (£1,384.5m for external debt and £190.0m for other long-term liabilities such as PFIs and finance leases). The actual level of external debt at 31 March 2021 is £763.2m. The borrowing limit is based on the Council's Capital financing Requirement or CFR. The Council may meet this need from external borrowing or from 'internal borrowing' from its cash flow and cash backed reserves.

During 2020/21 the Council has taken some temporary debt to manage cash flow. The Council has also repaid c. £3.4m of government debt which was due for repayment.

The external debt is made up of the following figures on the balance sheet:

## Manchester City Council Annual Statement of Accounts 2020/21

External Borrowing type:	2019/20 £m	2020/21 £m
Long-term Borrowing	585.4	578.5
Short-term Borrowing	32.9	184.7
<b>Total</b>	<b>618.3</b>	<b>763.2</b>

Long term borrowing is reclassified as short-term borrowing when it is due to be repaid within the next twelve months.

Whilst the 2020/21 Capital Programme was funded notionally by borrowing of £180.8m, the debt outstanding on the balance sheet at 31 March 2021 has increased by £114.9m as the Council's Treasury Management Strategy is to use cash backed reserves, i.e., internal borrowing, in lieu of external borrowing where possible.

Due to historic low interest rates the Council retains minimal cash balances and reduces the use of external borrowing as borrowing rates are substantially higher than investment returns.

### Major Acquisitions and Disposals

The Council's significant acquisitions of non-current assets during 2020/21 included:

- The former Showcase Cinema Site, Belle Vue £10.1m
- The former Creamline Dairy site, Red Bank £2.1m

Significant disposals in 2020/21 included land for the Beaver Road Primary Academy School on Wilmslow Road in Didsbury. The value upon disposal was £2.8m.

### Investment in Manchester Airport Group

The Council's shareholding remains at 35.5%. The Council did not receive any dividend income during the year from this investment, due to the impact of COVID-19 on the aviation industry. The shareholder holders of Manchester Airport Holdings Ltd have agreed to lend MAHL a total of £300m in order to ensure the ongoing stability of MAHL following the COVID19 pandemic to ensure that the

## Manchester City Council Annual Statement of Accounts 2020/21

benefits of the Airport to the region and the financial interests of the shareholders are protected. The Council share the loan was £106.5m (35.5%) was advanced on 2 July 2020. This loan is repayable in full by 30 September 2058. A further loan of £102m, (Council's share £36.2m) has been approved to provide continued support if required.

### Investment in Manchester Airport Car Park Limited

In March 2020 the Council, along with the other nine Greater Manchester Authority shareholders in the Manchester Airport Group, made an equity investment in Manchester Airport Car Parking Ltd to finance the development of a new airport carpark, which opened at the end of 2020. The Council's total investment was to assist in funding the capital build of a car park in return for the issue of 3 C shares in Manchester Airport Car Park Limited. Manchester City Council holds 10% of the issued C shares in Manchester Airport Car Park Limited. As in 2019/20, the shareholding will be classed as a financial instrument and held at fair value on the Council's Balance Sheet. The Council's Shareholding in Manchester Airport Car Park Limited is valued at £5.7m.

### Private Finance Initiatives (PFI)

PFI's involve a private sector contractor building or improving buildings used in the provision of public services and operating and maintaining the asset for an agreed period of time.

As at 31 March 2021, the Miles Platting Housing, Plymouth Grove Housing, Brunswick Housing, Temple School, Wright Robinson Sports College and Street Lighting PFI schemes were ongoing. The Housing Energy Services PFI ended in 2019/20.

The schemes were funded as follows:

Scheme	Funding Source
Housing schemes	PFI grant and Housing Revenue Account (HRA)
Schools' schemes	PFI grant and Dedicated Schools Grant (DSG)
Street Lighting scheme	PFI grant and Council resources

*Further details on these schemes are shown in Note 11.*

#### Private Public Partnership (PPP) Schemes

The Council has developed the following PPP Schemes with private sector contractors to provide services to the Council and its residents:

- Manchester Working was responsible for undertaking repairs and maintenance of council houses managed by Northwards and the facilities management estate for the Council; the Council did not have a contract with Manchester Working in 2020/21.
- Indoor Leisure PPP – the renovation, maintenance and management of some indoor leisure facilities has been undertaken via a trust for more than ten years. A contract has again been awarded to Greenwich Leisure Ltd for the operation and maintenance of Leisure Buildings and Provision of Leisure Management Services.
- Wythenshawe Forum PPP – the Council has established a trust, which has responsibility for the renovation, maintenance and facilities management of Wythenshawe Forum.
- The joint venture with National Car Parks (National Car Parks (Manchester) was first established in 2000, and this arrangement ceased at 31st December 2020. The City Council car park assets came back into the Council with effect from 1st January 2021 and are now managed and operated within the City Council.
- Eastlands Trust – the Council has established a trust which has responsibility for the management of the National Cycling Centre, the National Squash Centre, the National Taekwondo Centre, the Regional Athletics Centre, the Regional Tennis Centre, the Regional Gymnastics Centre and Belle Vue Leisure Centre / Regional Hockey Facility.

#### Events after the Balance Sheet Date

Events after the balance sheet date are those events that occur between the end of the reporting period (i.e., 31 March) and the date when the Statement of Accounts is authorised for issue. The Council is required to disclose any material events as a note to the accounts.

Manchester City Council Annual Statement of Accounts 2020/21

Post balance sheet events have been reviewed up to the date that the accounts have been authorised for issue by the Deputy Chief Executive and City Treasurer.

## The Statement of Responsibilities for the Annual Statement of Accounts

### The Council's Responsibilities

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Deputy Chief Executive and City Treasurer;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- approve the statement of accounts.

### The Deputy Chief Executive and City Treasurer's Responsibilities

The Deputy Chief Executive and City Treasurer is responsible for the preparation of the Council's and Group's statement of accounts in accordance with proper practices as set out in the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code) 2020/21.

In preparing this statement of accounts, the Deputy Chief Executive and City Treasurer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent; and
- complied with the local authority code.

The Deputy Chief Executive and City Treasurer has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The statement of accounts gives a true and fair view of the financial position of the Council and Group as at 31 March 2021 and their income and expenditure for the year ended 31 March 2021.

Carol Culley

Manchester City Council Annual Statement of Accounts 2020/21

## Comprehensive Income and Expenditure Statement

This account summarises the resources that have been generated and consumed in providing services and managing the Council during the last year. It includes all day-to-day expenses and related income on an accruals basis, as well as transactions measuring the value of non-current assets actually consumed and the real projected value of retirement benefits earned by employees in the year. A full explanation is provided as part of the financial statements section of the narrative report.

## Movement In Reserves Statement

This statement shows the movement in the year on the different reserves held by the Council, analysed into "usable reserves" (i.e., those that can be applied to fund expenditure) and unusable reserves. The surplus on the Provision of Services includes accounting adjustments for such items as depreciation that would be a significant cost in a commercial organisation, but which do not need to be funded by Council Tax. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for council tax setting and dwelling rent setting purposes.

	Note	General Fund Reserves £000	Housing Revenue Account £000	Capital Receipts Reserves £000	Capital Grants Unapplied £000	Major Repairs Reserve £000	Total Usable Reserves £000	Total Unusable Reserves £000	Total Council Reserves £000

## Cash Flow Statement

The Cash Flow Statement shows the reason for changes in the Council's cash balances (including investments for periods of less than three months) during the year. It shows whether that change is due to operating activities, investing or financing activities (such as repayment of borrowing or other long-term liabilities).

2019/20 £000s		Note	2020/21 £000s
(5,576)	Net (deficit) / surplus on the provision of services		34,341
246,318	Adjustments to net (deficit) / surplus on the provision of services for non-cash movements	47	61,016

Note 1. Expenditure and Funding Analysis

The Expenditure and Funding Analysis shows for each of the Council's directorates, a comparison of the net expenditure as per the revenue outturn reports to Executive and the net expenditure in the CIES and explains the differences between the two.

2019/20 Service	As reported to Members £000's	Adjustments to arrive at net amount chargeable to the general fund and HRA balances £000's Note 2a	Net expenditure chargeable to the general fund and HRA balances £000's	Adjustments between funding and accounting basis £000's Note 2b	Net expenditure in the Comprehensive Income and Expenditure Statement £000's

Add new statutory accounting practices in relation to the treatment of local authorities' schools budget deficits	4,281	0
Re-stated Closing General Fund and HRA Reserves at 31 March	495,521	717,507

Adjustments to arrive at the net amount chargeable to the general fund and HRA balances (shown in note 2a) include those that have to be shown in different lines in the CIES from where they are reported in the outturn report (e.g. interest paid or received, expected credit losses), transfers to or from reserves that are shown in the MIRS but are included within the figures reported in the outturn and recharges between services that have to be excluded from the CIES.

Adjustments between funding accounting basis (shown in note 2b) are items excluded from the reported outturn as they are technical adjustments that net to nil across council services but are required to be shown within the CIES. These are classified as either capital, pensions, collection fund or other adjustments. Further detail is shown in note 10.

The split of the general fund and HRA reserves is shown in the movement in reserves statement.

- (i) Adjustments relating to capital include depreciation, amortisation of intangible assets impairment, revenue funded from capital under statute, movements in investment property valuations, gain / loss on disposal of non-current assets, capital grants and contributions, HRA PFI adjustments, minimum revenue provision and revenue contribution to capital outlay.
- (ii) Adjustments relating to pensions are the removal of employee pension costs for the Local Government Pension Scheme and their replacement with current service costs and past service costs plus the net interest on the defined pension liability.
- (iii) This represents the difference between what is chargeable under statutory regulations for council tax and NNDR i.e., the amount estimated in the preceding January and the actual income due on an accruals basis. This difference is held within the Collection Fund.
- (iv) Other adjustments include soft loans, employee benefit accruals and the payment to the housing capital receipts pool.

**Note 3. Prior Period Restatement**

The prior period is restated so that 2019/20 is presented in a comparable way to 2020/21.

**Consolidated Income and Expenditure Statement (CIES)**

Expenditure and income on services are shown in the Comprehensive Income and Expenditure Statement in accordance with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

The Code requires that authorities present expenditure and income on services on the basis of its 'reportable segments'; these are based on the Council's internal management reporting structure.

The tables show how the net expenditure, gross expenditure and gross income have been restated.

**Group Accounts**

These amendments have also been reflected in the Group Accounts.

Manchester City Council Annual Statement of Accounts 2020/21

None of the restatements in this note impact on the usable reserves of the Council or its Group.

#### Note 4. Impact of Accounting Changes Issued But Not Yet Adopted

The Code of Practice on Local Authority Accounting in the United Kingdom (the Code) requires the Council to disclose information relating to the expected impact of an accounting change, that will be required by a new standard, which has been issued, but is yet to be adopted by the 2020/21 Code.

The Code has introduced changes in accounting policies which will be required to be applied retrospectively unless transitional arrangements are specified, this would result in an impact on disclosures spanning across two financial years.

The changes introduced by the 2021/22 Code that will be adopted by the Council and its Group are:

- Definition of a business: amendments to IFRS3 Business Combinations
- Interest Rate Benchmark Reform: amendments to IFRS9, IAS39 and IFRS7
- Interest Rate Benchmark Reform Phase 2: amendments to IFRS9, IFRS37, IFRS4 and IFRS16

Definition of a business – these amendments were issued to help entities determine whether an acquired set of activities and assets is a business or not. They clarify the minimum requirements to be a business.

Interest Rate Benchmark Reform – the Financial Reporting Council have announced a transition away from the London Interbank Offered Rate (LIBOR) to the Sterling Overnight Index Average (SONIA). As a result, amendments have been made to accounting standards to address issues resulting from this change in benchmark. Phase 1 of this change provided exemptions to specific hedge accounting requirements.

Interest Rate Benchmark Reform Phase 2 – this phase includes the potential reinstatement of hedge relationships that were discontinued solely due to changes directly required by this reform and a change in the basis of determining contractual cash flows.

These changes are not expected to have a material impact on the Council's single entity or Group accounts.

#### Note 5. Accounting Concepts and Policies

The Statement of Accounts summarises the Council's transactions for the 2020/21 financial year and its position at the year-end 31 March 2021. The Council is required to prepare an Annual Statement of Accounts by the Accounts and Audit Regulations 2015 which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2020/21 (The Code) issued by the Chartered Institute of Public Finance and Accountancy (CIPFA), supported by International Financial Reporting Standards (IFRS) and statutory guidance issued under Section 21(2) of the Local Government Act 2003.

As local authorities need to reflect statutory conditions, specific statutory adjustments are complied with so that the Council's accounts present a true and fair view of the

financial position and transactions of the Council. All accounting policies are disclosed where they are material.

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

## 5.1. Underlying Assumptions

### 5.1.1 Going Concern

The Accounting Code, (standard IAS 1) requires management to make an assessment of an entity's ability to continue as a going concern and to disclose any material uncertainties related to events or conditions that may cast significant doubt upon the entity's ability to continue as a going concern. The authority discloses that the accounts have been prepared on a going concern basis and that the Council will continue in existence for the foreseeable future. The Council has based its considerations of Going Concern around the continuous provision of service.

The Council consolidates its investments in MAHL and DML in its Group financial statements. In considering the going concern of the Council and the Group the Council has taken into account the going concern of those two entities.

## 5.2. Accounting Policies

### 5.2.1 Property, Plant and Equipment (PPE)

Property, Plant and Equipment assets have physical substance and are held for use in the provision of services, for rental to others or for administrative purposes and are expected to be used for more than one year (e.g., land and buildings).

Expenditure on the acquisition, creation and enhancement of property, plant and equipment has been capitalised on an accruals basis provided that it yields benefit to the Council, and the services it provides, for more than one financial year. Expenditure on repairs and maintenance is charged to revenue as it is incurred.

Capital expenditure is initially added to the value of an asset but if expenditure is not considered to increase the value of the asset the value is reduced by this expenditure.

In addition, all property, plant and equipment, where expenditure in excess of £500,000 has been incurred during 2020/21, have been considered by the Council's Valuers who have quantified the amount of impairment.

### Measurement

Property, plant and equipment are initially shown on the Balance Sheet at cost, comprising the purchase price and all expenditure that is directly attributable to bringing the asset into working condition for its intended use. The Council does not capitalise borrowing costs incurred whilst the assets are under construction.

The Council's property, plant and equipment assets are valued on the balance sheet using methods of valuation on the basis required by CIPFA and in accordance with

## Manchester City Council Annual Statement of Accounts 2020/21

the statement of asset valuation principles and guidance notes issued by the Royal Institution of Chartered Surveyors (RICS).

Land and buildings and other operational assets are valued at current value, determined as the value that would be paid for the asset in its existing use. Where enough market evidence is not available, for example schools and leisure centres, current value is estimated at depreciated replacement cost, using the modern equivalent asset method.

Short life assets, such as vehicles, are held at depreciated historical cost as a proxy for current value on the grounds of materiality.

Council dwellings are valued at existing use value – social housing.

Community assets are measured at depreciated historical cost.

Assets under construction are held at historical cost and are not depreciated until brought into use.

Surplus assets are valued at fair value based on the highest or best use of the asset from a market participant's perspective. These are assets that are not in use by the Council but do not meet the definition of investment property or assets held for sale. Surplus assets mainly relate to land that is being held for regeneration purposes and future sale.

Council dwellings are revalued annually. Other assets included in the Balance Sheet at current or fair value are valued sufficiently regularly to ensure that their carrying amount is not materially different from their value at year end, but as a minimum every five years. Valuations are undertaken during the year by internal council Valuers and external valuers commissioned by the Council. The external valuers provide indexation factors for the percentage increase in value from the date of the last valuation to 31 March 2021 for each category of asset and these are applied to the assets where material.

Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Where the increase is reversing a previous loss charged to the Deficit / Surplus on the Provision of Services on the same asset, the increase in valuation is credited to the Comprehensive Income and Expenditure Statement.

Where decreases in value are identified and there is a balance of revaluation gains in the Revaluation Reserve relating to the asset, the value of the asset is written down against that balance (up to the amount of the accumulated gains). Where there is a nil or insufficient balance in the Revaluation Reserve the value of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement.

Where revaluation gains or losses are credited or charged to the Comprehensive Income and Expenditure Statement, they are reversed in the Movement in Reserves Statement to the Capital Adjustment Account.

The Revaluation Reserve contains gains recognised since 1 April 2007 only, the date of its formal implementation. Revaluation gains arising before that date are included in the Capital Adjustment Account.

The land and building elements of all properties are valued separately and treated as separate assets for accounting purposes. In addition to this and subject to an appropriate materiality level, any individual component within buildings which has a cost that is significant in relation to the total cost of the building is accounted for separately unless the components have a similar useful life to the main building.

In considering assets for potential componentisation (i.e., the significant elements of the asset are valued separately) the Council has included all general fund buildings with a carrying value of more than £2m. Within each building the Council has set the threshold for recognition of components as 20% of the cost of the building. The following components have been valued separately in council dwellings – main building, roof, windows, external doors, kitchens, bathrooms, heating and electrical systems.

#### 5.2.2 Depreciation on Property, Plant and Equipment

Depreciation has been calculated using a straight-line method (i.e., apportioned equally over each year of the life of the asset) for all assets. The estimated useful life of each property is determined by a qualified valuer. Land and assets not yet available for use (assets under construction) are not depreciated. Each component of property, plant and equipment that is significant in relation to the total cost of the asset is depreciated separately based on its estimated useful life.

Depreciation is charged to the service with a corresponding reduction in the value of the asset. The depreciation charge is reversed in the Movement in Reserves Statement and a transfer made to the Capital Adjustment Account. Residual values, useful lives and depreciation methods are reviewed at each financial year end.

Depreciation has been charged to the Housing Revenue Account (HRA) in accordance with proper practices and credited to the Major Repairs Reserve (MRR).

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been charged on their historical cost being transferred from the Revaluation Reserve to the Capital Adjustment Account.

#### 5.2.3 Derecognition of Property, Plant and Equipment

An item of property, plant or equipment is derecognised by disposal or when no future economic benefit or service potential is expected from its use.

The carrying amount of a replaced or restored part of an asset is derecognised with the carrying amount of the new component being recognised.

When an asset is disposed of the carrying amount of the asset in the Balance Sheet is written off to Other Operating Expenditure within the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Sale proceeds from disposals are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal.

## Manchester City Council Annual Statement of Accounts 2020/21

Any revaluation gains on the Revaluation Reserve, for assets disposed of or decommissioned, are transferred to the Capital Adjustment Account.

Income from an asset disposal in excess of £10,000 is classed as a capital receipt. Capital receipts from Right to Buy (RTB) sales of council dwellings are pooled between the Council and central government. The net RTB receipts received (after reduction of regional transaction costs and allowable debt) are split based on a share ratio provided by central government. If the government share of capital receipts, as calculated by the Office of Budget Responsibility, is exceeded the Council retains the remainder of the receipts to be used for the provision of new homes. If these receipts are not used within three years, they must be returned to the government (with interest at 4% above base rate). Non-RTB receipts are exempt from the capital pooling rules.

The balance of capital receipts is credited to the Capital Receipts Reserve and used to fund new capital expenditure or repay debt.

The written off value of disposals is reversed through the Movement in Reserves Statement to the Capital Adjustment Account.

### 5.2.5 Highways Infrastructure Assets

The Council has determined in accordance with Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

Highways infrastructure assets include carriageways, footways and cycle tracks, structures (e.g. bridges), street lighting, street furniture and land which together form a single integrated network.

#### Recognition

Expenditure on the acquisition or replacement of components of the network is capitalised on an accrual basis, provided that it is probable that the future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably.

#### Measurement

Highways infrastructure assets are generally measured at depreciated historical cost. However, this is a modified form of historical cost – opening balances for highways infrastructure assets were originally recorded in balance sheets at amounts of capital undischarged for sums borrowed as at 1 April 1994, which was deemed at that time to be historical cost. Where impairment losses are identified, they are accounted for by the carrying amount of the asset being written down to the recoverable amount.

#### Depreciation

Depreciation is provided on the parts of the highways network infrastructure assets that are subject to deterioration or depletion and by the systematic allocation of their depreciable amounts over their useful lives. Depreciation is charged on a straight-line basis. Annual depreciation is the depreciation amount allocated each year. Useful lives of the various parts of the highways network are assessed by the Highways Asset Manager using industry standards where applicable as follows:

Part of the highways network	Useful life
Carriageways	21 years
Footways and cycle track	40 years
Structures (bridges, tunnels and underpasses)	82 years
Street lighting	25 years
Street furniture	25 years
Public Realm	50 years

### Disposals and derecognition

When a component of the network is disposed of or decommissioned, the carrying amount of the component in the Balance Sheet is written off to the 'Other operating expenditure' line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement, also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal).

The written-off amounts of disposals are not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are transferred to the capital adjustment account from the General Fund Balance in the Movement in Reserves Statement.

### 5.2.6 Private Finance Initiatives (PFIs) and Similar Contracts

PFI and similar contracts (service concessions) are agreements to receive services where the responsibility for making available the property, plant and equipment needed to provide the services passes to the contractor. As the Council is deemed to control the services that are provided under the contract and as ownership of the property, plant and equipment will pass to the Council at the end of the contract for no additional charge, the Council holds the Property, Plant and Equipment used under the contracts on its Balance Sheet.

The original introduction of these assets onto the balance sheet is matched by the recognition of a deferred liability for amounts due to the operator to pay for the assets. Where the assets come into use at different stages the asset and matching liability are introduced in stages. For some PFI schemes the liability is written down by an initial capital contribution. This capital contribution was either in the form of a cash contribution or assets transferred to the contractor.

Property, Plant and Equipment relating to PFIs and similar contracts, recognised on the Balance Sheet, is revalued, depreciated and impaired in the same way as other property, plant and equipment owned by the Council.

The amounts payable to the operator each year are analysed as follows:

Value of the service received (including facilities management) during the year - debited to the relevant service line in the Deficit / Surplus on the Provision of Services in the Comprehensive Income and Expenditure Statement.

Interest cost based on the outstanding deferred liability - debited to the Financing and Investment Income and Expenditure line in the Deficit / Surplus on the Provision of Services.

Payment towards liability - debited to the deferred liability on the Balance Sheet thus reducing the liability. For non-HRA contracts this reduction in the charge in the Deficit / Surplus on the Provision of Services is replaced by an equivalent amount of Minimum Revenue Provision (MRP) in the Movement in Reserves Statement. For HRA

contracts this reduction in unitary charge is reversed in the Movement in Reserves Statement to the Capital Adjustment Account.

Lifecycle replacement costs - these are posted to the Balance Sheet as a prepayment and then included as additions to Property, Plant and Equipment when the works are carried out. Where lifecycle costs can be identified as capital in nature they have been recognised as capital expenditure. This expenditure relates to enhancements or replacement of assets.

Government grants received towards the funding of general fund PFI related payments are shown within the Taxation and Non-specific Grant Income line in the Comprehensive Income and Expenditure Statement. HRA PFI related grants are shown within the HRA income line in the Comprehensive Income and Expenditure Statement.

### 5.2.7 Heritage Assets

Heritage assets are those assets that are intended to be preserved for future generations because of their cultural, environmental or historical associations. They are held by the Council in pursuit of its overall objectives in relation to the maintenance of heritage. Heritage assets include civic regalia, museum and gallery collections and works of art. Community assets (including parks and cemeteries) are not heritage assets, but are accounted for as property, plant and equipment.

Operational heritage assets (i.e., those that, in addition to being held for their heritage characteristics, are also used by the Council for other activities or to provide other services) are accounted for as operational assets rather than heritage assets and valued in the same way as other assets of that general type (e.g., buildings such as the Central Library).

Heritage assets are shown in the Balance Sheet at market value where this is available. For those assets where no market value is available the insurance valuation is used. Where a valuation is not available and cannot be obtained at a cost which is commensurate with the benefits to the users of the financial statements the assets are held at cost. Where the cost information is not available, they are not recognised in the balance sheet.

Depreciation is not provided for as these assets are considered to have infinite lives.

Any impairment is recognised and measured in accordance with the Council's general policies on impairment (policy 5.2.8). The proceeds of any disposals are accounted for in accordance with the Council's general provisions relating to the de-recognition of property, plant and equipment (policy 5.2.3).

### 5.2.8 Investment Properties

Investment Properties are those that are used solely to earn rentals and / or for capital appreciation. The definition is not met if the property is used in any way to provide services by the Council or is held for sale.

Investment Properties are initially measured at cost. After initial recognition they are measured at fair value - highest and best use. The fair value reflects market conditions at the balance sheet date. A gain or loss arising from a change in the fair value of

investment property is recognised in the Financing and Investment Income and Expenditure line within the Comprehensive Income and Expenditure Statement.

Investment Properties are not depreciated but are revalued annually according to market conditions at year end.

An investment property is derecognised on disposal. Gains or losses arising from the disposal are recognised in the Financing and Investment Income and Expenditure line within the Comprehensive Income and Expenditure Statement.

Revaluation and disposal gains and losses are reversed in the Movement in Reserves Statement and posted to the Capital Adjustment Account and sale proceeds over £10,000 to the Capital Receipts Reserve.

Rentals received in relation to investment properties are credited to the Financing and Investment income line in the Other Comprehensive Income and Expenditure Statement.

### 5.2.9 Schools

In accordance with the Code of Practice on Local Authority Accounting the Council has assessed the legal framework underlying each school. The Council controls the non-current assets of community schools and foundation schools, vested with the governing body as a Trustee, as future economic benefits associated with the assets will flow to the Council and therefore the land and buildings of those schools are shown on the Council's balance sheet. The land and buildings of voluntary aided, voluntary controlled and foundation schools, where the trust is not the governing body are owned and controlled by the trustees of the schools or the foundation body and are therefore not shown on the balance sheet of the Council.

Any schools held on the balance sheet, which are transferred to academy status form part of the loss on disposal of non-current assets. This includes schools managed under a PFI contract.

Capital expenditure on schools shown on the Council's balance sheet is added to the value of those schools. Capital expenditure on schools not on the Council's balance sheet is treated as REFCUS (Revenue Expenditure Funded from Capital under Statute) expenditure and written off each year to the Comprehensive Income and Expenditure Statement as part of the Children's Services line. This is reversed out through the Movement in Reserves Statement and a transfer made to the Capital Adjustment Account.

All revenue income, expenditure, assets and liabilities of maintained schools, after the removal of transactions between schools and the Council, are included in the Council's single entity accounts.

Individual schools' balances are included in the balance sheet of the Council as any unspent delegated schools budget remains the property of the Council although these can only be spent by the school.

The Dedicated Schools Grant (DSG) is allocated between the central council budgets and budgets allocated to individual schools (delegated school budgets). Expenditure

from central council budgets and delegated schools' budgets is charged to the Comprehensive Income and Expenditure Statement as part of the Children's Services line.

Accounting regulations were introduced relating to the Dedicated Schools Grant deficit balances for three years for accounting periods beginning 1 April 2020. The financial statements continue to be produced under IFRS with the DSG being accounted for in the normal way (through the CIES). A deficit must be carried forward to be funded from future DSG income. An accounting adjustment is then made via the MIRS to move any DSG deficit balances to an unusable reserve established for that purpose.

#### 5.2.8 Impairment

Assets are reviewed for impairment at the end of each reporting period. Examples of impairment include a significant reduction in a specific assets value and evidence of physical damage (e.g., fire damage).

The amount of impairment is charged to the Revaluation Reserve to the extent that the impairment does not exceed the amount in the Revaluation Reserve for the same asset. Thereafter the impairment is charged to the Deficit / Surplus on the Provision of Services.

This charge is reversed out through the Movement in Reserves Statement to the Capital Adjustment Account.

Where an impairment loss is subsequently reversed (for example if the damage is made good), the reversal is credited to the relevant service line in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

#### 5.2.10 Provision for Redemption of Debt

The Council is required to make provision for the repayment of an element of the accumulated General Fund capital expenditure, financed by borrowing, through a revenue charge, in accordance with the Minimum Revenue Provision (MRP) requirements. Regulations replaced the detailed formula for calculating MRP with a requirement to be prudent. The MRP policy (which details the basis of the provision) is agreed annually by the Council within the Treasury Management Strategy.

For all non-HRA capital expenditure funded by supported borrowing, otherwise known as supported capital expenditure, the Council's policy is to charge 2% of the capital financing requirement.

For all non-HRA unsupported borrowing MRP is calculated using the estimated life of the asset. Dependent upon the nature of the capital expenditure, a straight line (equal amount of MRP over the life of the asset) or annuity method (equal amount of MRP plus interest over the life of the asset) is used to link MRP to the future flow of benefits from the asset.

MRP starts in the year after the capital expenditure is incurred or in the case of new assets, in the year following the asset coming into use.

MRP is provided for non-HRA PFI related assets on the Council's Balance Sheet. This equates to the amount of unitary charge charged against the deferred liability on the Balance Sheet.

MRP is provided for assets held under finance leases (including embedded leases) where the Council is the lessee. This equates to the amount of the lease payment charged against the deferred liability on the Balance Sheet.

There is no MRP charge to the Housing Revenue Account.

#### 5.2.11 Revenue Expenditure Funded from Capital under Statute

Revenue Expenditure Funded from Capital under Statute (REFCUS) is expenditure of a capital nature that does not result in the creation of a non-current asset on the Balance Sheet. These are generally grants and expenditure on property not owned by the Council. Expenditure is charged to the Deficit / Surplus on the Provision of Services as it is incurred. This is reversed out through the Movement in Reserves Statement and a transfer made to the Capital Adjustment Account.

Details of the accounting policy relating to grants and external contribution funding of REFCUS expenditure is shown in policy 5.2.16c.

#### 5.2.12 Non-Current Assets held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than its continued use it is reclassified as an asset held for sale. Before an asset can be classed as held for sale it must be available for immediate sale in its present condition, the sale must be highly probable, the asset must be actively marketed and the sale should be expected to be completed within one year of the date of classification. In situations where it is not necessary to carry out active marketing, for example because the Council is able to identify prospective purchasers willing to pay a reasonable price without marketing (such as transfers to a joint venture) or because a buyer initiates the transaction (such as right to buy sales), this test is not applicable. Where events or circumstances extend the period beyond one year and there is sufficient evidence that the Council remains committed to the plan to sell the assets they are classed as long-term assets held for sale.

The held for sale asset is carried at the lower of the carrying amount or the fair value less costs to sell. Where this results in a loss in value this loss is posted to Other Operating Expenditure in the Comprehensive Income and Expenditure Statement. Once an asset is classed as held for sale it is no longer depreciated.

If assets no longer meet the classification as assets held for sale they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale (adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classed as held for sale) or their recoverable amount at the date of the decision not to sell.

#### 5.2.13 Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not when cash payments are made or received.

Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.

Supplies are recorded as expenditure when they are consumed.

An impairment loss allowance is made for debts that are not considered to be collectable – referred to as impairment of financial assets. This allowance is calculated based on the expected amount that will not be collected for differing types of debt applied to the amount of outstanding debt. The balance of debtors on the Balance Sheet is reduced by the amount of allowance made.

Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.

Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.

Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet.

#### 5.2.14 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of no more than twenty-four hours. Cash equivalents are highly liquid investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

Cash and cash equivalents are shown net of bank overdrafts that form an integral part of cash management.

#### 5.2.15. Provisions

Provisions are made where an event has taken place that gives the Council an obligation that probably requires settlement by a transfer of economic benefits and a reliable estimate can be made of the amount of the obligation, but the timing of the transfer is uncertain. Examples include a legal case that will probably result in a payment of compensation.

Contributions to provisions are charged to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year the Council becomes aware of the obligation based on the best estimate of the likely settlement. When payments are made, they are charged to the provision. Estimated settlements are reviewed at the end of each financial year and where it becomes likely that a transfer of economic benefits will not be required the contribution to the provision is reversed and credited back to the service line.

Provisions are classified as either short or long-term depending on the likely date of settlement.

### 5.2.16 Government Grants and Contributions

Government grants and contributions are not recognised until there is reasonable assurance that the Council will comply with the conditions attached to them and the grant or contribution will be received. Grants and contributions are credited to the Comprehensive Income and Expenditure Statement except where the grant or contribution has a condition that has not been met. Conditions are stipulations that must be satisfied, or the grant or contribution must be returned. Monies advanced as grants and contributions for which conditions are not yet met are carried in the Balance Sheet as receipts in advance.

#### a. Revenue Grants and Contributions

Revenue grants and contributions are credited to the relevant service line for specific grants and the Taxation and Non-Specific Grant Income line for grants that cover general expenditure (e.g., New Homes Bonus Grant) except where the grant or contribution has a condition that has not been met. When the specific grant has been recognised but the expenditure relating to it has not been incurred the Council has elected to make a contribution equivalent to the unspent amount of grant to an earmarked reserve. This reserve will be released in future financial years when the expenditure to which the grant relates is incurred.

#### b. Capital Grants and Contributions

Capital grants and contributions are credited to Taxation and Non-Specific Grant Income in the Comprehensive Income and Expenditure Statement except where the grant or contribution has a condition that has not been met. The amount of the grant or contribution that has been used to finance expenditure is transferred to the Capital Adjustment Account via the Movement in Reserves Statement. The balance of the grant or contribution that has not been used to finance expenditure is transferred to the Capital Grants Unapplied Reserve via the Movement in Reserves Statement. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account when they are used to fund capital expenditure.

#### c. Grants and Contributions attributable to Revenue Expenditure Funded from Capital under Statute (REFCUS)

These grants and contributions are credited to the relevant service line in the Comprehensive Income and Expenditure Statement except where the grant or contribution has a condition that has not been met. The amount of the grant or contribution that has been used to finance expenditure is transferred to the Capital Adjustment Account via the Movement in Reserves Statement. The balance of the grant or contribution that has not been used to finance expenditure is transferred to the Capital Grants Unapplied Reserve via the Movement in Reserves Statement. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account when they are used to fund expenditure.

### 5.2.17 Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred it is charged to the appropriate service in that year. The reserve is then appropriated

back into the Movement in Reserves Statement so that there is no net charge for the expenditure on the General Fund balance.

Certain reserves are kept to manage specific accounting treatments and do not represent usable resources for the Council. These are shown as unusable reserves in the Movement in Reserves Statement and Balance Sheet.

#### 5.2.18 Revenue Recognition

Revenue is a subset of income and is defined as the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net worth.

Revenue is measured at the fair value of the consideration received or receivable. In most cases, the consideration receivable is in the form of cash and cash equivalents and the amount of revenue is the amount of cash and cash equivalents receivable.

Where the Council is acting as an agent of another organisation the amounts collected for that organisation are excluded from revenue.

Revenue is recognised when the performance obligations in a contract have been satisfied. This recognition can be over time when the service recipient simultaneously receives and consumes the benefits (e.g., home care services) or at a point in time.

#### 5.2.19 Value Added Tax (VAT)

VAT is only included in expenditure, either revenue or capital, to the extent that it is not recoverable from HM Revenues and Customs. VAT receivable is excluded from income.

#### 5.2.20 Leases

Leases are classified as either finance or operating leases based on the extent to which risks and rewards incidental to ownership of a leased asset lie with the lessor or lessee. Whether the lease is a finance lease, or an operating lease depends on the substance of the transaction rather than the contract. Leases are classed as finance leases where the terms of the lease transfer the majority of the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Land and building elements of a lease are considered separately for the purpose of lease classification.

Arrangements that do not have the legal status of a lease but convey the right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific asset. This is referred to as an embedded lease.

#### Finance Leases

##### **Lessee**

Property, Plant and Equipment held under finance leases are recognised on the Balance Sheet at the commencement of the lease at its current value at the time of inception (or the present value of the minimum lease payments if lower). The asset recognised is matched by a deferred liability for the obligation to pay the lessor.

Lease payments are apportioned between a charge for the acquisition of the interest in the property, plant or equipment which is applied to write down the deferred liability and a finance charge which is recognised in the Financing and Investment Income and Expenditure line within the Comprehensive Income and Expenditure Statement.

These property, plant and equipment recognised are subject to depreciation. The MRP on these assets equates to the amount of the lease payment that is applied to write down the deferred liability.

The deferred liabilities are classified as either short or long-term in line with the lease repayments.

### Operating Leases

#### **Lessee**

Leasing payments for operating leases are charged to revenue on a straight-line basis over the term of the lease even if this does not match the pattern of payments (e.g., there is a rent-free period at the commencement of the lease) and are shown within service expenditure in the Comprehensive Income and Expenditure Statement.

#### **Lessor**

Rental income from operating leases is recognised on a straight-line basis over the period of the lease even if this does not match the pattern of payments (e.g., there is a premium paid at the commencement of the lease) and is shown in the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Assets held for use as operating leases are recorded as assets in the Council's Balance Sheet.

#### 5.2.21 Benefits Payable during Employment

Short-term employee benefits are those due to be settled within twelve months of the year end. They include such benefits as wages and salaries, paid annual leave, flexi time leave and paid sick leave for current employees. They are recognised as an expense for services in the year in which employees undertake the service for the Council. An accrual is made for the cost of holiday entitlement (including flexi time leave), earned by employees but not taken before the year end, which employees can carry forward into the next financial year. The accrual is made at the wages and salary rates applicable in the following financial year, being the period in which the employee takes the benefit and includes employer national insurance and pension contributions.

The accrual is charged to the Deficit / Surplus on the Provision of Services but then reversed through the Movement in Reserves Statement to the Short-Term Accumulated Absences Account so that holiday absences are charged against Council Tax or Housing Rents in the financial year in which the absence occurs.

#### 5.2.21 Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary severance and are shown on an accruals basis in the Deficit / Surplus on the Provision of Services in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the

offer or when it recognises the costs for a restructuring that involves termination benefits.

Where the employee makes the decision, the liability is recognised at the earlier of when the employee accepts the offer or when a restriction on the Council's ability to withdraw the offer takes effect.

#### 5.2.22 Post-Employment Benefits

##### a. Teachers' Pension Scheme

The payment of statutory pensions to former teachers is administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE). Contributions from teachers together with the employer's contribution are paid by the Council. The arrangements for this scheme mean that liabilities for benefits cannot be identified to the Council. The scheme is therefore accounted for as a defined contribution scheme – no liability for future payments of benefits is recognised in the Balance Sheet and the Children's Services line within the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable in the year.

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the Teachers' scheme. These benefits are fully accrued in the pension liability.

##### b. National Health Service (NHS) Pension Scheme

Under the arrangements for Public Health, staff performing public health functions who were compulsorily transferred from the Primary Care Trusts to local authorities and had access to the NHS Pension Scheme on 31 March 2013 retained access to that Scheme on transfer at 1 April 2013.

The NHS pension scheme is an unfunded, defined benefit scheme that covers NHS employers and is a multi-employer defined benefit scheme. This means that liabilities for benefits cannot be identified to the Council. The scheme is therefore accounted for as a defined contribution scheme – no liability for future payments of benefits is recognised in the Balance Sheet and the Adult Social Care line within the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable in the year.

##### c. Local Government Pension Scheme

The Council pays an employer's contribution into the Greater Manchester Pension Fund, which is a fully funded defined benefits scheme administered by Tameside Metropolitan Borough Council from whom an Annual Report is available.

The liabilities of the Greater Manchester Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method, i.e., an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates and projections of projected earnings for current employees.

Liabilities are discounted to their value at current prices, using a discount rate based on the indicative rate of return on a basket of high-quality corporate bonds, government gilts and other factors.

## Manchester City Council Annual Statement of Accounts 2020/21

The assets of the Greater Manchester Pension Fund attributable to the Council are included in the Balance Sheet at their fair value:

- quoted securities – current bid price
- unquoted securities – professional estimate
- unitised securities – current bid price
- property – market value.

The change in the net pension liability is analysed into the following components:

The current service cost (the increase in the liability as a result of pension earned by Council employees in the year) is charged to the net cost of services.

Past services costs (the increase in the liability arising from current year decisions whose effect relate to years of service earned in earlier years) are shown within council wide items as they are costs that are not attributable to a particular service. An example of when past service costs would occur is where there was a change in the basis of up-rating annual pensions.

Gains and losses on settlements and curtailments (the result of actions to relieve the Council of liabilities or events that reduce the expected future service or accrual of benefits of employees) are shown as council wide items.

The effect of business combinations and disposals and liabilities following the transfer of former Northwards staff back to the Council are also shown as council wide items.

The net interest on the net defined benefit liability, i.e., net interest expenses for the period that arises from the passage of time, is shown within the Financing and Investment Income and Expenditure line.

Re-measurements comprising:

- The return on plan assets excluding amounts included in net interest on the defined benefit liability;
- change in demographic assumptions re-measurements; and
- actuarial gains and losses on changes in financial assumptions – changes in the net pension liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because actuaries have updated their financial assumptions (such as percentage increase in salaries)

are shown within Other Comprehensive Income and Expenditure.

In relation to retirement benefits, statutory provisions require the General Fund and HRA balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at

the year end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund and HRA of being required to account for retirement benefits based on the cash flows rather than as benefits are earned by employees. The balance will be presented differently as a result of the upfront payment as set out below:

#### Upfront pension payment

The Council is liable to make contributions towards the cost of post-employment benefits. For the three-year period 2020/21 – 2022/23. The Council previously agreed with the Greater Manchester Pension Fund (GMPF) that the employer's contribution to the Local Government Pension Scheme could be paid as a single up-front payment. The Council made this payment in order to make a budget saving. In line with the Council's accounting policies, the amounts paid each year are offset against the pension liability on the balance sheet. These amounts will then be reflected in the pensions reserve in the years to which they relate. In the final year of the triennial period all amounts will have been reflected in the pension reserve to align to the pension liability.

#### Financial Instruments

##### 5.2.23 Financial Assets

Financial Assets e.g., investments and debtors are classified into three types – amortised cost, fair value through other comprehensive income (FVOCI) and fair value through profit or loss (FVPL).

The categorisation of financial assets into these types is dependent on the reason for holding these assets (to collect cash flows, to sell assets or achieve objectives by other means).

Financial assets are brought onto the balance sheet at fair value when the Council becomes a party to contractual provisions.

##### Amortised Cost

These assets relate to financial instruments where the amounts received relating to them are solely principal and interest and they are held to generate cash flows (e.g., investments of surplus cash with the government's debt management office or loans to third parties).

The interest received on these assets is spread evenly over the life of these instruments.

Any gain or loss in the value of these assets is recognised in the net surplus / deficit on the net provision of services at the point of de-recognition (disposal) or reclassification.

##### Fair Value through Other Comprehensive Income (FVOCI)

These assets relate to financial instruments where the amounts received relating to them are solely principal and interest, but they are held to collect cash and sell the assets (e.g., money market funds).

## Manchester City Council Annual Statement of Accounts 2020/21

The interest received on these assets is spread evenly over the life of these instruments.

Changes in the fair value of these assets are charged to Other Comprehensive Income and Expenditure. Cumulative gains and losses are charged to the surplus / deficit on provision of services when they are disposed of.

Under capital accounting regulations where these assets were treated as capital expenditure the gain or loss is reversed to an unusable reserve - the Financial Instruments Revaluation Reserve.

### Fair Value through Profit and Loss (FVPL)

These assets relate to financial instruments where the amounts received relating to them are not principal and interest (e.g., equity investments).

Dividends received are accounted for at the point they are declared.

Charges in fair value are charged to the surplus / deficit on the net provision of services as they occur.

Under capital accounting regulations where these assets were treated as capital expenditure the gain or loss is reversed through the Movement in Reserves Statement and charged to an unusable reserve - the Capital Adjustment Account.

An equity instrument that has been classed as FVPL can be designated as FVOCI if it is not held for trading (e.g., a strategic investment). Once this designation has been made it cannot be reversed. This designation would mean that any gains and losses would be held in the Financial Instruments Revaluation Reserve.

### Credit loss

The Council will recognise a loss allowance for expected credit losses, if applicable, on assets where cash flows are solely principal and interest (i.e., financial instruments measured at amortised cost or FVOCI unless they have been designated as such). This does not apply where the counterparty is central government or another local authority.

At each year end the loss allowance for a financial instrument is calculated as equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

If at year end the credit risk has not increased significantly since initial recognition the loss allowance is measured at an amount equal to twelve month expected credit losses.

Where the financial asset was treated as capital expenditure any losses will be reversed via the Movement in Reserves Statement to the Capital Adjustment Account.

The Council has made several loans to individuals at less than market rates of interest (these are known as soft loans). When the loans are made the amount of interest foregone over the life of the loan is charged to the Comprehensive Income and Expenditure Statement (debited to the appropriate service line) and the outstanding principal is reduced on the Balance Sheet. This represents the present value of the

interest that will be foregone over the life of the loan agreement. Statutory provisions require that the impact of the soft loans on the General Fund balance is the interest receivable in the year, so the amount of foregone interest charged is managed by a transfer from the Financial Instruments Adjustment Account to the Movement in Reserves Statement.

#### 5.2.24 Embedded Derivatives

The Council has given equity mortgages and loans to individuals to assist with the purchase and improvement of properties. The repayments of these are based on a proportion of the value of the property in a number of years. This type of loan is classed as an embedded derivative as the amount of repayment is linked to future property values. When these mortgages and loans are granted, long-term debtors and deferred capital receipts are written onto the balance sheet. At the end of each financial year the long-term debtors and deferred capital receipt are adjusted in line with the change in property values.

#### 5.2.25 Financial Liabilities

Financial liabilities (e.g., borrowings and creditors) are recognised when there is a contractual obligation to deliver cash or another financial asset to another entity or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Council. For instance, when the Council takes out a loan, the advance of cash from the lender initiates the obligation to repay at some future date, and the loan would be recognised as a liability on the Balance Sheet when the advance is received.

Charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability multiplied by the effective rate of interest for the instrument. (The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised).

For many of the borrowings that the Council has, this means that the amount shown in the Balance Sheet is the outstanding principal repayable plus accrued interest, and the amount charged to the Comprehensive Income and Expenditure Statement is the amount payable per the loan agreement.

For Lender Option Borrower Option (LOBO) loans the effective interest rate has been calculated over the life of the loan. This is an average and differs from the amounts actually paid in the year. The difference between the calculated interest charge and interest paid has been adjusted in the carrying amount of the loan on the balance sheet. The amount charged in the Comprehensive Income and Expenditure Statement is the effective interest rate for the life of the loan rather than the amount payable per the loan agreement.

Where the Council is in receipt of loans that are interest free or at less than prevailing market interest rates if material, the effective interest rate is calculated so that the value of the financial assistance to the Council by the lender is separated from the financial cost of the transaction. This gain is calculated by working out the net present

value of all future cash payments using the interest rate for a similar loan taken by the Council. This results in a lower figure for the fair value of the loan with the difference from the loan received treated as a government grant. This gain is reversed out in the Movement in Reserves Statement to the Financial Instruments Adjustment Account.

Gains and losses on the repurchase or early settlement of borrowing are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase or settlement. However, if the repurchase takes place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is deducted from or added to the amortised cost of the new or modified loan. In this scenario the write down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts (amounts paid or received on the rescheduling of a loan) have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact of premiums on the General Fund balance to be spread over the longer of the outstanding period of the replaced loan or the period of the replacement loan or any other shorter period that the Council wishes to choose. Discounts are required to be credited to revenue over a maximum period equal to the outstanding term of the replaced loan or ten years (if shorter). The difference between the amount charged to the Comprehensive Income and Expenditure Statement and the net charge against the General Fund balance is transferred to or from the Financial Instruments Adjustment Account in the Movement of Reserves Statement.

Following the HRA debt settlement there are no outstanding HRA premiums and discounts.

#### 5.2.26 Contingent Assets and Liabilities

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts (as applicable) where it is probable that there will be an inflow of economic benefits or service potential.

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts as applicable.

#### 5.2.27 Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in estimation techniques are accounted for prospectively (i.e., in the current and future years affected by the change) and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless otherwise stated) by adjusting opening balances and comparative amounts for the prior period.

#### 5.2.28 Material Items of Income and Expenditure

Where items of income and expenditure are material, their nature and amount are disclosed separately either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

#### 5.2.29 Events after the Balance Sheet Date

Events after the balance sheet date are those events that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue.

Where these provide evidence of conditions in existence at the balance sheet date, the amounts recognised in the accounts are adjusted (e.g., settlement of a court case that confirms the amount of obligation at the balance sheet date). Where these are indicative of conditions that arose after the balance sheet date the amounts in the accounts are not adjusted (e.g., significant decline in market investments after 31 March). This is known as a non-adjusting event and is disclosed as a note to the accounts.

Events identified after the date of authorisation for issue are not reflected in the Statement of Accounts.

#### 5.2.30 Interests in Companies and Other Entities

The Council has material interests in companies and other entities and therefore group accounts have been prepared for the Council and its material interest in subsidiaries, associates and joint ventures. Inclusion in the Council group is dependent upon the extent of the Council's interest and power to influence an entity. The determining factor for assessing the extent of interest, power or power to influence is either through ownership of an entity, a shareholding in an entity or representation on an entity's board of directors. An assessment of all the Council's interests has been carried out during the year, in accordance with the Code of Practice, to determine the relationships that exist and whether they should be included in the Council's group accounts. In the Council's single entity accounts the Council's interests in those companies included in its group accounts are recorded as long-term investments at cost.

### 5.2.31 Joint Operations

Joint Operations are arrangements where the parties are bound by a contractual arrangement, have joint control of the arrangement and have rights to the assets and obligations for the liabilities relating to the arrangement. The Council recognises its share of the assets, liabilities, income and expenditure of the joint operation in its single entity accounts.

### 5.2.32 Local Taxation

The Council, as a billing authority act as an agent, collecting Council Tax and national non-domestic rates (NNDR) on behalf of the major preceptors and, as principals, collecting Council Tax and NNDR for themselves. Billing authorities are required by statute to maintain a separate fund (i.e., the Collection Fund) for the collection and distribution of amounts due in respect of Council Tax and NNDR. Under the legislative framework for the Collection Fund, billing authorities and major preceptors share proportionately the risks and rewards that the amount of Council Tax and NNDR collected could be less or more than predicted.

The Council Tax and NNDR income included in the Comprehensive Income and Expenditure Statement is the Council's share of accrued income for the year. However, regulations determine the amount of Council Tax and NNDR that must be included in the Council's General Fund. Therefore, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

The Balance Sheet includes the Council's share of the end of year balances in respect of Council Tax and NNDR relating to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

### 5.2.33 Fair Value Measurement

The Council measures some of its assets and liabilities at fair value at the balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The Council uses Valuers to provide a valuation of its assets and liabilities in line with the highest and best use definition within the accounting standard. The highest and best use of the asset or liability being valued is considered from the perspective of a market participant.

Inputs to the valuation techniques in respect of the Council's fair value of its assets and liabilities are categorised within the fair value hierarchy as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date

Manchester City Council Annual Statement of Accounts 2020/21

- Level 2 – inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 – unobservable inputs for the asset or liability.

## Note 6. Critical Accounting Judgements

In applying the accounting policies set out in section 1 the Council has to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

### 6.1 Schools Non-Current Assets

The Council has assessed the legal framework underlying each type of school.

Community schools' property, plant and equipment are owned by the Council and remain on the balance sheet as future economic benefits associated with the assets will flow to the Council.

The plant, property and equipment of voluntary aided, voluntary controlled and foundation schools are owned and controlled by the religious body or the trustees of the schools and are therefore not shown on the balance sheet of the Council unless the trustees are the governing body.

The Council does not control the schools' property, plant and equipment owned by the religious bodies or the trustees, there has been no past events which have transferred the ownership or control of the property, plant and equipment to the Council and any future benefits from the property, plant and equipment would be for the benefit of the religious body or trustee and not the Council.

An asset must be controlled by the Council for that asset to be recognised in the single entity accounts. Usage of the asset does not demonstrate control in form or substance without rights that are either legal or substantive.

The religious bodies or trustees own the assets, there has not been a reassignment of those assets to the Council and the rights to the asset are still maintained by the religious body or the trust. The religious bodies or trustees have a legal right to take back these assets.

The religious bodies or trustees have provided a licence for the Council to use the asset however these licenses are not provided in a written form. These licences do not create control of the asset by the Council. The religious bodies or trustees assert their continued control over the asset by permitting the asset to be used for precisely the purpose that the school wishes by the objectives of the religious bodies or trustees being the same as the governing bodies.

The religious bodies or trustees have decided that their asset is to be used as a school and therefore continue to have the rights to the resources in the asset. The continued agreement to permit the schools to use the asset means that the religious bodies or trustees are perpetually reasserting their control, and this has not been passed to the school

The right of termination of the arrangement at any time by the religious body or trust provides evidence that the risks and rewards of ownership of the asset have not transferred to the Council.

Details of the value of schools' land and building assets are shown in the notes to the accounts.

## 6.2 PFI and Similar Arrangements

The Council is deemed to control the services provided via its PFI arrangements and to control the residual value of the assets at the end of the contract. The accounting policy for PFIs and similar contracts has been applied to these arrangements and the assets are valued at £227.89m (£217.077m in 2019/20) are recognised as Property, Plant and Equipment in the Council's Balance Sheet.

The operators' models were examined to identify the service element of the unitary charge. Where that charge could not be clearly separated the relevant costs were obtained from the models and a margin was applied to the costs to provide an amount for the service costs. The margin used was based on advice received from expert external advisors. The service element of the unitary charge is inflated annually by an agreed indicator (e.g., RPI) as per the contract.

The implicit interest rate (IIR) was calculated by discounting the non-service element of the unitary charge at a rate that brings it back to the fair value of the asset. The fair value of the asset is taken as the construction or refurbishment costs of the scheme. The IIR calculated is compared to the closing swap rate in the financial model to check the reasonableness of the assumptions made.

## 6.3 Investment Properties

The Council has reviewed all assets to ensure they meet the accounting policy for investment properties (i.e. they are solely used to earn rentals and / or for capital appreciation) and as a result, assets valued on that basis total £476.130m (£475.227m in 2019/20) are recognised as Investment Properties in the Council's Balance Sheet.

## 6.4 Classification of Financial Assets

Under IFRS9 (Financial Instruments) the valuation method of the Council's equity holdings would be Fair Value through Profit and Loss because the payments received are not solely payments of principal and interest. However, it is the Council's view that the majority of its equity instruments are strategic investments (i.e., are not held for trading) and designating these at Fair Value through Other Comprehensive Income results in a reasonable and reliable accounting policy for the investment.

## 6.5 Pooled Budgets

The new Pooled Budget arrangements commenced on 1 April 2021. The accounting arrangements for the Pool are dependent on whether the Council, has control of the fund. The agreement with the Manchester Clinical Commissioning Group (CCG) states that relevant decisions must have unanimous agreement, all members of the fund hold providers to account for delivery of services and risks are borne in line with the agreement. The Council's view is that the Pool should be accounted for as a joint operation and as a result account for its share of the fund's assets, liabilities, expenditure and income.

## 6.6 Lender Option Borrower Option (LOBO) loans

The Council has £314.750m of LOBO loans. These loans contain options which allow, on specific dates, the lender to alter the interest rate on the loan, and the Council then has an option to decide to either accept the new rate or repay the loan without penalty. These loans have a fixed rate of interest, but the options mean it could change over

the life of the loan. This means that there cannot be any certainty as to whether the loans will be paid early, and therefore the Council has treated these loans as fixed loans which will run to their existing maturity.

#### 6.7 Composition of the Council's Group

The Council undertakes its activities through a variety of undertakings, either under ultimate control or in partnership with other organisations. Those considered to be material are included in the group accounts. Profit and loss, net worth and value of non-current assets for each organisation are considered as a percentage of the Council's single entity accounts to determine those that are material. Turnover, assets and liabilities (including the pension liability) are assessed individually. An entity could be material but still not consolidated (if all of its business is with the Council and eliminated on consolidation) – i.e., the consolidation would mean that the group accounts are not materially different to the single entity accounts. The assessment of materiality also considers qualitative factors such as whether the Council depends significantly on these entities for the continued provision of its statutory services or where there is concern about the level to which the Council is exposed to commercial risk.

#### Note 7. Key Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2021 for which there is a risk of adjustment in the following financial year are:

#### 7.1 Revaluation of Property, Plant and Equipment (PPE)

Property, plant and equipment (with the exception of community assets, assets under construction and small value items of vehicles, plant and equipment) are revalued on a periodic basis and tested annually for indicators of impairment. Judgements are required to make an assessment as to whether there is an indication of impairment. This includes examination of capital expenditure incurred in the financial year to ascertain whether or not it has resulted in an increase in value of an asset. Advice has been provided by valuers employed by the Council. If the actual results differ from the assumptions the value of PPE will be over or understated.

The total PPE carrying value of £2,201m includes the following categories of assets that are subject to revaluation: operational land and buildings,

#### 7.2 Revaluation of Investment Property

Investment properties are initially measured at cost. After initial recognition they are measured at fair value – highest and best use. The fair value reflects market conditions at the balance sheet date.

It is estimated that the carrying value of investment property of £476.130m would increase by £4.7m for every 1% increase in valuation.

### 7.3 Provision for Business Rate Appeals

The Council has made a provision for a reduction in business rate income due to appeals made against rateable values set by the Valuation Office Agency (VOA) of £115.911m. This is based on percentage reductions in rateable values for hereditaments where there was an outstanding appeal on 31 March 2021. This provision includes the estimated impact on 2020/21 income of appeals anticipated to be lodged in future. The percentages used for appeals against the 2010 valuation list are based on information from the VOA on the percentage reductions, per category of property and type of appeal, to the valuation list following previously settled appeals. Appeals raised against hereditaments with larger RVs have been considered separately. The percentage used for the reduction in the 2017 valuation list is based on the percentage that the 2010 list has fallen by adjusted by the reduction in value that has already occurred as a result of the check, challenge, and appeal process.

An increase of 1% in the percentage reduction would have the effect of adding £2.157m to the total provision required (Council's share £2.135m at 99%).

### 7.4 Pensions Liability

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the expected rate of price inflation, the rate at which salaries and pensions are expected to increase, mortality rates and rate of commutation of pensions. A firm of actuaries are engaged by the Pension Fund to provide expert advice about the assumptions to be applied and have calculated this as £949.456m. The effects on the net pension liability of changes in individual assumptions can be measured.

For instance, a 0.1% decrease in the real discount rate assumption would result in an increase in the pension liability of £81.812m, a 1-year increase in life expectancy being £178.685m, a 0.1% increase in the salary increase rate would result in a £7.711m increase in the pension liability and a 0.1% increase in the assumed pension rate increase would result in a £378.471m increase in the pension liability.

Note 8. Significant items warranting additional disclosure

The following items of material expenditure occurred during the year:

Impairment including downward revaluation and reversal of past impairment  
 Impairment and revaluation of property plant and equipment and revaluation of investment properties of £67,402,000 (£42,030,000 in 2019/20) has been included within the surplus / deficit on provision of services:

Significant items warranting additional disclosure	2019/20 £000s	2020/21 £000s
Adults Social Care	174	36
Children's Services	3,507	1,768
Corporate Core	0	450
Neighbourhoods and Highways	3,438	23,391
Growth and Development	431	11,800
Council Wide Costs	1,230	3,394
Housing Revenue Account	5,149	674
Investment properties	28,101	25,889
<b>Total</b>	<b>42,030</b>	<b>67,402</b>

Note 9. Expenditure and Income Analysis

The Council's expenditure and income is analysed as follows:

Expenditure and Income Analysis	2019/20 £000	2020/21 £000
<b>Expenditure</b>		
Employee Benefit Expenses	543,083	541,625
Other Service Expenses	890,110	898,907
Business Rates Tariff	40,398	39,534
Capital Charges including Depreciation and impairment	150,229	157,145
Interest Payments	38,511	34,738
Pensions Interest Costs	96,006	80,909
Precepts and Levies	68,687	69,166
Payments to Housing Capital Receipts Pool	2,553	2,566
Loss on Disposal of Non-current Assets	52,586	0
<b>Total Expenditure</b>	<b>1,882,163</b>	<b>1,824,591</b>
<b>Income</b>		
Fees, Charges and Other Service Income	(259,837)	(228,848)
Interest and Investment Income	(97,355)	(35,053)

Manchester City Council Annual Statement of Accounts 2020/21

Expenditure and Income Analysis	2019/20 £000	2020/21 £000
Return on Pension Assets	(72,570)	(64,178)
Capital Charges related income	(170,552)	(52,652)
Income from Council Tax	(161,477)	(172,577)
Business Rates Income	(330,268)	(161,520)
Government Grants and		
Contributions	(777,399)	(1,133,622)

<b>Deficit /(Surplus) on the Provision of Services</b>	<b>5,576</b>	<b>(34,341)</b>

Manchester City Council Annual Statement of Accounts 2020/21

**Note 10. Adjustments Between Accounting and Funding Basis Under Regulations**

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice, to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure. It shows the technical items that are removed that do not impact on the funded position and replaces them with other items that are funded.

The table shows the adjustments made in 2019/20:

	Usable Reserves £000's					Total Usable Reserves	Unusable Reserves £000's
	General Fund Reserves	Housing Revenue Account Reserves	Capital Receipts Reserve	Capital Grants Unapplied	Major Repairs Reserve		Total Unusable Reserves
Reversal of items debited or credited to the comprehensive income and expenditure statement:							
Depreciation	(59,002)	0	0	0	(18,107)	(77,109)	77,109
Amortisation of intangible assets	(85)	0	0	0	0	(85)	85
Impairment / revaluation losses charged to the comprehensive income and expenditure statement	(8,780)	(5,150)	0	0	0	(13,929)	13,929
Movement in fair value of investment property	25,194	0	0	0	0	25,194	(25,194)
Financing of capital expenditure on council dwellings	0	0	0	0	18,593	18,593	(18,593)
Capital grants and contributions	106,041	4	0	(35,329)	0	70,716	(70,716)
Revenue expenditure funded from capital under statute	(19,745)	(48)	0	(11,211)	0	(31,004)	31,004
Gain / (loss) on disposal of non-current assets	(52,586)	7,129	0	0	0	(45,457)	45,457
Reversal of items relating to retirement benefits debited or credited to CIES	(130,159)	(301)	0	0	0	(130,460)	130,460
Employers pension contributions and direct payments to pensioners payable in year	57,856	134	0	0	0	57,990	(57,990)
Private finance initiative charges to the HRA	0	8,570	0	0	0	8,570	(8,570)

Manchester City Council Annual Statement of Accounts 2020/21

	Usable Reserves £000's					Total Usable Reserves	Unusable Reserves £000's

\*The service charge included above excludes inflation applied annually using the relevant index.

\*The service charge shown assumes no deductions will be made for poor performance.

The Brunswick Housing liability is being introduced onto the balance sheet as the work is undertaken.

The Refuse Vehicle Service Concession liability is being introduced onto the balance sheet as assets are purchased.

Note 11a:

The Council has six PFI Schemes and one Service Concession as follows:

- Miles Platting, HRA (Housing) Services PFI Scheme
- Plymouth Grove, HRA (Housing) Services PFI Scheme
- Temple Primary School, Children's Services PFI Scheme
- Wright Robinson, Children's Services PFI Scheme
- Street Lighting, Neighbourhood Services PFI Scheme
- Brunswick, HRA (Housing) Services PFI Scheme
- Refuse Vehicles Service Concession

Each PFI Scheme specifies the start dates for the contractor to begin the work as well as improvement dates for cyclical planned maintenance. The contractor makes the property, plant and equipment needed to provide the services available to the Council for the length of the contract. At the end of the contract the ownership of the property, plant and equipment passes to the Council at no extra charge. The management and maintenance contract with the contractor expires at the end of the PFI Scheme, the contractor does not have an automatic right to renew the contract for a further period but is entitled to re-tender for the contract. If the Council defaults on the terms, the contractor can terminate the PFI Scheme. The Council is entitled to terminate the contract if the contractor defaults.

**HRA (Housing) PFI Schemes**

In each of the Housing PFI Schemes (Miles Platting, Plymouth Grove, Brunswick) the contractor is contracted to improve a specified group of properties in an area to specified standards (the actual number may be affected by demolitions and tenants exercising their Right to Buy (RTB)).

Each Housing PFI Scheme sets out a minimum specification for the standard of maintenance and service provision to the individual properties by the contractor. There are clauses which set out the financial deductions to be applied if these standards are not met.

**Children's Services PFI Schemes**

The School PFI Schemes oblige the contractor to construct, fit out and equip new school buildings and facilities as defined and specified in each of the contracts. The contractor is then obliged to manage and maintain the new facilities for the duration of the life of the PFI Scheme.

## Manchester City Council Annual Statement of Accounts 2020/21

The School PFI Schemes have minimum specifications for service provision/availability. If these are breached (e.g., unavailability of a sports pitch), then financial penalties are payable by the contractor.

Work to increase the number of pupil places at Temple Primary School has been completed. The Council funded the capital works at the school. The PFI contract has been amended to include the management and maintenance of the new facility.

Temple Primary School transferred to academy status during 2018/19.

Wright Robinson Sports College transferred to academy status during 2019/20

### Neighbourhoods PFI Scheme

The Street Lighting PFI Scheme specified that 41,698 streetlights were certified to be replaced during the Initial Apparatus Replacement Programme, plus others to be replaced at others expense (e.g., housing developers). The Scheme also includes an Annual Apparatus Replacement Programme where the contractor is required to replace streetlights on a cyclical basis.

Changes to the Street Lighting PFI contract were negotiated in 2017/18. These related to the procurement and installation of low energy LED street lighting technology and a management system for centralised control. The equipment is designed to deliver long term sustainable benefits and revenue savings, whilst providing high quality lighting to recognised standards.

### Refuse Vehicles Service Concession

The contract to provide refuse collection service to the Council stipulates that new vehicles will be purchased by the contractor to provide these services. The nature of the contract means that it must be classified under the IFRIC12 standard as a Service Concession and the vehicles capitalised on the Council's balance sheet.

Manchester City Council Annual Statement of Accounts 2020/21

Manchester City Council Annual Statement of Accounts 2020/21

**Note 12. National Health Services Act 2006 Pooled Funds**

Section 75 of the National Health Services Act 2006 enables the establishment of joint working arrangements between NHS bodies and local authorities. Pooled funds enable health bodies and local authorities to work together to address specific health issues.

Manchester Health & Care Commissioning (MHCC), a partnership between Manchester City Council and Manchester Clinical Commissioning Group, was formed as the single commissioner for health, public health and adult social care in April 2017. MHCC has been formed as a committee in common with Manchester CCG in 2018, underpinned by a S75 agreement which delegates commissioning responsibilities from both parties and establishes a single pooled budget, planning, delivery and assurance process. The pooling of the Better Care Fund forms part of these arrangements. The total MHCC Pooled budget for both health and social care is £1.631bn.

MHCC Pooled funding and Expenditure:	2019/20 £000s	2020/21 £000s
<b>Funding</b>		
Manchester City Council	(193,845)	(230,449)
Manchester CCG	(1,021,780)	(1,400,968)
<b>Total Funding</b>	<b>(1,215,625)</b>	<b>(1,631,417)</b>
<b>Expenditure</b>		
Manchester City Council	200,961	225,383
Manchester CCG	1,021,780	1,400,888
<b>Total Expenditure</b>	<b>1,222,741</b>	<b>1,626,271</b>
<b>Overspend/ (Underspend)</b>	<b>7,116</b>	<b>(5,146)</b>

**Better Care Fund**

The Better Care Fund has been established by the Government to provide funds to local areas to support the integration of health and social care. It was a requirement of the Better Care Fund that Manchester Clinical Commissioning Group (CCG) and the Council establish a pooled fund from 1 April 2015 for this purpose.

Better Care Fund	2019/20 £'000's	2020/21 £'000's
<b>Funding</b>		
Manchester City Council	(49,606)	(50,613)
Manchester CCG	(78,219)	(80,064)
<b>Total Funding</b>	<b>(127,825)</b>	<b>(130,677)</b>
<b>Expenditure</b>		

Manchester City Council Annual Statement of Accounts 2020/21

Better Care Fund	2019/20 £'000's	2020/21 £'000's
New Delivery Models of Integrated Care	86,968	87,317
Protection of Adult Social Care	13,789	14,424
Reablement	18,328	18,550
Care Act Responsibilities	1,590	1,902
Capital Expenditure	7,476	3,921
Total Expenditure	128,151	126,114
Overspend / (Underspend)	326	(4,563)

The underspend of £4.563m is due to Covid restrictions and the impact of the delivery of disabled adaptations against the Disabled Facilities Grant (DFG) of £8.483m. Protocols were put in place during the year to ensure disabled adaptations could still be delivered to those in need, with full protective and social distancing measures and the most vulnerable were supported in their own homes.

The Council is the local Social Services Authority for Manchester within the meaning of the Local Authority Social Services Act 1970 and a commissioner and provider of health and social care services to people of all ages in Manchester. The aims and benefits of the partners in entering into this agreement are to:

- i. give the Council and the CCG greater transparency and control over the use of funding to support local integration of health and care services
- ii. realise benefits from integration in terms of efficiencies in how services are delivered, reducing reactive unplanned health and social care activity and improving long term health outcomes for people
- iii. deliver reform of the local health and care system based on agreed strategic objectives for the Locality Plan and national conditions for use of the Better Care Fund
- iv. protect health and / or social care as relevant to the partners in so far as this delivers the Better Care Fund national conditions.

Further detail can be found in the report to the Manchester Health and Wellbeing Board dated 25 March 2015. The Manchester Health and Wellbeing Board adopted a refreshed version of the Locality Plan on 14 March 2018 and received an update on 31 October 2018 for the Better Care Fund guidance released in July 2018.

The Better Care Fund plan continues to align to the Manchester Locality Plan which has been supported previously by the Health and Wellbeing Board. The locality plan describes the core schemes Local Care Organisation (LCO), Single Commissioning Function and Single Hospital Services which together will bring major transformational change in how the needs of people of Manchester are met.

The Improved Better Care Fund (IBCF) is subject to national conditions. The IBCF will have a focus on the following key areas for the Manchester system:

## Manchester City Council Annual Statement of Accounts 2020/21

- The development of new models of home care, residential and nursing care homes, acknowledging the pressures upon the care market, and the development of reformed models of care that deliver a step change in outcomes and experience for citizens, which offers attractive employment opportunities and scope for career development; and supports the delivery of wider system benefits
- Review and reform (where applicable) adult social care direct provision in readiness for a safe transfer of services to the LCO, recognising the phased approach of services therefore conducting a review of those services that will be retained but transfer to the LCO in later phases.
- Develop an appropriate and effective finance, performance and contract management system infrastructure required to support the delivery of new models of social care delivery
- Short term improvements/here and now pressures, focussing upon high-cost provision, and addressing the system pressures and demand challenges resulting in delayed transfers of care (DTC);

The fundamental ambition behind pooling of resources is to support transformational change. Financial arrangements will support integration and be very different from previous experience, in particular: -

- access to the GM transformation fund, together with pooled resources, will enable investment in the initial phase of implementing new care models for the future.
- investment into the new care models will be tracked in terms of impact on activity levels particularly in the acute sector and in residential care.
- a transition will happen over a four-year period so that existing models of care are gradually replaced with the new integrated models of care.

Manchester City Council Annual Statement of Accounts 2020/21

Note 13. Financing and Investment Income and Expenditure

The table analyses the figures included in the Comprehensive Income and Expenditure Statement.

Financing and Investment Income and Expenditure:	Re-stated Gross Expenditure 2019/20 £000's	Gross Income 2019/20 £000's	Gross Expenditure 2020/21 £000's	Gross Income 2020/21 £000's

Children's and Adults Social Care Grant	(4,555)	(17,564)	k
COVID-19 Emergency Funding	(18,589)	(46,582)	l
COVID-19 Sales, Fees & Charges	0	(12,422)	m
COVID New Burdens Grant	0	(396)	n
Other Revenue Grants	(779)	(179)	
Adjustment on concessionary interest loan	3,752	1,223	o
Capital Grants and contributions	(106,045)	(75,420)	p
<b>Total taxation and non-specific grant income</b>	<b>(668,541)</b>	<b>(693,774)</b>	

a. Council Tax Income has increased due to an increase in the Council Tax Base and amount payable including for social care and hardship funding allocating £150 to accounts for the most vulnerable residents.

b. The introduction of Expanded Retail Discount, which offered 100% relief to retail, hospitality and leisure businesses, resulted in an additional relief award of £148.471m in 2020/21 which reduced collection. In addition, the 2020/21 collection rate reduced by 9.86%, from 97.77% in 2019/20 to 87.91% in 2020/21.

c. Business Rates Tariff is the amount paid to government to adjust income from business rates and bring it into line with the government's assessment of baseline funding level required.

d. Business Rates Section 31 grants are paid by government to compensate authorities for loss of business rates income due government policy announcements.

## Manchester City Council Annual Statement of Accounts 2020/21

These include the extension small business rates relief, capping the increase in business rates to 2% along with other measures announced in the Government's Budget Statements. The introduction of expanded retail and nursery relief in 2020/21 has resulted in an additional Section 31 grants being received.

e. The government refunds the costs of business rate discounts awarded within the Enterprise Zones.

f. The Tax Income Guarantee scheme was introduced in 2020/21, where Government fund 75% of council tax and business rates losses by comparing budgeted collection to actual collection with adjustments.

g. New Homes Bonus (NHB) grant is based on a rolling four years of legacy payments. The total has increased as achievement in the additional year added in 2020/21 was higher than the earliest year in 2019/10 which has fallen out.

h. Winter Pressures Grant to help local areas ease winter pressure on the NHS and reduce delayed transfers of care ended due to the pandemic. This has been rolled into the Improved Better Care Grant and £2.666m was received in 2020/21.

i. Returned Business Rates growth from Greater Manchester Combined Authority (GMCA). A share of the 100% rates retention benefit is passed to GMCA each year of the pilot. This represents the return of unspent funds from the prior year, which are returned to the Council.

j. The Improved Better Care Fund is allocated to local authorities to fund social care. From 2017 the Spending Review made available social care funds for local government. The Council's allocation in 2020/21 was £30.816m and includes £2.666m of Winter Pressures Grant.

k. The Children's and Adults Social Care Grant was announced in the October 2018 budget with the stated aim of reducing demand on the NHS and improving the social care offer for older people, people with disabilities and children. In 2021/21 £1bn of additional grant was made available for both adult and children's social care giving the Council an allocation of £17.564m.

l. COVID Emergency Funding to support local authorities in responding to the COVID19 pandemic. The Council's allocation was £46.582m in 2020/21, made up of £15.167m tranche 2, £7.085m tranche 3 and £24.330m tranche 4 (tranche 1 of £18.589m was received in March 2020)

m. COVID Sales, Fees and Charges income loss funding was provided by Government to cover 71.25% of estimated income lost (75% grant to cover 95% of estimated income loss due to the pandemic).

n. New Burdens funding to implement and administer business support grants, business rates relief of £338k and Council Tax hardship allocations of £58k

o. The Council has received interest free loans of £8.5m from the Homes England repayable in 2024 and £20.1m from Salix repayable until 2025. This amount represents the write back of the total saving recorded at the time the interest free loan was taken out.

Manchester City Council Annual Statement of Accounts 2020/21

p. The Capital Grants and Contributions include Basic Need Grant (to fund additional school places), Schools Capital Maintenance Funding, Disabled Facilities Grant for adaptations to homes, Arts Council England grant funding for the Factory project and contributions from developers.

**Note 15. Revenue grants credited to the Comprehensive Income and Expenditure Statement**

The table analyses the revenue grants credited to Net Cost of Services in the Comprehensive Income and Expenditure Statement

Revenue grants credited to the Comprehensive Income and Expenditure Statement:	2019/20 £000s	2020/21 £000s	
Dedicated Schools Grant	(312,022)	(320,642)	
Pupil Premium	(24,285)	(23,735)	
Housing and Council Tax Support	(191,853)	(180,009)	(a)
Private Finance Initiative Grant (Housing Revenue Account)	(23,586)	(23,374)	
Education and Skills Funding Agency Grants	(10,364)	(7,796)	(b)
Asylum Seekers Grant	(7,843)	(7,670)	
Universal Free School Meals Grant	(4,692)	(4,866)	
Sixth Form Funding Grant	(550)	(417)	
Troubled Families Grant	(2,106)	(3,044)	
Independent Living Fund	(1,984)	(1,984)	
Youth Justice Board Grants	(1,261)	(1,257)	
Department for Education - (Inherited Staff Liabilities)	(1,045)	(966)	
Homelessness Grant	(4,584)	(4,090)	
Home Office Grants – Elections	(1,892)	(319)	(c)
Home Office Grants - Arena Enquiry	(1,676)	0	
Home Office Grant – Prevent Strategy	(856)	(1,158)	
PE and Sports Grant	(1,916)	(2,092)	
Teachers Pay Grant	(2,271)	(2,552)	
Talk English Grant	(2,629)	(215)	(d)
Additional School Grant including Teacher Pension grant for maintained schools and COVID emergency support for schools	(4,576)	(11,177)	(e)
COVID 19 Grants	0	(38,710)	(f)
Business Support Grant	0	(22,041)	(g)
Other Grants	(2,726)	(3,551)	(h)
<b>Total revenue grants credited to the Comprehensive Income and Expenditure Statement</b>	<b>(604,717)</b>	<b>(661,665)</b>	

(a) Housing and Council Tax Support has reduced in line with reduced expenditure.

(b) Education and Skills Funding Agency Grant reflected in 2019/20 included £2.173m carried forward from previous year as this relates to academic year rather than financial. The reduction in 2020/21 is due to the removal of Coordination Funding and one-off Education and Skills Funding Agency Adult Education Grant which totalled £426k in 2019/20.

Manchester City Council Annual Statement of Accounts 2020/21

- (c) Elections Grant reduced due to postponed and cancelled elections
- (d) Talk English Grant reflected in 2019/20 included £0.727m carried forward from the previous year as this relates to academic year rather than financial. In 2020/21 the funding arrangements for Talk English were revised and authorities were to bid individually to MHCLG, where previously the Council facilitated the national Talk English project, which explains the reduction in funding.
- (e) Additional School Grant includes £7.864m Teacher Pension Grant which reflects a full year grant (2019/20 reflects only 2 academic terms), £2.943m COVID support for schools and £370k other school grants
- (f) COVID 19 grants – a breakdown of these grants is shown in the narrative report.
- (g) Business Support Grant to provide support to businesses impacted by local restrictions and national lockdowns
- (h) Other Grants includes European grants for climate change initiatives (Zero Carbon Cities and Grow Green) at £0.618m and other Government grants totalling £4.091m

Manchester City Council Annual Statement of Accounts 2020/21

Note 16. Officers' Emoluments and Senior Employees' Remuneration

Employee Remuneration

The Accounts and Audit Regulations require the disclosure of employees' remuneration in excess of £50,000 excluding the remuneration details of the Council's senior employees, which are disclosed separately.

Non-schools based staff

The 4 staff who are shown separately as having received severance or other related payments left as part of the operation of an Efficiency Early Release Scheme. Budget cuts have required the deletion of circa 160 posts and an Efficiency Early Release Scheme was offered to non-schools based staff (on a voluntary basis) as part of achieving this reduction - 4 of the staff leaving under the scheme were in receipt of remuneration in excess of £50,000 and are therefore disclosed separately within this note

The number of non-schools based staff in each salary band over £50,000 split between those staff who have not received severance or other related payments and those who have is shown in the table.

Manchester City Council Annual Statement of Accounts 2020/21

- (a) The previous post holder left the Council on 31 August 2020
- (b) The new post holder commenced on 22 June 2020

**Note 17. Exit Packages**

The number of agreed exit packages and the total cost of these within each band is shown in the table. Budget cuts have required the deletion of circa 160 posts and an Efficiency Early Release Scheme was offered to non schools-based staff (on a voluntary basis) as part of achieving this reduction. The table includes staff departing under this scheme and their associated exit costs.

The total cost figures shown include severance and compensation for loss of office payments that have been agreed and accepted at the year end. There were no compulsory redundancies during the financial years 2019/20 and 2020/21.

Exit Packages bands:	2019/20 Number of Staff Departures Agreed	2019/20 Total Cost of Exit Packages £000s	2020/21 Number of Staff Departures Agreed	2020/21 Total Cost of Exit Packages £000s
£0 - £20,000	84	498	95	879
£20,001 - £40,000	4	104	47	1,316
£40,001 - £60,000	0	0	23	1,142
£60,001 - £80,000	1	67	9	597
£80,001 - £100,000	1	89	6	525
<b>Total</b>	<b>90</b>	<b>758</b>	<b>180</b>	<b>4,459</b>

The figures include both schools and non-schools staff.

**Note 18. Audit Fees**

The following amount of fees have been incurred for work carried out by the external auditors:

Audit Fees	2019/20 £000	2020/21 £000
Fees payable to Mazars with regard to external audit services carried out by the appointed auditor	219	159

The Council has incurred an additional audit fee in relation to the external audit of the Statement of Accounts by the Council's External Auditor Mazars LLP for 2019/20; the additional fee has now been approved by Public Sector Appointments Limited.

**Note 19b. Infrastructure assets**

In accordance with the temporary relief offered by the Update to the Code on Infrastructure Assets this note does not disclose gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resulting information deficits mean that this would not faithfully represent the asset position to the users of the financial statements.

The Council has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

The Council has determined that in accordance with the new Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

	£000s

<b>Total</b>	<b>45,457</b>	<b>(10,483)</b>

### Note 21. Accounting for Local Government Schools

The Council has the following maintained schools:

Maintained Schools:	Community	Voluntary Controlled	Voluntary Aided	Foundation
Number of schools at 31 March 2021	53	14	43	2
Value of land and buildings 31 March 2021	£324,167,000	N/A	N/A	£16,893,000
Value of land and buildings at 31 March 2020	£325,834,000	N/A	N/A	£17,327,000

### Non-Current assets

The treatment of land and buildings for each type of school is based on the legal framework underlying each type of school. The Council controls the non-current assets of community schools and foundation schools that are vested with the governing body and therefore the land and buildings of those schools are shown on the Council's balance sheet. The land and buildings of voluntary aided, voluntary

## Manchester City Council Annual Statement of Accounts 2020/21

controlled and foundation schools that are vested with an external trust are owned and controlled by the trustees of the schools or the foundation body and are therefore not shown on the balance sheet of the Council.

Capital expenditure on community and foundation schools vested with the governing body schools is added to the balances for those schools as reported in property, plant and equipment (note 19). Capital expenditure on voluntary aided, voluntary controlled and foundation schools vested with an external trust is treated as REFCUS (Revenue Expenditure Funded from Capital under Statute) expenditure and written off each year to the Comprehensive Income and Expenditure Statement within the Children's Services line.

### Revenue Funding

Dedicated Schools Grant (DSG) is a ring-fenced government grant used to fund the running costs of schools and is credited to the Comprehensive Income and Expenditure Statement within gross income on the Children's Services line based on amounts due from the Department for Education. The running costs of all categories of schools, apart from academies, are shown within the Comprehensive Income and Expenditure Statement.

The DSG is allocated between central council budget and budgets allocated to individual schools (delegated school budgets). Expenditure from central council budgets and delegated schools' budgets is charged to the Comprehensive Income and Expenditure Statement under the Children's Services line.

Individual schools' balances, for all categories of schools apart from academies are included in the balance sheet of the Council within usable reserves (note 38).

Included within the Council's Comprehensive Income and Expenditure Statement and Balance Sheet are the following amounts relating to each category of school.

	Community £000s	Voluntary Controlled £000s	Voluntary Aided £000s	Foundation £000s	Total £000s
Opening schools' reserves	9,553	2,284	3,614	542	15,993
Funding, including DSG	162,204	32,522	103,030	6,555	304,311
Net expenditure incurred by schools	(159,585)	(32,230)	(100,773)	(6,238)	(298,826)
Closing schools' reserves	12,172	2,576	5,871	859	21,478

### PFI Schemes

The Council no longer has schools subject to PFI contracts. Wright Robinson Sports College transferred to academy status during 2019/20 so the buildings are no longer shown on the Council's balance sheet. The related liability is shown on the balance sheet.

Note 22. Heritage Assets

Movements on heritage assets during 2020/21 were as follows:

	Fine Art Works £000's	Civic Plate £000's	Monuments Statues Fountains Buildings and other Civic Regalia £000's	Town Hall Sculptures £000's	Total £000's
Cost or valuation

a) Heritage Assets Nature and Scale of Assets Held

Manchester City Galleries (Manchester Art Gallery and Platt Hall) currently holds around 46,000 objects in trust on behalf of the People of Manchester. The collection comprises of approximately 13,600 items of fine art, 10,200 items of decorative art, and 22,200 items of costume.

Manchester City Galleries' (MCG) collections are covered by the Greater Manchester Act 1981 whereby financially motivated disposal is prohibited by the Act.

## Manchester City Council Annual Statement of Accounts 2020/21

In addition to the MCG collections, the Libraries, Information and Archives Service holds a collection of rare books, records and archives that have heritage significance relating to Manchester but are also of national significance.

Heritage furniture, civic plate and Lord Mayor's regalia, sculpture, paintings from the Town Hall collection (and also some paintings from the MCG collection) are displayed in appropriate public spaces, selected offices and meeting rooms.

Further details can be found in the following documents:

- Manchester Art Gallery Collection Development Policy 2016
- Resource and Governance Overview and Scrutiny Committee 17 November 2011 – Heritage Assets Report

### b) Heritage Asset Management and Preservation

#### Manchester City Galleries Collection

The management and care of the collection is overseen by the Deputy Director, in partnership with the Senior Curator, Senior Registrar and Senior Conservator.

Public access to the collections and collection information is delivered in a variety of ways:

- Gallery displays and temporary exhibitions at Manchester Art Gallery and Platt Hall.
- Education and outreach activities.
- Web-based information, including the galleries website with searchable database, social networking sites, and the Art UK website.
- Access in store to researchers and interested individuals/groups by arrangement.
- Loans out to UK and international museums and galleries, or other venues.

The collections are assessed and conserved in the conservation studios at Queens Park by highly specialised, fully trained conservators.

The condition of the art works is maintained through a programme of effective collection care to reduce damage and deterioration by reducing risk from physical damage (including handling), theft and vandalism, fire and water/flood, inappropriate relative humidity, light and pollutants.

Further details can be found in the following documents:

- Manchester City Galleries Constitution
- Manchester Art Gallery Strategic Plan 2016-2020
- Manchester City Galleries Procedures Manual 2016
- Manchester City Galleries Collections Development Policy 2016-19 (Amended July 2017)
- Manchester City Galleries Loans Policy 2016-2019
- Manchester City Galleries Conservation and Collection Care Policy 2016 - 2019
- Manchester City Galleries Handling Guidelines 2016

- Manchester City Galleries Collection Information Policy 2016-2019

[Fine Art Works and Civic Plate, Lord Mayors Regalia, Model of HMS Manchester, Town Hall Sculptures, Furniture](#)

Management of the collection is assisted with advice from Manchester City Galleries. Database records are currently held by MCG on a Ke Emu electronic collection database. Viewing of the items is via a combination of both public display and pre-arranged access to storage areas.

Items in the collection are stored and displayed in a manner which will aid their preservation. Specialised cleaning is performed as and when necessary.

[c\) Heritage Assets Accounting Policies](#)

[Manchester City Galleries Collections](#)

Specified items (those valued over £100,000) are included in the balance sheet at market valuation.

In the case of loss or damage the recoverable amount may be less than the full market valuation as works over £200,000 are insured at 75% of market value up to a threshold cap of £7,000,000.

Non-specified works are grouped. Where they have a market valuation, they are included in the balance sheet at that value, otherwise the insurance valuation has been used.

Over the course of the year the valuations of works which are due to go out on loan are checked and amended if necessary. Valuations are also updated on an incidental basis if a curator becomes aware that a particular work may have increased or decreased in value based on comparative works sold at auction. Changes in value during 2020/21 resulted in an increase in value of £17,170,000 (2019/20 £6,088,000).

[Civic Plate / Lord Mayors Regalia / Model of HMS Manchester](#)

These items are included in the balance sheet at insurance valuation.

[Sculptures](#)

The sculptures are deemed to have indefinite lives; hence the Council does not consider it appropriate to charge depreciation.

[Furniture](#)

These items are included in the balance sheet at a nominal value until a more detailed and appropriate valuation can be obtained. The assets within this category are deemed to have indeterminate lives; hence the Council does not consider it appropriate to charge depreciation.

The majority of the heritage furniture, paintings and social history material (including civic gifts) from the Town Hall have been moved to an offsite storage location during the Town Hall restoration project. A selection of furniture and the Lord Mayor's regalia has been retained for use in the Lord Mayor's rooms in Central Library. The Town Hall sculpture collection has been relocated to various venues within the Council's Estate, or on loan to other venues in the city.

### Statues and Monuments in the Public Realm

These items are included in the balance sheet at a nominal value plus some relocation and enhancement costs.

The assets will be included at this value until a more detailed and appropriate valuation can be obtained.

The assets within this category are deemed to have indefinite lives; hence the Council does not consider it appropriate to charge depreciation.

### d) Heritage Assets carried as other asset types

#### Listed Buildings

Manchester has 84 listed buildings and related assets such as the Town Hall, Central Library, Heaton Hall, bridges and areas of parks. The Council also has custody of scheduled ancient monuments including the City Centre Hanging Bridge and the moated sites to Clayton Hall and Peel Hall in addition to a number of other monuments, statues and fountains.

Listed buildings, such as the Town Hall complex, are actively used in the delivery of Council services. In accounting terms, they have been classified as operational assets and reported and valued as Property, Plant and Equipment in the same way as other assets of this type.

#### Statues / Fountains

Statues and Fountains situated in open spaces are classified as street furniture. As no insurance valuation is available and cannot be obtained at a cost which is commensurate with the benefits to users of the financial statements these assets have not been recognised in the balance sheet.

#### Rare Books, Records and Archives

Rare books, records and archives that have heritage significance relating to Manchester. As no insurance or market valuation is available and cannot be obtained at a cost which is commensurate with the benefits to users of the financial statements these assets have not been recognised in the balance sheet.

### Note 23. Valuation of Property, Plant and Equipment

The Council's non-current assets are valued on the balance sheet in accordance with the statement of asset valuation principles and guidance notes issued by the Royal Institution of Chartered Surveyors (RICS):

- plant and machinery is included in the valuations of buildings when it is an integral part of the building
- properties classified as operational, excluding council dwellings, were valued on the basis of net realisable value in existing use or, where a market did not exist, on the basis of depreciated replacement cost
- council dwellings were valued at existing use value - social housing
- community assets have been valued at historic cost net of depreciation
- assets under construction are held at historic cost until brought into use.
- surplus assets have been valued on the basis of market value for the highest or best use

Depreciation has been calculated using a straight-line method (i.e., apportioned equally over each year of the life of the asset) for all assets. The estimated useful life of each property is determined by a qualified valuer and updated at each valuation. Land and assets not yet available for use (assets under construction) are not depreciated.

Council dwellings are valued annually. All other assets, with the exception of those valued at historic cost net of depreciation, are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their value at year end, but as a minimum every five years. Valuations have been undertaken during the year by internal Council valuers, Jacobs and Capita, for council dwellings, external valuers commissioned by the Council. Jacobs have provided indexation factors for the percentage increase in value from the date of the last valuation to 31 March 2021 for each category of asset. This is based on comparable evidence of market transactions of similar transactions nearby.

The Valuers have determined the appropriate method of valuation having regard to the assets' physical and economic characteristics. Assets are valued using the depreciated replacement cost approach where there is no active market for the asset being valued, that is, where there is no relevant evidence of recent sales transactions due to specialist nature of the asset. Where recent transactions can be identified, the Valuer has adopted the existing use value method, where rental value is capitalised at a rate determined by the type, quality and location of the asset. The assumptions made by the valuer include the application of an appropriate rental value and capitalisation rate. This is based on comparable evidence of market transactions of similar assets nearby.

A large proportion of the Council's property, plant and equipment (PPE) asset value is comprised of properties valued using the Depreciated Replacement Cost (DRC) method of valuation.

Inspections of PPE were carried out in 2020/21 as part of the Council's revaluation process. As a result of these inspections the Council recognised revaluations of PPE

## Manchester City Council Annual Statement of Accounts 2020/21

in the revaluation reserve of £131,102,000 reflecting the revaluation movement since the last revaluation of these assets.

The Council also performed impairment reviews where there were impairment indicators, such as a change in use or capital expenditure in excess of £500,000 during the year. Downward valuations were charged against the revaluation reserve to the extent there was a credit balance in the reserve for the individual asset. Amounts in excess of the credit balance in the reserve were charged to the Comprehensive Income and Expenditure Statement. This has resulted in £41,476,000 in relation to PPE being charged to the Comprehensive Income and Expenditure Statement.

## Manchester City Council Annual Statement of Accounts 2020/21

The following table lists the value of each type of property, plant and equipment with the year of their last valuation:

	Council Dwellings £000s	Other Land and Buildings £000s	Vehicles, Plant and Equipment £000s	Community Assets £000s	Assets Under Construction £000s	Surplus Assets £000s	Total £000s
Historical Cost	0	0	55,791	33,224	229,320	0	318,335
Valuation in Year:

2018/19	0	242,098	136	0	0	21,247	263,480
2019/20	0	684,780	349	0	0	11,674	696,803
2020/21	623,195	144,637	0	0	0	112,430	880,263
<b>Total</b>	<b>623,195</b>	<b>1,098,402</b>	<b>56,277</b>	<b>33,224</b>	<b>229,320</b>	<b>160,185</b>	<b>2,200,602</b>

### Surplus Assets

#### Fair Value Hierarchy

Details of the Council's surplus properties and information about the fair value hierarchy as at 31 March is as follows:

		31 March 2020 £000s	31 March 2021 £000s
<b>Surplus Assets</b>			
Other significant inputs*	Level 2	21,917	13,249
Significant unobservable inputs*	Level 3	112,949	146,935
<b>Total</b>		<b>134,866</b>	<b>160,184</b>

\*see fair value hierarchy categorisation at the end of note for additional information.

All surplus property has been valued in accordance with IFRS13 under the fair value hierarchy. The fair value measurement requires the valuer to determine:

- the highest and best use of the asset and whether it is used in combination with other assets or on a stand-alone basis
- what is legally, physically and financially feasible
- the market in which an orderly transaction would take place for the asset

- the appropriate valuation technique to use maximising the use of relevant observable inputs (market data such as market rents and yields or actual information about transactions such as lease details or covenant strength) and minimising observable inputs (these are inputs where market data is not available and are developed using the best information available about the assumptions market participants would use when pricing the asset such as comparable land or property values. Where such evidence is not available the use of sales values and cost of development to produce a residual value has been used).

The fair value of surplus assets has been measured using the market valuation technique and has taken account of the following factors - market evidence of capital values, location, size, layout, knowledge of planning requirements and potential development costs. As the future use of these assets is yet to be determined, the current use cannot be assumed to be highest and best, however in estimating the fair value of surplus properties, the highest and best use of the properties has been adopted in accordance with the Code.

There have been transfers between the levels of the fair value hierarchy that have been deemed to be occurred: totalling £12,962,000 between the levels of fair value hierarchy from level 2 to level 3 during 2020/21. These included: Land at Water Street / New Elm Street and land adjacent to Beetham Tower.

These assets were previously held at level 2 of the fair value hierarchy (quoted prices other than quoted prices in level 1 that are observable for the asset or liability, either directly or indirectly) as they were carried at acquisition cost.

Subsequent revaluation of these as at 31 March 2021 were based on level 3 inputs (level 3 inputs are unobservable inputs for an asset or liability that are used to measure fair value in circumstances where market data is not available as there is little, if any, market activity for the asset or liability at the measurement date). This move between levels is due to the lack of observable, comparable market data.

Reconciliation of Fair Value Measurements Categorised within Level 3 of the Fair Value Hierarchy

	2019/20 £000	2020/21 £000
<b>Reconciliation of Fair Value Measurements:</b>		
Balance at 1 April	106,235	112,949
Transfers to surplus assets	5,292	3,373
Transfers between levels	300	11,017
Total (losses) included in deficit on provision of services resulting from changes in the fair value	(796)	(3,154)
Total gains / (losses) included in other comprehensive income and expenditure	(1,152)	11,623
	<b>109,879</b>	<b>135,808</b>
Additions	3,743	11,833
Depreciation	(673)	(706)
<b>Balance at 31 March</b>	<b>112,949</b>	<b>146,935</b>

Total losses included in deficit on provision of services resulting from changes in the fair value are shown within council wide costs in the Comprehensive Income and Expenditure Statement.

Fair Value Hierarchy

Level 1

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the balance sheet date. A quoted market price in an active market provides the most reliable evidence of fair value.

Level 2

Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the asset, either directly or indirectly.

Level 2 inputs include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active

Inputs other than quoted prices that are observable for the asset or liability, for example:

- Interest rates and yield curves

Level 3

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data,

Manchester City Council Annual Statement of Accounts 2020/21

taking into account all information about market participant assumptions that is reasonably available.

Manchester City Council Annual Statement of Accounts 2020/21

**Note 24. Assets Held For Sale**

Assets are categorised as held for sale when an asset is available for immediate sale in its present condition, the sale is highly probable, it is being actively marketed (if applicable) and the sale is expected to be within one year of classification as held for sale.

Movements on assets held for sale during the year were as follows:

Assets Held For Sale	£000s
Net book value at 31 March 2019	11,773
Movement in 2019/20	
Reclassifications	12,341
Disposals	(14,975)
Revaluations	335
Net book value carried forward at 31 March 2020	9,474
Movements in 2020/21	
Reclassifications	1,534
Disposals	(4,596)
Revaluations	(73)
Net book value carried forward at 31 March 2021	6,339

Note 26. Assets Held as Lessee

Operating Leases

The Council has obtained the right to use printers and multi-functional devices by entering into operating leases.

The Council has entered into a number of leases relating to offices and land. The leases vary in length from short-term leases to those with terms over 600 years.

The future minimum lease payments due under non-cancellable leases in future years are:

	31 March 2020 £000s	31 March 2021 £000s
Not later than one year	5,536	5,391
Later than one year and not later than five years	19,083	17,461
Later than five years	71,663	68,542
<b>Total</b>	<b>96,282</b>	<b>91,394</b>

Lease payments made:

	2019/20 £000s	2020/21 £000s
Minimum lease payments	5,146	5,246
<b>Total</b>	<b>5,146</b>	<b>5,246</b>

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

	2019/20 £000s	2020/21 £000s
Corporate Core	356	430
Growth and Development	4,790	4,816
<b>Total minimum lease payments</b>	<b>5,146</b>	<b>5,246</b>

Note 27. Assets Held as Lessor

Operating Leases

The Council has leased out a number of offices, industrial premises and land to various organisations for both community use and economic development purposes. The leases vary in length and are all classed as operating leases.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	31 March 2020 £000s	31 March 2021 £000s
Not later than one year	16,794	16,071
Later than one year and not later than five years	60,977	60,038
Later than five years	861,161	931,273
<b>Total minimum lease payments</b>	<b>938,932</b>	<b>1,007,382</b>

The large increase in operating lease income later than 5 years is due to a new lease to Manchester Airport Holdings Ltd.

The minimum lease payments do not include rents that are contingent on events taking place after the lease has been entered into, such as adjustments following rent reviews.

### Note 28. Investment Properties

The value of income generating investment properties classed as operating leases is £474,469,000 (£474,880,000 in 2019/20). The balance of investment properties are held for capital appreciation purposes.

These assets are classed as investment properties because they are held to solely earn rentals during the year and are not used by the Council in delivering its services. As these assets are classed as investment properties no depreciation charge has been made in 2019/20 or 2020/21.

	2019/20 £000s	2020/21 £000s
Rental income from investment property	(22,840)	(21,125)
Direct operating expenses arising from investment property	2,858	2,779
<b>Net gain</b>	<b>(19,982)</b>	<b>(18,346)</b>

The following table summarises the movement in the fair value of investment properties:

	Investment Properties £000s
<b>Net book value carried forward as at 1 April 2019</b>	<b>422,814</b>
Movement in 2019/20	
Expenditure	8,746
Reclassifications	18,473
Movement in fair value of investment property	25,194
<b>Net book value carried forward as at 31 March 2020</b>	<b>475,227</b>
Movement in 2020/21	
Expenditure	599
Reclassifications	(13,574)
Movement in fair value of investment property	13,878
<b>Net book value carried forward as at 31 March 2021</b>	<b>476,130</b>

### Fair Value Hierarchy

All properties within the Council's investment portfolio have been value assessed as Level 2 on the fair value hierarchy for valuation purposes (accounting policy 5.2.33 provides an explanation of the fair value levels).

### Valuation Techniques Used to Determine Level 2 Fair Values for Investment Properties

The fair value of investment property has been measured using a market approach, which takes into account quoted market prices for similar assets in active markets, existing lease terms and rentals, research into market evidence including market rentals and yields, covenant strength for existing tenants and data and market knowledge gained in managing the Council's investment asset portfolio. Market

## Manchester City Council Annual Statement of Accounts 2020/21

conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised as level 2 on the fair value hierarchy.

There has been no change in the valuation techniques used during the year for investment properties.

### Highest and Best Use

In estimating the fair value of the Council's investment properties, the highest and best use is their current use.

### Valuers

The investment properties were valued in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors (RICS) by Jacobs, external valuers engaged by the Council.

Note 29. Capital Expenditure and Capital Financing

	2019/20 £000s	2020/21 £000s
Opening Capital Financing Requirement	1,528,528	1,496,477
<b>Expenditure</b>		
Property, plant and equipment	102,470	161,002
Infrastructure	51,978	45,542
Investment properties	8,746	599
Heritage assets	30	40
Revenue expenditure funded from capital under statute*	31,004	12,168
Intangible assets	57	0
Long term debtors	59,342	112,166
Investment in share capital	1,870	4,230
	255,497	335,747
Assets acquired under finance lease / PFI arrangements	18,516	1,242
Novation of long-term debtors	(154,577)	0
<b>Funding Resources</b>		
Revenue contributions	(15,456)	(18,791)
Capital Receipts	(19,729)	(21,449)
Major Repairs Reserve	(18,594)	(15,916)
Government grants	(42,658)	(63,340)
External contributions	(28,059)	(35,490)
Minimum Revenue Provision	(26,991)	(29,684)
	(151,487)	(184,670)
Closing Capital Financing Requirement	1,496,477	1,648,796
HRA	298,095	299,237
Non HRA	1,198,382	1,349,559
Closing Capital Financing Requirement	1,496,477	1,648,796
<b>Explanation of Movement in Year</b>		
Minimum Revenue Provision	(26,991)	(29,684)
Increase in underlying need to borrow	131,001	180,761
Assets acquired under finance lease / PFI arrangements	18,516	1,242
Novation of long-term debtors	(154,577)	0
	(32,051)	152,319

The novation of long-term debtors relates to the transfer to the Greater Manchester Combined Authority (GMCA) of investments made using Housing Investment Fund and City Deal Receipts funding, following the novation of the associated debt to the GMCA. With both the debt and the associated investments being novated, the CFR requires an adjustment to reflect this.

\* Legislation allows some expenditure to be classed as capital expenditure even though it does not result in the recognition of a non-current asset on the Council's

Manchester City Council Annual Statement of Accounts 2020/21

balance sheet (i.e., grants and expenditure on property not owned by the Council). This enables the expenditure to be funded by capital resources, rather than charging the General Fund and impacting upon the year's council tax.

Further analysis of the capital expenditure incurred is shown in the narrative report.

**Note 30. Contracted Capital Commitments**

Many capital schemes take two or more years to complete. At the Balance Sheet date the main contractual commitments relating to ongoing schemes for the enhancement of assets were as follows:

	2020 £000s	2021 £000s
Housing	10,680	14,919
Education	244	8,933
Indoor Leisure	382	19,475
The Factory	65,866	41,470
Our Town Hall	12,799	210,462
Street Lighting	1,649	380
Alexandra House	5,936	385
Highways Investment Programme	4,752	3,535
Gorton Health Hub	107	20
Carbon Reduction Programme	2,344	1,953
Civic Quarter Heat Network	7,788	159
<b>Total</b>	<b>112,547</b>	<b>301,691</b>

There are no contracted capital commitments related to the acquisition of property, plant and equipment.

In 2020/21 the Our Town Hall Project entered into the major contracts for the main construction phase.

**Note 31. Investments**

The Council has the following long-term investments:

	31 March 2020 £000s	31 March 2021 £000s
<b>Investments in organisations included in the group statements</b>		
Manchester Airports Holdings Ltd Share Capital	112,354	112,354
Manchester Airports Holdings Ltd (C Shares)	1,870	5,700
Destination Manchester Ltd Share Capital	10,200	10,200
<b>Other long-term investments</b>		
<b>Investments in subsidiaries not included in the group statements</b>		
Manchester Mortgage Corporation Plc Share Capital	146	142
<b>Investments in associates and joint ventures not included in the group statements</b>		
National Car Parks (Manchester) Ltd Share Capital	2,147	0
Eastlands Development Company Limited	1,155	1,155
Matrix Homes Ltd	5,079	5,413
Mayfield Developments	4,000	4,000
	<b>136,951</b>	<b>138,964</b>
<b>Total other long-term investments</b>	<b>12,536</b>	<b>12,403</b>
<b>Total Long-Term Investments</b>	<b>149,487</b>	<b>151,367</b>

The investments in Manchester Airports Holdings Ltd (apart from the C shares, which relate to a car park investment) and Destination Manchester Ltd are shown at cost.

All other investments are held at fair value, either at quoted price or based on the Council's share of reserves of the company.

The joint venture with National Car Parks (National Car Parks (Manchester) Ltd ended in December 2020. The Council car park assets came back into the Council with effect from 1 January 2021 and are now managed and operated within the Council.

The Council still holds a stake in the Joint venture, but due to adverse trading conditions during the pandemic the Company was entered into administration on 5 July 2021.

At 31 March 2021 the Council had no short-term investments; 31 March 2020, £20.098m with Bank of Scotland (£5.010m), HSBC (£5.087m), Nat West (£0.001m)

Manchester City Council Annual Statement of Accounts 2020/21

and Rotherham Metropolitan Borough Council (£10.000m). These are classed as short-term investments as they have been invested for a period greater than three months but less than twelve months.

The table shows summarised financial information for the Council's joint venture for 2019/20 and 2020/21. These figures show the Council's share of the joint venture's results:

	2019/20 £000s	2020/21 £000s
<b>Council's share of Manchester Airports Holdings Ltd</b>		
Total current assets as at 31 March	298,626	219,994
Total long-term assets as at 31 March	1,496,112	1,534,275
Total current liabilities as at 31 March	154,851	86,052
Total long-term liabilities at 31 March	1,162,164	1,312,897
Total income	315,737	63,403
Total expenditure	264,830	203,025

Manchester City Council Annual Statement of Accounts 2020/21

**Note 32. Debtors and Payments in Advance**

As the balance sheet date represents the position at the end of the financial year, there are monies owed to the Council at that date which are yet to be received in cash. The following analysis shows the amounts owed to the Council which had not been received at 31 March.

The Council also makes impairment loss allowance for outstanding monies which it is anticipated will not be recovered. These amounts are then deducted from the total value of debtors shown in the accounts. An analysis of this impairment of debt is shown in the table:

	31 March 2020 £000s	31 March 2021 £000s
<b>Short term debtors and payments in advance</b>		
<b>Debtors included in the Financial Instruments note</b>		
Government departments	30,211	69,210
Other local authorities	35,687	27,833
NHS bodies	7,358	8,795
Public corporations	1,503	0
Housing rents	7,599	8,450
Destination Manchester Ltd / Manchester Central Ltd	750	750
All other bodies (external to government) - trade organisations and individuals	123,455	133,408
	206,562	248,446
<b>Impairment of Debt</b>		
Housing rents	(6,356)	(6,663)
Other	(63,369)	(71,709)
	136,837	170,074
<b>Debtors not included in the Financial Instruments note</b>		
HM Revenue and Customs	6,657	8,103
Government departments payments in advance	0	117
Council tax	61,502	72,993
Business rates	28,914	56,367
All other bodies (external to government) payments in advance	7,400	6,324
<b>Impairment of Debt</b>		
Council tax	(47,203)	(55,119)
Business rates	(23,253)	(45,450)
<b>Total</b>	<b>170,855</b>	<b>213,410</b>

## Manchester City Council Annual Statement of Accounts 2020/21

a. The collection rate of both council tax and business rates reduced in 2020/21. Council tax was down by 2.65% from 92.80% in 2019/20 to 90.15% in 2020/21; and business rates down by 9.86%, from 97.77% to 87.91% in 2020/21; as a result, there has been an increase in the impairment allowance for non-collection.

An analysis of business rates and council tax debtors outstanding for over 30 days not impaired is shown in the table.

	31 March 2020 £000s	31 March 2021 £000s
Less than three months	902	1,196
Three to six months	1,003	1,364
Six months to one year	2,105	2,758
More than one year	15,950	23,473
<b>Total</b>	<b>19,960</b>	<b>28,791</b>

### Long Term Debtors

These are amounts which are owed to the Council which are being repaid over various periods longer than one year. Long-term debt which has become due in less than twelve months has been reclassified as short-term debt.

	31 March 2020 £000s	31 March 2021 £000s	
<b>Amounts falling due after one year:</b>			
<b>Debtors included in the Financial Instruments note</b>			
Former Greater MC debt	24	0	(a)
Private Sector Housing Loans	10,842	11,349	(b)
Equity Mortgages	2,952	2,163	(c)
Matrix Homes	8,889	9,561	(d)
Biffa Municipal	4,379	3,974	(e)
Manchester Quays Riverside	4,288	4,287	(f)
Manchester College	17,596	19,378	(g)
Manchester Airports Holdings Ltd	218,713	356,098	(h)
Destination Manchester Ltd / Manchester	16,407	15,657	(i)
Other	2,985	2,766	(j)
	<b>287,075</b>	<b>425,233</b>	
<b>Debtors not included in the Financial Instruments note</b>			
PFI prepayments	23,156	21,400	(k)
<b>Total</b>	<b>310,231</b>	<b>446,633</b>	

a - This debtor relates to loan advances in respect of undertakings transferred to the former Greater Manchester Council and are repayable by the Greater Manchester Metropolitan Debt Administration Fund.

b - These debtors relate to loans to individuals given to carry out works to their properties or to provide relocation assistance following compulsory purchase orders. These loans are accounted for as embedded derivatives or soft loans. The amount relating to embedded derivatives is an estimate of the amount to be repaid based on the amount of loans outstanding adjusted by the Land Registry House Pricing Index. The amount relating to soft loans is based on the amount to be repaid reduced by the amount of foregone interest as these loans are offered at below market rates of interest.

c - These debtors relate to the balance due to the council from the mortgagee 10 years after the granting of equity mortgages.

d - This debtor relates to a technical loan for the grant of long-term leases to Matrix Homes and includes accrued long-term interest.

e - This debtor relates to a loan made to the company to purchase equipment to provide services to the Council.

f - This debtor relates to a loan made to Manchester Quays Riverside Ltd in connection with the St John's development.

g - This debtor relates to a loan made to Manchester College

h - These debtors relate to long-term loan advances made to Manchester Airports Holdings Ltd to assist in the financing of approved capital works. A loan of £83.168m was renegotiated during 2009/10 and includes debt that was previously the responsibility of the Greater Manchester Debt Administration Fund. Advances totalling £124.25m have been made during 2018/19 and £106.451m in 2020/21. These loans are to contribute towards capital works at Manchester and Stansted Airports. This long-term debtor includes accrued interest of £42.228m.

i - This debtor relates to loans made to the company.

j - This debtor relates to loans made to other organisations.

k - These debtors relate to amounts paid to contractors as part of the unitary charge where works will take place at a later date.

### Note 33. Creditors and Receipts in Advance

As the Council's Balance Sheet represents the financial position at the end of the financial year, these are monies owed by the Council at that date which have yet to be paid. There are also amounts which the Council has received before the end of the financial year which relates to services which have not yet been provided. This

Manchester City Council Annual Statement of Accounts 2020/21

analysis shows the amounts owed which had not yet been paid and the amounts received in advance as at 31 March.

	31 March 2020 £000s	31 March 2021 £000s
<b>Short Term Creditors and Receipts in Advance:</b>		
<b>Creditors classed as Financial Instruments</b>		
Government departments	7,514	49,838
Other local authorities	28,083	12,350
NHS bodies	535	2,486
Public corporations	1	128
Financial institutions	1,447	643
Housing rents	2,653	2,783
Other bodies (external to government) - trade organisations and individuals	102,406	126,952
	142,638	195,180
<b>Creditors not classed as Financial Instruments</b>		
Government departments receipts in advance	34,816	2,572
Other local authorities receipts in advance	201	815
NHS bodies receipts in advance	87	218
Other bodies (external to government) receipts in advance	7,165	4,601
HM Revenue and Customs	8,083	10,071
Council tax	7,986	10,316
Business rates	15,620	11,094
<b>Total</b>	<b>216,596</b>	<b>234,867</b>

(a)

(a) The decrease in government department receipts in advance mainly relates to the 2020/21 section 31 business rates grants (£29m) which were paid in March 2020 by central government to assist councils with cash flow during the COVID19 pandemic.

These are amounts which are owed by the Council which are being repaid over various periods longer than one year. Long-term creditors which have become due in less than twelve months have been reclassified as short-term creditors.

Manchester City Council Annual Statement of Accounts 2020/21

Note 36. Provisions

Provisions are established to meet liabilities or losses which are likely or certain to be incurred, but the amounts or timings are uncertain.

These have been split between short term (amounts owed in less than 12 months) and long term (amounts owed in more than 12 months) on the balance sheet.

The Council has established the following provisions:

Provision type:	31 March 2020 £000s	Transfers in year £000s	Amounts used in year £000s	Contributions in year £000s	Amounts released in year £000s	31 March 2021 £000s	Short Term 31 March 2021 £000s	Long Term 31 March 2021 £000s	
Compensation provisions	9,541	4,675	4,866	3,194	(2,462)	10,273	6,194	4,079	a
Insurance provision (including HRA)	3,413	1,380	2,033	1,603	(1,774)	3,242	2,682	560	b
Provision for business rate appeals	90,999	24,872	66,127	39,952	(15,039)	115,911	10,377	105,534	c
Various other provisions	776	643	133	169	(73)	872	739	133	
<b>Total</b>	<b>104,729</b>	<b>31,570</b>	<b>73,159</b>	<b>44,918</b>	<b>(19,348)</b>	<b>130,298</b>	<b>19,992</b>	<b>110,306</b>	

a - The compensation provisions have been set up to compensate claimants for claims received by the Council as at 31 March 2021. These claims will be paid as the amount of compensation is agreed for each case. The amounts of the provisions have been calculated based on an estimate of the likely settlement of the claims. There is no expected reimbursement to fund these claims.

## Manchester City Council Annual Statement of Accounts 2020/21

b - The insurance provision includes amounts in relation to Municipal Mutual Insurance. In January 1994, the Council's then insurer, Municipal Mutual insurance (MMI) made a Scheme of Arrangement with its creditors. Under this scheme, claims are initially paid out in full, but if the eventual winding up of the company results in insufficient assets to meet all liabilities, a clawback clause will be triggered, which could affect claims already paid.

On 13 November 2012, the Directors of MMI triggered the Scheme of Arrangement. This was because solvent run off could not be foreseen and there was no alternative to insolvent liquidation.

A Levy Notice was issued on 1 January 2014 by the Scheme Administrator at a rate of 15% on established scheme liabilities exceeding £50,000 in aggregate. A further levy notice was issued on 1 April 2016 stating that the levy should now be set at 25%.

The rate of Levy may be adjusted by the Scheme Administrator if, following a review of the financial position of MMI, he determines that the rate requires to be increased or decreased. Any such adjustment would be applied to the carried forward gross payments at that time.

Based on the most recent insurance data, £4.064m claims had already been paid with outstanding claims of £0.851m. This gives a total of £4.915m for which a provision of £1.229m (25%) has been made at 31 March 2021.

c - Following the partial localisation of business rates from 1 April 2013 the Council is required to make a provision for its share of the estimated settlement value of appeals against business rates. For the 2010 list this provision has been estimated using information received from the Valuation Office Agency (VOA) on appeals settled and outstanding. For the 2017 rating list the assumption has been made that the reduction in income due to appeals will be a similar percentage to the prior lists. The Council cannot be certain as to when these appeals will be settled as it is dependent on the timing of their settlement by the VOA. This provision has been determined on the assumption that current outstanding appeals will be settled in line with previous experience. The Council's share of the provision is 99% as a result of the Council participating in the 100% rates retention pilot (the remaining 1% is attributable to the GMCA fire and rescue element). Settled appeals will be charged to the provision once determined by the VOA.

**Note 37. Financial Instruments**

The Council's treasury management policy complies with the CIPFA Code of Practice on Treasury Management (Revised November 2009). This was adopted by the Council on 7 March 2012. In accordance with best practice, the City Treasurer has undertaken a review of the policy and is satisfied that the policy is relevant and complete.

The Council's treasury management activities are managed through a central loans and investment account. Operating a central loans and investment account enables the Council to borrow on advantageous terms, minimise administration costs and dampen the effects of large interest rate changes. In 2020/21 the average net rate of interest paid and received was 3.02% (3.24% in 2019/20).

A financial instrument is any contract that results in a financial asset in one entity and a financial liability or equity shareholder in another.

## Manchester City Council Annual Statement of Accounts 2020/21

The Council's treasury management strategy during the year was to undertake short-term borrowing when cash was required, due to the significant market uncertainty. Therefore, in the table above, current borrowings have increased.

Assets that are classed as fair value are valued at a quoted market value where this is available (level 1 of the fair value hierarchy). Where investments are not quoted the value of that investment has been taken as the Council's share of the reserves of the company invested in (level 2 of the fair value hierarchy).

### Fair Value of Assets and Liabilities

	Carrying Amount		Fair Value	
	31 March 2020 £000s	31 March 2021 £000s	31 March 2020 £000s	31 March 2021 £000s

<b>Total Borrowings</b>	<b>618,301</b>	<b>763,229</b>	<b>821,311</b>	<b>1,024,780</b>
Ex GMC debt	5,146	2,654	5,146	2,654
PFI and service concessions liabilities	161,503	153,758	161,503	153,758
Trade creditors	143,881	196,206	143,881	196,205
<b>Total Financial Liabilities</b>	<b>928,831</b>	<b>1,115,847</b>	<b>1,131,841</b>	<b>1,377,397</b>
	Carrying Amount		Fair Value	
	31 March 2020 £000s	31 March 2021 £000s	31 March 2020 £000s	31 March 2021 £000s
<b>Assets</b>				
Cash and cash equivalents	133,984	49,265	133,984	49,265
Long term investments	26,932	28,813	26,933	28,813
Short term investments	20,098	0	20,098	0
Trade debtors	423,912	595,307	446,690	623,922
<b>Total Financial Assets</b>	<b>604,925</b>	<b>673,385</b>	<b>627,705</b>	<b>702,000</b>

For the purposes of the notes to the accounts, all assets and liabilities are given a fair value, although this is only shown in the balance sheet for fair value through profit and loss and fair value through other comprehensive income assets. For many financial instruments the fair value will be the same as the outstanding principal amount, but for others there could be a significant difference.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date in the principal market for the asset or liability or in the absence of a principal market, the most advantageous market.

## Manchester City Council Annual Statement of Accounts 2020/21

The fair values for PWLB, market and Government debt were determined by reference to new loan rates on the Gilt market as at the balance sheet date as there is no active market for similar assets at this time and include accrued interest as this provides a sound approximation for the fair value for these instruments (level 2). By way of comparison, if the fair values were calculated with reference to PWLB redemption rules and prevailing PWLB redemption rates, they would be £209,350,000 for PWLB debt, £22,350,000 for Government debt and £1,005,810,000 for market debt.

Fair value for PFI, service concessions and finance leases cannot be obtained as there is no comparable information available and has therefore been shown at the carrying amount.

### Income, expense, gains and losses

	2019/20		2020/21	
	Deficit on the provision of services £000s	Other comprehensive income and expenditure £000s	Surplus on the provision of services £000s	Other comprehensive income and expenditure £000s
Income, expense, gains and losses:				
Net (gains)/losses on:				
Financial assets measured at fair value through profit or loss	534	0	(384)	0
Financial assets measured at amortised cost	547	0	228	0
Investments in equity instruments designated at fair value through other comprehensive income	0	980	0	2,734
<b>Total net (gains)/losses</b>	<b>1,081</b>	<b>980</b>	<b>(156)</b>	<b>2,734</b>
Interest income	(26,294)	0	(34,673)	0
Interest expense	34,759	0	34,738	0

The increase in interest income is due to a loan advanced, and classed a long-term debtor, to Manchester Airport Group during 2020/21.

### Nature and extent of risk arising from Financial Instruments and the management of those risks

#### Key Risks

The Council's activities expose it to a variety of financial risks:

**Credit Risk** - the possibility that other parties might fail to pay amounts due to the Council.

Liquidity Risk - the possibility that the Council might not have funds available to meet its commitments to make payments.

Refinancing Risk - the possibility that the Council might be required to renew financial instruments on maturity at a disadvantageous interest rate or terms.

Market Risk - the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates movements.

#### Overall Procedures for Risk

The Council's overall risk management procedures focus on the unpredictability of financial markets and implementing restrictions to minimise these risks.

The procedures for risk management are set out through a legal framework in the Local Government Act 2003 and the associated regulations. These require the Council to comply with the CIPFA Prudential Code, the CIPFA Treasury Management in the Public Services Code of Practice and Investment Guidance issued through the Act. Overall, these procedures require the Council to manage risk in the following ways:

- By formally adopting the requirements of the code of practice.
- By the adoption of a Treasury Policy statement and Treasury Management clauses within its constitution.
- By approving annually in advance prudential indicators for the following three years limiting:
  - The Council's overall borrowing.
  - Its maximum and minimum exposures in the maturity structure of its debts.
  - Its maximum and minimum exposures in the maturity structure of its debts.
  - Its maximum and minimum exposures to investments maturing beyond a year.
  - By approving an investment strategy for the forthcoming year, setting out its criteria for both investing and selecting investment counter parties with Government Guidance.

These are required to be reported and approved annually before the start of the year to which they relate. These items are reported with the annual Treasury Management Strategy and actual performance is also reported semi-annually to Members.

The annual Treasury Management Strategy was approved by Council on 6 March 2020. The strategy is available on the Council's website.

#### Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers. This risk is managed through the Annual Investment Strategy which was approved by full Council on 5 March 2021. This strategy is available on the Council's website. Some of the key areas of the strategy are as follows:

## Manchester City Council Annual Statement of Accounts 2020/21

Specified Investments are investments in sterling denomination, with maturities up to a maximum of one year. All specified investments meet the minimum “high” ratings criteria where applicable. Examples of the investments used are:

- Term deposits – Other Local Authorities
- Term deposits – Banks and building societies
- Money Market Funds

Non-specified investments are any other type of investment than specified. The Council does not make use of this type of investment.

### Investment Limits

The financial investment limits of banks and building societies are linked to their Fitch (or equivalent) long-term ratings, as follows:

#### Banks and Building Societies

Fitch or Equivalent AA+ and above	£20 million
Fitch or Equivalent AA/AA-	£15 million
Fitch or Equivalent A+/A	£15 million
Fitch or Equivalent A-	£10 million
Fitch or Equivalent BBB+	£10 million

#### Other

Debt Management Office	£200 million
Greater Manchester Combined Authority	£200 million
Other local authorities	£20 million

Credit quality of counter parties (issuers and issues) and investment schemes will be determined by reference to credit ratings published by Fitch, Moodys and Standard and Poor's rating agencies. The Council's minimum long-term, short-term and other credit rating criteria, which are considered sufficient for each category of investment, will be adhered to at all times. Since the 2009/10 financial year, in response to the continuing economic uncertainty and financial difficulties faced by some banks the Council has restricted fixed deposits to UK banks and building societies and has limited fixed deposits to a time period of 3 months. The Council continued to rely on market intelligence as well as credit ratings, credit outlooks and additional information to alert it to institutions possibly facing financial difficulties.

As at the balance sheet date, the amounts included within the cash and cash equivalents figure above held with banks and financial institutions (excluding other local authorities) can be analysed by potential credit loss:

## Manchester City Council Annual Statement of Accounts 2020/21

Deposit	Fitch Short Term rating	Moody's Short-Term rating	S&P short term rating	Amount at 31 March 2021 £000's	Assessed Risk of Default	Estimated value at risk £000's
Bank of Scotland	F1	P-1	A-1	15,000.0	0.02%	3
NatWest Bank	F1	P-2	A-2	1.0	0.05%	0
Barclays Bank	F1	P-1	A-1	12,400.0	0.02%	2

The Council does not expect any losses from these investments.

### Monitoring of credit ratings

A - All credit ratings will be monitored on a continual basis and reviewed weekly. The Council is alerted by Link Asset Services (formerly Capita), its external Treasury Management advisors, to changes in the Fitch, Moodys and Standard and Poor's rating agencies ratings daily.

B - If a downgrade results in the counter party/investment scheme no longer meeting the Council's minimum criteria, its further use as a new investment will be withdrawn immediately.

C - If a counter party/investment scheme is upgraded so that it fulfils the Council's criteria, the Deputy Chief Executive and City Treasurer will have the discretion to include it on the lending list.

For all financial assets held at amortised cost the Council has reviewed the creditworthiness of each relevant organisation to ascertain the likely 12-month impairment. For those with indications of financial distress the Council has provided for lifetime impairment losses.

The trade debtor amount is £673,679,000 and the estimated exposure to default is £78,372,000.

### Liquidity Risk

The Council has ready access to borrow from the money markets to cover any day-to-day cash flow need, and from the PWLB and money markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The Council manages its liquidity risk position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the treasury and investment strategy reports), as well as through a comprehensive cash flow management system as required by the CIPFA Code of Practice, this seeks to ensure that cash is available when it is needed.

The maturity analysis of financial assets, net of any impairment, is as follows:

Manchester City Council Annual Statement of Accounts 2020/21

Maturity analysis of financial assets:	31 March 2020 £000	31 March 2021 £000
Less than 1 year	290,170	218,589
Between 1 year and 2 years	2,340	2,318
Between 2 and 3 years	2,290	6,618
More than 3 years	310,125	445,859
Total	604,925	673,385

### Refinancing and Maturity Risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures listed above are considered against the refinancing risk procedures, longer term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer-term financial assets.

The approved prudential indicator limits for the maturity structure of debt and the limits placed on investments placed for greater than one year in duration are the key parameters used to address this risk. The Council approved treasury and investment strategies address the main risks and the central treasury management team address the operational risks within the approved parameters. This includes: monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day to day cash flow needs, and the spread of longer-term investments provide stability of maturities and returns in relation to the longer-term cash flow needs.

The Council has £314,750,000 lender option borrower option (LOBO) loans. These have fixed rates of interest, but the lender may seek to increase interest rates at which point the Council has the option to repay the loan. As there is no certainty as to whether these loans will be repaid early, the Council has treated these loans as fixed loans which will run to maturity.

The maturity analysis of financial liabilities is as follows:

Maturity analysis of financial liabilities:	31 March 2020 £000	31 March 2021 £000
Less than 1 year	185,853	391,187
Between 1 year and 2 years	20,975	20,914
Between 2 and 5 years	52,861	46,186
Between 5 and 10 years	51,168	48,218
More than 10 years	617,974	609,340
Total	928,831	1,115,846

## Market Risk

### Interest Rate Risk

The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in variable and fixed interest rates would have the following effects:

- borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise.
- borrowings at fixed rates – the fair value of the borrowing liability will fall.
- investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise.
- investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value on the balance sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Comprehensive Income and Expenditure Statement. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Comprehensive Income and Expenditure Statement and effect the General Fund Balance.

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's prudential indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy, a prudential indicator is set which provides maximum and minimum limits for fixed and variable interest rate exposure. The central treasury management team will monitor market and forecast interest rates within the year, to adjust exposures appropriately. For instance, during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long-term returns. Similarly, the drawing of longer-term fixed rate borrowing would be postponed.

The Council tries to maximise its income on temporary investment and minimise its interest costs on temporary and long-term borrowing.

The maximum interest rate increase that could be expected in the current climate is assessed at 0.50%. This would only apply to the net short-term investments. The Council also has a number of LOBO loans that can be called at periods. There is the risk that these may have to be refinanced at a higher rate.

- LOBO risk (loans potentially subject to call £104,750,000 @ 0.5%) = £523,750.

### Price Risk

The Council, excluding the pension fund, does not generally invest in equity shares but does have shareholdings at a cost of £151,367,000 in a number of organisations including those within its group. Whilst these holdings are generally illiquid, the Council is exposed to losses arising from movements in the prices of the shares or

impairment of the assets held. As the shareholdings have arisen in the acquisition of specific interests, the Council is not in a position to limit its exposure to price movements by diversifying its portfolio. Instead, it only acquires shareholdings in return for “open book” arrangements with the company concerned so that the Council can monitor factors that might cause a fall in the value of specific shareholdings.

#### Foreign Exchange Risk

The Council has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

Manchester City Council Annual Statement of Accounts 2020/21

Note 38. Usable Reserves

The Council maintains a number of reserves on the Balance Sheet. Some are held for statutory reasons, some are needed to comply with proper accounting practice, and others have been set up voluntarily to earmark resources for future spending plans.

Movements on the Council's usable reserves in 2019/20 were as follows:

2019/20	31 March 2019 £000s	IFRS9 Transition £000s	Transfers between reserves £000s	Transfers to reserves £000s	Transfers from reserves £000s	31 March 2020 £000s

Manchester City Council Annual Statement of Accounts 2020/21

a(1) - Capital Receipts Reserve

Proceeds of non-current assets sales available to meet future capital investment.

Capital Receipts Reserve	2019/20 £000s	2020/21 £000s
Balance at 1 April	(81,860)	(96,849)
Capital receipts received in year	(37,271)	(21,122)
Paid to housing national pool	2,553	2,566
Applied to fund capital expenditure	19,729	21,449
Balance at 31 March	(96,849)	(93,956)

a(2) - Major Repairs Reserve

Resources available to meet capital investment in council housing.

Major Repairs Reserve	2019/20 £000s	2020/21 £000s
Balance at 1 April	(2,913)	(2,427)
HRA depreciation	(18,107)	(19,558)
Financing of capital expenditure on council dwellings	18,593	15,916
Balance at 31 March	(2,427)	(6,069)

Manchester City Council Annual Statement of Accounts 2020/21

a(3) - Capital Grants Unapplied Reserve

Capital grants and contributions available to meet future capital expenditure.

	2019/20 £000s	2020/21 £000s	
<b>Capital Grants Unapplied Reserve</b>			
Balance at 1 April	(57,516)	(104,055)	
Grants received in year	(117,256)	(88,779)	
Transferred to Capital Adjustment Account: General Grants and Contributions	59,506	85,470	
Transferred to Capital Adjustment Account: Revenue Expenditure Funded from Capital Under Statute (REFCUS) Grants and Contributions	11,211	13,360	
<b>Balance at 31 March</b>	<b>(104,055)</b>	<b>(94,004)</b>	a(1)

a(1) Of the balance above £72.8m relates to Basic Need grant allocations.

b(1) The LMS Reserve is committed to be spent on the Education service and is not available for the general use of the Council. This is held by schools under delegated schemes. Last year the negative DSG reserve was included in this reserve, new accounting practices have since been established in relation to the treatment of local authorities' schools budget deficits. For three years the Council must not charge the deficit to a revenue account. It must be held in a separate account established solely for the purpose of recording deficits relating to its school's budget. The new accounting practice has the effect of separating schools budget deficits from the Councils' general fund for a period of three financial years. The new unusable reserve can be seen in note 39.

c(1) The Bus Lane Enforcement Reserve was established to hold surpluses generated from bus lane enforcement and will be spent on public transport related activities and highways improvements. The transfer in of £2.035m in 2020/21 is reflective of the actual income less the cost of the service. It will be used in accordance with the requirements to fund the Council's contribution to the cost of metroshuttle and contribute towards the costs of the transport levy.

c(2) The On-street Parking Reserve was established to hold surpluses generated from on-street parking and will be spent on transport related activities and road and environmental improvements.

## Manchester City Council Annual Statement of Accounts 2020/21

c(3) Commuted sum received from the Homes and Communities Agency to fund maintenance in future years.

c(4) Funds received as part of development agreements that will be utilised for highways schemes in future years.

d(1) The Public Lighting PFI Reserve has been established to fund future expenditure on the scheme.

d(2) The Temple School PFI Reserve has been established to fund future expenditure on the scheme.

d(3) The Wright Robinson Sports College PFI Reserve has been established to fund future expenditure on the scheme.

e(1) Small reserves under £1m of £4.3m includes Housing Compliance (£0.7m), Brexit (£0.6m), Community Safety Reserve (£0.6m), School Catering related (£0.6m), Cemeteries Replacement (£0.5m), Great Ancoats Management Improvement (£0.2m), Climate Innovation (£0.2m), and the Social Value Fund (£0.2m), Contributions Other Local Authorities (£0.1m). The remainder are under £0.1m each and total £0.6m.

f(1) The Insurance Fund has been established to fund risks that are self-insured, such as those that fall below the insurance policy deductible amounts and historic claims where the period of exposure predates when the commercial liability policies were procured.

f(2) A Crime and Disorder Reserve of £1.5m was created in 2018/19 to increase the capacity of the City Council to tackle anti-social behaviour in our neighbourhoods. £0.420m was utilised in 2019/20, £0.540m in 2020/21 and £0.540m will be used the following year to fund the anti-Social Behaviour Team. The reserve also holds £293k grant to be spent in 2021/22.

f(3) The Investment Estate Reserve was created in 2018/19 to manage budget pressures due to the volatility and known future risks around investment income.

f(4) The Collection Initiatives Reserve contains funding for discretionary housing payments.

f(5) Manchester International Festival - business rates growth in that area prior to COVID-19 of £10.7m has been held in a reserve to fund the grant agreement to Manchester International Festival for the next 10 years once the Factory opens. This is important as it means the long-term funding agreement required for the opening of a venue of this size is not now a call on the revenue budget.

f(6) The Adult Social Care Reserve was established as part of a wider funding strategy that smooths resources over three years to enable permanent rather than agency or temporary appointments for social work posts supporting the delivery of the social care improvement plan, transition to the new home care contracts and to support the health and social care system to manage winter

## Manchester City Council Annual Statement of Accounts 2020/21

pressures. This reserve was increased at year end to mitigate the anticipated costs of supporting individuals released from hospital, due to COVID-19, awaiting an assessment of needs.

f(7) The Transformation Reserve has been set up to fund future service transformation costs.

f(8) The Airport Dividend Reserve is used to mitigate risk by using the majority of dividend receipts a year in arrears. The 2020/21 use was £11.853m, leaving a balance of £43.953m which will be used over the next two years. No dividend was receivable in 2020/21 and it is unlikely, with the impact of COVID-19, that any dividend will be paid in 2021/22. The majority of the reserve will be applied to the budget to meet the anticipated budget shortfall in 2022/23 as part of the measures set out in the Medium-Term Financial Strategy.

f(9) The Planning Income Reserve was set up to smooth fluctuations in planning income due to economic volatility

f(10) The Budget Smoothing Reserve was established in 2017/18 to smooth budgets over 2018/19 and 2019/20. Rebates received from the Greater Manchester Combined Authority relating to returned business rates income and reserves held for waste costs have been transferred to this reserve to be used to support future years budgets.

f(11) Children's Services reserve includes various smaller balances, the most significant relating to income risk

f(12) Other smaller reserves held to smooth risk / assurance includes Taxi Licensing reserve (£0.6m), Pension Contributions Reserve (£0.5m), Land Charges Fees Reserve (£0.3m) Selective Licensing Reserve (£0.2m) and Historic Abuse Reserve (£0.6m).

g (1) The Business Rates Reserve was established to mitigate business rates income risk due to the volatility of the assumptions and the future reset of the business rates base, which would see a loss of the Council's income growth since 2013.

h (1) The Capital Fund was established to fund revenue contributions to major capital schemes.

h (2) The Capital Financing Reserve was established to fund increases in borrowing costs due to the Council's capital investment programme

h (3) The English Institute of Sport Reserve holds monies received in relation to the City of Manchester Stadium and is to be used to fund future developments at Sports city.

h (4) The Investment Reserve has been set up to deliver priority regeneration projects.

## Manchester City Council Annual Statement of Accounts 2020/21

- i(1) The Clean and Green Reserve was funded from a dividend received from Manchester Airports Holdings Ltd and is being used to support green initiatives.
- i(2) The Social Care Reserve was set up to address social care pressures as well as support the delivery of children's services on a locality footprint and a three-year budget strategy.
- i(3) The Our Manchester Reserve is for additional investment made available as part of the 2017/2020 budget process to drive forward the delivery of Our Manchester for example through Voluntary Sector Grants.
- i(4) The Town Hall Reserve has been set up to fund revenue expenditure on the Town Hall Complex Programme. This reserve is expected to fund relevant spend until the end of the Town Hall project.
- i(5) Supporting Families Reserve is grant funds used to support families with multiple and complex needs
- j(1) These grants will not need to be repaid in accordance with the conditions on which the grant has been given, IFRS accounting standards require these grants to be recognised in the Consolidated Income and Expenditure Statement when they are due. The Council has chosen to transfer these grants to reserves to meet future spending commitments.
- k(1) COVID 19 Reserve - The tranche 1 COVID emergency funding grant of £18.6m was received in March 2020, it funded £0.4m of COVID related spend in 2019/20 with the balance of £18.2m carried forwards and applied against COVID-19 pressures in 2020/21. This supported costs and income losses faced by the council as a result of the pandemic, which weren't covered by specific funding streams.
- k(2) COVID 19- Contain Outbreak Management Fund - To provide support to councils towards expenditure in relation to the mitigation against and management of local outbreaks of coronavirus and to support proactive containment and intervention measures
- k(3) COVID 19- Additional Restriction Grant - To provide support to businesses impacted by the national lockdown measures and local restrictions
- k(4) COVID 19- Clinically Extremely Vulnerable - To provide support to clinically extremely vulnerable individuals who are required to shield under local restrictions
- k(5) COVID 19- other under £1.0m - These grants totalling £2.5m relate to Leisure Recovery Fund (£0.9m), New Burdens funding (£0.8m), Community Champions Reserve (£0.526m) and LA Framework Self-Isolating reserve (£0.185m).

## Manchester City Council Annual Statement of Accounts 2020/21

k(6) Business Rates S31 Grant - Taxation Income Guarantee Scheme - This scheme reimburses the council for 75% of losses in 2020/21 Business Rates Income. The collection fund deficit resulting from the lost income will be spread over three years as mandated by government. This reserve will be drawn down over the three years to partly mitigate the budget impact.

k(7) Business Rates S31 Grant - Extended Retail Relief - 100% Business Rates Relief was awarded to retail hospitality and leisure properties in the city. The income loss was reimbursed by government via a Section 31 grant. The collection fund deficit resulting from the lost income will come through in 2021/22. This reserve will be applied to offset the collection fund deficit.

l(1) The General Fund Reserve is the only unallocated reserve, held to meet costs arising from unplanned events, it also acts as a buffer to help mitigate against the financial risks the Council faces and is used to smooth expenditure across years.

m(1) HRA reserve holds resources available to meet future running costs for council housing. The £1.7m increase is due to reduced revenue contribution towards capital expenditure because of delays in the planned capital programme. The 30-year business plan currently forecasts that reserves will be exhausted by 2041/42 and work is ongoing to identify efficiencies that ensure that the reserves are kept at a sufficient level to underwrite risk and to fund future investment needs as required.

**Note 39. Unusable Reserves**

The balances on the Council's unusable reserves were as follows:

	31 March 2020 £000s	1 April 2020 £000s	31 March 2021 £000s	Note
<b>Unusable Reserves:</b>				
<b>Revaluation balances</b>

<b>Total</b>	<b>(1,902,244)</b>	<b>(1,897,964)</b>	<b>(1,563,094)</b>	

From 1 April 2020 the Dedicated Schools Grant Reserve is to be treated as an unusable reserve when in deficit.

**a - Revaluation Reserve**

The revaluation reserve represents the level of revaluation gains net of impairments charges on the Council's non property assets from 1 April 2007 onwards.

	2019/20 £000s	2020/21 £000s
<b>Revaluation Reserve:</b>		
Balance at 1 April	(1,242,419)	(1,273,124)
Revaluations relating to property, plant and equipment	(70,160)	(131,101)
Revaluations relating to other non-PPE assets	(6,424)	(20,726)
Revaluation gain depreciation	16,747	17,171
Impairment not charged to CIES	12,357	7,996
Disposals Transferred to Capital Adjustment Account (CAA)	15,632	1,888
Transfer to CAA re investment properties	1,143	0
<b>Total</b>	<b>(1,273,124)</b>	<b>(1,397,896)</b>

## Manchester City Council Annual Statement of Accounts 2020/21

### b - Financial Instruments Revaluation Reserve

The reserve contains the gains made by the authority arising from increases in the value of its investments that are measured at fair value through other comprehensive income. The balance is reduced when investments with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- disposed of and the gains are realised

Financial Instruments Revaluation Reserve:	2019/20 £000s	2020/21 £000s
Balance at 1 April	(13,994)	(13,014)
Upward revaluation of investments	(489)	(763)
Downward revaluation of investments	1,469	3,498
<b>Balance at 31 March</b>	<b>(13,014)</b>	<b>(10,280)</b>

### c - Pensions Reserve

The debit balance on the pensions reserve absorbs the timing differences arising from the different arrangements for accounting for post-retirement benefits and for funding benefits in accordance with statutory provisions.

Pensions Reserve:	2019/20 £000s	2020/21 £000s
Balance at 1 April	952,607	689,573
Net Movement in Year	(263,034)	346,311
<b>Balance at 31 March</b>	<b>689,573</b>	<b>1,035,884</b>

### d - Capital Adjustment Account (CAA)

The Capital Adjustment Account includes the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert current value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction, and enhancement.

The Account contains accumulated gains and losses on Investment Properties that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Manchester City Council Annual Statement of Accounts 2020/21

Capital Adjustment Account (CAA)	2019/20 £000s	2020/21 £000s
Balance at 1 April	(1,280,692)	(1,296,434)
Repayment of ex GMC debt	(2,370)	(2,492)
Minimum revenue provision	(26,991)	(29,684)
Reversal of PFI charges to HRA	(8,570)	(3,397)

Impairment of financial instrument assets	547	228
<b>Balance at 31 March</b>	<b>(1,296,434)</b>	<b>(1,377,853)</b>

#### e - Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the granting of equity mortgages, equity loans and the disposal of council houses under right to buy legislation but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement takes place, amounts are transferred to the Capital Receipts Reserve.

#### Equity Mortgages

These relate to a joint home build scheme between the Council and Redrow Homes. The Council has provided homebuyers, purchasing the properties, equity mortgage loans for up to 25% of the property value. These loans become repayable 10 years after the purchase of the property or earlier if the homeowner decides to sell the property before this time. There is also the option for the homebuyer to repay the loan before either of these events. The outstanding balance is adjusted each year in line with the Land Registry House Pricing Index.

### Equity Loans

#### a) Home Improvement Loans

These are equity share loans offered to homeowners to carry out essential renovation works. The minimum loan value available is £7,000 up to a maximum of £25,000 or 33% of the value of the improved home. The equity share is secured by a legal charge and loans are repayable on the death of the purchaser, or the sale of the property or when the purchaser ceases to occupy the property as their main home. The outstanding balance is adjusted each year in line with the Land Registry House Pricing Index.

#### b) Relocation Assistance Loans

These are equity share loans provided to assist owner-occupiers displaced by demolition to purchase a replacement property. Loan values are available which meet the difference between the value of the property to be demolished and the cost of buying another property subject to specified limits. The equity share is secured by a legal charge and loans are repayable on the death of the purchaser, or the sale of the property or when the purchaser ceases to occupy the property as their main home. The outstanding balance is adjusted each year in line with the Land Registry House Pricing Index.

	Opening Balance 1 April 2020 £000s	Gains on disposal £000s	Principal Repayments £000s	Fair Value Adjustments £000s	Closing Balance 31 March 2021 £000s
<b>Equity Loans:</b>					
Equity Mortgages	(1,950)	(118)	426	214	(1,428)
Equity Loans	(1,664)	0	0	(829)	(2,493)
<b>Total Deferred Capital Receipts</b>	<b>(3,614)</b>	<b>(118)</b>	<b>426</b>	<b>(615)</b>	<b>(3,921)</b>

#### f - Financial Instruments Adjustment Account

Balancing account to allow for differences in statutory requirements and proper accounting practices for borrowings and investments.

Financial Instruments Adjustment Account	2019/20 £000s	2020/21 £000s	
Balance at 1 April	1,114	4,284	
Soft loans in year movements	(33)	(50)	
Adjustment for interest free loans	3,752	1,223	f(a)
Premium and discounts	(549)	(533)	
<b>Balance at 31 March</b>	<b>4,284</b>	<b>4,924</b>	

f (a) The Council has received interest free loans of £8.5m from the Homes and Communities Agency repayable in 2024 and £20.5m from Salix repayable until 2025.

## Manchester City Council Annual Statement of Accounts 2020/21

This amount represents the saving to the Council over the remaining length of the loans of them being interest free.

### g - Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and business rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax and business rate payers, compared with the statutory arrangements for paying across amounts to the general fund from the collection fund.

	2019/20 £000s	2020/21 £000s
<b>Council Tax</b>		
Balance at 1 April	(5,893)	(2,862)
Movement in Year	3,031	1,887
<b>Balance at 31 March</b>	<b>(2,862)</b>	<b>(975)</b>

	2019/20 £000s	2020/21 £000s
<b>Business Rates</b>		
Balance at 1 April	(15,772)	(12,898)
Movement in Year	2,874	190,915
<b>Balance at 31 March</b>	<b>(12,898)</b>	<b>178,017</b>

	2019/20 £000s	2020/21 £000s
<b>Total</b>		
Balance at 1 April	(21,665)	(15,760)
Movement in Year	5,905	192,802
<b>Balance at 31 March</b>	<b>(15,760)</b>	<b>177,042</b>

### h - Short-term Accumulated Absences Account

The Short-term Accumulated Absences Account absorbs the differences that would otherwise arise on the general fund balance from accruing for compensated absences earned but not taken in the year e.g., annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the general fund balance is neutralised by transfers to and from this account.

	2019/20 £000s	2020/21 £000s
<b>Short-term Accumulated Absences Account</b>		
Balance at 1 April	5,690	5,845
Movement in Year	155	903
<b>Balance at 31 March</b>	<b>5,845</b>	<b>6,748</b>

### i - Dedicated Schools Grant Reserve

For the first time the DSG deficit is presented as an unusable reserve. This is the result of the introduction on 29 November 2020 of a new Statutory Instrument to amend the Local Authorities (Capital Finance and Accounting Regulations 2002) by

## Manchester City Council Annual Statement of Accounts 2020/21

establishing new accounting practices in relation to the treatment of schools' budget deficits. The aim is to ensure that DSG deficits are ringfenced and held separately from General Fund resources so that specific measures can be put in place to address the deficits without placing pressures on resources required for other essential services.

### Note 40. Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by grant monies provided by the Education and Skills Funding Agency, the Dedicated Schools Grant (DSG). DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools Budget as defined in the Schools Finance and Early Years (England) Regulations 2018. The schools budget includes elements for a range of educational services provided on an authority-wide basis and for the Individual Schools Budget, which is divided into a budget share for each maintained school.

Details of the deployment of DSG receivable in 2020/21 are as follows:

	Central Expenditure £000s	Individual Schools Budget £000s	Total £000s
<b>Dedicated Schools Grant:</b>			
Final DSG for 2020/21 before academy recoupment			560,150
Academy figure recouped for 2020/21			239,508
Total DSG after academy recoupment for 2020/21			320,642
Plus brought forward from 2019/20			(4,281)
Less carry forward to 2020/21 agreed in advance			2,450
Agreed initial budgeted distribution in 2020/21	18,689	300,121	318,810
In year adjustments	0	0	0
Final budgeted distribution for 2020/21	18,689	300,121	318,810
Less actual central expenditure	14,190	0	14,190
Less actual ISB deployed to schools	0	304,428	304,428
Plus local authority contribution for 2020/21	0	0	0
Carry forward surplus / (deficit) to 2021/22	4,499	(4,307)	192
Plus carried forward to 2021/22 agreed in advance			(2,450)
Cumulative carry forward (deficit) to 2021/22			(2,258)

The Dedicated Schools Grant (DSG) reserve is negative because the centrally retained DSG has overspent, largely due to expenditure within the high needs block which supports the education of children with Special Educational Needs and Disabilities. It is classed as an unusable reserve.

This deficit is expected to be recovered by 2022/23. Based on the original budgets set for 2021/22 it is expected the DSG deficit will be reduced by £1.5m in 2021/22 and the balance over the following year. A review of the high needs block has been undertaken as part of the planned recovery.

## Manchester City Council Annual Statement of Accounts 2020/21

The original budget for the Central Expenditure includes the following which are transferred to schools during the year:

- provisions for funding for Special Education Needs
- increases in pupil numbers
- contingencies within schools

## Note 41. Local Government Pension Schemes

As part of the terms and conditions of employment of its officers and other employees, the Council offers retirement benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

The Council participates in three pension schemes:

### a) The Local Government Pension Scheme

The Local Government Pension Scheme is a fully funded defined benefits scheme. The scheme is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of Tameside MBC who administer the scheme on behalf of the Greater Manchester Authorities. Tameside MBC delegates its functions in relation to the Greater Manchester Pension Scheme to the Pension Fund Management Panel, the Pension Fund Advisory Panel, Pension Fund Working Groups and the Executive Director of Pensions. The Pension Fund Management Panel is the key decision maker for investment management, monitoring investment activity and performance, overseeing administrative activities and providing guidance to officers in exercising delegated powers. All the Greater Manchester authorities are represented on the Management Panel.

The Public Service Pensions Act 2013 received Royal Assent on 25 April 2013. As a result, benefits earned from 1 April 2014 are based on career average revalued earnings.

There are risks and uncertainties associated with whatever assumptions are adopted. The Accounting Standard requires the assumptions to be determined on a best estimate basis. However, the assumptions are in effect projections of future investment returns and demographic experience many years into the future and there is inevitably a great deal of uncertainty in what constitutes best estimate for such projections.

The Accounting Standard requires the discount rate to be set with reference to yields on high quality corporate bonds irrespective of the investment strategy of the Fund. As such, the figures are unlikely to reflect either the actual eventual cost of providing benefits or the likely level of contributions to fund the employer's obligations to the Fund. The Balance Sheet position may change significantly due to relative changes in the equity and bond markets at the reporting date.

The main risk to the Council is that if the assumptions are more prudent than other employers it would lead to a poorer reported financial position or if less prudent an improved financial position. This does not have an impact on the underlying cost of the Fund nor the level of contributions that will be derived from future funding valuations.

## Manchester City Council Annual Statement of Accounts 2020/21

In order to assess the value of the employer's liabilities in the Fund at 31 March 2021 the actuary has rolled forward the value of liabilities calculated at the latest formal valuation, 31 March 2019, allowing for the different financial assumptions required under the Accounting Standards at the accounting date. In calculating the current service cost, allowance has been made for changes in the employer's pensionable payroll as estimated from contribution information. In calculating the asset share the employer's share of assets allocated at the latest valuation has been rolled forward, allowing for investment returns, the effect of contributions paid into and benefits paid from the Fund by the employer and its employees.

The estimated liability will not reflect any difference in demographic experience from that assumed, the impact of differences in salary and pension increases and changes for specific individuals and the effect of any changes in the age and length of service structure of the liabilities. It is not possible to reflect these without undertaking a full valuation. There is no reason to believe that this will introduce any undue distortions in the results.

### b) The Teachers' Pension Scheme

The Teachers' Pension Scheme is a defined benefit scheme, administered by the Department for Education. Further information is included in Note 42.

### c) The NHS pension scheme

Under the arrangements for Public Health, staff performing public health functions who were compulsorily transferred from the Primary Care Trusts to local authorities and had access to the NHS Pension Scheme on 31 March 2013 retained access to that Scheme on transfer at 1 April 2013.

The NHS pension scheme is an unfunded, defined benefit scheme that covers NHS employers and is a multi-employer defined benefit scheme. Further information is included in Note 43.

### Transactions Relating to Retirement Benefits

The costs of retirement benefits in the net cost of services are recognised when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required to be made against the Council Tax is based on the cash payable in the year, so the real cost of retirement benefits is reversed out in the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and Movement in Reserves Statement during the year:

Transactions Relating to Retirement Benefits:	2019/20 £000s	2020/21 £000s
<b>Comprehensive Income and Expenditure Statement</b>		
Net Cost of Services:		
current service cost	101,196	86,850
past service costs	5,826	675
<b>Total Service Cost:</b>	<b>107,022</b>	<b>87,525</b>

<b>Balance at 31 March</b>	<b>(2,837,837)</b>	<b>(3,517,661)</b>

The Council's share of pension fund assets is rolled forward, by the actuary, from the latest formal valuation date. The roll forward amount is then adjusted for investment

## Manchester City Council Annual Statement of Accounts 2020/21

returns, the effective contributions paid into and estimated benefits paid from the fund, by the Council and its employees. As such this estimate may differ from the actual assets held by the Pension Fund at 31 March.

### Net Liability for Year

	2019/20 £000s	2020/21 £000s
Present value of funded liabilities	(3,412,415)	(4,351,084)
Present value of unfunded liabilities	(114,995)	(116,033)
Fair value of assets	2,837,837	3,517,661
<b>Net Liability arising from Defined Benefit obligation</b>	<b>(689,573)</b>	<b>(949,456)</b>

The liabilities show the underlying commitment that the Council has in the long run to pay retirement benefits. The total liability of £949.4m is included within the net worth of the Council which has reduced by £122.2m as recorded in the balance sheet resulting in a positive overall balance of £2,474.6m.

The deficit on the Local Government Scheme will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary. The next triennial valuation is at 31 March 2022.

The Council made an upfront payment of £129.6m to the Greater Manchester Pension Fund for three years upfront employer contributions. This resulted in a reduction in the rate paid.

### Basis for Estimating Assets and Liabilities

Assets and liabilities have been assessed on an actuarial basis by Hymans Robertson, an independent firm of actuaries.

The main assumptions used in their calculations have been:

Main assumptions:	2019/20	2020/21
<b>Mortality assumptions:</b>		
<b>Longevity at 65 for current pensioners</b>		
Men	20.5 years	20.5 years
Women	23.1 years	23.3 years
<b>Longevity at 65 for future pensioners *</b>		
Men	22.0 years	21.9 years
Women	25.0 years	25.3 years
Rate of increase in salaries	2.7%	3.6%
Rate of increase in pensions	1.9%	2.9%
Discount rate	2.3%	2.0%

Manchester City Council Annual Statement of Accounts 2020/21

Main assumptions:	2019/20	2020/21
Take-up of option to convert annual pension into retirement lump sum - pre-April 2008	55.0%	55.0%
Take-up of option to convert annual pension into retirement lump sum - post April 2008	60.0%	60.0%

\* Figures assume members aged 45 as at the last formal valuation date. The estimate of the defined benefit obligation is sensitive to the actuarial assumptions set out in the table above.

Changes in assumptions at 31 March 2021	% increase to Employer Liability	£000s
0.1% decrease in Real Discount Rate	2%	81,812
1 year increase in member life expectancy	4%	178,685
0.1% increase in the Salary Increase Rate	0%	7,711
0.1% increase in the Pension Increase Rate (CPI)	1%	378,471

The principal demographic assumption is the longevity assumption (i.e., member life expectancy). For sensitivity purposes it is estimated that a one-year increase in life expectancy would increase the Employers Defined Benefit Obligation by around 3-5%.

This is not a full list of the assumptions used. For example, changes to the assumed level of withdrawals from the scheme and the number of ill health retirements will also have an effect. However, the assumptions in the table above will have the most impact.

The table shows the effect of changes to each assumption in isolation. It is possible for the experience of the Fund to deviate from more than one of the assumptions simultaneously and so the precise effect on the valuation is more complex.

Manchester City Council Annual Statement of Accounts 2020/21

The assets consist of the following categories, by proportion of the total assets held:

Asset Type:	Year Ended 31 March 2020				Year Ended 31 March 2021

#### Note 42. Teachers' Pension Scheme

Although the scheme is unfunded, the Department for Education (DfE) uses a notional fund as the basis for calculating the employer's contribution rate paid by local education authorities. However, it is not possible for the Council to identify a share of the underlying liabilities in the scheme attributable to its own employees. Although the teachers' pension scheme is a defined benefits scheme, for the purposes of the statement of accounts it is accounted for on the same basis as a defined contributions scheme. The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the Teachers' scheme. These benefits are fully accrued in the pensions liability described in Note 41.

The pension costs charged to the accounts are at the contribution rate set by the DfE on the basis of a notional fund. In 2020/21 the Council's contribution to the DfE in respect of teachers' pension costs was £23,433,000 (£20,488,000 2019/20), the set contribution rate being 23.68% (1 April 2019 to 31 August 2019 16.48%, 1 September 2019 to 31 March 2020 23.68%%).

The total contributions expected to be made to the Teachers' Pension Scheme by the Council in the year to 31 March 2022 is £23,786,000.

In addition, the Council is responsible for all pension payments relating to added years it has awarded, together with related increases. In 2020/21 these amounted to £5,698,000 (£5,756,000 2019/20) of which £966,000 (£1,045,000 2019/20) relates to former further education employees and is refunded by the Department for Education.

#### Note 43. National Health Service Pension Scheme

The NHS pension scheme is an unfunded, defined benefit scheme that covers NHS employers and is a multi-employer defined benefit scheme. This means that liabilities for benefits cannot be identified to the Council. The scheme is therefore accounted for as a defined contribution scheme – no liability for future payments of benefits is recognised in the Balance Sheet and the Adults Social Care line within the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable in the year.

In 2020/21 the Council's contribution in respect of former NHS staff pension costs was £86,000 (£84,000 in 2019/20), the set contribution rate being 14.4% (14.4% in 2019/20).

#### Note 44. Contingent Assets and Liabilities

##### Contingent Assets

As part of the Bowes Street Regeneration Scheme in Moss Side the Council has provided homebuyers, purchasing the renovated properties, equity mortgage loans totalling £1.428m for up to 30% of the property value. As these loans are repayable on the sale of the property or if the homebuyer decides to repay the loan before sale,

## Manchester City Council Annual Statement of Accounts 2020/21

the timing of the receipt cannot be assessed.

### Contingent Liabilities

There are no Contingent Liabilities reported

### Note 45. Related Party Transactions

The Code of Practice on Local Authority Accounting requires the disclosure of any material transactions with related parties to ensure that stakeholders are aware that these transactions have taken place and the amount and implications of such transactions.

All material related party transactions are disclosed in the table:

Income	Restated 2019/20 £000s	2020/21 £000s
Central Government - revenue grants	668,569	943,315

### Members and Chief Officers

Members of the Council have a direct control over the Council's financial and operating policies. Details of member's interest, both pecuniary and non-financial are recorded in the register of member's interest (available for public inspection). During 2020/21 there were no material transactions with related parties advised by members or Chief Officers (Senior Management Team).

#### a. Central Government

Central Government has effective control over the general operations of the Council. It is responsible for providing the framework within which the Council operates and provides the majority of its funding in the forms of grants and prescribes the terms of many of the transactions that the Authority has with other parties (e.g., council tax bills and housing benefits).

Grant details are set out in Notes 14 and 15. Central Government debtors and creditors are set out in Notes 32 and 33.

#### b. Other Public Bodies

The Council pays levies towards the services provided by Greater Manchester Combined Authority (GMCA) for the management and disposal of household waste and for public transport, economic development and regeneration activities. The GMCA Police and Fire and Rescue elements set their own charge to council taxpayers which is then included in the council tax bill. This is known as the precept. The Council pays 1% of the estimated Business Rates due to the Greater Manchester Combined Authority Fire and Rescue element.

#### c. Entities controlled or significantly influenced by the Council

The Council has a number of subsidiaries over which it has control and associate and joint venture companies over which it exerts significant influence. Manchester Airports Holdings Ltd is a joint venture and Destination Manchester Ltd is a subsidiary; the Council and these organisations have related party transactions that are considered to be material.

#### Manchester Airports Holdings Ltd

The Council is a related party to Manchester Airports Holdings Ltd. The Council owns 35.5% of the share capital of the company. The principal activities of the Group during the year were ownership, operation and development of airport facilities. Cllr

## Manchester City Council Annual Statement of Accounts 2020/21

Sir Richard Leese, the former Leader of the Council, was a non-executive director to Manchester Airports Holdings Ltd.

### [Destination Manchester Ltd \(DML\)](#)

Destination Manchester Ltd.'s ultimate parent and controlling party is Manchester City Council. Destination Manchester Ltd owns and manages the Manchester Central Convention Complex, which holds major conferences and exhibitions. The director who served the company during the year was the Deputy Chief Executive and City Treasurer, Carol Culley.

### [Manchester Professional Services Limited \(MPSL\)](#)

Manchester Professional Services Limited has the principal activity of provision of company secretarial services. MCC has significant influence control. The director who served the company during the year was the Deputy Chief Executive and City Treasurer, Carol Culley.

### [Manchester Creative Digital Assets Limited \(MCDA\)](#)

Manchester Creative Digital Assets Ltd. manages and operates the Council's digital assets, to identify gaps in provision and bring forward strategies to provide support to digital businesses. MCC has significant control. In 2020/21 Strategic Director of Growth and Development Rebecca Heron, Deputy Chief Executive and City Treasurer Carol Culley, Councillor Beverley Craig and Director of Inclusive Economy Angela Harrington acted as directors.

### [CityCo \(Manchester\) Limited](#)

CityCo (Manchester) Limited aims to improve, develop and regenerate all aspects of the city centre as a trading environment. During the year Councillor Beverley Craig and Councillor Patrick Karney acted as directors.

### [Wythenshawe Forum Trust Limited](#)

Wythenshawe Forum Trust Limited manages and operates the Wythenshawe Forum site. During 2020/21 Head of Service Parks, Leisure, Youth and Events Neil Fairlamb, Councillor Glynn Evans, and Councillor Tracy Rawlins acted as directors.

### [d. Manchester Clinical Commissioning Group \(CCG\) and Manchester Health and Care Commissioning \(MHCC\)](#)

The objective of the Manchester CCG is to ensure that people in Manchester have access to high quality, safe health services when they need them. Manchester CCG commission healthcare services including community health services and mental health and learning disability services.

Manchester Health and Care Commissioning (MHCC) is a partnership between Manchester CCG and Manchester City Council, established in 2017, and is responsible for the commissioning of health, public health and adult social care services in the city of Manchester. This supports the vision for a Single Commissioning Function across the City of Manchester. These arrangements allow for the sharing of Health and Social Care resources for the best use for the population in Manchester. This effectively allows health or social care resource to be re-purposed for the best use of the population in Manchester. Through integrated

## Manchester City Council Annual Statement of Accounts 2020/21

working this may mean funding moves around the health and social care system. The transactions between the Council and CCG mainly reflects the costs of the new integrated care models which are funded from approved funding sources, such as Greater Manchester transformation funding or identified commissioner budgets.

### e. Subsidiaries or associates of the Council.

These organisations are not consolidated into the Council's group accounts because they are not material.

#### Northwards Housing Ltd

Northwards Housing Ltd is an Arms Length Management Organisation (ALMO) limited by guarantee, and therefore a subsidiary of the Council. Manchester City Council is the ultimate parent undertaking. The ALMO activities transferred back into the City Council with effect from 5 July 2021, this included TUPE transfer for all staff, novation of existing contracts and the City Council taking direct responsibility for delivery of activities previously undertaken by the ALMO. The costs of these activities will be funded by the Housing Revenue Account. Northwards Housing Ltd will have ceased trading from July, and it is anticipated that the Company will be wound up by the end of December 2022 with any remaining assets or liabilities transferring back to the City Council.

The principal activity of Northwards Housing Ltd is the management and maintenance of Manchester City Council's housing stock in North Manchester.

of December 2022 with any remaining assets or liabilities transferring back to the Council.

### Note 54. Authorisation for Issue of the Statement of Accounts

The 2020/21 Statement of Accounts was authorised for issue by Carol Culley, the Deputy Chief Executive and City Treasurer on 26 July 2022. All events after the Balance Sheet date until this date have been considered for disclosure as events after the Balance Sheet date.

## Housing Revenue Account (HRA) Income and Expenditure Statement

The HRA reflects a statutory obligation to account separately for council housing provision. The HRA Income and Expenditure Statement shows the major elements of HRA expenditure and how they are met from rents, grants and other income. The account does not reflect all of the transactions required by statute to be charged or credited to the HRA for the year. The Movement on the HRA Statement gives details of the additional transactions which are required by statute.

2019/20 £000s	Housing Revenue Account (HRA) Income and Expenditure Statement	2020/21 £000s
	<b>Expenditure</b>

## Notes to the Housing Revenue Account

### (a) Housing Stock

The Council was responsible for managing an average of 15,655 dwellings during 2020/21.

The stock at each year end was made up as follows:

	31 March 2020	31 March 2021
Houses and bungalows	8,877	8,820
Flats	6,735	6,723
Others	77	77
<b>Total</b>	<b>15,689</b>	<b>15,620</b>

The change in stock is as follows:

	2019/20	2020/21
Stock at 1 April	15,845	15,689
Sales - Right to Buys	(191)	(76)
Demolitions	(1)	0
Other	12	4
New buildings	23	3
Acquisitions	1	0
<b>Stock at 31 March</b>	<b>15,689</b>	<b>15,620</b>

The balance sheet value of the HRA's non-current assets was as follows:

	31 March 2020 £000s	31 March 2021 £000s
<b>Operational</b>		
Council dwellings	568,161	623,195
Other land and buildings	5,039	5,071
Vehicles, plant and equipment	783	682
Infrastructure	1,945	1,867
<b>Total operational</b>	<b>575,928</b>	<b>630,815</b>
<b>Non-operational</b>		
Surplus properties	572	569
Assets under construction	2,091	19,297
<b>Total non-operational</b>	<b>2,663</b>	<b>19,866</b>

Manchester City Council Annual Statement of Accounts 2020/21

Total non-current assets	578,591	650,681
--------------------------	---------	---------

(b) Vacant Possession of Dwellings

The vacant possession value of dwellings within the Council's HRA at 1 April 2020 was £1,391,275,000 and 31 March 2021 was £1,558,650,000. The difference between the vacant possession value and balance sheet value of dwellings within the HRA shows the economic cost of providing council housing at less than open market rents.

(c) Capital Expenditure, Funding and Receipts

	2019/20 £000s	2020/21 £000s
<b>Expenditure</b>		
Property, plant and equipment	18,898	17,572
Revenue expenditure funded from capital under statute	48	2
<b>Total Expenditure</b>	<b>18,946</b>	<b>17,574</b>
<b>Funded by</b>		
Revenue contributions	151	155
Capital receipts	197	294
Major repairs reserve	18,594	15,917
Government grants	0	1,207
External contributions	4	1
<b>Total Funded by</b>	<b>18,946</b>	<b>17,574</b>
<b>Receipts</b>		
Council dwellings	14,591	5,445
Mortgage repayments	1	0
<b>Total receipts</b>	<b>14,592</b>	<b>5,445</b>

(d) Depreciation

	2019/20 £000s	2020/21 £000s
Property, plant and equipment		
Council dwellings	17,822	19,274
Other land and buildings	104	105
Vehicles, plant and equipment	100	101
Infrastructure	81	78
<b>Total</b>	<b>18,107</b>	<b>19,558</b>

Manchester City Council Annual Statement of Accounts 2020/21

(e) Impairment Charges

	2019/20 £000s	2020/21 £000s
Non-enhancing capital expenditure	117	0
Downward revaluation of assets	5,031	674
<b>Total</b>	<b>5,149</b>	<b>674</b>

(f) Contribution from the Pension Reserve

The cost of the HRA has increased after the replacement of employer's pension contributions by current service costs and a share of the corporate items (pensions interest costs, expected return on pensions assets and past service costs). The HRA share of the contribution from the pensions reserve in 2020/21 is £329,000 (£167,000 in 2019/20). The overall amount to be met from rent payers remains unchanged.

(g) Rent Arrears

	2019/20 £000s	2020/21 £000s
Arrears at 31 March	7,599	8,450

	2019/20 £000s	2020/21 £000s
Provision at 1 April	6,263	6,356
Contributions in year	93	307
<b>Provision as at 31 March</b>	<b>6,356</b>	<b>6,663</b>

Manchester City Council Annual Statement of Accounts 2020/21

Collection Fund

This statement reflects statutory requirements for billing authorities to maintain a separate collection fund to account for the income from council tax and business rates and its distribution to the Council, the Greater Manchester Combined Authority Police and Crime and Fire and Rescue elements.

## Notes to the Collection Fund Statement

### a) Business Rates

The Council collects business rates for its area on behalf of itself and the Greater Manchester Combined Authority (Fire and Rescue). These rates are based on rateable values for properties set by the Valuation Office Agency which are multiplied by a uniform business rate set by central government. The multiplier for the year was set at 49.9p (49.1p for 2019/20) for smaller businesses and for larger businesses 51.2p (50.4p for 2019/20). The total business rates rateable value at 31 March 2021 was £899,644,000 (£906,662,000 at 31 March 2020).

### b) Calculation of the Council Tax Base

For 2020/21 there were 236,069 residential properties in Manchester which were placed in one of eight valuation bands, depending on their capital value, by the Listing Officer of the government's Valuation Office. There are 204,585 equivalent number of dwellings after taking account of discounts, exemptions and disabled relief. These equate to 158,173 equivalent Band D properties, which are used for the calculation of the tax base.

The table shows the total number of equivalent properties after discounts, exemptions and disabled relief and the number of chargeable Band D equivalents.

Valuation Band	Total Equivalent Number of Dwellings after Discounts, Exemptions and Disabled Relief	Chargeable Band D Equivalents
A	113,245	75,467
B	36,285	28,222
C	31,267	27,793
D	15,243	15,243
E	5,148	6,291
F	2,394	3,458
G	920	1,534
H	83	165
	204,585	158,173

The number of chargeable Band D equivalents for 2019/20 was 154,904.

c) Share of Fund Balance

The shares of the closing fund balances are shown in the tables.

Business Rates	Surplus 2019/20 £000s	(Deficit) 2020/21 £000s
Manchester City Council	12,898	(178,017)
GMCA Mayoral and Fire and Rescue	130	(1,796)
<b>Total Surplus / (Deficit)</b>	<b>13,028</b>	<b>(179,816)</b>
Council Tax	Surplus 2019/20 £000s	Surplus 2020/21 £000s
Manchester City Council	2,862	975
GMCA Police and Crime Commissioner	426	144
GMCA Mayoral and Fire and Rescue	221	67
<b>Total Surplus</b>	<b>3,509</b>	<b>1,186</b>

The COVID 19 pandemic has had a material impact on the Collection Fund and several government schemes have been announced in response to the pandemic and collection of local taxation.

The Government announced in its Provisional Local Government Finance Settlement any in-year deficit forecast in business rates or council tax must be spread over 3 years, from 2021/22 to 2023/24, in equal thirds instead of being fully reflected in 2021/22. This spreadable deficit was determined by the estimate calculated and declared in January 2021. For business rates the introduction of Expanded Retail Discount, which offered 100% relief to retail, hospitality and leisure businesses, resulted in an additional relief award of £148.471m. The spreadable deficit was calculated gross of this relief.

The Taxation Income Guarantee (TIG) scheme was also announced in the provisional settlement and aimed to fund billing authorities for 75% of losses in collection when compared to budget. Government has released specific calculators to determine if any funding is due, and the Council estimates to receive £19.219m for losses in business rates. There is no TIG due for council tax.

Government's council tax hardship scheme, totalling £6.835m, included a deduction of £150 from annual council tax bills for the most vulnerable residents in the city, and was applied in 2020/21. This scheme was fully funded and credited to the Collection Fund.

## Group Accounts

### Group Comprehensive Income and Expenditure Statement

This account summarises the resources that have been generated and consumed in providing services and managing the Group during the last year. It includes all day-to-day expenses and related income on an accruals basis.

\*A breakdown of the Council's usable and unusable reserves can be found in the Council's accounts Notes 10, 38 and 39.

The Council's share of the group reserves include accounting adjustments to align accounting policies for property, plant and equipment and government grants.

The Council's share of group reserves are split between usable reserves and unusable reserves. The unusable reserves include the amounts to align the accounting policies plus the share of other comprehensive income and expenditure of the joint venture and subsidiary.

111,793	Cash and cash equivalents at the beginning of the reporting period		141,825
141,825	Cash and cash equivalents at the end of the reporting period	13	58,639

## Notes to the Group Accounts

### Note 1. Reconciliation of the Single Entity Comprehensive Income and Expenditure Statement Surplus to the Group Comprehensive Income and Expenditure Statement Deficit

This shows how the group entities have contributed to the overall deficit shown in the group income and expenditure account.

2019/20 £000s		2020/21 £000s
5,576	Deficit /(Surplus) on the Authority's single entity Income and Expenditure Account for the year	(34,341)
775	Distribution from group entities included in the Authority's single entity deficit / surplus on the Income and Expenditure Account	706
2,461	Add deficit attributable to subsidiary (note 7)	468
70,101	Add deficit attributable to joint venture including dividends paid (after corporation tax)	204,632
78,913	<b>Group income and expenditure account deficit for the year</b>	<b>171,466</b>

### Note 2. Group Accounting Policies

#### Introduction

As a modern local authority Manchester City Council often chooses to conduct activities through a variety of undertakings, either under ultimate control of or in partnership with other organisations. The standard financial statements consider the Council only as a single entity, accounting for its interests in other organisations only to the extent of its investment, and not current performance and balances. Thus, a full picture of the Council's economic activities, financial position, service position, accountability for resources and exposure to risk is not presented in the Council's single entity financial statements.

As a result, group financial statements are produced to reflect the extent of Manchester City Council's involvement with its group undertakings in order to provide a clearer picture of the Council's activities as a group. The group accounts contain core financial statements similar to those included in the Council's single entity statements, consolidated with figures from organisations considered to be part of the group.

The Group Accounts are of equal status to the single entity accounts but to achieve a meaningful presentation to the reader of the accounts they are positioned after the single entity financial statements and notes.

The group statements include:

## Manchester City Council Annual Statement of Accounts 2020/21

- Group Comprehensive Income and Expenditure Statement
- Group Movement in Reserves Statement
- Group Balance Sheet
- Group Cash Flow Statement.

The group financial statements are presented in accordance with the IFRS based Code.

Notes to the Group Accounts are included where they are materially different to the single entity accounts.

### Manchester City Council Group

Inclusion in the Manchester City Council Group is dependent upon the extent of the Council's interest and control over the entity. An assessment of all of the Council's interests has been carried out to determine which of the following categories they fall under. Where an entity is considered to be immaterial, they are not included in the group accounts.

Subsidiaries – where the Council exercises control and gains benefits / exposure to risks arising from this control. Subsidiaries of the Council have been considered for materiality; Destination Manchester Limited (DML) is the only subsidiary consolidated into the Council's group accounts. The Council owns 100% of DML.

Associates – where the Council exercises a significant influence and has a participating interest. Associates of the Council have been considered for materiality; there are no associates consolidated into the Council's group accounts.

Joint Ventures - where the Council and another party exercise joint control with decisions relating to the organisation requiring unanimous consent of the parties sharing control. Those entities considered to be material are included in the group. Joint Ventures are accounted for on an equity basis, by including their net operating results in the group income and expenditure account. Investments in these entities are adjusted on the balance sheet for the Council's share of their results. The group contains one material joint venture which is Manchester Airports Holdings Limited (MAHL). The Council owns 35.5% of MAHL. MAHL owns Manchester, Stansted and East Midlands airports.

Manchester Airports Holdings Limited audited accounts are available at their website

The Group Accounts have been prepared in accordance with the 2020/21 Code of Practice for Local Authority Accounting in the United Kingdom, issued by the Chartered Institute of Public Finance and Accountancy (CIPFA).

### Consolidation of Subsidiary

The Council's subsidiary has been consolidated using the acquisition accounting basis. This is a full, line by line consolidation of the financial transactions and balances of the Council and its subsidiary. To avoid overstating the figures within the group financial statements, all transactions and balances between members of the group (the Council and its subsidiary) have been eliminated.

### Consolidation of Joint Venture

The Council's joint venture has been consolidated using the equity method. An investment is brought into the group balance sheet and adjusted by the Council's share in the joint venture's net asset movement. The Council's share of the joint venture's operating results for the year is included within the group income and expenditure account.

### Non-Current Assets

Non-current assets have been consolidated using the valuation basis specified by the Code, unless the entity has a distinct class of asset that the Council does not recognise. In this case the entity's valuation basis was used.

Land and buildings in the Council's single entity accounts are valued at current value (i.e., the amount that would be paid for an asset in its existing use). Where sufficient market evidence is not available, current value is estimated at depreciated replacement cost, using the modern equivalent asset method (i.e., the market value of the land on which the building sits plus the current gross replacement cost of the building less an allowance for physical deterioration of the building).

Infrastructure is included in the Council's accounts at depreciated historical cost.

Where group organisations use different accounting policies to the Council, their accounts have been restated to align their accounting policies with those of the Council where the effect of not doing so would be material to the reader's interpretation of the accounts.

Manchester Airport Holdings Limited (MAHL) accounts are prepared using deemed cost for land and buildings. Deemed cost is the cost or valuation of assets as at 1 April 2005. Consequently property, plant and equipment are included in MAHL's accounts at cost or deemed cost less accumulated depreciation. A valuation of MAHL's land and building assets has been undertaken in order to align the accounting policy with that of the Council. This valuation has been used for the Council's group accounts. In undertaking this valuation specialised assets, such as airport terminals, have been valued at depreciated replacement cost using the modern equivalent asset method and income generating assets, such as car parks, have been valued at market value.

Infrastructure, such as runways and taxiways, are included in MAHL's accounts on the same basis as the Council's infrastructure assets (depreciated historical cost) and therefore no adjustment has been made to the valuation for group account purposes.

The land and building assets of Destination Manchester Limited (DML), which is a subsidiary within the Council group, are included in DML's accounts at cost less accumulated depreciation and impairment. A valuation of DML's land and building assets has been undertaken in order to align the accounting policy with that of the Council. This valuation has been used for the Council's group accounts. The Convention Centre and its car parks have been valued at market value.

### International Financial Reporting Standards (IFRS)

The Council produces its financial statements in accordance with IFRS. Where UK GAAP is still being used by group entities, their financial statements are adjusted to reflect IFRS where any changes have a material effect on the presentation of the group financial statements.

### Market conditions explanatory note: Novel Coronavirus (Covid-19)

The outbreak of Covid-19 has and continues to impact many aspects of daily life and the global economy with some real estate markets having experienced lower levels of transactional activity and liquidity.

The pandemic and the measures taken to tackle Covid-19 continue to affect economies and real estate markets globally. At the valuation date some property markets have started to function again, with transaction volumes and other relevant evidence at levels where an adequate quantum of market evidence exists upon which to base opinions of value. Accordingly, and for the avoidance of doubt, the valuation is not reported as being subject to 'material valuation uncertainty' as defined by VPS 3 and VPGA 10 of the RICS Valuation – Global Standards, except as identified below.

### Material valuation uncertainty

In respect of airport carparking, as at the valuation date we continue to be faced with an unprecedented set of circumstances caused by Covid-19 leading to uncertainty surrounding foreign travel. This makes forecasting carpark revenues in the short term extremely challenging which in turn impacts on both carparking values and saleability. The valuation of the airport carparks is therefore reported as being subject to 'material valuation uncertainty' as set out in VPS 3 and VPGA 10 of the RICS Valuation – Global Standards. Consequently, in respect of these valuations less certainty and a higher degree of caution should be attached to the valuation than would normally be the case.

In respect of the Conference Centre sector, as at the valuation date we continue to be faced with an unprecedented set of circumstances caused by Covid-19 and an absence of relevant / sufficient market evidence on which to base judgements. The valuation of Manchester Central Convention Centre is therefore reported as being subject to 'material valuation uncertainty' as set out in VPS 3 and VPGA 10 of the RICS Valuation – Global Standards. Consequently, in respect of these valuations less certainty and a higher degree of caution should be attached to the valuation than would normally be the case.

Manchester City Council Annual Statement of Accounts 2020/21

Note 3. Expenditure and Funding Analysis

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates etc.) by local authorities in comparison to those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how the expenditure is allocated between Directorates. Income and expenditure accounted for under generally accepted accounting practice is presented more fully in the Comprehensive Income and Expenditure Statement.

Difference between General Fund and HRA Deficit and Comprehensive Income and Expenditure Statement Deficit on the Provision of Services	277	(216,410)	0	0	(216,133)

(i) Adjustments relating to other income expenditure include service specific interest payments and receipts which are reported as part of service costs in the outturn report.

## Manchester City Council Annual Statement of Accounts 2020/21

(ii) Transfers to and from reserves which form part of the outturn report but are not shown within the CIES.

(iii) Internal recharges between services are included in the outturn report but are not shown within the CIES.

(iv) COVID grants were provided by Government in 2020/21 in response to the COVID 19 pandemic. This reflects service specific COVID grants recorded corporately in the outturn report and shown within the service area in the CIES.

### Note 5. Financing and Investment Income and Expenditure

The table analyses the figures included in the Comprehensive Income and Expenditure Statement.

	2019/20 £000s	2020/21 £000s	Note
Interest payable on debt	23,217	23,947	'a
Interest payable on PFI unitary payments	12,317	11,497	
Net interest on the net defined benefit liability	23,436	16,731	
Investment Interest income	(26,311)	(34,682)	'b
Change in fair value of investment properties	(25,194)	(13,878)	
Dividends receivable	(310)	(380)	'c
Impairment loss allowance on debtors	4,672	10,286	
Impairment of financial assets	0	228	
(Gain) on trading accounts (not applicable to a service)	(8)	37	
Rentals received on investment properties	(22,840)	(21,125)	
Expenses incurred on investment properties	2,858	2,779	
<b>Total financing and investment income and expenditure</b>	<b>(8,163)</b>	<b>(4,560)</b>	

#### a. Interest Payable

These figures represent the external interest payable by the group as follows:

	2019/20 £000s	2020/21 £000s
Manchester City Council	22,442	23,241
Destination Manchester Limited	775	706
<b>Total</b>	<b>23,217</b>	<b>23,947</b>

#### b. Investment Interest Income

	2019/20 £000s	2020/21 £000s

## Manchester City Council Annual Statement of Accounts 2020/21

Manchester City Council	(26,294)	(34,673)
Destination Manchester Limited	(17)	(9)
<b>Total</b>	<b>(26,311)</b>	<b>(34,682)</b>

The above figures include consolidation adjustments where transactions between the Council and the subsidiary are eliminated for the purpose of preparing the group accounts.

### c. Dividends Receivable

The dividends receivable figure in the single entity accounts has been adjusted to exclude dividends received from Group entities.

### Note 6. Exclusion of Distributions from Group Entities Included in Manchester City Council's Single Entity Accounts

Related party transactions between the Council and Destination Manchester Limited have been removed from the group income and expenditure account on consolidation. In 2020/21 the amount removed was £704,000 (£775,000 in 2019/20).

### Note 7. Deficit Attributable to Subsidiaries

This figure represents the total group deficit attributable to Manchester City Council's subsidiary including the adjustments made for intra group transactions. The share of operating results of the subsidiary are included within the service gross income / expenditure that they relate to.

	2019/20 £000s	2020/21 £000s
Destination Manchester Limited	2,461	468
<b>Total (Surplus) / Deficit</b>	<b>2,461</b>	<b>468</b>

### Note 8. Surplus / (Deficit) Attributable to Joint Venture

This figure represents the total surplus attributable to Manchester Airports Holdings Limited:

	2019/20 £000s	2020/21 £000s
(Surplus) / deficit before tax	(21,878)	189,581
Tax expenses	21,229	15,052
<b>(Surplus) / Deficit after tax</b>	<b>(649)</b>	<b>204,632</b>

Manchester City Council Annual Statement of Accounts 2020/21

Total other long-term investments	12,536	12,403
Total Long-Term Investments	899,976	628,372

**Note 12. Debtors**

As the balance sheet date represents the position at the end of the financial year, there are monies owed to the Group at that date which are yet to be received in cash. The following analysis shows the amounts owed to the Group which had not been received at 31 March 2021. Amounts owed to the Council by Destination Manchester Ltd have been removed as they are classed as intra-company transactions.

The Council also makes provision for outstanding monies which it is anticipated will not be recovered. These amounts are then deducted from the total value of debtors shown in the accounts.

	31 March 2020 £000s	31 March 2021 £000s
<b>Short-term debtors - Manchester City Council</b>		
Manchester City Council debtors and payments in advance	170,856	213,410
Adjustments for intra-company transactions	(2,244)	(3,248)
	<b>168,611</b>	<b>210,162</b>
<b>Short-term debtors - Destination Manchester Limited</b>		
Trade debtors	2,595	1,161
Corporation tax	98	118
Other debtors	792	1,321
<b>Total</b>	<b>172,096</b>	<b>212,762</b>

Further details can be found in the Council's accounts Note 32.

These are amounts that are owed to the Group which are being repaid over various periods longer than one year. Long-term debt which has become due in less than twelve months has been reclassified as short-term debt. Long-term debt owed to the Council by Destination Manchester Ltd has been removed from the group accounts as it is classed as an intra-company transaction.

	31 March 2020 £000s	31 March 2021 £000s
<b>Long-term debtors</b>		
Manchester Airports Holdings Limited	218,713	356,098
Ex GMC debt	24	0

## Manchester City Council Annual Statement of Accounts 2020/21

### Note 17. Related Party Transactions

As at 31 March 2021 the amount of loans outstanding owed by Manchester Airports Holdings Limited to Manchester City Council was £356.098m (£218.713m at 31 March 2020).

Destination Manchester Limited had outstanding loans from the Council of £16.407m at 31 March 2021 (£17.157m at 31 March 2020).

The Director of Destination Manchester Limited during 2020/21 was Carol Culley, Deputy Chief Executive and City Treasurer.

There is one non-executive Director on the board of Manchester Airports Holdings Limited who is a representative of the Council. This was Councillor Sir Richard Leese, Leader of the Council.

Note 18. Cash Flow Statement - Adjustments to net deficit / surplus on the provision of services for non-cash movements

Adjustments to net deficit / surplus on the provision of services for non-cash movements:	31 March 2020 £000s	31 March 2021 £000s
Depreciation of non-current assets	77,109	77,512
Impairment and revaluation losses of non-current assets	13,930	41,513
Amortisation of intangible non-current assets	85	64
Movement in contract assets, liabilities and costs	0	690
Increase (decrease) in provision for impairments/ doubtful debts re Loans and Advances	4,672	227
Increase (decrease) in creditors	50,821	15,012
(Increase) decrease in debtors	(19,764)	(27,265)
(Increase) decrease in inventories	(27)	(36)
Pension fund adjustments	72,468	(35,572)
Carrying amount of non-current assets and non-current assets held for sale, sold or derecognised	65,195	7,408

	2019/20 £000s	2020/21 £000s
<b>Financing Activities:</b>		
Cash receipts of short and long term borrowing	69,215	367,301
Repayment of short and long term borrowing	(33,827)	(224,344)
Payments for the reduction of a finance liability	(15,301)	(11,479)
Other payments for financing activities		750
<b>Net cash flows from financing activities</b>	<b>20,087</b>	<b>132,228</b>

Note 23. Post Balance Sheet Event

In the 3 March 2021 Chancellor's Budget, it was announced that the UK corporation tax rate will increase to 25% from 1 April 2023. This announcement, when enacted, will have an effect on Manchester Airports Holdings Ltd.'s future tax charge. If this

Manchester City Council Annual Statement of Accounts 2020/21

rate change had been substantively enacted at the current balance sheet date the net deferred tax liability would have increased by £60.5m. The effect on the Manchester City Council Group would be £21.5m.

## Glossary of Financial Terms

### Actuarial Gains and Losses

For a defined benefit pension scheme, the changes in actuarial deficits or surpluses that arise because events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.

### Agency Services

Services that are performed by or for another authority or public body, where the authority responsible for the service reimburses the authority carrying out the work for the cost of that work.

### Amortisation

A charge to the comprehensive income and expenditure statement spread over a number of years.

### Assets

Items of worth that are measurable in terms of value. Current assets are ones that may change in value on a day-to-day basis (e.g., debtors). Noncurrent assets are assets that yield benefit to the Council for a period of more than one year (e.g., land).

### Balances

The reserves of the Council, which include the accumulated surplus of income over expenditure.

### Capital Expenditure

Expenditure on the acquisition or enhancement of property, plant and equipment that have a long-term value to the Council. This includes grants or advances paid to third parties to assist them in acquiring or enhancing their own property, plant and equipment.

### Capital Receipts

## Manchester City Council Annual Statement of Accounts 2020/21

Money received from the sale of property, plant and equipment or repayment of a capital advance.

### Collection Fund

The fund maintained by the Council into which are paid the amounts of Council Tax and Business Rates that it collects, and out of which are to be paid precepts issued by precepting authorities, its own demands and shares of business rates to the Greater Manchester Combined Authority (fire and rescue element).

### Community Assets

These are assets that the Council intends to hold in perpetuity, which have no determinable finite useful life and may have restrictions on their disposal (e.g., parks).

### Contingent Assets

Sums due from individuals or organisations that may arise in the future, but which cannot be determined in advance.

### Contingent Liabilities

Sums due to individuals or organisations that may arise in the future, but which cannot be determined in advance.

### Core Cities

Core Cities are a unique and united local authority voice to promote the role of cities in driving economic growth, representing the councils of England, Wales and Scotland's largest city economies outside London - Birmingham, Bristol, Cardiff, Glasgow, Leeds, Liverpool, Manchester, Newcastle, Nottingham and Sheffield.

These cities drive local and underpin national economies. Working in partnership, they aim to enable each City to enhance their economic performance and make them better places to live, work, visit and do business.

### Creditors

## Manchester City Council Annual Statement of Accounts 2020/21

Amounts owed by the Council for goods and services provided by the balance sheet date, where payment has not been made at that date.

### Current Service Cost

The increase in present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current financial year.

### Curtailments

For a defined benefit pension scheme, an event that reduces the expected years of future service of present employees or reduces the accrual of defined benefits for a number of employees for some or all of their future service.

### Debtors

Sums of money owed to the Council at the balance sheet date but not received at that date.

### Dedicated Schools Grant Adjustment Account

A ringfenced reserve established by the 2020/21 Code to hold any DSG deficit separately from the Council's General Fund Earmarked reserves

### Defined Benefit Scheme

A pension or other retirement benefit scheme other than a defined contribution scheme. Usually, the scheme rules define the benefits independently of the contributions payable, and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded.

### Defined Contribution Scheme

## Manchester City Council Annual Statement of Accounts 2020/21

A pension or other retirement benefit scheme into which an employer pays regular contributions fixed as an amount or percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

### Depreciated Replacement Cost

A method of valuation that provides a proxy for the market value of specialist properties.

### Depreciation

The measure of the wearing out, consumption or other reduction in the useful economic life of property, plant and equipment.

### Expenditure

Amounts paid by the Council for goods received or services rendered of either a capital or revenue nature. This does not necessarily involve a cash payment - expenditure is deemed to have been incurred once the goods or services have been received even if they have not been paid for.

### Fair Value

The fair value of an asset is the price at which it could be exchanged in an arms length transaction.

### Fees and Charges

Income arising from the provision of services, e.g., the use of leisure facilities.

### Finance Lease

A finance lease is one that transfers substantially all the risks and rewards of ownership of items of property, plant and equipment to a lessee.

## Manchester City Council Annual Statement of Accounts 2020/21

### General Fund

The total services of the Council except for the Housing Revenue Account and the Collection Fund. Council Tax, Government Grants and Business Rates meet the net cost of this.

### Impairment

A reduction in the value of a property, plant and equipment or financial asset below its carrying amount on the balance sheet.

### Income

Amounts due to the Council for goods supplied or services rendered of either a capital or revenue nature. This does not necessarily involve cash being received - income is deemed to have been earned once the goods or services have been supplied even if the cash has not been received.

### Infrastructure Assets

These are inalienable assets, expenditure on which is recoverable only by continued use of the asset created. Examples of such assets are highways and footpaths.

### Interest Cost (Pensions)

For a defined benefit scheme, the expected increase during the period in the present value of the scheme liabilities that arise from the passage of time.

### International Financial Reporting Standards (IFRS)

These are statements prepared by the International Accounting Standards Board to ensure consistency in accountancy matters. Many of these standards now apply to local authorities and any departure from these must be disclosed in the published accounts.

## Manchester City Council Annual Statement of Accounts 2020/21

### Inventory

Raw materials and consumable items the Council has purchased to use on a continuing basis and has not used by the end of the financial year.

### Investment Properties

These are property or land that is held solely to earn rental income or for capital appreciation or both.

### Liabilities

Amounts due to individuals or organisations that will have to be paid at some time in the future. Current liabilities are payable within one year of the balance sheet date.

### Long-term Contracts

A contract entered into for the design, manufacture or construction of a single substantial asset or service where the time taken to complete the contract is such that the contract activity falls into different accounting periods.

### Minimum Revenue Provision (MRP)

This is the amount that is charged to an authority's Movement in Reserves Statement each year and set aside as a provision for credit liabilities.

### National Non-Domestic Rate (NNDR)

All non-domestic properties have been valued and the Government determines a national rate poundage each year, which is payable to all local authorities. The Council collects the national non-domestic rate and passes 1% to the Greater Manchester Combined Authority (fire and rescue element).

## Manchester City Council Annual Statement of Accounts 2020/21

### Notional accounting adjustments

Adjustments made to the figures within the accounts that reverse entries required in accordance with International Financial Reporting Standards that do not need to be funded as part of the Council's budget e.g., impairment.

### Observable Inputs

Those that are developed using market data, such as publicly available information about actual events or transactions, and that reflect the assumptions that buyers and sellers would use when pricing the asset or liability.

### Operating Lease

A lease other than a finance lease.

### Outturn

Actual net expenditure and income that is then compared to the budget.

### Past Service Cost

For a defined benefit pension scheme, the increase in present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

### Precept

The amount levied by various joint authorities, which is collected by the Council on their behalf.

### Provisions

These are sums set aside to meet liabilities or losses that have been incurred but where the amount and/or timing of such costs are uncertain.

## Manchester City Council Annual Statement of Accounts 2020/21

### Public Works Loan Board (PWLB)

A Government agency that lends money to local authorities. Local authorities are able to borrow some or all of their requirements to finance capital expenditure from this source.

### Residual Value

The net realisable value of property, plant or equipment at the end of its useful life.

### Reserves

These are sums set aside to meet possible future costs where there is no certainty about whether or not these costs will be incurred.

### Revenue Contributions

The method of financing capital expenditure directly from revenue.

### Revenue Expenditure

Expenditure incurred on the day-to-day running of the Council. This mainly includes employee costs, general running expenses and capital financing costs.

### Revenue Expenditure Funded from Capital under Statute (REFCUS)

These are items of capital expenditure that do not result in, or remain matched by, the Council's property, plant and equipment.

### Settlement

An irrevocable action that relieves the employer of the primary responsibility for a pension obligation and eliminates significant risks relating to the obligations and the assets used to affect the settlement.

### Unobservable Inputs

Inputs for which market data is not available and that are developed to estimate fair value using the best information available to the Council about the assumptions that buyers or sellers would use when pricing the asset or liability. The most significant of these inputs used in fair value measurement include management assumptions around rent growth and vacancy levels of properties.

# Annual Governance Statement 2020/21

## 1 Introduction

1.1 This statement provides an overview of how the Council's governance arrangements operate, including how they are reviewed annually to ensure they remain effective. A summary of significant governance challenges which the Council faces is also given, alongside an explanation of what actions have been taken to bring about required improvements, and what work is still to be done. This provides transparency and gives assurance that the Council is committed to continuously improve the way in which it functions. More detail on particular topics can be accessed by clicking on the hyperlinks, which are highlighted and underlined throughout the document.

1.2 The Council operates in a complex and constantly evolving financial, policy and legislative environment. The role, responsibilities and funding models of local government continue to be in a period of rapid transition. The city continues to progress the delivery of its ambitious Our Manchester strategy, with staff, residents and stakeholders across the city engaged in working towards the realisation of the vision set out in the strategy. The Council's Corporate Plan sets out its priority actions for delivering the strategy for the city.

1.3 The national and international public health emergency caused by the COVID-19 pandemic have led to substantial impacts for the city and the Council over the last year. These have included implications for provision of services, our workforce and our financial position. Effective leadership and governance of the response and recovery have been critical. Plans are being delivered which now focus on the city's longer-term recovery, including its economy, residents and communities, for example the Economic Recovery and Investment Plan.

1.4 Looking forwards, significant national policy announcements from Government include NHS reforms that, from April 2022, will abolish Clinical Commissioning Groups (CCGs) and create Integrated Care Systems (ICS), to drive the next phase of health and social care integration. Delivery of this next phase for Manchester's health and social care integration will be key to enabling further progress towards achievement of the ambitions set out in the Our Healthier Manchester Locality Plan. These ambitions are for the city to significantly improve health outcomes, tackle health inequalities and develop a financially and clinically sustainable system.

1.5 The changes taking place present both opportunities and challenges. Therefore, the Council must continue to engage in a broad programme of innovation and reform work so that it can maintain services for residents which are efficient, effective and deliver value for money using available resources. This document explains the governance mechanisms in place to ensure appropriate oversight of this work.

## 2 Scope of Responsibility

2.1 Manchester City Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It is also responsible for ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. The Council also has a duty under the [Local Government Act 1999](#) to make arrangements to secure continuous improvement in the way in which its functions are exercised.

2.2 In discharging these responsibilities, the Council must put in place proper arrangements for the governance of its affairs and effective exercise of its functions, which includes arrangements for the management of risk. The Council first adopted a Code of Corporate Governance in June 2008. This Code is included in the [Council's Constitution](#) (part 6 section G). It sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by law, while others are a matter for the Council to choose.

2.3 The Code of Corporate Governance and the Council's Constitution are reviewed annually to ensure they remain consistent with the principles of the Chartered Institute of Public Finance and Accountancy and the Society of Local Authority Chief Executives and Senior Managers (CIPFA/SOLACE) joint framework for delivering good governance in local government. CIPFA issued an update to the Framework in 2016, which has informed the preparation of the Annual Governance Statement (AGS) from 2016/17 onwards.

2.4 This AGS explains how the Council has complied with the Code of Corporate Governance. The AGS also meets the requirements of the [Accounts and Audit \(England\) Regulations 2015](#) regulation 6(1) which requires all relevant bodies to prepare an Annual Governance Statement (AGS).

### 3 The Purpose of the Governance Framework

3.1 The governance framework comprises the systems and processes, culture and values by which the Council is directed and controlled, and through which it is accountable to, engages with and leads the community. It enables the Council to monitor the achievement of the city's strategic objectives as set out in the [Our Manchester Strategy](#), and to consider whether those objectives have led to the delivery of appropriate, cost effective services. The Council's Corporate Plan sets out the Council's contribution to the Our Manchester vision. The objectives in Our Manchester and Our Corporate Plan are underpinned by the four Our Manchester principles;

- **Better lives** – it's about people
- **Listening** – we listen, learn and respond
- **Recognising strengths of individuals and communities** – we start from strengths
- **Working together** – we build relationships and create conversations

3.2 The system of internal control is a significant part of the framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve the Council's aims and objectives, and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control identifies and prioritises risks; evaluates the likelihood of those risks being realised and the impact should they be realised; and aims to manage them efficiently, effectively and economically.

### 4 The Governance Framework

Corporate governance is a phrase used to describe how organisations direct and control what they do. The Council operates to a [Code of Corporate Governance](#), which forms part of the Constitution. The Code is updated when appropriate, to ensure it reflects the Council's current governance arrangements. The table includes key examples of how the Council has adhered to its governance commitments set out in the Code and includes hyperlinks to sources of further information, which include more detail about how the Council has implemented its commitments. The Council has a broad range of strategies and policies in place, and therefore this is not intended to be an exhaustive list. More detail about particular areas of interest can be found on the Council's website [manchester.gov.uk](http://manchester.gov.uk).

### 5 Annual review of the effectiveness of the governance framework

5.1 The Council has a legal responsibility to conduct an annual review of the effectiveness of its governance framework, including the systems of internal control. After conducting this review, the Council has assurance that its governance arrangements and systems of control are robust and reflect the principles of the Code of Corporate Governance.

5.2 The effectiveness of governance arrangements is monitored and evaluated throughout the year, with activity undertaken including:

- **Strategic Management Team (SMT)** - Responsibility for governance and internal control lies with the Chief Executive and the Strategic Management Team (SMT), which meets on a weekly basis to steer the organisation's activity.
- **Scrutiny and challenge by Council and its Committees** - The Council has four bodies responsible for monitoring and reviewing the Council's governance:

## Manchester City Council Annual Statement of Accounts 2020/21

The Executive: Proposes the budget and policy framework to Council and makes decisions on resources and priorities relating to the budget and policy framework.

Audit Committee: Approves the Council's Annual Accounts, oversees External Audit activity and oversees the effectiveness of the Council's governance, risk management and internal control arrangements.

Resources and Governance Scrutiny Committee: Considers the implications of financial decisions and changes to corporate, partnership and city region governance arrangements.

Standards Committee: Promotes high standards of ethical conduct, advising on the revision of the Codes of Corporate Governance and Conduct for Members.

- **Consideration of evidence sources to identify the Council's key governance challenges looking ahead to 2021/22 (see Action Plan at Section 7)** - These sources include:
  - Heads of Service online annual governance questionnaires, which provide a self-assessment of compliance with the Code of Corporate Governance.
  - Significant governance challenges in Partnerships as identified by the Council's Register of Significant Partnerships assessment process.
  - A meeting of key Senior Officers with responsibility for Governance, to identify and discuss emerging governance issues
  - Consideration of risks identified in the Corporate Risk Register
  - Emergent challenges identified by the work of Internal Audit
  - Where appropriate, carrying forward elements of action points from 2020/21 if substantial further challenges remain, and ongoing monitoring is required.
- **Head of Audit and Risk Management Annual Opinion 2020/21** - This opinion narrative is provided in a separate report on the Agenda for the June 2021 Audit Committee meeting.
- **External Auditor's Review of the Effectiveness of Governance Arrangements** - The Council's external auditor is Mazars. They submit progress reports and their Annual Audit Letter to Audit Committee.
- **Annual Review of the role and responsibilities of the Chief Finance Officer** - The 2020/21 review concluded that the CFO met the responsibilities of the Senior Finance Officer in full and was ideally placed to develop and implement strategic objectives within the Council, given her role as the Council's Section 151 Officer, Deputy Chief Executive and

## Manchester City Council Annual Statement of Accounts 2020/21

City Treasurer. The Council's financial management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government.

- **Annual Report of the Standards Committee** - The Council is committed to promoting the highest standards of conduct by members and has adopted a Code of Conduct for all members as part of its constitution. The Annual Report of the Standards Committee is one of the Council's sources of governance assurance.
- **Governance of Significant Partnerships** – Assurance relating to governance arrangements of the Council's significant partnerships is recorded on the Register of Significant Partnerships. Each partnership is self-assessed annually to provide assurance that effective arrangements are in place, and to highlight any governance challenges which need to be addressed.

### 6 Strategic oversight of actions to address the Council's governance challenges in 2020/21

This section provides a concise high-level summary of strategic actions taken to address the Council's governance challenges for the 2020/21 financial year, and what arrangements are in place for oversight of delivery. These challenges were set out in the Action Plan at the end of last year's AGS (2019/20). Where relevant, detailed progress updates are provided to Project and Programme Boards, and where applicable reports and information are taken to Committees - as set out in the table.

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
1	Effective response to COVID-19 through Council leadership, support to our workforce and organising an effective incident response and recovery. It is recognised that this will impact on the capacity and ability of the Council to respond fully to all of the other identified challenges and risks. The governance around the response will need to ensure	Plans continue to be delivered to ensure an effective response and recovery, including: <ul style="list-style-type: none"> <li>• Manchester's 12-point Action Plan</li> <li>• Manchester's Economic Recovery and Investment Plan</li> </ul>	Chief Executive  Deputy Chief Executive & City Treasurer  Strategic Director of Neighbourhoods	The Executive  Economy Scrutiny Committee

Manchester City Council Annual Statement of Accounts 2020/21

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
	effective decision making is maintained, and that critical parts of the organisation's business as usual continue to be delivered.	<ul style="list-style-type: none"> <li>• Situation reports to the Executive and Scrutiny Committees</li> <li>• Effective connections to Greater Manchester governance</li> </ul>	Director of Population Health	
2	Continuing to embed the Our Manchester behaviours necessary to support the delivery of Our Corporate Plan, across both the Council's leadership and the wider workforce. This includes delivery of the updated Our People Strategy.	<p>The Our Manchester (OM) approach is now fully integrated into the Organisation Development Team, within HROD, ensuring that Our Manchester is embedded throughout the Council.</p> <p>The last 12 months have seen the workforce transition almost overnight to a new way of working, a scale of change in how we work that would normally take years to achieve.</p> <p>Whilst some of priorities have remained the same, the context of which we are working has changed and the Our</p>	Deputy Chief Executive & City Treasurer, City Solicitor, Director of HROD.	Resources and Governance Scrutiny Committee

Manchester City Council Annual Statement of Accounts 2020/21

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
		<p>People Strategy is being reviewed again to ensure that it reflects this. Some of the key actions are:</p> <ul style="list-style-type: none"> <li>• Improve the health and wellbeing of our staff including a reduction in absence levels across the organisation</li> <li>• Our commitment to ensure our workforce reflects our diverse communities is strengthened through the Workforce Equality Strategy and the Race Equality programme.</li> <li>• Reduce reliance on temporary staff including overall reduction in agency spend.</li> </ul>		
3	Our Transformation - ensuring effective governance of all the programmes involved in strengthening and transforming how we work.	A set of linked programmes have brought together work focused on the impact of COVID-19 on the Council, and plans to recover. A decision-making Future Council Core Group of senior officers, chaired by the Deputy Chief Executive and City Treasurer, oversees interdependencies between the Council's Budget planning and the Our Transformation portfolios of work.	<p>Deputy Chief Executive &amp; City Treasurer, City Solicitor</p> <p>Future Council Core Group</p>	The Executive Scrutiny Committees

Manchester City Council Annual Statement of Accounts 2020/21

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
		<p>Each programme of work has a Senior Responsible Owner (SRO), and a Programme Manager who oversees the work of each Programme Team. The portfolios of work which comprise Our Transformation are as follows:</p> <ul style="list-style-type: none"> <li>• Our Ways of Working</li> <li>• Strengthening Accountability and Our Processes</li> <li>• Resident and Business Digital Experience</li> </ul> <p>The Our Transformation programme and project groups receive progress updates via highlight reports. The Future Council Core Group receives situation reports ('Sitreps') which provide summaries of key messages from the highlight reports. Regular Sitrep summary reports are also provided to the Council's Executive.</p> <p>Looking forward, the Future Shape of the Council programme will deliver the next steps to reshape how Manchester delivers services both internally and externally, by using new technologies, ways of working and new delivery</p>

		<p>2021. Plans are currently underway for go live, with train the trainer sessions and user acceptance testing already taken place. This will complete the entire changeover to a modern, single, integrated platform for Adult Social Care (ASC), Children’s Social Care (CSC), and Education.</p> <p>Within the Network Refresh Programme, the Wide Area Network (WAN), Local Area Network (LAN) and the WiFi projects have completed procurement and have confirmed suppliers, site surveys are now underway and the design work for the WAN has commenced. These projects will represent significant investment for the Council over a number of years delivering much improved infrastructure and connectivity across the estate.</p> <p>ICT Departmental Management Team will continue to update the priority list of initiatives on an ongoing basis as projects are delivered and to ensure continued alignment with the Our Manchester Strategy, Our</p>

		<p>Transformation Programme and other Council priorities.</p> <p>A full ICT update report was taken to February 2021 Resources and Governance Scrutiny Committee, which provides a detailed update on key projects.</p>		
9	<p>Planning and implementation of changes required to mitigate potential negative impact of EU Exit on budget and other assumptions for the Council, partners and residents of the City.</p>	<p>The Council's response to the risks and uncertainties associated with EU Exit Transition was coordinated by the Brexit (now EU Exit) Preparedness Group which was chaired by the Strategic Director - Neighbourhoods. The group has now been stood down and monitoring the impact is now business as usual for services. Adhoc meetings may be arranged if required for instance the group was recently convened to review the potential impact of Hong Kong Nationals arriving in the city following recent visa changes.</p> <p>The Greater Manchester Preparedness Group is currently still meeting and focuses on issues and civil contingencies at a city region level.</p>	<p>Chief Executive</p> <p>EU Exit Preparedness Group</p>	<p>Economy Scrutiny Committee</p>

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
10	Strengthening the consistency of and accountability involved in the Council's approach to commissioning, procurement and contract management. This includes; improving supply chain resilience, building in carbon reduction requirements and reducing reliance on waivers.	<p>Supply chain resilience continues to be an important area of focus because of COVID-19, and its impact on the economy. The steps taken by the Council to monitor and manage supplier risk were summarised in the Supplier Assurance report to October 2020 Resources and Governance Scrutiny Committee.</p> <p>Governance of social value has been refined and there are now two officer groups - one strategic (the Social Value Governance Board), chaired by the Deputy Chief Executive and City Treasurer, and one operational, bringing together commissioning, contracts and social value leads in directorates.</p> <p>On waivers, the Integrated Commissioning and Procurement Team provided the August 2020 Commercial Board with an update on waivers across the Council's contract portfolio (excluding Capital Programmes), identifying progress and areas for further development.</p>	<p>Deputy Chief Executive &amp; City Treasurer, Head of Strategic Commissioning.</p> <p>Social Value Governance Board</p> <p>Commercial Board</p>	Resources and Governance Scrutiny Committee

Action	What action was to be addressed	Governance of actions taken / planned	Officer Leads / Programme Boards	How is this monitored?
11	Continued development and coordination across Services of the governance, communication, implementation and monitoring of workforce policy and associated guidance. This includes ensuring strong messages around compliance and accountability, and a planned programme of work to identify and tackle areas of non-compliance. Focus is needed on; the Accountability Framework - to support understanding of decision making, and the operation and efficacy of the Member / Officer Relations Protocol, and the Member Code of Conduct.	<p>Work has been progressed through the Our Transformation programme to strengthen the Accountability Framework, to improve levels of understanding and compliance with decision making requirements.</p> <p>The Council's Member/Officer Protocol was reviewed in June 2019. Whilst this review did not identify significant areas requiring revision, the opportunity was taken to make minor changes, which were approved by the Standards Committee and reported to Council.</p> <p>The Committee on Standards in Public Life has proposed a number of changes to the Code of Conduct for Members (some of which require changes to legislation). Following consultation, in May 2021 the LGA issued a new Model Code of Conduct for Members which has been circulated to Members for information and which will be the subject of a report to Standards Committee in November 2021 following discussions across the Greater Manchester authorities.</p>	Deputy Chief Executive & City Treasurer, City Solicitor, Director of HROD.	Standards Committee

7 Action Plan: Governance Challenges for 2021/22 Onwards

The review of governance arrangements has identified the main areas where the Council will need to focus its efforts during 2021/22, to address changing circumstances and challenges identified. These are set out in the action plan table. Completion or substantial progress against these objectives is due by the end of the financial year, in March 2022.

Action	What action is to be addressed	Who is responsible for delivery		How is this monitored?
		SMT Leads	Directors or Heads of Service	
1	Continuing to ensure effective governance of the response and recovery from COVID-19. This includes a focus on the city's longer-term recovery, including its economy, residents and communities, for example via delivery of the Economic Recovery and Investment Plan.	Chief Executive, Deputy Chief Executive & City Treasurer	-	The Executive  Economy Scrutiny Committee
2	Continuing to develop the capability of our workforce, to support the delivery of Our Corporate Plan and the Future Shape of the Council. This includes continuing to embed the Our Manchester Behaviours, and the new Employee Code of Conduct, along with delivery of organisational development plans.	Deputy Chief Executive & City Treasurer, City Solicitor	Director of HROD	Resources and Governance Scrutiny Committee
3	Future Shape of the Council – Ensure effective governance of the coordination of, and interdependencies between the work programmes which will deliver the next steps to reshape how	Deputy Chief Executive & City		The Executive

Action	What action is to be addressed	Who is responsible for delivery		How is this monitored?
		SMT Leads	Directors or Heads of Service	
	improving supply chain resilience, building in carbon reduction requirements and reducing reliance on waivers.			
9	Governance of the coordination of delivery of our commitments on equality, diversity and inclusion in relation to Manchester's citizens, and to our workforce. This includes delivery of both the Workforce Equality Strategy and the Race Equality programme.	Chief Executive, City Solicitor	Director of HROD	Resources and Governance Scrutiny Committee  Communities and Equalities Scrutiny Committee
10	Development of governance arrangements for the new model for housing delivery. This includes effective oversight of delivery of the first phase of this work, which will be the facilitation of the Northwards Housing Arm's-Length Management Organisation (ALMO) being brought back in house.	Strategic Director -Development	Director of Housing & Residential Growth	The Executive  Economy Scrutiny Committee  Resources and Governance Scrutiny Committee

Conclusion

The governance arrangements as described above have been applied throughout the year, and up to the date of the approval of the Annual Accounts, providing an effective framework for identifying governance issues and taking mitigating action. Over the coming year the Council will continue the operation of its governance framework and take steps to carry out the actions for improvement identified in the review of effectiveness to further strengthen its governance arrangements.
