As at 28/08/20: For Economy Scrutiny Committee on 03/09/20 (updated fortnightly)

Changes since last updated highlighted in yellow.

Issue/theme/ activity area	Impact/ challenges experienced	Key planning and response activity being undertaken
<p><b>Economic Overview:</b></p> <ul style="list-style-type: none"> <li>● <b>UK officially in recession-</b> The economy shrank 20.4% April-June compared to previous 3 months. First technical recession since 2009. On a month on month basis, economy grew by 8.7% in June (a sixth below level in Feb), after growth of 1.8% in May. (ONS/BBC 12/08)</li> <li>● <b>UK economic outlook- Mixed picture.</b> “Latest evidence points to a weaker economic performance this year with GDP contracting by between 10% and 13%. Progress in finding a vaccine increases the likelihood of an end to social distancing by May or Sept next year. This could see growth of up to 10% in 2021. However, recovery could be weaker due to uncertainties around future relationship with EU and significant dent the pandemic is having on the performance of the economy”. (KPMG 29/08)</li> <li>● <b>UK Purchasing Managers Index PMI-</b> shows sharp increase in private sector output in August. Both manufacturing and services continue to experience a recovery in consumer demand. (21/08)</li> </ul> <p><b>GM context:</b> Measures of GM business resilience have shown slight improvement in recent weeks (cashflow and reserves). However, measures remain at historically low levels and significant economic challenges remain, most immediately with the withdrawal of furlough scheme. 30% of eligible workforce on furlough during June. 88% rise in GM residents in receipt of unemployment benefits between March and June. 59% fewer online job postings week ending 18/07 compared with week ending 07/03. (GMCA 25/08)</p> <p><b>Manchester context:</b> See separate agenda item <i>Manchester’s Economy- Quarterly Update (September)</i> for further detail. Headlines include:</p> <ul style="list-style-type: none"> <li>- C 74,800 furloughed resident jobs, 31% of total eligible jobs (as at June)</li> <li>- Business rates revenue dropped by 35% since 04/20 (£378m- to £245 m)</li> <li>- No. of Airbnb listings fallen by 16% (540 listings) in Quarter 2</li> <li>- Commercial development tracker- over 913,000 m2 floorspace expected to be delivered 2022/23 (city centre and Airport focus)</li> <li>- Construction activity returned to 95% of major commercial developments and planning activity returning to pre-Covid levels. Construction activity returned to all major residential developments.</li> <li>- Residential sales at a near halt. 95% lower in city centre in Q1 20/21 than 19/20. 85% lower across Mcr.</li> </ul>		

<p><b>Sectoral Impact</b></p>	<p><b>General- Manchester Business Sounding Board and Real Estate Sub group-</b> continue to call for speedy return to city centre workplaces to support the economy (25/08). BBC survey reports 50 UK largest employers not planning to return all staff full time in near future (26/08).</p> <p><b>OBI The Return to our City Survey-</b> Over 100 city centre businesses surveyed across sectors to understand return to workplace position. Smallest companies have largest percentage of employees back in the office. Those with 1-10 employees have 63% back. Timescales for returning: 45% Sept/Oct, 11% Nov-Dec, 11% Jan, 30% other (many unsure). Key concerns:: commute, exposure to Covid in the workplace, childcare, corporate policy to working from home, landlord building guidance and protocol. Responses to encourage more businesses to reopen: Reopen schools, affordable parking, greater capacity and frequency of public transport, safer cycling routes and bike storage. 86% of those who have returned are using coffee shop, 58% using retail, 42% using restaurants, 40% using bars. (27/08)</p> <p><b>Homeworking in UK: before and during 2020 lockdown</b> report by Cardiff and Southampton universities. 88% of employees who worked at home during lockdown would like to continue doing so in some capacity, with 47% wanting to do so often or all the time. About two-fifths (41%) said they got as much work done at home as they did six months earlier when most, but not all, were in their usual places of work. More than a quarter (29%) said they got more done at home, while 30% said their productivity had fallen. Sample of 6000-7,000 workers.(28/08)</p> <p><b>Retail/Leisure-</b>Footfall slowly increasing week on week but well down on usual figures.</p> <p><b>City centre footfall-</b> week of 23- 25 Aug so far:  <b>Total -38% (year on year) +1% (week on week)</b>  St Ann's Square -41% +4%  Exchange Sq -67% -1%</p>	<ul style="list-style-type: none"> <li>● CBI UK raising concerns re impact on city centres- calling on govt to use effective test and trace systems and encourage commuters back onto public transport (27/08).</li> <li>● Intelligence gathering from sector representatives continues, to understand impact, issues, opportunities and support needed.Ongoing intel gathering with businesses re return to workplace plans. Used to inform workstream plans and lobbying.</li> <li>● Newsletter issued each week- over 7500 businesses with updated guidance and opportunities.</li> <li>● Ipsos Mori commissioned to carry out detailed survey work of key sector impact/business needs.</li> <li>● Business Sounding Board meeting fortnightly- focusing on communications and confidence campaign, getting people back to work, venues/events.</li> <li>● Involvement in GM Groups, e.g. Economic Resilience Group, GM Tourism Industry Emergency Response Group &amp; Place Directors.</li> <li>● Feed into national lobbying work, e.g. Core Cities evidence gathering, Chief Executive meetings with HMT, BEIS etc.</li> </ul> <p>Support for retail workers and employers- range of services available via Employ GM, led by Growth Company, including skills support for employment and redundancy support.</p> <p>Retailers on Market Street joining in with 'Alternative Pride' Celebrations with window displays.</p>

King St -41% -5%  
Market St -26% +4%  
New Cathedral St -34% -4% (26/08)  
Full week 33 (9th Aug) weekly footfall -45.7% (UK -39.2%)

Monthly figures (year on year) July 20 -52.9%, June 20 -70%, May 20 -87%.

Footfall in Mcr **district centres** (17-23 Aug)- Generally down and in some places quite a big reduction, probably due to adverse weather. -7.5% across the city week on week. -16.8% year on year. Gorton -20.4% week on week. Northenden -15.4%. Cheetham Hill- only area to see an increase 6.9%. Springboard (25/08)

Week 34 **UK** -30.7% year on year/ +4.4% week on week. *“It seems that the increased quarantine measures imposed on a number of overseas destinations are having a positive impact on UK footfall. High streets remain adversely impacted by the lack of footfall in Central London and other UK regional cities, with smaller more local high streets and those appealing to holiday makers recovering to a greater extent.”*(Springboard 24/08)

Major redundancy announcements continue- Marks and Spencers (7,000 UK wide over next 3 months), STA Travel (500 jobs at risk UK wide) (21/08), Wahaca- Corn Exchange (26/08), Pret a Manger (3,000 UK wide) (27/08)

New openings: Hurlingham Polo on King Street (clothing store due to open soon). 202 Kitchen on Bridge Street (street food concept). Mecnica bar opens 28/08 in Northern Quarter

Reopening: New Look (Arndale) 04/09, Wolf Italian (Arndale) preparing to reopen, Yo Sushi (Arndale) this week.

<p><b>Hospitality- Eat Out to Help Out-</b> local sector advisors report general feedback from restaurants that the scheme has been an incredible success but there are caveats. There is a worry for some that city centres benefited less than suburbs and rural sites, and that chains and larger groups did better than independents (as they are better able to staff and resource to open earlier in the week). Scheme did not help wet-led hospitality businesses and nothing for those not able to open viably under current restrictions (due to small spaces, lack of outdoor dining etc.)</p> <p>Meeting the next rent quarter will be a concern for many. Concerns protections are being removed, including for unpaid rent for the last two quarters, which is a big issue (operators could be removed or legal action taken). Some landlords are being supportive, and in London major landlords are starting to switch to <b>turnover rent</b>. Considered to be the only viable way forward, at least for the short to medium term.</p> <p>Other issues: <b>return of business rates, and the end of the tax reductions and holidays</b>, but more imminently the <b>end of furlough</b>. Sector experts raise major risk of mass closures amongst independents- though outside London this seems to be hitting sites owned by major casual dining groups. <b>Sector calling on MCC to focus support on independents.</b></p> <p>Brexit risks: further issues around staffing, produce/wine supply chains, currency fluctuations and impact on international tourism. Response to Growth Company survey suggest that many businesses across sectors are under-prepared (27/08)</p> <p><b>Visitor economy-</b> Hotels Association (27/08)- Understood those that opened in July had around 20% occupancy. Business improved in Aug to 30% to 35%. Weekends have been relatively strong with good leisure demand, however weekday is the opposite, largely due to a lack of events and</p>	<p><b>Hospitality-</b> 137 pavement licence applications received and granted or are in the process of granting around 120. Licensing team is continuing to engage with a small 'third tranche' and will continue to explore options to assist them. Licenses granted in other areas: Ancoats and Beswick (16)- most around Cutting Room Sq, Didsbury (1), Clayton &amp; Openshaw (1), Levenshulme (2), Chorlton (5), Crumpsall (1), Ardwick (1).</p> <p>The Licensing and Out of Hours Team- Since easing of restrictions the teams have resumed shift working and operating from 0800 until 0430 Fridays and Saturdays and 0800 until 0100 Sunday through Thursday. The teams are actively responding to complaints regarding the operation of the hospitality trade and undertaking proactive interventions to ensure compliance with current requirements. The approach is aimed at ensuring compliance with the current regulations and guidelines to create a safe environment for staff and customers. Officers are working alongside GMP and Health &amp; Safety colleagues to provide advice and guidance, where necessary formal action will be taken to ensure compliance where other interventions have not been successful or the requirements are being flouted putting public health at risk. 77 visits to licensed premises as a result of complaints. 1668 proactive visits to licensed premises. 3x Prohibition Notices ; served on premises that were found to be operating as nightclubs (City centre). 2x Direction Orders: served as a result of failure to implement sufficient controls (City Centre). 7x Improvement Notices; served on hospitality venues (not all licensed) as a result of failure to implement/insufficient risk assessment and/or failure to manage in accordance with risk assessment.(26/08)</p> <p>Plans for <i>Reopening High Street Safely Fund</i> being submitted for grant approval as part of ERDF requirements - focus on 1) pedestrianisation and changes to public realm and 2) communications across district centres. (See funding section below).</p> <p><b>Visitor economy-</b> #FindYourSpaceMCR (campaign targeted at tourism, hospitality, leisure and cultural sectors) 656,000 impressions on Twitter and 1.9 m impressions on Facebook. <p>corporate activity. Two main concerns for coming months: 1. City offices have not returned to normal and corporate business is unlikely to recover soon. 2. The events business is still struggling with local lockdown measures and major events can't start until at least Oct and even then demand is expected to be low.</p> <p>The local measures have resulted in a lack of confidence and holding back bookings and enquiries. Hoteliers hoping this will be released very soon. International business is also impacted with quarantine regulations affecting demand. The recent VAT changes and the 'Eat out to help out' schemes have helped the industry and the sector is hoping more such measures could be extended for the months ahead. Most hoteliers see low demand continuing in Sept, no real uptick until at least next Spring. (27/08)</p> <p>Stock Exchange Hotel reopens 26/08. Edwardian Manchester reopens on 03/09. Manchester Central to manage event space at Runway Visitor Park and Concorde Conference Centre. UVM Expo 2020 to be held 1/10 as Manchester's first hybrid conference and exhibition event- organised by unique venues of Manchester. 01/09 Cricket international (Pakistan T20) at Old Trafford (behind closed doors) 4-5/09 GB Athletics at Regional arena (behind closed doors) Mid- Sept Premier League re-commences (behind closed doors)</p> <p>Visit Britain Weekly Consumer Tracker Week 11 (27-21/07) Main type of destination for summer holidays and short breaks is countryside/coastal. 1 in 4 adults have no intention of travelling- significantly up from 1 in 5 recorded in week 10. Period Oct 20- March 21- likely to see SW, London and Scotland dominate. Cities/large towns likely to be lead destinations. **Manchester Culture Recovery Plan** - need forecast- £72m  
Consultation with sector task groups is ongoing. Recovery Strategy includes: Learning & Skills needs (Culture and Work and Skills teams looking at how existing programmes can support entry-level roles and digital skills needs. Manchester Music City plans advancing for: commissioning music economy study; formation of industry body and leadership talent development and international project; bespoke support on property law to support music venues; and exploring concept for temporary pop-up outdoor stages for the autumn/ winter.

**Culture Recovery Fund (CRF) Grants** - £500m for England currently live- Being delivered by ACE for Cultural organisations (inc profit/ not for profit & charities) in 2 rounds to 21st Aug and 4th Sept. Funding decisions to be made by Oct. Applications will be principal assistance to support the stabilisation element identified in the Manchester Culture Recovery Plan. It is estimated that Mcr organisations need to secure over £20m of stabilization funding in 2020/21. We are aware of at least 13 of the larger cultural organisations applying for funding, but anticipate that a large number of the city's cultural and music venues will put forward applications.

**Collaborative projects-** The fund does not allow for place based project applications - only for organisations in imminent financial difficulty. Cultural Leaders group has coordinated two collaborative projects so that multiple partners can feature in their applications to the CRF towards:

- Education Partnership - being led by ZArts and the Manchester Culture Education Partners supporting schools and children.
- Culture Campaign - Venue audience engagement and confidence building campaigns. 13 leading venue partners have signed up.

Culture Recovery Fund applications- Officers providing 1-2-1 support (MCC & GMCA Cultural leads) and business advisers at the Business Growth Hub with the support of the Work & Skills team.

- £218million for bus services for the next 8 weeks
- £37.4 million for tram services over the next 12 week period. Total government funding to support Metrolink during the pandemic will have amounted to £44 million. From 24/08 Metrolink services will be extended to run until midnight (11 pm Sundays).

**Additional Funding Made Available to support additional school bus services.**

- £2.249m to support additional school bus services during the autumn term as a result of the capacity of existing services having limited capacity as a result of social distancing measures.
- Education colleagues are working with TfGM to identify pressure points where additional capacity may be required.

**TfGM Survey of Attitudes to Future Transport Use**

- Analysis of predicted transport requirements- TfGM undertaken a 'Future Travel' Survey" to gather the public's views on using public transport after lockdown. 14,000 responses received and initial findings have been shared with members of this group and the Business Reopening Analysis group (including MCC reps). A summary of the complete results from the survey is attached for members' information.

**Recent Manchester Specific Transport Usage Data**

Bus

Patronage +1.6% (770,773) trips from the previous week (vs. +1.6% GM-wide).

Network mileage -13.9% from the same month last year (vs. -17.2% GM-wide)

Metrolink

• Metrolink Network patronage had a week on week decrease of 1.3% GM-wide. East Didsbury line was -2.7% (848) trips

Highway

• In Manchester, the weekly average private vehicle trips was -24% from the same period last year (vs. -16% GM-wide)

Rail

- Piccadilly footfall close to 50,000 per day (-60% from last year though)
- Victoria daily footfall around 5,000 (+30% from the start of month)

#### Cycling & Walking

- Cycle volumes were -3% from last week and 3% above the annual average.

#### GM Wide Data

Data from the last week shows the following differences with the position on 09/03 and end of July/ early Aug showing a **gradual but slow increase in public transport usage across GM, with car travel still reduced but much closer to pre lockdown levels.**

○ Metrolink patronage	9/3/20 = 122,613
	14/7/20= 31884
	24/8/20= 45,659
“	
○ Bus	
	9/3/20 515,309
	14/7/20 191,093
	24/8/20 237,566
Rail	
	9/3/20 104,795
	14/7/20 28,700
	21/8/20 46,339
GM Highway	
	9/3/20 5,082,000
	14/7/20 4,032,000
	31/7/20 4,385,916

Data from NCP on year on year changes in car park usage for the period until the end of July demonstrates that some car parks eg King Street West, are now seeing usage comparable with last year's level while others eg Spinningfields, still seeing user numbers some way below last year.

**Face Coverings-** Compliance across the transport network remains around 70% on bus and is now between 90-95% overall on rail. Compliance on Metrolink last week was near 89% in the AM peak, but fell to just below 77% in the evening peak

#### Emergency Active Travel Fund

MCC has obtained £180k from the first phase of the Government's Emergency Active Travel Fund (EATF) to contribute to funding of work undertaken at Deansgate and Stevenson Square.

		Proposals have been submitted by TfGM to Government for phase 2 of EATF. A bid to the value of £14 m was submitted on 7th Aug and £5.5 m of this was for proposals to support active travel within Mcr. A decision on the funding award is expected by the end of Aug..
	Analysis of businesses' plans for reopening, working with TfGM, CA, Chamber, Growth Company	TfGM linked into Day Time Economy recovery group work
	Identify and implement interventions that support social distancing and support business reopening and procure necessary equipment to facilitate this.	A presentation on outline proposals for the re - purposing of more city centre streets and open spaces to support hospitality businesses was given to the City Centre Infrastructure Working Group on 23rd July. These initial ideas are now to be developed further in consultation with members to support businesses over the late summer and early Autumn period. The proposals seek to draw on best practice from other cities in the UK and abroad.

The latest **Business Growth Hub** survey w/c 24 Aug

- The main three impacts facing businesses remain: decreased sales (67% vs 55% in previous reports), cashflow problems(28% vs 32%), and business travel to visit clients (36% vs 28%)
- 61% (66% previously) of respondents said they had furloughed some of their staff. Of those furloughing staff 61.5% of firms said they furloughed more than half of the workforce.
- 69% of firms said they were not planning to make redundancies at all, however 5% said they had made redundancies (but will make no more), 1% said they had made redundancies and were considering making more. & 17% hadn't made redundancies but were considering it
- 20% of firms were currently recruiting staff. 22% of firms said they partly had the right skills to match their current business plans, and 5% said they didn't have the right skills
- Brexit is an issue but there are relatively low levels of awareness amongst businesses of the recent guidance from Government that will affect business & lack of capacity to engage

Hut Group is interested in working with the City to develop a skills academy, with an initial focus on Wythenshawe. Opportunities are at all levels. Also apprenticeship opportunities for young people with CAB in contact centre and advice & guidance roles.

- Work has begun with Hewlett Packard Enterprise on apprenticeship opportunities for Manchester young people age 18 plus.
- Working with MMU and UOM to understand their offer for graduates and connecting with the wider City offer. There will be a specific ask from Government for unemployed graduates, as part of the MCC Comprehensive Spending Review ask.
- The Manchester Adult Education & Skills Partnership is working together on a Comms plan to better promote learning & skills opportunities to employers, residents & community organisations;
- Manchester Digital Device Scheme has been set up & a steering group established to manage the roll out and evaluation of the device scheme.
- The Work & Skills, MAES & Commissioning teams are working with Manchester's home care providers to connect unemployed residents to the employment opportunities and agree future approaches to training & progression within the sector.
- Employ GM website has been developed to include a specific retail campaign. The site has seen over 25000 visitors and there were 1,454 unique visitors to the site in the last week.
- The discretionary business grants scheme to support small & micro businesses received 1261 applications by 10 June closing date. Most of the £5.4m grant has now been paid to businesses & charities. Ongoing business enquiries are being linked to support available through the Business Growth Hub, Enterprising You and BIPC which is providing additional programmes funded through Business Library Bounce Back funding
- Strive & Thrive - last week 411 delegates from 225 businesses registered to attend the Strive & Thrive workshop programme, which supports business recovery from the impact of Covid
- GMCVO have a loan fund of £1.5m to support social enterprises to recover from the effects of Covid and are prioritising their support for organisations in the sector delivering employability & skills support and working with BAME communities

<b>Strategy &amp; Economic Narrative Review</b>	C19 has necessitated a review of existing strategies to understand whether they are fit for purpose given the predicted exacerbation of existing inequalities. This will inform the Economic Recovery Plan & Our Manchester Strategy reset. Formal refreshes would not take place until 2021 when the Our Manchester Strategy has been reset and the full impact of C19 is known.	<p>Work on Manchester's Economic Recovery Plan with Ekosgen and Metro Dynamics is developing. The developing narrative was discussed at 14 EMG Aug Recovery Workstream and is being presented to Economy Scrutiny on 3 Sept. This will be worked up into a full Economic Recovery Plan with a positive and forward thinking narrative about Manchester's future economy. The work is underpinned by projects under 'People, Place and Prosperity' headings and Strategic Outline Business Cases have been developed for over 50 projects which are being assessed and finalised. Key themes that run throughout the work are an inclusive economy, zero carbon and science, tech and innovation.</p> <p>The Economic Recovery Plan will be submitted to Government ahead of the Comprehensive Spending Review deadline on 24 September and a session with civil servants/SPADs is being arranged in advance to discuss the draft Plan.</p>
<b>External Influencing &amp; Lobbying</b>	The Government's economic response to C19 has been fast moving and feeding in Manchester's priorities has required a coordinated approach.	<p>The Local Economic Recovery Group Labour Markets and Skills task and finish group met on 14/08- co-chaired by Joanne Roney and Frank Rodgers (Liverpool City Region CA Chief Exec) - focused on proposed delivery models for the Government Kickstart Programme.</p> <p>Comprehensive Spending Review submissions the Council is contributing to include: the Local Government Association, Convention of the North, Core Cities and the Greater Manchester Combined Authority. These will be supplemented with a MCC submission, covering the Economic Recovery Plan, funding and public service reform. **Covid-19 Sitrep Summary**  
**Residents and Communities Workstream**  
**Date: 28th August 2020**

Workstream	Impact / challenges experienced	Key planning and recovery activity being undertaken**
<b>Residents at risk</b>		
Shielded Residents and the Food Response	<ul style="list-style-type: none"> <li>● As the Government shielding programme came to an end at the end of July, there were circa 2,000 residents in receipt of national Government food parcels, which has led to a small increase in demand;</li> <li>● National Government has issued a draft advisory framework for local authorities to consider in the event of future local or national lockdowns that will require people to shield. This is expected to be published by Friday 29 August;</li> <li>● Resourcing continues to be an issue, as MCC staff are needed to plan for recovery &amp; business as usual.</li> </ul>	<ul style="list-style-type: none"> <li>● We are calling the c2,000 residents who were in receipt of food parcels at the end of July to ensure that they have access to an appropriate food offer. To date 565 have been contacted this is slower progress that we would have liked but no additional resources have been available to support this. All residents have received a letter from the Government and MCC so should be aware how to access support should they need it.</li> <li>● We have responded to Government on the draft advisory framework guidance for future lockdowns</li> <li>● We have reviewed the implications of this framework for the food response;</li> <li>● Work is ongoing with food organisations to plan for transition back to a community model with the right level of resource &amp; support</li> </ul>
Domestic Violence & Abuse	<ul style="list-style-type: none"> <li>● Latest report from Independent Choices indicates that the volumes of calls into the helpline remain higher than pre-lockdown levels (88 last week). This cohort mainly consists of people who have already been in accommodation and multi agency work is being progressed to help address their needs.</p> <ul style="list-style-type: none"> <li>• The challenge of moving people on from temporary accommodation will remain, given the pressures within Manchester's housing market - affordability of the private rented sector and availability of Social Housing and Supported Housing. The lack of 1 bed accommodation in the city remains a challenge.</li> <li>• Presentations continue to be high, data is on the link <a href="#">here</a>. This is expected to increase as the economic recession continues. The blanket delay on evictions for another month is becoming a concern as people will put off addressing rent arrears and it will become too late to be able to do any proper preventative or mediation work. Significant work with comms is progressing to encourage people to access advice and help before it becomes an unmanageable issue for them. Work with landlords is also progressing as many small landlords are reliant upon the income, and therefore are at risk of debt themselves.</li> </ul>	<p>space will be needed to bring all teams into the Town Hall Extension for 2 days a week.</p> <ul style="list-style-type: none"> <li>• The Ministry of Housing, Communities and Local Government bid was submitted last week with funding requested for the covid hotels, move on into the PRS and additionality of accommodation to improve flow through the homeless system. \*\* There is clear evidence that COVID-19 does not affect all population groups equally. Many analyses have shown that older age, ethnicity, male sex and geographical area, for example, are associated with the risk of getting the infection, experiencing more severe symptoms and higher rates of death (*Beyond the Data: Understanding the Impact of COVID-19 on BAME Communities*, PHE, 2020). It remains vital that those who are frequently the most disadvantaged in society do not then take a 'double hit' from decisions taken to mitigate the impacts of COVID-19. Please include detail of the activity you are planning to undertake to ensure recovery activity considers the impact of COVID-19 on different population groups. For example, undertaking an Equality Impact Assessment to support the planning for longer term changes to service delivery.

★ **Scaling return for office based staff from September, and further extended return in October**

Building Risk Assessments

Building-by-building work is in progress to review adherence to corporate guidelines. Of 157 confirmed premises (excluding assessments being done in parks) where staff are or plan to be working, risk assessments have been completed and 143 buildings have been signed off as Covid19 secure. This work is ongoing with a tracker in place to show the position for each site and the results of risk based Covid19 Secure compliance visits being undertaken by officers from the Health and Safety and Estates Services.

Service Risk Assessments

As well as buildings, all services are required to complete or update service risk assessments confirming their approach to ways of working and how risks will be addressed. Of 227 services / locations identified as requiring updated assessments, 141 have been confirmed and validated as complete. The areas of current focus are in adults and children's services where current assessments used during the peak of Covid19 require review or where resident facing services are returning to site. This will be a key focus of the Health and Safety Team with the respective Directorate Leadership Teams w/c 7 September.

Vulnerable/Shielded Staff

373 staff fall within the 'vulnerable' or 'living with someone that is shielding' categories who are now able to return to work following Government advice. Of the 373:

- 334 have returned to work via a individual risk assessment
- 30 have been assessed and are awaiting occupational health advice. In some cases, particularly Adults Services, occupational health advice has

		<p>recommended not to bring employees back into the workplace. This is being challenged as it is felt the control measures are robust and sufficient enough to safeguard employees.</p> <p>The remaining are either off sick or the service hasn't returned on-site.</p> <p>HROD continues to monitor this cohort of staff specifically the completion of risk assessments and the number of staff returning to the workplace for corporate assurance.</p> <p>The Government confirmed with effect from 1 August people no longer needed to 'shield'. There are a total of 343 staff that fall within the 'shield' category:</p> <ul style="list-style-type: none"><li>● 281 are working from home</li><li>● 62 remain at home but unable to work off site due to the nature of their role.</li></ul> <p>The 62 staff who are at home but unable to work are all going through the risk assessment process and are being referred to Occupational Health in order to assess if they are able to return to their role. A proportion of these staff may remain off work due to the nature of their illness (e.g. staff undergoing treatment for cancer) and they will continue to be supported by their managers in line with the management of attendance policy. A number of staff will now be able to return to work and HROD will work with staff and managers to ensure this return is managed safely and in line with medical advice and government guidance. There may be a proportion who can return to work but not to their substantive role due to the level of risk, in this instance HROD will work with the individuals to look at alternative roles on a temporary or permanent basis to reduce the level of risk for these individuals.</p>
--	--	---

		<p>Understandably a number of staff who were previously classed as “shield” are very concerned about a return to the workplace and HROD and managers are working with individuals to support them through this transition (at the right time).</p> <p>Health and Safety have developed an Individual Risk Assessments Assurance Framework which enables monitoring levels of risk assessments which have been completed across the organisation. Status on levels of completion and quality assurance reviews will be reported w/c 21 September.</p> <p><u>Future Ways of Working/Return to the Office</u></p> <p>The ambition is that by October all of our staff will be able to work on site albeit on a much reduced basis to meet current social distancing requirements as in the main our buildings can only hold 30% of their previous capacity.</p> <p>Work is now underway to return staff to the THX and a number of teams/services are returning to test ways of working with all staff returning for a proportion of the week during October. To support this Heads of Service will stagger start and finish times and alter working patterns to try to minimise numbers of staff in at any one time and to reduce pressure on public transport. Continuous feedback will be sought from staff and managers during the pilot stage and beyond about how the workplace supports the type of work they need to carry out on site, how their journey was and how safe they feel in the workplace. Discussions are ongoing with Trade Unions and other stakeholders will be required to support this.</p> <p>Work is also underway led by the City Solicitor on arrangements for member meetings which involve additional challenges including participation/attendance of members of the public.</p>

<p><b>Our Transformation</b></p>	<p>Our Transformation pre-dates the covid-19 response and has been rescoped to ensure it supports delivery of our wider Future Council objectives, and enables us to respond at pace to the unprecedented change in our ways of working, as well as to plan longer term.</p>	<p>Milestone plans are now in place for all programmes/projects within Our Transformation ensuring understanding of dependencies between projects and critical path. Update from the last report:</p> <p><b>Our Ways of Working (ICT updates in separate section below)</b></p> <p><u>Intranet</u> - User Acceptance Testing for the intranet is now complete. We are in the pilot phase of the project with over 700 staff piloting the new system. Final work to resolve issues with logins is being undertaken by the Intranet Project Group. Activity over the next period will focus on resolving these to ensure that the site can be launched as soon as possible.</p> <p><u>Change leads and change champions</u> have been “recruited” from across the organisation so we now have c250 digital champions supporting on the intranet and over 100 change leads (one in each service) who will support on other change projects across the Our Transformation portfolio including the roll-out of Microsoft 365. The first Change Lead and Digital Champion onboarding event for M365 will take place on 7th September.</p> <p><b>Strengthening Accountability</b></p> <p><u>Review of leadership and Management Development offer</u> - work has started to revise the offer for leadership and management development. The draft manager expectations have been produced and will be tested by an organisation wide reference group of managers. This will be supported with guidance, training/support and accountability framework. The next steps will include: ensuring training and support/guidance is in place and up to date (eg intranet, Learning and Development offer), creation of a framework to monitor good practice and where managers don't meet required expectations and outline next steps.</p> <p><u>Constitution</u> - As part of the annual review of the Constitution we are exploring whether we can streamline the Scheme of Delegation. The Financial Regulations will also be streamlined and shortened and work on this is underway. Comparison with core cities shows others have more streamlined information relating to finance. Changes to the constitution will be agreed at the Annual Full Council General Meeting in October /November and will pick up any in year legislative, reorganisational etc changes which need to be reflected in the Constitution.</p>

This includes work currently underway to assess the continuing support needs for residents.</p> <p>The next MHCLG COVID-19 is to be returned on 4 September covering the period to August 2020. The initial indications show an improvement from that reported last month of in excess of £2m in 2020/21 based predominantly on Directorate spend reductions, but a worsening of the position by around £1m net in 2021/22 due to changes in business rates assumptions and increasing CTSS requirements, however, these remain indicative until the return is finalised.</p>

Concerns over ASC requirements and potential issues if restrictions extend into school term or deepen.</li> <li>● Number of assumptions regarding impact based on the best information</li> </ul>	<p>Government has also issued guidance on the financial support for loss of income from sales, fees and charges. Claims will be considered in retrospect with the first to cover the period upto July 2020. Officers are currently working through the guidance; at present it is considered that around £7m may be eligible during 2020/21 but this will be dependent on a number of factors, including any further lockdown requirements.</p> <p>The Council will continue to lobby all levels of Government and its key messages continue to be around stability of funding, recognition of ongoing COVID-19 costs, support for loss of income and seeking some more bespoke intervention for the loss of commercial income. However the fiscal environment remains challenging. The Council will take stock of the budget position once the Spending Review 2020 has been published as this will provide a better indication of the overall financial position for Local Authorities in 2021/22.</p> <p>The expectation is that the Spending Review will not be issued until mid-late November. Engagement with Councils outside this will be focussed on those most at risk of financial failure in the short term.</p> <p>The Council's submission for the Spending Review is currently being drafted, and we will also feed into the GM submission.</p> <p>Work is continuing on the potential priority requirements for the capital programme to be considered as part of the budget process for 2021/22 onwards.</p> <p><u>Other Funding Updates</u></p> <p><b>Rough Sleeping £105m</b></p>

New or extended health and care support will be funded for a period of up to six weeks, following discharge from hospital and during this period a comprehensive care and health assessment for any ongoing care needs, including determining funding eligibility, must now take place. The fund can also be used to provide short term urgent care support for those who would otherwise have been admitted to hospital.</p> <p>CCGs must resume NHS Continuing Healthcare assessments from 1 September 2020 and work with local authorities using the trusted assessor model. Any patients discharged from hospital between 19 March 2020 and 31 August 2020, whose discharge support package has been paid for by the NHS, will need to be assessed and moved to core NHS, social care or self-funding arrangements.</p> <p>The implications of this are being worked through to address the backlog in assessments.</p>

Authorities have to 30 September 2020 to ensure the final applications are processed.</p> <p>In addition to a media campaign, all business properties that due to property description or their rateable value indicated that they may be liable for a grant have now had several contacts, mail, email, post and most recently a visit. The feedback from the visits suggest that in the majority of cases, there is no entitlement to a grant as the property is not occupied. In these cases the liability will be updated and where appropriate, business rates bills for empty property charges will be issued in the name of the owner or landlord.</p> <p>As of 30 August, £102.795m has been awarded to 8,232 businesses under the Small Business Grant Fund and Retail, Hospitality and Leisure Grant Fund scheme. Any grant remaining from the initial estimated funding requirement has to be returned to BEIS. This is not a case of the Council not using the money as determined. The Council was required to do an initial estimate based on the strict qualifying criteria using our database and property descriptions. During the course of the application process we determined that some businesses did not qualify and the database was not completely accurate in all cases as well as some businesses not being able to claim due to state aid limitations.</p> <p>The Council does not have any discretion to use the funds that were not allocated for other reasons outside of the strict criteria based on rates liability, rv and business activity.</p> <p>Following the closure of the schemes, BEIS expects that Councils will carry out some post payment checks to provide assurance over the validity of payments</p>

made. Plans in this area are being explored by Internal Audit. There will also be some investigation required where irregularities and potential allegations of fraud have been identified.

**Discretionary Grants Scheme (Local Authority Discretionary Grants Fund)**

The scheme end date for the Discretionary Grant Scheme is 28 August 2020.

The Council's discretionary grants scheme closed to applications on 10 June 2020. Of the 1,258 applications received, the Council has determined that 951 are in scope for Discretionary grant. To 30 August all 951 grants have been allocated (100%) totalling £5.400m. The Council is looking to award some final grants to fully utilise the allocation of £5.432m.

**Assurance Reporting**

Regular assurance reporting to BEIS is required. BEIS have released a timetable for monthly submission of information until the end of March 2021. The Council has now submitted two reports in line with the timetable. All questions are required to be answered every month.

The Council is also required to complete Fraud Risk Assessments for each of the three grants schemes, and to review these periodically. BEIS do not habitually require these to be returned but may ask to see them in future to support the central government post payment checking scheme.

**Business Rates Base and No Detriment Calculation**

The latest estimated Collection Fund shortfall for 2020/21 is £23.6m. The position does not reflect a concerning increase in business rates checks and challenges received by the VoA, citing material change in circumstances due to COVID 19.

From May to July the Council received 2,786 new checks and challenges, up 899% on April's figures. The position is masked in 2020/21 as there are £143m Extended Retail Reliefs (which will achieve 100% collection) of which £138m are Covid-19 related and are not expected to continue into 2021/22.

**Business Rates collection**

The current collection rate for Business Rates is 32.74% at the end of August, 14.11% below last year at the same time. The current estimated collection rate for Business Rates this year is 10%, down from 97% in 2019/20. As previously reported billing has resumed, Enforcement Agents restarted recovery activity on 24.8.20 on previous years debts and formal reminders will be issued this week. It is hard to predict what the final outturn will be, but as recovery action starts and businesses in the city move to nearer normal, it is expected that the gap in performance will narrow.

**Council Tax and CTSS Claimants**

*The latest estimated Collection Fund shortfall for 2020/21 is £15.9m, reflecting the expected 6% reduction in collection (from 96.5% in 2019/20) and increased CTS claimants.*

The latest data from the dashboard showing the level of claims compared with the same period last year is included below.

**Council Tax Support Activity**

The impact of Covid-19 and potential Brexit related changes have prompted the recommendation to leave the Council Tax Support Scheme in its current iteration in 2021/22.

Linking into the wider review of the Customer Service Organisation, the Benefits Service is reviewing the approach to document validation with a view removing any unnecessary evidence requirements in order to achieve faster claims processing; limiting the requirement for residents and staff to handle paper documents; and removing avoidable demand on the Customer Service Organisation.

The Benefits Service is also taking part in a DWP led study into current verification procedures. Details of each review will be shared as outcomes are known.

**Council Tax Collection Activity**

		<p>Although direct debits and standing orders were requested, we did not undertake any formal recovery action during full lockdown. This was to recognise limited access to advice and support, reduced access to banks and post offices and to allow people who may have been furloughed or lost their jobs to submit benefit claims. It also allowed time for us to award the additional £150 hardship payment to all recipients of Council Tax Support.</p> <p>The in year collection rate was 39.51%, 1.94% behind the same time last year. However, it is worth noting that collection in August 2020 was better than that in August 2019 in percentage terms. Arrears and costs recovery remains well behind last year.</p> <p>Over 25,000 soft reminders and around 24,000 formal reminders were issued in August. Enforcement Agents restarted recovery of previous years' debts w/c 24 August and have received updated guidance from both government and the Council on their approach that recognises the impact of Covid 19 on residents. The first Magistrates Court where current year Liability Orders will be sought will be on 24 September. These actions are all expected to have a positive impact on the collection rate and reduce the estimated shortfall above.</p> <p>For those residents in receipt of CTS, plus the hardship payment we are reviewing the way costs are allocated should we need to obtain a liability order to support collection from benefits. This will mean that in some cases (maximum benefit in lower bands with no other charges eg non deps), the costs will be reduced to 50 pence.</p> <p>We have agreed that activity action by enforcement agents can re-commence. At this stage this will be limited to their existing caseloads based on previous year debt collection. Additional guidance has been provided by the Council to protect vulnerable residents and to ensure that people affected by Covid are encouraged</p>

to claim financial support and given the opportunity to negotiate based on up to date circumstances.

**Additional and Discretionary Support to residents:**

**Council Tax £150 Hardship payment**

£5,991,604 paid out up to 31/8/20.

£5,788,639 paid to 38,979 households

£202,965 paid to 1,425 joint-tenant accounts

**Discretionary Housing Payments**

As of 2 September a total of £2,112,690 in DHP has been spent and committed.

The government contribution towards DHP is £2,538,308.00. This will not be enough to cover the full year's demand and it is anticipated that between £1m and £1.5m of the additional £2m council funds directed to support residents through the DHP scheme will be drawn upon.

**Welfare Provision Scheme**

As of 30 August the WPS has paid out a total of £595,204

£234,130 of the total was paid in 4,334 awards delivering the Council's local 'free school meals' replacement scheme.

209 applications from carers have been approved, awarding 305 items to a value of £25,958.

431 applications citing Covid-19 as the primary reason for requesting support have been approved, awarding 522 items to a value of £28,151.

666 fuel requests have been paid to a value of £19,954.

1,481 applications for kitchen 'white goods' (cookers / fridges) approved to a value of £162,148

1,236 applications for beds and / or bedding approved to a value of £124,675.
