

Appendix 1 Housing Register and Lettings Data

1. Manchester Housing Register (MHR)

At the end of 2018/19 there were 14,648 live applications on the housing register which is an increase of 8% since the end of December 2018. Of these, 6,144 (5934+210), or 41.8%, were in the reasonable preference categories showing that they have real housing need which represents an increase of over 1,100 (more than 22%) in bands 1-3 since the end of 2017/18

At the end of **2018/19**, the register looked like this:

Almost three quarters of the register needed 1 or 2 bedroom properties (**72.8% = 10,664** applicants). **3,601** applicants (**24.6%** of the register) were in the highest bands 1-3 and needed 1 or 2 bedroom properties. There is a fairly consistent three quarters of the register requiring 1 or 2 bedroom accommodation.

Adding in 3 bedroom need takes the total to **92.6%** of the register, or **13,559** applicants. Of these, applicants in the highest bands 1-3 who needed 1, 2 or 3 bedroom properties totalled **5,089** (**34.7%** of the register).

Once we look at 4, 5 and 6+ bedroom properties, demand is heavily from applicants in the reasonable preference categories (the highest bands 1-3). At the end of 2018/19 there were 845 applicants in bands 1-3 who needed larger family homes. Against the low rate of turnover for larger family homes is the fact that 148 households currently in reasonable preference categories (bands 1-3) need homes with 5, 6 or more bedrooms. Only 6 homes of 5 or more bedrooms were let in 2018/19.

2. Lettings

During 2018/19 a total of **2,526** properties became available to let through Manchester Move. The distribution across bands and size of property was as shown in the table below.

The turnover of all sizes of properties has continued to fall. In 2013/14, there was a total of 3620 lets. Successive years have seen the number falling: 3546 in 2014/15, 3133 in 2015/16, 2724 in 2016/17, a slight rise to 2767 in 2017/18, and another fall to 2526 for 2018/19.

The percentage of lets to applicants in need (bands 1-3) was 84% in 2017/18. It has increased significantly to over 90% during 2018/19. Lets to households not in bands 1 to 3 are mostly to people wanting to move into sheltered or extra care accommodation along with some new build social housing policies which are let at affordable rents and targeted at working households.
