Summary of representations received

Please be advised that the below is a summary of representations received only. Copies of the representations are included at the back of this document for members and other interested parties to refer to as necessary.

Greater Manchester Police

Greater Manchester Police (GMP) believes that allowing the premises to be used in accordance with the Temporary Event Notice (TEN) will lead to issues with Crime and Disorder, Public Safety and Public Nuisance.

The representation states the TEN will cause extreme congestion in an already crowded space (Canal Street) during Pride 2019, specifically from additional queuing and entertainment outside of the premises.

In addition GMP note, no other premises currently has this provision during the event owing to an informal agreement and GMP believes that allowing this TEN is likely to cause a ripple effect of other venues applying to serve alcohol onto Canal street, which could harm Public Safety and Crime & Disorder objectives.

Therefore GMP requests the Temporary Event Notice is refused.
