**Representation**

Outline your representation regarding the above application below. This representation should describe the likely effect of the grant of the licence/certificate on the licensing objectives and on the vicinity of the premises.

The Licensing and Out of Hours Team have assessed the likely impact of the grant of this temporary event. Taking into account a numbers of factors including the nature of the area, hours applied for and any potential risk that the granting of this temporary event could lead to issues of public nuisance.

The premises is on Canal Street within the village. The proposed event is for the provision of regulated entertainment outside of the premises during Manchester Pride. The premises propose the placement of a stage area and Marquee. This is in addition to another TEN that proposes the placement of an external bar on the cobbled pavement of Canal Street.

As a result of this assessment we have concerns that the grant of this application is likely to lead to issues of public nuisance, public safety and prevention of children from harm.

Canal Street is the main arterial route for pride with the majority of licenced premises located along its length. With large groups of people using the street to access premises and moving through to other parts of the village, this may cause people to stop and cause congestion. Due to the location of the proposed bar this has potential to also cause an obstruction to pedestrians and people enjoying Manchester Pride. There will also be associated litter from people stopping, eating and drinking.

The TEN states that there will be 20 people present including staff, it is unclear how people will be moved on or managed to ensure that this limit is complied with. There is no reference as to how security will operate within this area, this has potential to put greater pressure on the agencies such as Show Sec and St Johns Ambulance who have been brought in by Pride organisers to facilitate smooth running of the Pride event.

The stage would undoubtedly add to noise nuisance, with residential

properties in close proximity to the proposed stage and it is unclear how the premises will manage this.

This temporary event will undermine the objective of Prevention of Public Nuisance, Public Safety and Protection of Children from Harm.

I believe that the granting of this temporary event notice would be counterproductive to the Manchester Standards to promote the licensing objectives - MS1, MS7, MS8, MS9 and MS12.

Recommendation:	Refuse Application
