This has been included in the Council's asks of Government ahead of the General Election and raised with TFGM. TFGM have confirmed that increasing the number of accessible stations in GM is a key priority for TFGM and progress is being made. More schemes to improve accessibility have been funded in the last five years than in the ten years prior. TFGM currently have funding to deliver step free access in 7 GM stations, 3 funded by the DFT Access for All programme 2019-2024, and 4 funded by devolved CRSTS funding (City Region Sustainable Transport Settlement). 3 additional GM stations have been successfully nominated for funding for the DFT Access for All programme 2024-2029 – Flowery Field, Newton for Hyde, and Bredbury. TFGM are also progressing work to consider additional funding to deliver another 10 schemes on the GM priority list.	James Binks (Assistant Chief Executive)

<p>23 May 2024</p>	<p>RGSC/24/38 Manchester City Council Connections with the Greater Manchester Combined Authority (GMCA)</p>	<p>That the extension of the Metrolink between East Didsbury and Stockport be included in the future asks of government.</p>	<p>This has been included in the Council's asks of Government ahead of the General Election and raised with TFGM. In the current City Region Sustainable Transport Settlement 1 (CRSTS1) funding period to the end of 2026/27, TfGM is committed to – and has a funding allocation for – developing one Metrolink extension scheme to a level of maturity commensurate to an application for Powers (such as a Transport and Works Act Order application), and developing a further two Metrolink extension schemes to a level of maturity. During this phase of development, TfGM will obtain robust cost estimates for the delivery of the scheme(s) and develop a funding strategy. This funding strategy will consider a range of funding options, including central Government contribution and the potential application of future rounds of CRSTS funding. TfGM will engage with local authority partners throughout the development process, including on any advocacy strategy for securing delivery funding once cost estimates have been developed for prioritised schemes.</p>	<p>James Binks (Assistant Chief Executive)</p>

2. Key Decisions

The Council is required to publish details of key decisions that will be taken at least 28 days before the decision is due to be taken. Details of key decisions that are due to be taken are published on a monthly basis in the Register of Key Decisions.

A key decision, as defined in the Council's Constitution is an executive decision, which is likely:

- To result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which the decision relates, or
- To be significant in terms of its effects on communities living or working in an area comprising two or more wards in the area of the city.

The Council Constitution defines 'significant' as being expenditure or savings (including the loss of income or capital receipts) in excess of £500k, providing that is not more than 10% of the gross operating expenditure for any budget heading in the in the Council's Revenue Budget Book, and subject to other defined exceptions.

An extract of the most recent Register of Key Decisions, published on **17 June 2024**, containing details of the decisions under the Committee's remit is included below.
