- 1.3 Representations may be made for or against an application during the consultation period. To be 'relevant' and, therefore, able to be taken into account in determining the application, they must be about the likely effect of the grant of the premises licence on the promotion of the licensing objectives. Where representations are made by persons who are not a responsible authority, they must not be frivolous or vexatious.

5. Key Policies and Considerations

5.1 Legal Considerations

5.1.1 Hearings under the Licensing Act 2003 operate under the Licensing Act 2003 (Hearings) Regulations 2005.

5.2 New Information

5.2.1 In accordance with Regulation 18 of the Licensing Act 2003 (Hearings) Regulations 2005, the authority may take into account documentary or other information produced by a party in support of their application, representations or notice either before the hearing or, with the consent of all parties, at the hearing.

5.3 Hearsay Evidence

5.3.1 The Panel may accept hearsay evidence and it will be a matter for the Panel to attach what weight to it that they consider appropriate. Hearsay evidence is evidence of something that a witness neither saw nor heard, but has heard or read about.

5.4 The Secretary of State's Guidance to the Licensing Act 2003

5.4.1 The Secretary of State's Guidance to the Licensing Act 2003 is provided for all parties involved in licensing. It is a key medium for promoting best practice, ensuring consistent application of licensing powers across England and Wales and for promoting fairness, equal treatment and proportionality.

5.4.2 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. The Guidance is therefore binding on all licensing authorities to that extent. However, the Guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this Guidance, they may depart from it if they have good reason to do so and can provide full reasons.

5.4.3 Departure from the Guidance could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.

5.5 Manchester Statement of Licensing Policy

5.5.1 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' its statement of licensing policy.

- 5.5.2 The Licensing Policy sets out the vision the licensing authority has for the regulation of licensed premises throughout Manchester and outlines the standards expected in order to ensure the promotion of the licensing objectives in the city. The Panel may depart from the policies should it consider doing so would benefit the promotion of the licensing objectives. Reasons are to be given for any such departure from the Policy.
- 5.5.3 Section 2 of the Policy outlines out the General Principles that will be applied to
- Licensing hearings
 - The role of the licensing objectives in decision-making
 - The determination of each case on its own merits
 - Need and commercial demand
 - Evidence
 - Cumulative impact
 - Hours and Conditions
 - Refusal of applications
- 5.5.4 It also sets out that a key aim of this policy is to ensure that licensed venue density reflects an appropriate mix of venue types, including non-alcohol-related entertainment options (see Venue diversity, density and availability in Section 3) and so in the growth and development of areas, we aim to ensure that the grant of further licences (and variations) delivers this ambition. In areas where the correct balance is not struck, the intention is to diversify the licensed economy there.
- 5.5.5 Section 4 of the Policy (How we will consider Premises Licence applications) sets out how the Licensing Policy is intended to be used in practice for licence applications and licensed premises.
- **What:** The nature of the licensable activities and their alignment with the city's strategic goals.
 - **Where:** The location's suitability, considering its impact on the local community and alignment with area-based policies.
 - **How:** Operational standards and management practices, focusing on the potential impact on licensing objectives.
 - **When:** Operational hours, particularly their fit with the city's nightlife phases—twilight, evening, night-time, and late-night economies:
 - Twilight (5–7pm)
 - Evening economy (6–10pm)
 - Night-time economy (9pm–1am)
 - Late night economy (12 midnight–4am+).
- 5.5.6 Relevant to this application and the grounds of the representations made, the Panel are recommended to have regard to the following sections of the Policy:

Section 6: Area-Based Policies

Section 6 of the MCC Licensing Policy 2024-29 outlines the area-based policies for Manchester, detailing specific guidelines and considerations for various districts within the city. These policies recognise the unique characteristics, challenges, and opportunities of different areas, aiming to ensure that the growth and management of licensed premises contribute positively to the local communities and the city as a whole.

Relevant area-based objectives and special policy:

Central Retail District and Civic Squares

- Support the successful redevelopment of the Our Town Hall Project and the use of the civic squares and other public spaces to support events that will promote the visitor and cultural economy
- Encourage alfresco dining
- Develop the attractiveness of the area for a wider audience, reducing perceptions of alcohol-related problems
- Promote diversity across food and drink, retail and entertainment, as well as creative, artistic, heritage and performance industries.

6. Conclusion

6.1 A licensing authority must carry out its functions under this Act (“licensing functions”) with a view to promoting the licensing objectives:

- the prevention of crime and disorder
- public safety;
- the prevention of public nuisance; and
- the protection of children from harm.

6.2 In considering the matter, the Panel should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be. In reaching the decision, regard must also be had to relevant provisions of the national guidance and the Council’s licensing policy statement.

6.3 Having regard to the representations, the Panel must take such of the steps set out below that it considers appropriate for the promotion of the licensing objectives:

- a) To grant the licence subject to the conditions consistent with the operating schedule accompanying the application, which the Panel may modify to such extent as they consider appropriate
- b) To reject the whole or part of the application

6.4 The conditions consistent with the operating schedule may be modified to alter or omit any of them or to add any new condition, including restricting the times at which licensable activities authorised by the licence can take place.

6.5 However, conditions should not be imposed on a licence which are unrelated to the variation sought.

- 6.6 All licensing determinations should be considered on the individual merits of the application.
- 6.7 The Panel's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve. Findings on any issues of fact should be on the balance of probability.
- 6.8 It is important that a licensing authority should give comprehensive reasons for its decisions in anticipation of any appeals. Failure to give adequate reasons could itself give rise to grounds for an appeal.
- 6.9 **The Panel is asked to determine the application.**
