2024	People With Complex Needs And The Role Of Social Workers & Tackling Alcohol Harm in Manchester	Healthy Manchester and Adult Social Care and the Chair of the Health Scrutiny Committee engage with the Mayor of Greater Manchester with the view to establishing a Manchester Manifesto to tackle the alcohol industry on the issue of alcohol-related harm.	available.	Officer

## 2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **13 May 2024**, containing details of the decisions under the Committee's remit is included below. This is to keep members informed of what decisions are being taken and, where appropriate, include in the work programme of the Committee.

Decisions that were taken before the publication of this report are marked \*

There are no Key Decisions currently listed within the remit of this Committee.

### 3. Items for Information

#### Care Quality Commission Reports

The Care Quality Commission (CQC) is an executive non-departmental public body of the Department of Health and Social Care of the United Kingdom. It was established in 2009 to regulate and inspect health and social care services in England.

#### Key to Inspection Ratings

Services are rated by the CQC according to how safe, effective, caring, responsive and well-led they are, using four levels:

- **Outstanding** – The service is performing exceptionally well.
- **Good** – The service is performing well and meeting expectations.
- **Requires improvement** – The service isn't performing as well as it should and the CQC have told the service how it must improve.
- **Inadequate** – The service is performing badly and the CQC have taken enforcement action against the provider of the service.
- **No rating/under appeal/rating suspended** – There are some services which the CQC can't rate, while some might be under appeal from the provider. Suspended ratings are being reviewed by the CQC and will be published soon.

Please find below reports provided by the CQC listing those organisations that have been inspected within Manchester since the Health Scrutiny Committee last met.
