Hi Damilola

I'll process the TEN now but I'd advise you to put a street trading licence application unless people are paying to access the site, otherwise you aren't going to be able to trade whether or not there is a TEN in place.

Thanks
Chloe

Hello Chloe,

How are you today?

As I explained to you before. We rent space from a private company in charge of the space to put our truck and sell food and drinks. We are mainly a takeout food and drink business and start selling from 6 pm upward.

Any form or application you think is the best for us. We are more than happy to go for it.

Thanks
Damilola Ewetuga

Hi Damilola

If it's going to be a private event so no street trading licence is required it would be a good idea to amend the description on the TEN form because otherwise objections are likely to be received - if you can give me some more information I can add this onto the form.

Thanks
Chloe

Hello Chloe,

Thanks
You can continue. We don't need the street trader licences.

Thanks
Damilola Ewetuga

Hi Damilola

Yes, that makes sense, it does sound like you would need a street trading consent in that case. Please see here for information - [Licensing - Street trader licence and consent | Manchester City Council](#)

However please note that there is a 28-day consultation period for such applications and if objections are received a hearing may also be required, in which case it could be up to eight weeks before the licence could be granted.

I can check if it might be possible to reduce the consultation period in this instance given that this is for a one-off event if you would like?

Alternatively, if people had to pay an entry fee to attend the event (e.g. had to buy a ticket to get into the car park) you might not have to apply for a street trading consent at all as it would count as a private event and therefore not 'street trading'. Please let me know how you'd like to proceed.

Thanks,
Chloe

Hello Chloe,

Thanks for the explanation.

The space is rented to us by the car company for our food truck, and we are mainly takeaway expecting our customers to order from the online food platform.

but is some occasions we might see a public member that wants to buy too.

I don't know if that makes sense.

Thanks

Hi Damilola

A TEN would cover the sale of alcohol and the provision of late night refreshment but street trading is something separate - would members of the public be able to come into the car park and buy things from the food truck or is the space being rented out for a private use? If the truck is open to anyone then it doesn't matter if it's not technically on the street as the site is still publicly accessible.

Thanks
Chloe

Hello Chloe,

Thanks for your fast response.

I've included the truck's exact location, 40-48 Ashton Old, Manchester. M12 6lp

I rang the licensing department yesterday to ask which license to apply for.

I was told about personal licenses and TEN licenses.

Please let me know if we need a street trading license because we are off the street if that makes sense.

Thanks
Damilola Ewetuga

Good morning

I am just reviewing this temporary event notice. Please could you clarify where exactly this truck would be located? It may be that you would also need to apply for a street trading consent in order to trade.

Thanks,
Chloe
